Securities may also bear interest (in the case of Notes) or pay additional amounts (in the case of W&C Securities). Each issue of Notes will be issued on the terms set out herein which are relevant to such Notes under “Terms and Conditions of the Notes” on pages 117 to 145 and the additional Terms and Conditions on pages 238 to 367 (the “**Note Conditions**”) and each issue of Warrants and Certificates will be issued on the terms set out herein which are relevant to such W&C Securities under “Terms and Conditions of the W&C Securities” on pages 185 to 236 and the additional Terms and Conditions on pages 238 to 362 and pages 368 to 375 (the “**W&C Conditions**”) and, in each case, on such additional terms as will be set out in the applicable Final Terms (the “**Final Terms**”). The Securities, and any non-contractual obligations arising out of them, will be governed by, and construed in accordance with, English law.

Bank of America Corporation (“**BAC**”) has, in a guarantee dated 22 June 2010 (the “**Guarantee**”), irrevocably and unconditionally guaranteed the payment and non-cash delivery obligations in respect of the Securities issued by each Issuer from time to time under the Programme on or after the date of this Base Prospectus (see “Form of Guarantee” on pages 376 to 378). The Guarantee will be governed by, and construed in accordance with, the laws of the State of New York.

Application has been made to the *Commission de Surveillance du Secteur Financier* (the "**CSSF**") in its capacity as competent authority under the Luxembourg Act dated 10 July 2005 on prospectuses for securities to approve this Base Prospectus as a base prospectus. Application has also been made to the Luxembourg Stock Exchange for Securities issued under the Programme to be admitted to trading on the Luxembourg Stock Exchange's regulated market and to be listed on the Official List of the Luxembourg Stock Exchange. The Luxembourg Stock Exchange's regulated market is a regulated market for the purposes of Directive 2004/39/EC. Application has also been made to the Luxembourg Stock Exchange for Securities issued under the Programme to be admitted to trading on the Luxembourg Stock Exchange's alternative market – Euro MTF – and to be listed on the Official List of the Luxembourg Stock Exchange. The Programme provides that Securities may be listed or admitted to trading, as the case may be, on such further or other stock exchanges or markets as the relevant Issuer and the Dealer(s) (as defined herein) may agree. The applicable Final Terms will specify whether or not the Securities are to be listed on the Official List of the Luxembourg Stock Exchange and traded on the regulated market, Euro MTF and/or any other stock exchanges. The relevant Issuer may also issue unlisted Securities and/or Securities not admitted to trading on any market.

Any person (an "**Investor**") intending to acquire or acquiring any securities from any person (an "**Offeror**") should be aware that, in the context of an offer of securities to the public as defined in the Prospectus Directive, the Issuer may be responsible to the Investor for this Base Prospectus only if the Issuer is acting in association with that Offeror to make the offer to the Investor. Each Investor should therefore verify with the Offeror whether or not the Offeror is acting in association with the Issuer. If the Offeror is not acting in association with the Issuer, the Investor should check with the Offeror whether anyone is responsible for this Base Prospectus for the purposes of Article 6 of the Prospectus Directive as implemented by the national legislation of each European Economic Area Member State in the context of the offer to the public, and, if so, who that person is. If the Investor is in any doubt about whether it can rely on this Base Prospectus and/or who is responsible for its contents it should take legal advice.

In respect of Securities to be listed on the SIX Swiss Exchange AG (the "**SIX Swiss Exchange**"), the relevant Term Sheet (as defined below), if any, and/or Final Terms in respect of such Securities will specify that such Securities will be listed on the SIX Swiss Exchange and application for trading of such Securities on Scoach Switzerland or any successor thereto ("**Scoach Switzerland**") has been or will be made. In the case of a listing of Securities on the SIX Swiss Exchange, this Base Prospectus will constitute the base prospectus for the SIX Swiss Exchange registered issuance programme pursuant to Section 21 of the Additional Rules for the Listing of Derivatives of the SIX Swiss Exchange and may be supplemented from time to time by filing an appropriate supplement (each a "**Supplement**") with the SIX Swiss Exchange modifying, updating or amending the information contained herein. In respect of Securities to be listed on the SIX Swiss Exchange, this Base Prospectus, together with any Supplement and the applicable Final Terms, will constitute the listing prospectus pursuant to the Listing Rules of the SIX Swiss Exchange.

In respect of Securities which will not be listed on the SIX Swiss Exchange or which will be listed on the SIX Swiss Exchange only after the commencement of trading, such Issuer may prepare a term sheet (the "**Term Sheet**") setting forth, on a preliminary basis, certain information with respect to such Securities, the date of issue, the issue price, the redemption amount, the redemption date, the notional amount, the capital protection, the coupon, the strike price, the knock-in price (each as applicable) and any additional information required by applicable law or SIX Swiss Exchange regulations, provided that the relevant Issuer reserves the right to set forth any and all information which may be required to be disclosed in a simplified prospectus pursuant to Art. 5 of the Swiss Federal Act on Collective Investment Schemes and any implementing ordinance or other act or regulation or self-regulation in the Final Terms or a separate document (the "**Simplified Prospectus**"). Any Term Sheet prepared shall be subject to the Final Terms and Simplified Prospectus, if any, for the relevant Securities.

The Securities, the Guarantee and, in certain cases, the Entitlements (as defined herein) (if any) relating to the Securities have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the "**Securities Act**"), or under any U.S. state securities laws, and the Securities may not be offered, sold, transferred, pledged, delivered, exercised or redeemed, directly or indirectly, at any time within the United States or to, or for the account or benefit of, any United States Person (as defined

herein) except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. In addition, certain issues of Securities, including all issues of Notes and Certificates, and the Entitlements (if any) relating to the Securities may not at any time be offered, sold or delivered in the United States or to, or for the account or benefit of, United States Persons, nor may any United States Persons at any time trade or maintain a position in such Securities. Neither Issuer has registered as an investment company pursuant to the United States Investment Company Act of 1940, as amended (the “**1940 Act**”) and the rules thereunder. MLICo. may offer and sell Warrants of certain issues within the United States or to, or for the account or benefit of, United States Persons if such persons are reasonably believed by MLICo. to be qualified institutional buyers (each a “**QIB**”) as defined in Rule 144A under the Securities Act (“**Rule 144A**”) who are also each a qualified purchaser (each a “**QP**”) within the meaning of Section 3(c)(7) and as defined in Section 2(a)(51) of the 1940 Act and the rules thereunder and who have executed an Investor Representation Letter (as defined herein) prior to acquiring any interest in the Warrants. Each purchaser of Warrants being offered within the United States or to, or for the account or benefit of, a United States Person is hereby notified that the offer and sale of such Warrants is being made in reliance upon an exemption from the securities registration requirements of the Securities Act and the investment company registration requirements of the 1940 Act. In certain circumstances, exercise of Securities will be conditional upon certification as to non-U.S. beneficial ownership or in the case of certain Series of Warrants that the holder (and any person on whose behalf the holder is acting) is a QIB and a QP. See “Terms and Conditions of the W&C Securities” on pages 185 to 236 and “Additional Terms and Conditions for Rule 144A Warrants” on pages 368 to 375. Investors in the Securities will be deemed to have made or be required to make certain representations and warranties in connection with purchasing the Securities. See “Notice to Purchasers and Holders of Securities and Transfer Restrictions” on pages 383 to 392. Warrants sold in the United States or to, or for the account or benefit of, United States Persons who are QIBs and also QPs will be cash-settled Warrants only and will, unless otherwise specified in the applicable Final Terms, be sold through Merrill Lynch, Pierce, Fenner & Smith Incorporated or one of its affiliates, which in each case is a registered broker dealer in the United States.

Unless otherwise indicated, as used in this Base Prospectus, “**United States Person**” means a person which is a “U.S. person” as defined by Regulation S under the Securities Act or a “United States person” as defined in Section 7701(a)(30) of the United States Internal Revenue Code of 1986, as amended (the “**Code**”) and in U.S. Treasury regulations.

For a description of certain further restrictions on offers and sales of the Securities and on the distribution of this Base Prospectus, see “Offering and Sale” on pages 422 to 434.

Each issue of Securities will be issued in the form set out in “Form of the Securities” on pages 69 to 73.

Prospective purchasers of Securities should ensure that they understand the nature of the relevant Securities and the extent of their exposure to risks and that they consider the suitability of the relevant Securities as an investment in the light of their own circumstances and financial condition. Securities involve a high degree of risk and potential investors should be prepared to sustain a total loss of the purchase price of their Securities. See “Risk Factors” on pages 27 to 63.

None of MLSA, MLICo., BAC or any Dealer represents that this Base Prospectus may be lawfully distributed, or that any Securities may be lawfully offered, in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offer. In particular, unless specifically indicated to the contrary in the applicable Final Terms, no action has been taken by MLSA, MLICo., BAC or any Dealer which is intended to permit a public offering of any Securities or distribution of this Base Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Securities may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Base Prospectus or any Securities may come must inform themselves about, and observe, any such restrictions on the distribution of this Base Prospectus and the offering and sale of Securities. In particular, the Securities, the Guarantee and, in certain cases, the Entitlement to be delivered upon exercise of the Securities, have not been and will not be registered under the Securities Act.

This Base Prospectus has been prepared on the basis that, except to the extent sub-paragraph (b) below may apply, any offer of Securities in any Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "Relevant Member State") will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of Securities. Accordingly any person making or intending to make an offer in that Relevant Member State of Securities which are the subject of an offering contemplated in this Base Prospectus as completed by final terms in relation to the offer of those Securities may only do so (a) in circumstances in which no obligation arises for the relevant Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer, or

(b) if a prospectus for such offer has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, and (in either case) published, all in accordance with the Prospectus Directive, provided that, any such prospectus has subsequently been completed by final terms which specify that offers may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State, and such offer is made in the period beginning and ending on the dates specified for such purpose in such prospectus or final terms, as applicable. Except to the extent sub-paragraph (b) above may apply, neither the relevant Issuer nor any Dealer have authorised, nor do they authorise, the making of any offer of Securities in circumstances in which an obligation arises for the relevant Issuer or any Dealer to publish or supplement a prospectus for such offer.

Securities in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to United States persons, except in certain transactions permitted by U.S. tax regulations. Unless otherwise noted, as used in this Base Prospectus, “United States” means the United States of America (including the States and District of Columbia) and its possessions. For the purposes of this paragraph, “United States person” has the meaning given to it by the Code and the U.S. Treasury regulations thereunder, including U.S. Treasury Regulation Section 1.163-5(c)(2)(i)(D).

Certificates or Notes, or interests therein, may not at any time be offered, sold, resold, pledged, assigned, delivered, or otherwise transferred, exercised or redeemed directly or indirectly, in the United States or to, or for the account or benefit of, United States Persons and any offer, sale, resale, pledge, assignment, delivery or other transfer, exercise or redemption made, directly or indirectly, within the United States or to, or for the account or benefit of, a United States Person will not be recognised.

The Securities and the Guarantee have not been approved or disapproved by the United States Securities and Exchange Commission (the “SEC”) or any other securities commission or other regulatory authority in the United States, nor have the foregoing authorities reviewed or passed upon the accuracy or adequacy of this Base Prospectus. Any representation to the contrary is a criminal offence in the United States. The Securities and the Guarantee have not been approved by the Commodity Futures Trading Commission under the United States Commodity Exchange Act of 1936, as amended.

This Base Prospectus is being submitted on a confidential basis in the United States to a limited number of QIBs who are also QPs for informational use solely in connection with the consideration of the purchase of the Warrants. It may not be copied or reproduced in whole or in part nor may it be distributed or any of its contents disclosed to anyone other than the prospective investors to whom it is originally submitted.

Each purchaser or holder of interests in the Warrants will be deemed, by its acceptance or purchase of any such Warrants, to have made, or will be required to make, certain representations and agreements as set out in “Notice to Purchasers and Holders of Securities and Transfer Restrictions” and “Offering and Sale”.

Notwithstanding anything to the contrary contained herein, each holder and beneficial owner of the Securities (and each employee, representative, or other agent of each holder and beneficial owner of the Securities) may disclose to any and all persons, without limitation of any kind, the tax treatment and tax structure of the transactions described herein and all materials of any kind that are provided to the holder or beneficial owner of the Securities relating to such tax treatment and tax structure (as such terms are defined in U.S. Treasury Regulation Section 1.6011-4). This authorisation of tax disclosure is retroactively effective to the commencement of discussions with holders or beneficial owners of the Securities regarding the transactions contemplated herein.

Each of MLSA or MLICo. has not investigated, and does not or may not have access to information that would permit it to ascertain, whether any company which has issued equity, debt or other instruments to which any Securities relate is for U.S. tax purposes a passive foreign investment company, a controlled foreign corporation, a publicly-traded partnership or other type of pass-through entity. Prospective investors in any Securities that are U.S. taxpayers should consult their own advisers concerning U.S. tax considerations relevant to an investment in such Securities.

In this Base Prospectus, references to “U.S.\$”, “\$” and “U.S. dollars” are to United States Dollars, references to “Singapore Dollar” and “S\$” are to Singapore Dollars and references to “euro” and “€” are to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty establishing the European Community, as amended by the Treaty on European Union, as amended by the Treaty of Amsterdam.

In connection with the issue of any Series of Notes, the Dealer or Dealers (if any) named as the Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s)) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Manager(s) (or persons acting on behalf of a Stabilising Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Series of Notes is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 calendar days after the issue date of the relevant Series of Notes and 60 calendar days after the date of the allotment of the relevant Series of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules.

RISK FACTORS

Each of MLSA, MLICo. and BAC believes that the following factors may affect its ability to fulfil its obligations in respect of Securities issued under the Programme and/or are material for the purpose of assessing the market risks associated with Securities issued under the Programme. All of these factors are contingencies which may or may not occur, and none of MLSA, MLICo. or BAC is in a position to express a view on the likelihood of any such contingency occurring.

*Each of MLSA, MLICo. and BAC believes that the factors described below represent the principal risks inherent in investing in Securities issued under the Programme, but the inability of the relevant Issuer or BAC to pay any cash amounts in connection with any cash settled securities (“**Cash Settled Securities**”) or to deliver the Entitlement in connection with any physical delivery securities (“**Physical Delivery Securities**”) may occur for other reasons, and neither the Issuers nor BAC represents that the statements below regarding the risks of holding any Securities are exhaustive. Additional risks and uncertainties not presently known to any of MLSA, MLICo. or BAC or that any of MLSA, MLICo. or BAC currently believes to be immaterial could also have a material impact on its business operations or the Securities. The Final Terms in respect of an issue of Securities may contain additional Risk Factors in respect of such Securities. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.*

*Terms used in this section and not otherwise defined shall have the meanings given to them in the “Terms and Conditions of the Notes” or the “Terms and Conditions of the W&C Securities”, as applicable (together the “**Conditions**” and references herein to “**relevant Conditions**” shall be construed accordingly).*

Risk factors relating to the Issuers

Factors that may affect the relevant Issuer’s ability to fulfil its obligations under Securities issued under the Programme

The Issuers are finance vehicles whose principal purposes are to raise debt or enter into financial contracts to assist the financing activities of the relevant Issuer’s affiliates. Accordingly, the Issuers do not have any trading assets and do not generate any significant net income.

MLICo. engages primarily in the issuance of warrants and related financial instruments and the distribution of Merrill Lynch-branded managed funds world-wide (with the exception of North America) and other managed fund products.

The main markets in which MLSA sells securities are the Eurobond markets.

The Issuers’ payment and non-cash delivery obligations under Securities issued under the Programme are guaranteed unconditionally and irrevocably pursuant to a Guarantee. As a result, if the Guarantor’s financial condition were to deteriorate, the Issuers and investors in the Securities may suffer direct and materially adverse consequences. Accordingly, prospective investors in Securities should review, *inter alia*, the factors below regarding BAC, the Group (as defined below) and the Group’s businesses and industry, which may affect BAC’s ability to fulfil its obligations under the Guarantee.

Risk factors relating to the Guarantor and the Group and to the Group’s Businesses and Industry

In the course of conducting their business operations, BAC and its subsidiaries (together, the “**Group**”) are exposed to a variety of risks that are inherent to the financial services industry. The following discusses some of the key inherent risk factors that could affect the Group’s business and operations, as well as other risk factors which are particularly relevant to the Group in the current period of significant economic and market disruption. Other factors besides those discussed below could also adversely affect the Group’s business and operations, and these risk factors should not be considered a complete list of potential risks that may affect the Group.

The Group’s businesses and earnings have been, and may continue to be, negatively affected by adverse business and economic conditions

The Group’s businesses and earnings are affected by general business and economic conditions in the United States and abroad. Given the concentration of the Group’s business activities in the United States, the Group is particularly exposed to downturns in the U.S. economy. For example, as a result of the challenging economic environment there continues to be a greater likelihood that an elevated number of the Group’s customers or counterparties will become delinquent on their loans or other obligations to the

Group, which, in turn, may continue to result in a high level of charge-offs and provision for credit losses, all of which would adversely affect the Group's earnings and capital levels.

General business and economic conditions that could affect the Group include the level and volatility of short-term and long-term interest rates, inflation, home prices, unemployment and under-employment levels, bankruptcies, household income, consumer spending, fluctuations in both debt and equity capital markets, liquidity of the global financial markets, the availability and cost of credit, investor confidence, and the strength of the U.S. economy and the other economies in which the Group operates. The deterioration of any of these conditions can adversely affect the Group's consumer and commercial businesses and securities portfolios, as well as the Group's earnings.

In 2009, weak economic conditions in the United States and abroad continued to adversely affect many of the Group's businesses as well as the Group's earnings. Dramatic declines in the housing market, with falling home prices and increasing foreclosures, and rising unemployment and underemployment, have further negatively impacted the demand for many of the Group's products and the credit performance of its consumer and commercial portfolios. In addition, these conditions resulted in significant write-downs of asset values in several asset classes, notably mortgage-backed securities, commercial real estate and leveraged loans and exposure to monoline insurers. While there are early indications that the U.S. economy is stabilising, the performance of the Group's overall consumer and commercial portfolios may not significantly improve in the near future. A protracted continuation or worsening of these difficult business or economic conditions would likely exacerbate the adverse effects on the Group.

The Group has sold and continues to sell mortgage and other loans, including mortgage loans to third-party buyers and to the Federal National Mortgage Association and Federal Home Loan Mortgage Corporation, under agreements that contain representations and warranties related to, among other things, the process for selecting the loans for inclusion in a sale and compliance with applicable criteria established by the buyer. The Group also has indirect exposure with respect to its mortgage and other loan sales as a result of credit protection provided by monoline financial guarantors. The Group has experienced and continues to experience increasing repurchase demands from and disputes with these buyers and monoline financial guarantors. In the event the Group is required to repurchase these mortgage and other loans or provide indemnification or other recourse, this could significantly increase its losses and thereby affect its future earnings.

Additional factors which could reduce the Group's earnings include, among other things, lower residual net interest income as a result of a decision to deleverage its asset and liability management portfolio, higher than expected losses on its purchased impaired portfolio and compliance with governmental foreclosure prevention and loan modification initiatives.

BAC is a diversified financial services company providing consumer and commercial banking, credit card, mortgage, investment banking and capital markets trading services and investment services through its subsidiaries. Although the Group believes this diversity generally assists it in lessening the effect of a downturn in any of its businesses, it also means that its earnings could be adversely affected by the downturn to the extent not fully offset by any of its other businesses.

The Group's increased credit risk could result in higher credit losses and reduced earnings

When a member of the Group loans money, commits to loan money or enters into a letter of credit or other contract with a counterparty, it incurs credit risk, or the risk of losses if its borrowers do not repay their loans or its counterparties fail to perform according to the terms of their agreements. A number of the Group's products expose it to credit risk, including loans, leases and lending commitments, derivatives, trading account assets and assets held-for-sale. As one of the United States' largest lenders, the credit quality of the Group's consumer and commercial portfolios has a significant impact on its earnings. Current negative economic conditions are likely to continue to increase the Group's credit exposure to third parties who may be more likely to default on their obligations to the Group. This increased credit risk could adversely affect the Group's consumer credit card, home equity, consumer real estate and purchased impaired portfolios, among others, including causing increases in delinquencies and default rates, which the Group expects will continue to impact its charge-offs and provision for credit losses. In addition, this could also adversely affect the Group's commercial loan portfolios where it has experienced increased losses, particularly in its commercial real estate and commercial domestic portfolios, reflecting broad based deteriorations across industries, property types and borrowers.

The Group estimates and establishes reserves for credit risks and credit losses inherent in its lending activities (including unfunded lending commitments), excluding those measured at fair value under the

fair value option. This process, which is critical to the Group's financial results and condition, requires difficult, subjective and complex judgments, including forecasts of economic conditions and how the Group's borrowers will react to those conditions. The Group's ability to assess future economic conditions or the creditworthiness of its customers is imperfect. The ability of the Group's borrowers to repay their loans will likely be impacted by changes in economic conditions, which in turn could impact the accuracy of the Group's forecasts. As with any such assessments, there is also the chance that the Group will fail to identify the proper factors or that it will fail to accurately estimate the impacts of factors that it identifies. In addition, the Group may underestimate the credit losses in its loan portfolios and suffer unexpected losses if the models and approaches it uses to establish reserves and make judgments in extending credit to its borrowers and other counterparties become less predictive of future behaviours, valuations, assumptions or estimates.

In the ordinary course of its business, the Group also may be subject to a concentration of credit risk to a particular industry, country, counterparty, borrower or issuer. A deterioration in the financial condition or prospects of a particular industry or a failure or downgrade of, or default by, any particular entity or group of entities could negatively impact the Group's businesses, perhaps materially, and the systems by which the Group sets limits and monitors the level of its credit exposure to individual entities, industries and countries may not function as the Group has anticipated. While the Group's activities expose it to many different industries and counterparties, the Group routinely executes a high volume of transactions with counterparties in the financial services industry, including brokers and dealers, commercial banks, investment funds and insurers. This has resulted in significant credit concentration with respect to this industry.

The Group has concentration of credit risk with respect to its consumer real estate, consumer credit card and commercial real estate portfolios, which represent a large percentage of its overall credit portfolio. The current financial crisis and economic slowdown has adversely affected these portfolios and further exposed the Group to this concentration of risk. Continued economic weakness or deterioration in real estate values or household incomes could result in materially higher credit losses.

Adverse changes in legislative and regulatory initiatives may significantly impact the Group's earnings, operations, capital position and ability to pursue business opportunities

The Group is heavily regulated by regulatory agencies at the federal, state and international levels. As a result of the recent financial crisis and economic downturn, the Group has faced and expects to continue to face increased regulation and regulatory and political scrutiny, which creates significant uncertainty for the Group and the financial services industry in general.

In 2009, several major regulatory and legislative initiatives were adopted that will have significant future impacts on the Group's businesses and financial results. For instance, in November 2009, the Board of Governors of the Federal Reserve System (the "**Federal Reserve Board**") issued amendments to Regulation E, which implements the Electronic Fund Transfer Act. The new rules have a compliance date of 1 July 2010. These amendments change, among other things, the way the Group and other banks may charge overdraft fees by limiting its ability to charge an overdraft fee for automated teller machine and one-time debit card transactions that overdraw a consumer's account, unless the consumer affirmatively consents to payment of overdrafts for those transactions. In connection with the amendments, the Group announced a programme that allowed customers to opt out of overdraft services prior to the effective date of the amendments. In addition, in May 2009, the Credit Card Accountability Responsibility and Disclosure Act of 2009 (the "**CARD Act**") was enacted that provides for comprehensive reform related to credit card industry practices, including (1) significantly restricting banks' ability to change interest rates and assess fees to reflect individual consumer risk, (2) changing the way payments are applied and (3) requiring changes to consumer credit card disclosures. As a result, as the Group announced in October 2009, it did not increase interest rates on consumer credit accounts in response to provisions in the CARD Act prior to its effective date, unless a customer's account fell past due or was based on a variable interest rate. The most significant provisions of the CARD Act took effect in February 2010. Complying with the Regulation E amendments and the CARD Act requires the Group to invest significant management attention and resources to make the necessary disclosure and systems changes and will likely adversely affect the Group's earnings.

Federal banking regulatory agencies may from time to time require that BAC change its required capital levels, including maintaining capital above minimum levels. In January 2010, U.S. banking regulators issued a final rule regarding risk-based capital that eliminates the exclusion of certain asset-backed commercial paper ("**ABCP**") program assets from risk-weighted assets. As a result of the new rules, as

with all other consolidated variable interest entities, a banking organisation is required to include the assets of a consolidated ABCP program in risk-weighted assets. The new rules would also eliminate the associated provision in the general risk-based capital rules that excludes from Tier 1 capital the non-controlling interest in a consolidated ABCP program not included in a banking organisation's risk-weighted assets. Beginning with reporting for the quarter ended 31 March 2010, BAC was required to risk-weight the underlying assets of ABCP conduits as well as the contractual exposures (e.g. liquidity facilities).

In conjunction with the federal banking regulatory agencies' Supervisory Capital Assessment Program ("SCAP") conducted in May 2009, BAC was required to increase Tier 1 common capital by approximately \$33.9 billion. Additionally, in order to repay the \$45 billion investment in BAC's preferred stock previously made under the Troubled Asset Relief Program ("TARP") by the U.S. Department of the Treasury (the "U.S. Treasury"), in December 2009, BAC raised approximately \$19.3 billion in gross proceeds in an offering of Common Equivalent Securities and agreed to increase equity by \$3 billion through asset sales by 30 June 2010 and raise up to approximately \$1.7 billion through the issuance of restricted stock in lieu of a portion of incentive cash compensation to certain of the Group's associates as part of normal year-end incentive payments.

In July 2009, the Basel Committee on Banking Supervision released a consultative document that would significantly increase the capital requirements for trading book activities if adopted as proposed. The proposal recommended implementation by 31 December 2010, but regulatory agencies are currently evaluating the proposed rulemaking and related impacts before establishing final rules. As a result, the Group cannot determine the implementation date or the final capital impact.

In December 2009, the Basel Committee on Banking Supervision released consultative documents on both capital and liquidity. If adopted as proposed, this could increase significantly the aggregate equity that bank holding companies are required to hold, by disqualifying certain instruments that previously have qualified as Tier 1 capital. The proposal currently includes a leverage ratio and increased liquidity and disclosure requirements. The leverage ratio could prove more restrictive than a risk-based measure while the liquidity requirement could result in banks holding greater levels of lower yielding instruments as a percentage of their assets. The proposal could also increase the capital charges imposed on certain assets, potentially making certain businesses more expensive to conduct. U.S. regulatory agencies have not opined on these proposals for U.S. implementation. The Group continues to assess the potential impact of this proposal. If BAC is required to increase its regulatory capital as a result of these or other regulatory or legislative initiatives, it may be required among other things to issue additional shares of common stock, which could dilute its existing stockholders.

As a result of the financial crisis, the financial services industry is facing the possibility of legislative and regulatory changes that would impose significant, adverse changes on its ability to serve both retail and wholesale customers. A proposal is currently being considered to levy a tax or fee on financial institutions with assets in excess of \$50 billion to repay the costs of TARP, although the proposed tax would continue even after those costs are repaid. If enacted as proposed, the tax could significantly affect the Group's earnings, either by increasing the costs of the Group's liabilities or causing the Group to reduce its assets. It remains uncertain whether the tax will be enacted, to whom it would apply, or the amount of the tax the Group would be required to pay. It is also unclear the extent to which the costs of such a tax could be recouped through higher pricing.

In addition, various proposals for broad-based reform of the financial regulatory system are pending. A majority of these proposals would not disrupt the Group's core businesses, but a proposal could ultimately be adopted that adversely affects certain of the Group's businesses. The proposals would require divestment of certain proprietary trading activities, or limit private equity investments. Other proposals, which include limiting the scope of an institution's derivatives activities, or forcing certain derivatives activities to be traded on exchanges, would diminish the demand for, and profitability of, certain businesses. Several other proposals would require issuers to retain unhedged interests in any asset that is securitised, potentially severely restricting the secondary market as a source of funding for consumer or commercial lending.

The U.S. Congress is currently considering and may adopt a provision that would reduce the ability of the U.S. government to provide assistance to a financial company that is systematically important to the overall economy in the event of a crisis. Based on an earlier version of the legislation, one ratings agency placed BAC and certain other banks on negative outlook. It remains unclear what the final form of this and other legislation will be, whether any of these proposals will ultimately be enacted, or what the reaction of the ratings agencies will be. However, in the event of a credit downgrade, the Group's access

to credit markets, liquidity, and its related funding costs would be materially adversely affected. These proposals may also impact the overall economy and certain businesses in which the Group operates and have a material adverse impact on certain assets and liabilities held by the Group and other financial companies.

In addition, other countries have proposed and in some cases adopted certain reforms targeted at financial institutions. The United Kingdom has adopted increased capital and liquidity requirements for local financial institutions, including regulated United Kingdom subsidiaries of foreign bank holding companies and other financial institutions as well as branches of foreign banks located in the United Kingdom. In addition, the United Kingdom has proposed the creation and production of recovery and resolution plans (commonly referred to as living wills) by such entities. The Group is currently monitoring the impact of these initiatives.

On 8 April 2010, the United Kingdom enacted into law a one-time employer payroll tax of 50 per cent. on bonuses awarded to employees of applicable banking entities between 9 December 2009 and 5 April 2010. The scope of the employees affected by the payroll tax is still subject to some uncertainty and United Kingdom tax authorities intend to issue further interpretive guidance. The impact of this tax on the Group's 2010 payroll tax expense is estimated to be approximately \$465 million and will be reflected in the Group's compensation and benefits expense for the three months ending 30 June 2010.

There can be no assurance as to whether or when any of the parts of these or other proposals will be enacted, and if enacted, what the final initiatives will consist of and what the ultimate impact on the Group will be.

The Group also may be required to pay significantly higher Federal Deposit Insurance Corporation ("FDIC") premiums because market developments have significantly depleted the Depositors Insurance Fund and reduced the ratio of reserves to insured deposits, which could increase the Group's non-interest expense and reduce its earnings.

In addition, the U.S. Congress is currently considering reinstating income tax provisions whereby a majority of the income of certain foreign subsidiaries would not be subject to current U.S. income tax as a result of long-standing deferral provisions applicable to active finance income. These provisions, which in the past have expired and been extended, expired again for taxable years beginning on or after 1 January 2010. Absent an extension of these provisions, active financing income earned by BAC's foreign subsidiaries during 2010 will generally be subject to a tax provision that considers the incremental U.S. income tax. The impact of the expiration of the provisions should they not be extended could be significant. The exact impact would depend upon the amount, composition and geographic mix of the Group's future earnings.

Compliance with current or future legislative and regulatory initiatives could require the Group to change certain of its business practices, impose significant additional costs on the Group, limit the products that it offers, result in a significant loss of revenue, limit its ability to pursue business opportunities in an efficient manner, require it to increase its regulatory capital, cause business disruptions, impact the value of assets that it holds or otherwise adversely affect its business, results of operations or financial condition. The Group has recently witnessed the introduction of an ever-increasing number of regulatory proposals that could substantially impact the Group and others in the financial services industry. The extent of changes imposed by, and frequency of adoption of, any regulatory initiatives could make it more difficult for the Group to comply in a timely manner, which could further limit its operations, increase compliance costs or divert management attention or other resources. The long-term impact of legislative and regulatory initiatives on the Group's business practices and revenues will depend upon the successful implementation of its strategies, consumer behaviour, and competitors' responses to such initiatives, all of which are difficult to predict.

The Group could suffer losses as a result of the actions of or deterioration in the commercial soundness of other financial services institutions and counterparties, including as a result of derivatives transactions

The Group's ability to engage in routine trading and funding transactions could be adversely affected by the actions and commercial soundness of other market participants. The Group has exposure to many different industries and counterparties, and it routinely executes transactions with counterparties in the financial services industry, including brokers and dealers, commercial banks, investment banks, mutual and hedge funds and other institutional clients. Financial services institutions and other counterparties

are inter-related because of trading, funding, clearing or other relationships. As a result, defaults by, or even rumours or questions about, one or more financial services institutions, or the financial services industry generally, have led to market-wide liquidity problems and could lead to future losses or defaults by the Group or by other institutions. Many of these transactions expose the Group to credit risk in the event of default of a counterparty or client. In addition, the Group's credit risk may be impacted when the collateral held by it cannot be realised upon or is liquidated at prices not sufficient to recover the full amount of the loan or derivatives exposure due the Group. There is no assurance that any such losses would not materially and adversely affect the Group's results of operations.

BAC and certain of its subsidiaries are, separately, party to a large number of derivatives transactions, including credit derivatives. Many of these derivative instruments are individually negotiated and non-standardised, which can make exiting, transferring or settling some positions difficult. Many credit derivatives require that BAC or the relevant subsidiary deliver to the counterparty the underlying security, loan or other obligation in order to receive payment. In a number of cases, BAC or the relevant subsidiary does not hold, and may not be able to obtain, the underlying security, loan or other obligation. This could cause BAC or the relevant subsidiary to forfeit the payments due to it under these contracts or result in settlement delays with the attendant credit and operational risk as well as increased costs to it.

Derivatives contracts and other transactions entered into with third parties are not always confirmed by the counterparties on a timely basis. While a transaction remains unconfirmed, BAC or the relevant subsidiary is subject to heightened credit and operational risk and in the event of default may find it more difficult to enforce the contract. In addition, as new and more complex derivatives products have been created, covering a wider array of underlying credit and other instruments, disputes about the terms of the underlying contracts may arise, which could impair BAC's or the relevant subsidiary's ability to effectively manage its risk exposures from these products and subject it to increased costs.

Changes in accounting standards or inaccurate estimates or assumptions in the application of accounting policies could adversely affect the Group's financial results

The Group's accounting policies and methods are fundamental to how it records and reports its financial condition and results of operations. Some of these policies require use of estimates and assumptions that may affect the reported value of the Group's assets or liabilities and financial results and are critical because they require management to make difficult, subjective and complex judgments about matters that are inherently uncertain.

Recently, the Financial Accounting Standards Board (the "FASB") and other regulators have adopted new guidance or rules relating to financial accounting or regulatory capital standards such as, among other things, the rules related to fair value accounting and new FASB guidance on consolidation of variable interest entities. In addition, accounting standard setters and those who interpret the accounting standards (such as the FASB, the SEC, U.S. banking regulators and the Group's independent registered public accounting firm) may amend or even reverse their previous interpretations or positions on how these standards should be applied. These changes can be hard to predict and can materially impact how the Group records and reports its financial condition and results of operations. In some cases, the Group could be required to apply a new or revised standard retroactively, resulting in the Group restating prior period financial statements.

The Group's ability to attract and retain customers and employees could be adversely affected to the extent its reputation is harmed

The Group's ability to attract and retain customers and employees could be adversely affected to the extent its reputation is damaged. The Group's actual or perceived failure to address various issues could give rise to reputational risk that could cause harm to the Group and its business prospects, including failure to properly address operational risks. These issues also include, but are not limited to, legal and regulatory requirements; privacy; properly maintaining customer and associate personal information; record keeping; money-laundering; sales and trading practices; ethical issues; appropriately addressing potential conflicts of interest; and the proper identification of the legal, reputational, credit, liquidity and market risks inherent in the Group's products.

The Group is also facing enhanced public and regulatory scrutiny resulting from the financial crisis, including the U.S. Treasury's previous investment in BAC's preferred stock, its acquisition of Merrill Lynch & Co., Inc. ("Merrill Lynch"), modification of mortgages, volume of lending, compensation practices and the suitability of certain trading and investment businesses. Failure to appropriately address any of these issues could also give rise to additional regulatory restrictions, reputational harm and legal

risks, which could among other consequences increase the size and number of litigation claims and damages asserted or subject the Group to enforcement actions, fines and penalties and cause it to incur related costs and expenses.

The Group faces substantial potential legal liability and significant regulatory action, which could have materially adverse financial consequences or cause significant reputational harm to the Group

The Group faces significant legal risks in its businesses, and the volume of claims and amount of damages and penalties claimed in litigation and regulatory proceedings against the Group and other financial institutions remain high and are increasing. Increased litigation costs, substantial legal liability or significant regulatory action against the Group could have material adverse financial effects or cause significant reputational harm to it, which in turn could seriously impact its business prospects. In addition, the Group faces increased litigation risk and regulatory scrutiny as a result of the Merrill Lynch and Countrywide Financial Corporation acquisitions. As a result of current economic conditions and the increased level of defaults over the prior couple of years, the Group has continued to experience increased litigation and other disputes with counterparties regarding relative rights and responsibilities. These litigation and regulatory matters and any related settlements could adversely impact the Group's earnings and lead to volatility of BAC's stock price.

The Group's liquidity could be impaired by its inability to access the capital markets on favourable terms

Liquidity is essential to the Group's businesses. Under normal business conditions, primary sources of funding for BAC include dividends received from banking and non-banking subsidiaries and proceeds from the issuance of securities in the capital markets. The primary sources of funding for BAC's banking subsidiaries include customer deposits and wholesale market-based funding. The Group's liquidity could be impaired by an inability to access the capital markets or by unforeseen outflows of cash, including deposits. This situation may arise due to circumstances that the Group may be unable to control, such as a general market disruption, negative views about the financial services industry generally, or an operational problem that affects third parties or the Group. The Group's ability to raise certain types of funds as a result of the recent financial crisis has been and could continue to be adversely affected by conditions in the United States and international markets and economies. In 2009, global capital and credit markets continued to experience volatility and disruptions. As a result, the Group utilised several temporary U.S. government liquidity programs to enhance its liquidity position. The Group's ability to engage in securitisation funding transactions on favourable terms could be adversely affected by continued or subsequent disruptions in the capital markets or other events, including actions by ratings agencies or deteriorating investor expectations.

The Group's credit ratings and the credit ratings of its securitisation trusts are important to its liquidity. The ratings agencies regularly evaluate the Group and its securities, and their ratings of the Group's long-term and short-term debt and other securities, including asset securitisations, are based on a number of factors, including the Group's financial strength as well as factors not entirely within its control, including conditions affecting the financial services industry generally. During 2009, the ratings agencies took numerous actions to adjust BAC's credit ratings and outlooks, many of which were negative. The ratings agencies have indicated that BAC's credit ratings currently reflect their expectation that, if necessary, BAC would receive significant support from the U.S. government. In February 2010, Standard & Poor's affirmed the Group's current credit ratings but revised the outlook to negative from stable, based on their belief that it is less certain whether the U.S. government would be willing to provide extraordinary support. In light of the difficulties in the financial services industry and the financial markets, there can be no assurance that the Group will maintain its current ratings. Failure to maintain those ratings could adversely affect the Group's liquidity and competitive position by materially increasing its borrowing costs and significantly limiting its access to the funding or capital markets, including securitisations. A reduction in the Group's credit ratings also could have a significant impact on certain trading revenues, particularly in those businesses where counterparty creditworthiness is critical. In connection with certain trading agreements, the Group may be required to provide additional collateral in the event of a credit ratings downgrade.

Changes in financial or capital market conditions could cause the Group's earnings and the value of its assets to decline

Market risk generally represents the risk that values of assets and liabilities or revenues will be adversely affected by changes in market conditions. As a result, the Group is directly and indirectly affected by

changes in market conditions. For example, the Group relies on bank deposits for a low cost and stable source of funding for the loans that it makes. However, changes in interest rates on bank deposits could adversely affect the Group's net interest margin – the difference between the yield the Group earns on its assets and the interest rate it pays for deposits and other sources of funding – which could in turn affect its net interest income and earnings.

Market risk is inherent in the financial instruments associated with the Group's operations and activities, including loans, deposits, securities, short-term borrowings, long-term debt, trading account assets and liabilities and derivatives. Just a few of the market conditions that may change from time to time, thereby exposing the Group to market risk, include changes in interest and currency exchange rates, equity and futures prices, the implied volatility of interest rates, credit spreads and price deterioration or changes in value due to changes in market perception or actual credit quality of either the issuer or its country of origin. Accordingly, depending on the instruments or activities impacted, market risks can have wide ranging, complex adverse effects on the Group's results of operations and its overall financial condition. The Group also may incur significant unrealised gains or losses as a result of changes in its credit spreads or those of third parties, which may affect the fair value of its derivatives instruments and debt securities that it holds or issues.

The models and strategies the Group uses to assess and control its risk exposures are subject to inherent limitations. For example, the Group's models, which rely on historical trends and assumptions, may not be sufficiently predictive of future results due to limited historical patterns, extreme or unanticipated market movements and illiquidity, especially during severe market downturns or stress events. The models that the Group uses to assess and control its risk exposures also reflect assumptions about the degree of correlation or lack thereof among prices of various asset classes or other market indicators. In times of market stress or other unforeseen circumstances, such as the market conditions experienced in 2008 and 2009, previously uncorrelated indicators may become correlated, or previously correlated indicators may move in different directions. These types of market movements have at times limited the effectiveness of the Group's hedging strategies and have caused it to incur significant losses, and they may do so in the future. These changes in correlation can be exacerbated where other market participants are using risk or trading models with assumptions or algorithms that are similar to the Group's. In these and other cases, it may be difficult to reduce the Group's risk positions due to the activity of other market participants or widespread market dislocations, including circumstances where asset values are declining significantly or no market exists for certain assets. To the extent that the Group makes investments directly in securities that do not have an established liquid trading market or are otherwise subject to restrictions on sale or hedging, it may not be able to reduce its positions and therefore reduce its risk associated with such positions.

Adverse changes in the value of certain of the Group's assets and liabilities could adversely impact its earnings

The Group has a large portfolio of financial instruments that it measures at fair value, including among others certain corporate loans and loan commitments, loans held-for-sale, structured reverse repurchase agreements and long-term deposits. The Group also has trading account assets and liabilities, derivatives assets and liabilities, available-for-sale debt and marketable equity securities, consumer-related mortgage servicing rights (“MSRs”) and certain other assets that are valued at fair value. The Group determines the fair values of these instruments based on the fair value hierarchy under applicable accounting guidance. The fair values of these financial instruments include adjustments for market liquidity, credit quality and other deal specific factors, where appropriate.

Gains or losses on these instruments can have a direct and significant impact on the Group's earnings, unless it has effectively hedged its exposures. For example, changes in interest rates, among other things, can impact the value of the Group's MSRs and can result in substantially higher or lower mortgage banking income and earnings, depending upon the Group's ability to fully hedge the performance of its MSRs. Fair values may be impacted by declining values of the underlying assets or the prices at which observable market transactions occur and the continued availability of these transactions. The financial strength of counterparties, such as monoline financial guarantors, with whom the Group has economically hedged some of its exposure to these assets, also will affect the fair value of these assets. Sudden declines and significant volatility in the prices of assets may substantially curtail or eliminate the trading activity for these assets, which may make it very difficult to sell, hedge or value such assets. The inability to sell or effectively hedge assets reduces the Group's ability to limit losses in such positions and the difficulty in valuing assets may increase its risk-weighted assets which requires it to maintain additional capital and increases its funding costs.

In connection with the \$2.8 billion in cash-settled restricted stock units awarded to some associates as part of their year-end compensation, the Group may recognise additional expense as a result of changes in the price of BAC's common stock during the vesting period to the extent the Group does not effectively hedge this exposure. The awards of cash-settled restricted stock units are stock-based compensation paid out over time based on the price of BAC's common stock. Although the Group currently plans to make those payments in cash, it has reserved the right to make some or all of the payments in shares of BAC's common stock.

Asset values also directly impact revenues in the Group's asset management business. The Group receives asset-based management fees based on the value of its clients' portfolios or investments in funds managed by it and, in some cases, it also receives incentive fees based on increases in the value of such investments. Declines in asset values can reduce the value of the Group's clients' portfolios or fund assets, which in turn can result in lower fees earned for managing such assets.

The Group's ability to successfully identify and manage its compliance and other risks is an important factor that can significantly impact its results

The Group seeks to monitor and control its various risk exposures through a variety of separate but complementary financial, credit, operational, compliance and legal reporting systems. While the Group employs a broad and diversified set of risk monitoring and risk mitigation techniques, those techniques and the judgments that accompany their application cannot anticipate every economic, financial or regulatory outcome or the specifics or timing of such outcomes. Accordingly, the Group's ability to successfully identify and manage risks facing it is an important factor that can significantly impact its results. Recent economic conditions, increased legislative and regulatory scrutiny and increased complexity of the Group's operations, among other things, have increased and made it more difficult for it to manage its operational, compliance and other risks.

The Group may be unable to compete successfully as a result of the evolving financial services industry and market conditions

The Group operates in a highly competitive environment. Over time, there has been substantial consolidation among companies in the financial services industry, and this trend accelerated in 2008 and 2009 as the credit crisis led to numerous mergers and asset acquisitions among industry participants and in certain cases reorganisation, restructuring, or even bankruptcy. This trend has also hastened the globalisation of the securities and financial services markets. The Group will continue to experience intensified competition as further consolidation in the financial services industry in connection with current market conditions may produce larger and better-capitalised companies that are capable of offering a wider array of financial products and services at more competitive prices. To the extent the Group expands into new business areas and new geographic regions, it may face competitors with more experience and more established relationships with clients, regulators and industry participants in the relevant market, which could adversely affect its ability to compete. In addition, technological advances and the growth of e-commerce have made it possible for non-depository institutions to offer products and services that traditionally were banking products, and for financial institutions to compete with technology companies in providing electronic and internet-based financial solutions. Increased competition may affect the Group's results by creating pressure to lower prices on its products and services and reducing market share.

The Group's continued ability to compete effectively in its businesses, including management of its existing businesses and expansion into new businesses and geographic areas, depends in part on its ability to retain and motivate its existing employees and attract new employees. The Group faces significant competition for qualified employees both within and outside the financial services industry, including foreign-based institutions and institutions not subject to compensation or hiring restrictions imposed under any U. S. government initiatives or not subject to the same regulatory scrutiny. This is particularly the case in emerging markets, where the Group is often competing for qualified employees with entities that may have a significantly greater presence or more extensive experience in the region. A substantial portion of the Group's annual bonus compensation paid to its senior employees has in recent years been paid in the form of long-term awards. The value of long-term equity awards to senior employees generally has been impacted by the significant decline in the market price of BAC's common stock. The Group also reduced the number of employees across nearly all of its businesses in 2008 and 2009. In addition, the consolidation in the financial services industry has intensified the inherent challenges of cultural integration between differing types of financial services institutions. The combination of these events

could have a significant adverse impact on the Group's ability to retain and hire the most qualified employees.

The Group's inability to successfully integrate, or realise the expected benefits from, its recent acquisitions could adversely affect its results

There are significant risks and uncertainties associated with mergers. The Group has made several significant acquisitions in the last several years, including the acquisition of Merrill Lynch, and there is a risk that integration difficulties or a significant decline in asset valuations or cash flows may cause the Group not to realise expected benefits from the transactions and may affect its results, including adversely impacting the carrying value of the acquisition premium or goodwill. In particular, the success of the Merrill Lynch acquisition will depend, in part, on the Group's ability to realise the anticipated benefits and cost savings from combining the businesses of BAC and Merrill Lynch. To realise these anticipated benefits and cost savings, the Group must continue to successfully integrate its businesses, systems and operations. If the Group is not able to achieve these objectives, the anticipated benefits and cost savings of the Merrill Lynch acquisition may not be realised fully or may take longer to realise than expected. For example, the Group may fail to realise the growth opportunities and cost savings anticipated to be derived from the acquisition. The Group's ability to achieve these objectives has also been made more difficult as a result of the substantial challenges that it is facing in its businesses because of the current economic environment.

In addition, it is possible that the integration process could result in disruption of BAC's and Merrill Lynch's ongoing businesses or inconsistencies in standards, controls, procedures and policies that adversely affect the Group's ability to maintain sufficiently strong relationships with clients, customers, depositors and employees or to achieve the anticipated benefits of the Merrill Lynch acquisition. Integration efforts may also divert management attention and resources. These integration matters could have an adverse effect on the Group for an undetermined period. The Group will be subject to similar risks and difficulties in connection with any future acquisitions or decisions to downsize, sell or close units or otherwise change the business mix of the Group.

The Group may be adversely impacted by business, economic and political conditions in the non-U.S. jurisdictions in which it operates

The Group does business throughout the world, including in developing regions of the world commonly known as emerging markets. The acquisition of Merrill Lynch has significantly increased the Group's exposure to a number of risks in non-U.S. jurisdictions, including economic, market, reputational, operational, litigation and regulatory risks. The Group's businesses and revenues derived from non-U.S. jurisdictions are subject to risk of loss from currency fluctuations, social or judicial instability, changes in governmental policies or policies of central banks, expropriation, nationalisation and/or confiscation of assets, unfavourable political and diplomatic developments and changes in legislation. Also, as in the United States, many non-U.S. jurisdictions in which the Group does business have been negatively impacted by recessionary conditions. While a number of these jurisdictions are showing signs of recovery, others continue to experience increasing levels of stress. In addition, the risk of default on sovereign debt in some non-U.S. jurisdictions is increasing and could expose the Group to losses.

In many countries, the laws and regulations applicable to the securities and financial services industries are uncertain and evolving, and it may be difficult for the Group to determine the exact requirements of local laws in every market or manage its relationships with multiple regulators in various jurisdictions. The Group's inability to remain in compliance with local laws in a particular market and manage its relationships with regulators could have a significant and negative effect not only on its business in that market but also on its reputation generally.

In addition, the Group's revenues from emerging markets are particularly exposed to severe political, economic and financial disruptions, including significant currency devaluations, currency exchange controls and low or negative economic growth rates.

The Group also invests or trades in the securities of corporations and governments located in non-U.S. jurisdictions, including emerging markets. Revenues from the trading of non-U.S. securities may be subject to negative fluctuations as a result of the above factors. Furthermore, the impact of these fluctuations could be magnified, because generally non-U.S. trading markets, particularly in emerging market countries, are smaller, less liquid and more volatile than U.S. trading markets.

The Group is subject to geopolitical risks, including acts or threats of terrorism, and actions taken by the U.S. or other governments in response and/or military conflicts, that could adversely affect business and economic conditions abroad as well as in the United States.

Changes in governmental fiscal and monetary policy could adversely affect the Group's businesses

The Group's businesses and earnings are affected by U.S. and international fiscal and monetary policy. For example, the Federal Reserve Board regulates the supply of money and credit in the United States and its policies determine in large part the Group's cost of funds for lending, investing and capital raising activities and the return the Group earns on those loans and investments, both of which affect its net interest margin. The actions of the Federal Reserve Board also can materially affect the value of financial instruments the Group holds, such as debt securities and MSRs, and its policies also can affect its borrowers, potentially increasing the risk that they may fail to repay their loans. The Group's businesses and earnings are also affected by the fiscal or other policies that are adopted by various U.S. regulatory authorities, non-U.S. governments and international agencies. Changes in U.S. and international fiscal and monetary policies are beyond the Group's control and difficult to predict.

The Group may suffer losses as a result of operational risk or technical system failures

The potential for operational risk exposure exists throughout the Group's organisation. Integral to the Group's performance is the continued efficacy of its internal processes, systems, relationships with third parties and the vast array of associates and key executives in its day-to-day and ongoing operations, including losses resulting from unauthorised trades by any associates. Operational risk also encompasses the failure to implement strategic objectives in a successful, timely and cost-effective manner. Failure to properly manage operational risk subjects the Group to risks of loss that may vary in size, scale and scope, including loss of customers. This also includes but is not limited to operational or technical failures, unlawful tampering with the Group's technical systems, ineffectiveness or exposure due to interruption in third party support, as well as the loss of key individuals or failure on the part of key individuals to perform properly.

The Group's inability to adapt its products and services to evolving industry standards and consumer preferences could harm its businesses

The Group's business model is based on a diversified mix of businesses that provide a broad range of financial products and services, delivered through multiple distribution channels. The Group's success depends, in part, on its ability to adapt its products and services to evolving industry standards. There is increasing pressure by competitors to provide products and services at lower prices. This can reduce the Group's net interest margin and revenues from its fee-based products and services. In addition, the widespread adoption of new technologies, including internet services, could require the Group to incur substantial expenditures to modify or adapt its existing products and services. The Group might not be successful in developing or introducing new products and services, responding or adapting to changes in consumer spending and saving habits, achieving market acceptance of its products and services, or sufficiently developing and maintaining loyal customers.

BAC is a holding company and as such is dependent upon its subsidiaries for liquidity, including its ability to pay dividends

BAC is a separate and distinct legal entity from its banking and non-banking subsidiaries. BAC therefore depends on dividends, distributions and other payments from its banking and non-banking subsidiaries to fund dividend payments on its common stock and preferred stock and to fund all payments on its other obligations, including BAC's guarantee of the Securities. Many of BAC's subsidiaries are subject to laws that authorise regulatory agencies to block or reduce the flow of funds from those subsidiaries to BAC. Regulatory action of that kind could impede access to funds BAC needs to make payments on its obligations or dividend payments. In addition, BAC's right to participate in a distribution of assets upon a subsidiary's liquidation or reorganisation is subject to the prior claims of the subsidiary's creditors.

Risks relating to Securities generally

Investors risk losing all of their investment in the Securities

Potential investors should be aware that depending on the terms of the relevant Securities (i) they may receive no or a limited amount of interest, (ii) payments may occur at a different time than expected and (iii) except in the case of principally protected Securities, they may lose all or a substantial portion of their investment if the value of the Reference Item(s) does not move in the anticipated direction.

Investors in Securities which are principal protected may still be subject to loss of some or all of their investment if the relevant Issuer and BAC of the relevant Securities are subject to bankruptcy or insolvency proceedings or some other event occurs which impairs the ability of each to meet its obligations under the Securities. An investor may also lose some or all of its investment if it seeks to sell the relevant Securities prior to their scheduled maturity, and the sale price of the Securities in the secondary market is less than the initial investment or the relevant Securities are subject to certain adjustments in accordance with the terms and conditions of such Securities that may result in the scheduled amount to be paid or asset(s) to be delivered upon redemption being reduced to or being valued at an amount less than an investor's initial investment.

The Securities may not be a suitable investment for all investors

Each potential investor in the Securities must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to evaluate the Securities, the merits and risks of investing in the Securities and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement and all the information contained in the applicable Final Terms;
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Securities and the impact the Securities will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Securities, including Securities with amounts payable in one or more currencies, or where the Settlement Currency or Specified Currency of the Securities is different from the potential investor's currency;
- (d) have knowledge of and access to appropriate analytical resources to analyse quantitatively the effect (or value) of any redemption, cap, floor, or other features of the Securities, and the resulting impact upon the value of the Securities;
- (e) understand thoroughly the terms of the Securities and be familiar with any relevant indices and financial markets; and
- (f) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

The Securities are complex financial instruments. A potential investor should not invest in Securities unless it has the expertise (either alone or with a financial adviser) to evaluate how such Securities will perform under changing conditions, the resulting effects on the value of those Securities and the impact this investment will have on the potential investor's overall investment portfolio.

In addition, an investment in Index Linked Securities, Share Linked Securities, Debt Linked Securities, GDR/ADR Linked Securities, FX Linked Securities, Commodity Linked Securities, Fund Linked Securities, Inflation Linked Securities, Credit Linked Notes and Certificates or other Securities linked to other Reference Item(s) ("**Reference Item Linked Securities**"), may entail significant risks not associated with investments in conventional securities such as debt or equity securities, including, but not limited to, the risks set out in "Risks related to the structure of a particular issue of Securities" set out below.

The Securities are unsecured obligations

The Securities constitute direct, unsubordinated, unconditional and unsecured obligations of the relevant Issuer and rank equally among themselves and rank equally (subject to exceptions as are from time to time provided by applicable laws) with all other present and future direct, unsubordinated, unconditional and unsecured indebtedness or obligations, as applicable, of the relevant Issuer.

The obligations of BAC under the Guarantee, save for such exceptions as may be provided by applicable laws and regulations or judicial order, rank *pari passu* with its other present and future unsecured and unsubordinated obligations.

Since BAC is a holding company, the right of BAC, and hence the right of creditors of BAC (including the Holders), to participate in any distribution of the assets of any subsidiary (including each Issuer) upon its liquidation or reorganisation or otherwise is necessarily subject to the prior claims of creditors of the

subsidiary, except to the extent that claims of BAC itself as a creditor of the subsidiary may be recognised. In addition, dividends, loans and advances from certain subsidiaries to BAC are restricted by net capital requirements under the Exchange Act and under the rules of certain exchanges and other regulatory bodies.

The yield on the Securities may be less than the yield on a conventional debt security of comparable maturity

Any yield that an investor may receive on the Securities, which could be negative, may be less than the return an investor would earn if the investor purchased a conventional debt security with the same maturity date. As a result, an investment in the Securities may not reflect the full opportunity cost to an investor when factors that affect the time value of money are considered.

Movements in the level or price of a Reference Item will affect the performance of the Securities

The level or price of the Reference Item may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant level or price of the Reference Item. This may affect the actual yield to investors, even if the average level or price of the Reference Item during the life of the Securities is consistent with investors' expectations. In general, the earlier the change in the level or price of a Reference Item or result of a formula, the greater the effect on the yield of the Securities.

Leverage will magnify the effect of changes in the Reference Item

If the formula used to determine any amount payable and/or non-cash consideration deliverable contains a multiplier or leverage factor, then the percentage change in the value of the Security will be greater than any positive and/or negative performance of the Reference Item(s). Any Securities which include such multiplier or leverage factor represent a very speculative and risky form of investment since any change in the value of the Reference Item(s) carries the risk of a correspondingly higher change in the value of the Securities.

A postponement of valuation or determination due to a Market Disruption Event and Disrupted Day may have an adverse effect on the value of the Securities

If the Securities include provisions dealing with the occurrence of a Market Disruption Event or a failure of an exchange or related exchange to open on a Valuation Date, an Averaging Date or a Pricing Date and the Calculation Agent determines that a Market Disruption Event or such failure has occurred or exists on any relevant date, any consequential postponement of the relevant date or any alternative provisions for valuation provided in the Securities may have an adverse effect on the value of the Securities or of any amounts payable under the Securities.

The occurrence of a Payment Disruption Event may lead to a delayed and/or reduced payment

If Payment Disruption Event is applicable to a Security, as specified in the applicable Final Terms, then, in the event that the Calculation Agent determines, in its sole discretion, that an event that (i) prevents, restricts or delays the relevant Issuer from converting or delivering relevant currencies, (ii) imposes capital controls, or (iii) implements changes to laws relating to foreign investments (a "**Payment Disruption Event**") has occurred or is likely to occur, then either (a) the relevant exercise or payment date (as applicable) in respect of the Securities or (b) the relevant Issuer's obligation to make a payment in respect of such exercise or payment date may be postponed to a date falling five Business Days (or such other date as may be determined by the Calculation Agent and notified to Holders) after the date on which the Payment Disruption Event is no longer occurring. No accrued interest will be payable in respect of any such postponement and no Event of Default in respect of the Securities will result from such postponement. Partial payments or physical delivery of shares in lieu of cash settlement of Share Linked Securities may, in the relevant Issuer's sole discretion, be made during such period (after deduction for any expenses). In the event that a Payment Disruption Event is still continuing on the date which is one year after the last date on which amounts are due under the Securities (the "**Payment Event Cut-off Date**"), then (1) such final payment date shall be extended to the Payment Event Cut-off Date and (2) the remaining amounts payable under the Securities shall be deemed to be zero and the relevant Issuer shall have no obligations whatsoever under the Securities. Therefore, in a case where Payment Disruption Event is relevant as specified in the applicable Final Terms, the Holder could lose all or part of its investment in the Securities.

In the event that the relevant Issuer satisfies its obligation to make a cash payment by the delivery of shares following the occurrence of a Payment Disruption Event, Holders may be unable to sell such shares, or may be unable to sell them at a price equal to the cash payment that would have been payable but for the occurrence of the Payment Disruption Event.

The relevant Issuer may make certain modifications to the Securities without the consent of the Holders

The Terms and Conditions provide that the relevant Agent and the relevant Issuer may, without the consent of Holders, agree to (i) any modification (subject to certain specific exceptions) of the Securities or the Agency Agreement which is not prejudicial to the interests of the Holders or (ii) any modification of the Securities or the Agency Agreement which is of a formal, minor or technical nature or is made to correct a manifest error or proven error or to comply with mandatory provisions of law.

At meetings of Holders, the decision of the majority will bind all Holders

The Terms and Conditions contain provisions for calling meetings of Holders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Holders, including Holders who did not attend and vote at the relevant meeting and Holders who voted in a manner contrary to the majority.

There may be conflicts of interest between the relevant Issuer, its Affiliates and the Holders

The relevant Issuer, BAC and/or any of their respective Affiliates or agents may engage in activities that may result in conflicts of interests between their and their respective Affiliates' or agents' financial interests on the one hand and the interests of the Holders on the other hand. The relevant Issuer, BAC and/or any of their respective Affiliates or agents may also engage in trading activities (including hedging activities) related to the Reference Item(s) underlying any Securities and other instruments or derivative products based on or related to the Reference Item(s) underlying any Securities for their proprietary accounts or for other accounts under their management. The relevant Issuer, BAC and/or any of BAC's Affiliates or agents may also issue other derivative instruments in respect of the Reference Item(s) underlying Securities. The relevant Issuer, BAC and/or any of BAC's Affiliates or agents may also act as underwriter in connection with future offerings of shares or other securities related to an issue of Securities or may act as financial adviser to certain companies, companies whose shares are included in a basket of shares, a company which is a reference entity, or in a commercial banking capacity for any such companies. Such activities could present certain conflicts of interest, could influence the prices of such shares or other securities and could adversely affect the value of such Securities. The relevant Issuer also may enter into arrangements with Affiliates or agents to hedge market risks associated with its obligations under the Securities. Any such Affiliate or agent would expect to make a profit in connection with such arrangements. The relevant Issuer would not seek competitive bids for such arrangements from unaffiliated parties.

Where the Securities are offered to the public, as the Dealer(s) and any distributors act pursuant to a mandate granted by the relevant Issuer and they receive fees on the basis of the services performed and the outcome of the placement of the Securities, potential conflicts of interest could arise.

Any additional risk factors relating to additional conflicts of interest with respect to a specific series of Securities will be specified in the applicable Final Terms.

In addition, unless otherwise specified in the applicable Final Terms, the Calculation Agent is an Affiliate of the relevant Issuer and BAC and in such capacity may make certain determinations and calculate amounts payable or deliverable to Holders. Under certain circumstances, the Calculation Agent, as an Affiliate of the relevant Issuer and BAC, and its responsibilities as calculation agent for the Securities could give rise to potential conflicts of interest between the Calculation Agent and the Holders. As BAC controls the Calculation Agent, potential conflicts of interest could arise.

In addition, a Merrill Lynch proprietary index will generally be developed, owned, calculated and maintained by a Merrill Lynch Affiliate, which would be responsible for the composition, calculation and maintenance of such index. In such circumstances, Merrill Lynch, as the index sponsor, would be under no obligation to take into account the interests of the Holders of any Securities referenced by such index. In such capacity as index sponsor, Merrill Lynch will have the authority to make determinations that could materially and adversely affect the value of the Security.

The secondary market price of the Securities may be less than the Issue Price and/or the Offer Price

Investors should note that, in certain circumstances immediately following the issue of the Securities, the secondary market price of the Securities may be less than the Issue Price and/or the Offer Price in the event that the Issue Price and/or the Offer Price included the fees to be paid to distributor(s).

A Holder may not receive the Entitlement relating to a Physical Delivery Security if it fails to deliver the required notice and pay Expenses relating to such Physical Delivery Security

In order to receive the Entitlement in respect of a Physical Delivery Note, the holder of such Note must (i) duly deliver to the Clearing System and/or Paying Agents, as specified in the Final Terms, a duly completed Asset Transfer Notice on or prior to the relevant time on the Cut-Off Date and (ii) pay the relevant Expenses. As used in the Terms and Conditions, “Expenses” includes any applicable depositary charges, transaction or exercise charges, stamp duty reserve tax, issue, registration, securities transfer and/or other taxes arising from the redemption, exercise and settlement (as applicable) of such Securities and/or the delivery of the Entitlement.

In order to receive the Entitlement in respect of a Physical Delivery W&C Security, the holder of such W&C Security must (i) deliver or send to the Clearing System and/or Paying Agents, as specified in the Final Terms, (a) a duly completed Exercise Notice on or prior to the relevant time on the Expiration Date (in the case of a Warrant) or (b) a duly completed Collection Notice on or prior to the relevant time on the Cut-off Date (in the case of a Certificate) and (ii) pay the relevant Expenses.

Failure by a Holder properly to complete and deliver an Asset Transfer Notice, Exercise Notice or Collection Notice, as the case may be, or to procure that its agent does so on its behalf, may result in such notice being treated as null and void. This may result in a delay in delivery of the Entitlement, or the relevant Issuer being unable to deliver the Entitlement. Failure to pay the Expenses will have the same consequences to a Holder.

In the case of Physical Delivery Securities, settlement may be delayed or made in cash if certain events arise

In the case of Physical Delivery Securities (other than Credit Linked Notes or Credit Linked Certificates), if a Settlement Disruption Event occurs or exists on the Maturity Delivery Date (in the case of Notes) or Settlement Date (in the case of W&C Securities), settlement will be postponed until the next date on which no Settlement Disruption Event occurs. The relevant Issuer in these circumstances has the right to pay the Disruption Cash Settlement Price in lieu of delivering the Entitlement. Such a determination may have an adverse effect on the value of the relevant Securities. In addition, if “Failure to Deliver due to Illiquidity” is specified as applying in the applicable Final Terms, and in the opinion of the Calculation Agent it is impossible or impracticable to deliver some or all of the Relevant Assets comprising the Entitlement when due as a result of illiquidity in the market for the Relevant Assets, the relevant Issuer has the right to pay the Failure to Deliver Settlement Price in lieu of delivering those Relevant Assets. Any Disrupted Cash Settlement Price or Failure to Deliver Settlement Price may be significantly less than Holders expected to receive prior to such Settlement Disruption Event or Calculation Agent determination.

Holdings have no claim against any Reference Item(s), and the return on a Reference Item Linked Security, if any, may be less than the return on an investment directly in the Reference Item(s).

A Security will not represent a claim against any Reference Item(s) and, in the event of any loss, a Holder will not have recourse under a Security to any Reference Item(s). The investment return on the Securities, if any, may be less than a comparable investment directly in the Reference Item(s), or the components included in any Reference Item(s). In contrast to an investment in the Securities, a direct investment in the Reference Item(s) or the components of the Reference Item(s) would allow an investor to receive the full benefit of any appreciation or depreciation, as the case may be, in the value of these components.

BAC has the option to vary settlement under the Guarantee

In relation to Physical Delivery Securities, under the Guarantee, BAC has the right at all times to elect not to deliver or procure delivery of the Entitlement to the holders of Physical Delivery Securities, but in lieu thereof to pay an amount in cash equal to the Guaranteed Cash Settlement Amount specified in the applicable Final Terms or Securities Note. Such cash payment will constitute a complete discharge of BAC’s obligations in relation to such Physical Delivery Securities.

The relevant Issuer may have the right to vary settlement

If so indicated in the applicable Final Terms, the relevant Issuer has an option to vary settlement in respect of the Securities. If exercised by the relevant Issuer, Physical Delivery Securities may be cash settled or Cash Settled Securities may be physically settled. Exercise of such option may affect the value of the Securities.

If the relevant Issuer determines that the performance of either its obligations under the Securities or the obligations of BAC under the Guarantee has or will become illegal in whole or in part for any reason, the relevant Issuer may redeem or cancel the Securities, as applicable

If the relevant Issuer determines that the performance of either its obligations under the Securities or the obligations of BAC under the Guarantee has or will become illegal in whole or in part for any reason, the relevant Issuer may redeem or cancel the Securities, as applicable.

If, in the case of illegality and to the extent permitted by applicable law, the relevant Issuer redeems or cancels the Securities, then the relevant Issuer will, in the case of Notes, redeem each Note at the Early Redemption Amount together (if appropriate) with interest accrued to (but excluding) the date of redemption, or in the case of W&C Securities, pay an amount to each Holder determined by reference to the fair market value of each Security less hedging costs, which may be less than the purchase price of the Securities and may in certain circumstances be zero.

Risks relating to Notes***Failure by a Holder to pay instalments in respect of Partly Paid Notes may result in the Holder losing all of his investment***

The relevant Issuer may issue Notes where the issue price is payable in more than one instalment. Failure to pay the relevant Issuer any subsequent instalment could result in a Holder losing all of his investment.

Notes may be subject to optional redemption by the Issuer, which may limit their market value

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The relevant Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, a Holder generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Risks relating to W&C Securities***Certain Factors Affecting the Value and Trading Price of W&C Securities***

Either (1) the Cash Settlement Amount (in the case of Cash Settled W&C Securities) or (2) the value of the Entitlement less (in the case of Warrants) the Exercise Price (the “**Physical Settlement Value**”) (in the case of Physical Delivery W&C Securities) at any time prior to expiration (in the case of a Warrant) or exercise (in the case of a Certificate) is typically expected to be less than the trading price of such W&C Securities at that time. The difference between the trading price and the Cash Settlement Amount or the Physical Settlement Value, as the case may be, will reflect, among other things, the “time value” of the W&C Securities. The “time value” of the W&C Securities will depend partly upon the length of the period remaining to expiration (in the case of a Warrant) or exercise (in the case of a Certificate) and expectations concerning the price or level of the Reference Item(s). W&C Securities offer hedging and investment diversification opportunities but also pose some additional risks with regard to interim value. The interim value of the W&C Securities varies with the price or level of the Reference Item(s), as well as by a number of other interrelated factors, including those specified herein.

Before exercising W&C Securities, Holders should carefully consider, among other things, (i) the trading price of the W&C Securities, (ii) the price or level and volatility of the Reference Item(s), (iii) the time remaining to expiration (in the case of a Warrant) or exercise (in the case of a Certificate), (iv) in the case of Cash Settled W&C Securities, the probable range of Cash Settlement Amounts, (v) any change(s) in interim interest rates and dividend yields if applicable, (vi) any change(s) in currency exchange rates and (vii) any related transaction costs.

An optional exercise or mandatory early exercise feature in W&C Securities is likely to limit their market value. In the case of an optional exercise feature, during any period when the relevant Issuer may elect to exercise W&C Securities, the market value of those W&C Securities generally will not rise substantially above the price at which they can be exercised. This also may be true prior to any exercise period. In the case of a mandatory exercise feature, if the relevant Mandatory Early Exercise Event occurs the W&C Securities will be exercised prior to their originally designated exercise or expiration date. Potential investors should be aware that in certain circumstances, an optional exercise or mandatory early exercise of the W&C Securities by the relevant Issuer may result in a loss of all or a substantial portion of their investment.

Risks relating to Warrants

There will be a time lag between the time a Holder gives instructions to exercise and the time the applicable Cash Settlement Amount relating to such exercise is determined, and such time lag could decrease the Cash Settlement Amount

In the case of any exercise of Warrants, there will be a time lag between the time a Holder gives instructions to exercise and the time the applicable Cash Settlement Amount (in the case of Cash Settled Warrants) relating to such exercise is determined. Any such delay between the time of exercise and the determination of the Cash Settlement Amount will be specified in the Terms and Conditions of the W&C Securities. However, such delay could be significantly longer, particularly in the case of a delay in exercise of Warrants arising from any daily maximum exercise limitation (in the case of American Style Warrants), the occurrence of a Market Disruption Event or failure of an exchange or related exchange to open (if applicable) or following the imposition of any exchange controls or other similar regulations affecting the ability to obtain or exchange any relevant currency (or basket of currencies) in the case of FX Linked Warrants. The applicable Cash Settlement Amount may change significantly during any such period between exercise and determination of the Cash Settlement Amount, and such movement or movements could decrease the Cash Settlement Amount of the Warrants being exercised and may result in such Cash Settlement Amount being zero.

Holders may have to tender a specified number of Warrants at any one time in order to exercise

If so indicated in the applicable Final Terms, a Holder must tender or hold a specified number of Warrants at any one time in order to exercise. Thus, Holders with fewer than the specified minimum number of Warrants will either have to sell their Warrants or purchase additional Warrants, incurring transaction costs in each case, in order to realise their investment. Furthermore, holders of such Warrants incur the risk that there may be differences between the trading price of such Warrants and the Cash Settlement Amount (in the case of Cash Settled Warrants) or the Physical Settlement Value (in the case of Physical Delivery Warrants) of such Warrants. Therefore it may cost an investor more to purchase additional Warrants than the value of the increase in the Cash Settlement Amount or Physical Settlement Value, as the case may be, attributable to such additional Warrants.

The number of American Style Warrants exercisable on any date other than the Expiration Date may be limited to a maximum number

In the case of American Style Warrants, if so indicated in the applicable Final Terms, the relevant Issuer will have the option to limit the number of American Style Warrants exercisable on any date (other than the Expiration Date) to the maximum number specified in the applicable Final Terms and, in conjunction with such limitation, to limit the number of American Style Warrants exercisable by any person or group of persons (whether or not acting in concert) on such date. In the event that the total number of American Style Warrants being exercised on any date (other than the Expiration Date) exceeds such maximum number and the relevant Issuer elects to limit the number of American Style Warrants exercisable on such date, a Holder may not be able to exercise on such date all American Style Warrants that such Holder desires to exercise. In any such case, the number of American Style Warrants to be exercised will be reduced until the total number of American Style Warrants exercised on that date no longer exceeds the maximum, such American Style Warrants being selected at the discretion of the relevant Issuer or in any other manner specified in the applicable Final Terms. Unless otherwise specified in the applicable Final Terms, the American Style Warrants tendered for exercise but not exercised on such date will be automatically exercised on the next date on which American Style Warrants may be exercised, subject to the same daily maximum limitation and delayed exercise provisions.

Transfers of Rule 144A Warrants are restricted

Issue and transfers of Warrants to purchasers that intend to hold their Warrants through a Rule 144A Global Warrant may be made only to or through MLICo. to purchasers (i) that have executed and delivered to the relevant Issuer an Investor Representation Letter pursuant to which such purchaser must certify, among other things, that such purchaser is a QIB who is also a QP and (ii) that will hold their Warrants through DTC direct participants that have executed and delivered to the relevant Issuer a Custodian Letter and that have thereby become “**Authorised Custodians**” with respect to the Warrants. A transfer or attempted transfer of any Rule 144A Warrant which does not comply with the applicable transfer restrictions shall be absolutely null and void ab initio and shall vest no rights in the purported transferee.

Risks relating to Certificates***U.S. Certifications are required in respect of Swedish Dematerialised Certificates and failure to provide such certifications means that investors will not receive any payments***

The initial beneficial owner of a Swedish Dematerialised Certificate is required on the Issue Date to provide certification to the relevant Issuer that such owner is not a United States Person or Persons who have purchased for resale to any United States Person. Before buying any Swedish Dematerialised Certificates on the secondary market, investors should duly investigate as to whether such U.S. Certification (as defined below) was properly provided in respect of the issue of such Swedish Dematerialised Certificates. Investors will not receive any payments in respect of any Swedish Dematerialised Certificates in respect of which such U.S. Certification was not duly provided.

Risks relating to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk that may have an impact on an investment in the Securities.

Many factors will determine the price of the Securities in the secondary market and such market may be illiquid

It is not possible to predict the price at which Securities will trade in the secondary market or whether such market will be liquid or illiquid. Each Issuer may, but is not obliged to, list or admit to trading Securities on a stock exchange or market. If the Securities are not listed or admitted to trading on any stock exchange or market, pricing information for the Securities may be more difficult to obtain and the liquidity of the Securities may be adversely affected. If the relevant Issuer does list or admit to trading an issue of Securities, there can be no assurance that at a later date, the Securities will not be delisted or that trading on such stock exchange or market will not be suspended. In the event of a delisting or suspension of listing or trading on a stock exchange or market, the relevant Issuer will use its reasonable efforts to list or admit to trading the Securities on another stock exchange or market, unless it concludes it would be unduly burdensome to do so. Also, (in the case of American Style Warrants) to the extent Warrants of a particular issue are exercised, the number of Warrants of such issue outstanding will decrease, resulting in a diminished liquidity for the remaining Warrants of such issue. A decrease in the liquidity of an issue of Warrants may cause, in turn, an increase in the volatility associated with the price of such issue of Warrants.

The relevant Issuer cannot assure holders of the Securities that a trading market for their Securities will ever develop or be maintained. Many factors independent of the creditworthiness of the relevant Issuer or BAC affect the trading market of the Securities. These factors include:

- (a) the complexity and volatility of the Reference Item(s) or formula or other basis of reference applicable to the Securities;
- (b) the method of calculating amounts payable, including any dividend rates or yield or other securities or financial instruments applicable to the securities payable and/or deliverable, or other consideration, if any, in respect of the Securities;
- (c) the time remaining to the expiration (in the case of Warrants), exercise (in the case of Certificates) or redemption (in the case of Notes) of the Securities;
- (d) the number of Securities outstanding;
- (e) the aggregate amount of settlement features of the Securities;

- (f) the value of other securities linked to the Reference Item(s) or formula or other basis of reference applicable to the Securities;
- (g) the level, direction and volatility of market interest rates generally;
- (h) the general economic conditions of the capital markets, as well as geopolitical conditions and other financial, political, regulatory and judicial events that affect the financial markets generally, may affect the value of the Reference Item(s) and the Securities; and
- (i) the possibility that investors may be unable to hedge their exposure to risks relating to their Securities.

In addition, certain Securities may be designed for specific investment objectives or strategies and, therefore, may have a more limited secondary market and experience more price volatility. Holders may not be able to sell such Securities readily or at prices that will enable them to realise their anticipated yield. No investor should purchase Securities unless such investor understands and is able to bear the risk that such Securities may not be readily saleable, that the value of such Securities will fluctuate over time, that such fluctuations may be significant and that such investor may lose all or a substantial portion of the purchase price of the Securities.

The relevant Issuer, BAC, or any of BAC's Affiliates may, but is not obliged to, at any time purchase Securities at any price in the open market or by tender or private treaty for their own account for business reasons or in connection with their hedging arrangements. Any Securities so purchased may be held or resold or surrendered for cancellation. The relevant Issuer, BAC, or any of BAC's Affiliates may, but is not obliged to, be a market-maker for an issue of Securities. Even if the relevant Issuer or such other entity is a market-maker for an issue of Securities, the secondary market for such Securities may be limited. These activities may affect the price of such obligations or securities in a manner that would be adverse to a Holder's investment in the Securities. The relevant Issuer and BAC and its Affiliates have not considered, and are not required to consider, the interest of investors as Holders in connection with entering into any of the above mentioned transactions.

There may be less liquidity in the market for Securities if the Securities are exclusively offered to retail investors without any offer to institutional investors. To the extent that an issue of Securities becomes illiquid, an investor may have to exercise such Securities (in the case of American Style Warrants) or wait until the Exercise Date (in the case of European Style Warrants or Certificates) or the Maturity Date (in the case of Notes) of such Securities to realise value.

If the Certificates are Italian Listed Certificates, the relevant Issuer (or an entity on behalf of the relevant Issuer) will display continuous "bid" and "offer" prices for the Certificates, in accordance with the rules of the SeDex.

Investors may be subject to foreign exchange exposure and the Securities may become subject to exchange controls

In the case of Cash Settled Securities, the relevant Issuer will pay the Cash Settlement Amount (in the case of W&C Securities) or Final Redemption Amount (in the case of the Notes) in respect of the Securities in the Settlement Currency specified in the applicable Final Terms. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Settlement Currency or Specified Currency, as applicable (the "**Settled Currency**"). These include the risk that exchange rates may significantly change (including changes due to devaluation of the Settled Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Settled Currency would decrease (i) the Investor's Currency-equivalent yield on the Securities, (ii) the Investor's Currency equivalent value of the Cash Settlement Amount or Final Redemption Amount (as applicable) in respect of the Securities and (iii) the Investor's Currency equivalent market value of the Securities.

Government and monetary authorities may impose exchange controls (as some have done in the past) that could adversely affect an applicable exchange rate. As a result, the Cash Settlement Amount (in the case of Cash Settled W&C Securities) or the Final Redemption Amount (in the case of Notes) that investors may receive may be less than expected or zero.

In certain circumstances the relevant Issuer will not be obliged to maintain the listing of Securities which are specified as being listed in the applicable Final Terms

When the relevant Issuer specifies in the applicable Final Terms that a Series of Securities is to be admitted to trading on the Luxembourg Stock Exchange's regulated market and admitted to listing on the Official List of the Luxembourg Stock Exchange and/or listed on or admitted to trading by any other relevant stock exchange or market within the European Union ("EU"), which qualifies as a regulated market within the meaning of Article 4(14) of the Markets in Financial Instruments Directive (Directive 2004/39/EC) (each an "EU Exchange"), the relevant Issuer expects, but is not obliged, to maintain such listing of the Securities on such EU Exchange(s). Changed circumstances, including changes in listing requirements, could result in a suspension or removal of any such listing, or cause the relevant Issuer to conclude that continued listing of the Securities on such EU Exchange(s) is unduly burdensome.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Securities are legal investments for it, (ii) Securities can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Securities. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Securities under any applicable risk-based capital or similar rules.

Payments on the Securities are subject to the credit risk of the relevant Issuer and BAC, and the value of the Securities will be affected by a credit rating reduction of BAC

The amount payable or deliverable on the Securities at maturity, expiration or exercise is dependent upon the ability of the relevant Issuer and BAC to repay their respective obligations on the applicable maturity date, expiration date or exercise date. This will be the case even if the value of the Reference Item increases (or decreases, as the case may be) after the pricing date. No assurance can be given as to what the relevant Issuer's or BAC's financial condition will be on the applicable maturity date, redemption date, expiration date or exercise date. The value of the Securities is expected to be affected, in part, by investors' general appraisal of BAC's creditworthiness and actual or anticipated changes in BAC's credit ratings prior to the maturity date, expiration date or exercise date may affect the value of the Securities. Such perceptions are generally influenced by the ratings accorded to BAC's outstanding securities by standard statistical rating services, such as Moody's Investors Service Inc. and Standard & Poor's, a division of The McGraw-Hill Companies, Inc. A reduction (or anticipated reduction) in the rating, if any, accorded to outstanding debt securities of BAC by one of these rating agencies could result in a reduction in the trading value of the Securities. As the return on the Securities depends upon factors in addition to the relevant Issuer's or BAC's ability to pay its respective obligations, an improvement in these credit ratings will not reduce the other investment risks related to the Securities. A credit rating is not a recommendation to buy, sell, or hold any of the Securities and may be subject to suspension, change, or withdrawal at any time by the assigning rating agency.

Risks related to the structure of a particular issue of Securities

A wide range of Securities may be issued under the Programme. A number of these Securities may have features which contain particular risks for potential investors. Set out below is a description of the most common features.

General risks relating to Reference Item Linked Securities

Reference Item Linked Securities will represent an investment linked to the economic performance of the relevant Reference Item(s) and potential investors should note that the return (if any) on their investment in such Securities will depend upon the performance of such Reference Item(s). Potential investors should also note that whilst the market value of such Securities is linked to such Reference Item(s) and will be influenced (positively or negatively) by such Reference Item(s), any change in the market value of such Securities may not be comparable to changes in the market value of the Reference Item(s). It is impossible to predict how the market value of the relevant Reference Item(s) will vary over time. In addition, in contrast to a direct investment in the relevant Reference Item(s), such Securities represent the right to receive payment or delivery, as the case may be, of the Cash Settlement Amount(s), the Final Redemption Amount(s) or the Entitlement, as the case may be, as well as periodic payments of interest or additional amounts (if specified in the applicable Final Terms in respect of Notes), all or some of which and the value of which will be determined by reference to the performance of the relevant

Reference Item(s) but which are likely to differ from and may be less than the return on a direct investment in the same Reference Items(s).

As the amounts payable and/or non-cash consideration deliverable in respect of Reference Item Linked Securities are linked to the performance of the relevant Reference Item(s), a purchaser of such a Security must generally be correct about the direction, timing and magnitude of an anticipated change in the value of the relevant Reference Item(s). Assuming all other factors are held constant, the lower the value of such a Security and the shorter the remaining term to expiration (in the case of a Warrant), exercise (in the case of a Certificate) or redemption (in the case of a Note), the greater the risk that purchasers of such Security will lose all or part of their investment.

Reference Item Linked Securities may be principal protected or non-principal protected. Investors in Reference Item Linked Securities that are non-principal protected may risk losing their entire investment if the value of the relevant Reference Item(s) does not move in the anticipated direction. Whether or not a Security is principal protected, all payments on such Security are subject to the respective Issuer's and BAC's credit risk and their respective ability to pay their relevant obligations on the applicable payment dates.

POTENTIAL INVESTORS MUST REVIEW THE APPLICABLE FINAL TERMS TO ASCERTAIN WHAT THE RELEVANT REFERENCE ITEM(S) ARE AND TO SEE HOW THE CASH SETTLEMENT AMOUNT, FINAL REDEMPTION AMOUNT OR THE ENTITLEMENT, AS THE CASE MAY BE, AND ANY PERIODIC INTEREST OR ADDITIONAL AMOUNTS PAYMENTS (IN THE CASE OF NOTES) OR ANY PERIODIC ADDITIONAL AMOUNT PAYMENTS (IN THE CASE OF W&C SECURITIES) ARE DETERMINED AND WHEN SUCH AMOUNTS ARE PAYABLE AND/OR DELIVERABLE, AS THE CASE MAY BE, BEFORE MAKING ANY DECISION TO PURCHASE ANY SECURITIES.

Risks relating to Securities which are linked to emerging market Reference Item(s)

Where the terms and conditions of the Securities reference one or more emerging market Reference Item(s), investors in such Securities should be aware that the political and economic situation in countries with emerging economies or stock markets may be undergoing significant evolution and rapid development, and such countries may lack the social, political and economic stability characteristics of more developed countries, including a significant risk of currency value fluctuation. Such instability may result from, among other things, authoritarian governments, or military involvement in political and economic decision-making, including changes or attempted changes in governments through extra-constitutional means; popular unrest associated with demands for improved political, economic or social conditions; internal insurgencies; hostile relations with neighbouring countries; and ethnic, religious and racial disaffections or conflict. Certain of such countries may have in the past failed to recognise private property rights and have at times nationalised or expropriated the assets of private companies. As a result, the risks from investing in those countries, including the risks of nationalisation or expropriation of assets, may be heightened. In addition, unanticipated political or social developments may affect the values of a Reference Item investment in those countries. The small size and inexperience of the securities markets in certain countries and the limited volume of trading in securities may make the emerging market Reference Item(s) illiquid and more volatile than investments in more established markets. There may be little financial or accounting information available with respect to local issuers, and as a result it may be difficult to assess the value or prospects of the Reference Item(s).

Risks associated with baskets comprised of various components as Reference Items

Exposure to performance of basket and its components

Where the Securities are linked to or reference a basket of assets, the investors in such Securities are exposed to the performance of such basket. The investors will bear the risk of the performance of each of the basket components. See, as applicable, the risk factors set out in the sections entitled "Index Linked Securities", "Share Linked Securities", "Debt Linked Securities", "GDR/ADR Linked Securities", "FX Linked Securities", "Commodity Linked Securities", "Fund Linked Securities" and "Credit Linked Notes".

A high correlation of basket components may have a significant effect on amounts payable

Some Securities are linked to baskets of Reference Items where the performance of such Reference Items tends to move in the same direction, or correlate, as a result of changes in market conditions, such as a change in interest rates. Correlation of basket components indicates the level of interdependence

among the individual basket components with respect to their performance. If, for example, all of the basket components originate from the same sector and the same country, a high positive correlation may generally be assumed. Past rates of correlation may not be determinative of future rates of correlation: investors should be aware that, though basket components may not appear to be correlated based on past performance, it may be that they suffer the same adverse performance following a general downturn or other economic or political event. Where the basket components are subject to high correlation, any move in the performance of the basket components will exaggerate the performance of the Securities.

The negative performance of a single basket component may outweigh a positive performance of one or more other basket components

Investors in Securities must be aware that even in the case of a positive performance of one or more basket components, the performance of the basket as a whole may be negative if the performance of the other basket components is negative to a greater extent, subject to the terms and conditions of the relevant Securities.

A small basket, or an unequally weighted basket, will generally leave the basket more vulnerable to changes in the value of any particular Reference Item

The performance of a basket that includes a smaller number of Reference Items will generally, subject to the terms and conditions of the relevant Securities, be more affected by changes in the value of any particular Reference Item included therein than a basket that includes a greater number of Reference Items.

The performance of a basket that gives greater weight to some Reference Items will generally, subject to the terms and conditions of the relevant Securities, be more affected by changes in the value of any such particular Reference Item included therein than a basket that gives relatively equal weight to each Reference Item.

A change in composition of a basket may have an adverse effect on basket performance

Where the Securities grant the Calculation Agent the right, in certain circumstances, to adjust the composition of the basket, investors should be aware that any replacement basket component may perform differently from the original basket component, which may have an adverse effect on the performance of the basket which will in turn have an adverse effect on the value of the Securities.

Risks relating to Securities linked to certain References Item(s)

Index Linked Securities

Factors affecting the performance of Indices may adversely affect the value of the Securities

Indices are comprised of a synthetic portfolio of shares, bonds, currency exchange rates, commodities, property or other assets, and as such, the performance of an Index is dependent upon the performance of components of such index, which may include interest rates, currency developments, political factors, market factors such as the general trends in capital markets or broad based indices and (in the case of shares) company-specific factors such as earnings position, market position, risk situation, shareholder structure and distribution policy. If an Index does not perform as expected, this will materially and adversely affect the value of Index Linked Securities.

Returns on the Securities do not reflect a direct investment in underlying shares or other assets comprising the Index

The return payable on Securities that reference indices may not reflect the return a potential investor would realise if it actually owned the relevant assets comprising the components of the Index or owned a different form of interest in the relevant Index. For example, if the components of the Indices are shares, Holders will not receive any dividends paid or distributions made on those shares and will not participate in the return on those dividends or distributions unless the relevant Index takes such dividends into account for purposes of calculating the relevant level. Similarly, Holders will not have any voting rights in the underlying shares or any other assets which may comprise the components of the relevant Index. Accordingly, Holders of Securities that reference Indices as Reference Items may receive a lower payment upon redemption/settlement of such Securities than such Holder would have received if it had invested in the components of the Index directly or other comparable instruments linked to the Index.

A change in the composition or discontinuance of an Index could adversely affect the market value of the Securities

The sponsor of any Index can add, delete or substitute the components of such Index or make other methodological changes that could change the level of one or more components. The changing of components of any Index may affect the level of such Index as a newly added component may perform significantly worse or better than the component it replaces, which in turn may affect the payments made by the relevant Issuer to the Holders of the Index Linked Securities. The sponsor of any such Index may also alter, discontinue or suspend calculation or dissemination of such Index. The sponsor of an Index will have no involvement in the offer and sale of the Index Linked Securities and will have no obligation to any Holder of such Securities. Accordingly, the sponsor of an Index may take any actions in respect of such Index without regard to the interests of the Holder of the Securities, and any of these actions could adversely affect the market value of the Index Linked Securities.

Exposure to Index Modification, Index Cancellation, Index Disruption and correction of Index levels

The Calculation Agent has broad discretion to make certain determinations and adjustments, to replace the original Reference Item with another and/or to cause early redemption/settlement of the Securities, any of which may be adverse to Holders in connection with Index Modification, Index Cancellation, and Index Disruption. The Calculation Agent may determine that the consequence of any such event is to make adjustments to the Securities, or to replace such Index with another or to cause early redemption/settlement of the Securities. The Calculation Agent may (subject to the terms and conditions of the relevant Securities) also amend the relevant Index level due to corrections in the level reported by the Index Sponsor. The consequences of such amendments could adversely affect the market value of the Index Linked Securities.

There are additional risks in relation to “Proprietary Indices” or “Strategies”

See “There may be conflicts of interest between the relevant Issuer, its Affiliates and the Holders” above.

There are additional risks in relation to Commodity Indices

See “Additional risks in relation to the “rolling” of commodity futures contracts (including commodity futures contracts which are Components of a Commodity Index)” below.

Share Linked Securities

No issuer of the relevant Share(s) will have participated in the preparation of the applicable Final Terms or in establishing the terms of the Share Linked Securities

No issuer of the relevant Share(s) will have participated in the preparation of the applicable Final Terms or in establishing the terms of the Share Linked Securities and none of the relevant Issuer, BAC or any Dealer will make any investigation or enquiry in connection with such offering with respect to any information concerning any such issuer of Shares contained in such Final Terms or in the documents from which such information was extracted. Neither the relevant Issuer nor BAC controls any issuer of the relevant Share(s) and are not responsible for any disclosure made by any issuer of the relevant Share(s). Consequently, there can be no assurance that all events occurring prior to the relevant issue date (including events that would affect the adequacy, accuracy or completeness of the publicly available information described in this paragraph or in any applicable Final Terms) that would affect the trading price of the relevant Share(s) will have been publicly disclosed. Subsequent disclosure of any such events or the disclosure of or failure to disclose material future events concerning such an issuer of relevant Share(s) could affect the trading price of the Share(s) and therefore the trading price of the Securities.

Factors affecting the performance of Shares may adversely affect the value of the Securities

The performance of Shares is dependent upon macroeconomic factors, such as interest and price levels on the capital markets, currency developments, political factors and company-specific factors such as earnings position, market position, risk situation, shareholder structure and distribution policy. These factors are not within the relevant Issuer’s or BAC’s control and may result in a decline in the value of the Securities.

Holdings have no claim against the issuer of the relevant Share(s) or recourse to the Shares

Share Linked Securities do not represent a claim against or an investment in any issuer of the relevant Share(s) and investors will not have any right of recourse under the Share Linked Securities to any such company or the Shares. Share Linked Securities are not in any way sponsored, endorsed or promoted by

any issuer of the relevant Share(s) and such companies have no obligation to take into account the consequences of their actions for any Holders. Accordingly, the issuer of a Share may take any actions in respect of such Share without regard to the interests of the investors in the Share Linked Securities, and any of these actions could adversely affect the market value of the Share Linked Securities.

Determinations made by the Calculation Agent in respect of Potential Adjustment Events, Merger Events, Tender Offers, Delistings, Nationalizations, Insolvencies and Additional Disruption Events may have an adverse effect on the value of the Securities

Upon determining that a Potential Adjustment Event, Merger Event, Tender Offer, Delisting, Nationalization, Insolvency or Additional Disruption Event has occurred in relation to an underlying Share or Share Issuer, the Calculation Agent has broad discretion to make certain determinations to account for such event including to (i) make adjustments to the terms of the Securities and/or (ii) (in the case of a Merger Event, Tender Offer, Delisting, Nationalization, Insolvency or an Additional Disruption Event) cause early redemption/settlement of the Securities, any of which determinations may have an adverse effect on the value of the Securities.

Potential Adjustment Events include (a) a sub-division, consolidation or re-classification of the Shares, (b) an extraordinary dividend, (c) a call of the Shares that are not fully paid, (d) a repurchase by the issuer, or an affiliate thereof, of the Shares, (e) a separation of rights from the Shares or (f) any event having a dilutive or concentrative effect on the value of the Shares. Additional Disruption Events include (a) a change in applicable law since the Issue Date that makes it illegal to hold, acquire or dispose of the Shares or more expensive for the relevant Issuer to hedge its obligations under the relevant Securities or (b) if specified to be applicable in the applicable Final Terms, (i) an insolvency filing by or on behalf of any issuer of the relevant Share(s) or (ii) Hedging Disruption.

Holders may receive physical delivery of Shares in lieu of payment of cash amounts

Where the Share Linked Securities include the right of the relevant Issuer, subject to the fulfilment of a particular condition, to redeem the Share Linked Securities at their maturity by delivering Shares to the investor, the investors will receive such Shares rather than a monetary amount upon maturity. Holders will, therefore, be exposed to the issuer of such Shares and the risks associated with such Shares. The investor should not assume that he or she will be able to sell such Shares for a specific price after the redemption/settlement of the Securities, and in particular not for the purchase price of the Share Linked Securities. Under certain circumstances the Shares may only have a very low value or may, in fact, be worthless, in which case see “Investors risk losing all of their investment in the Securities” above. Holders may also be subject to certain documentary or stamp taxes in relation to the delivery and/or disposal of such Shares.

Holders will have no voting rights or right to receive dividends or distributions in respect of the relevant Shares

Except as provided in the relevant Conditions in relation to Physical Delivery Securities, Holders of Share Linked Securities will not have voting rights or rights to receive dividends or distributions or any other rights with respect to the relevant Shares to which such Securities relate. As a result, the return on Share Linked Securities may not reflect the return an investor would realise if the investor actually owned those relevant Shares and received the dividends paid or other distributions made in connection with them.

General risks relating to Debt Linked Securities

An investment in Debt Linked Securities will entail significant risks not associated with a conventional fixed rate or floating rate debt security. An investment in a Debt Linked Security may not provide the same level of return as a direct investment in the underlying debt securities.

GDR/ADR Linked Securities

Exposure to risk that redemption amounts do not reflect direct investment in the shares underlying the Depositary Receipts

There are important differences between the rights of holders of ADRs or GDRs (ADRs and GDRs, together, “**Depositary Receipts**”) and the rights of holders of the stock of the issuer of underlying shares represented by such Depositary Receipts. A Depositary Receipt is a security that represents capital stock of the relevant underlying share issuer. The relevant Deposit Agreement for the Depositary Receipt sets out the rights and responsibilities of the Depositary (being the issuer of the Depositary Receipt), the

underlying share issuer and holders of the Depositary Receipt which may be different from the rights of holders of the underlying shares. For example, the underlying share issuer may make distributions in respect of its underlying shares that are not passed on to the holders of its Depositary Receipts. Any such differences between the rights of holders of the Depositary Receipts and holders of the underlying shares of the underlying share issuer may be significant and may materially and adversely affect the value of the relevant GDR/ADR Linked Securities.

Exposure to the risk of non-recognition of beneficial ownership of the underlying shares represented by Depositary Receipts and therefore generally do not include dividends

The legal owner of the underlying shares represented by Depositary Receipts is the custodian bank which at the same time is the issuing agent of the Depositary Receipts. Depending on the jurisdiction under which the Depositary Receipts have been issued and the jurisdiction to which the custodian agreement is subject, it is possible that the corresponding jurisdiction would not recognise the purchaser of the Depositary Receipts as the actual beneficial owner of the underlying shares. Particularly in the event that the custodian becomes insolvent or that enforcement measures are taken against the custodian, it is possible that an order restricting free disposition could be issued with respect to the underlying shares represented by Depositary Receipts or that such shares are realised within the framework of an enforcement measure against the custodian. If this is the case, the holder of the Depositary Receipt loses the rights under the underlying shares and the GDR/ADR Linked Securities would become worthless. See “Investors risk losing all of their investment in the Securities”.

Potential exposure to risks of emerging markets

Depositary Receipts often represent shares of underlying share issuers based in emerging market jurisdictions. In such case, there are risks relating to GDR/ADR Linked Securities linked to Depositary Receipts which represent such underlying shares, see “Risks relating to Securities which are linked to emerging market Reference Item(s)” above.

Distributions on the underlying shares may not be passed on to the Depositary Receipts

The issuer of the underlying shares represented by Depositary Receipts may make distributions in respect of such shares that are not passed on to the purchasers of its Depositary Receipts which may materially and adversely affect the value of the GDR/ADR Linked Securities.

Adjustment to the terms and conditions or replacement of the Reference Item following certain corporate events in relation to the underlying shares represented by Depositary Receipts may materially and adversely affect the value of the Securities

Following certain corporate events specified in the terms and conditions of the relevant GDR/ADR Linked Securities relating to the underlying shares represented by Depositary Receipts or the relevant issuer of such underlying shares, such as a merger where the relevant company is not the surviving entity, the amount Holders of GDR/ADR Linked Securities will receive, if any, at maturity of such Securities may be adjusted by the Calculation Agent or the affected underlying shares and Depositary Receipts may be replaced by another Reference Item. The occurrence of such corporate events and the consequential amendments may materially and adversely affect the value of the GDR/ADR Linked Securities.

Exposure to changes in the rate of exchange between the currency of the Depositary Receipt and the underlying share

Where the currency of the Depositary Receipt is different from that of the underlying share represented by a Depositary Receipt, Holders of Securities linked to such Depositary Receipt may be exposed not only to the performance of the Depositary Receipt but also to the performance of the relevant foreign currency of the underlying share, which cannot be predicted. See “Factors affecting the performance of the relevant foreign exchange rate may adversely affect the value of the Securities” below.

FX Linked Securities

Factors affecting the performance of the relevant foreign exchange rate may adversely affect the value of the Securities

The foreign exchange rate(s) to which the Securities are linked will affect the nature and value of the investment return on the FX Linked Securities (or any other Securities which expose the investor to foreign exchange risks). The performance of foreign exchange rates is dependent upon the supply and demand for currencies in the international foreign exchange markets, which are subject to international

and domestic political factors, economic factors (including inflation rates in the countries concerned, interest rate differences between the respective countries), economic forecasts, currency convertibility and safety of making financial investments in the currency concerned, speculation and measures taken by governments and central banks. Measures taken by governments and central banks include, without limitation, imposition of regulatory controls or taxes, issuance of a new currency to replace an existing currency, alteration of the exchange rate or exchange characteristics by devaluation or revaluation of a currency or imposition of exchange controls with respect to the exchange or transfer of a Specified Currency that would affect exchange rates and the availability of a Specified Currency which would affect return on the FX Linked Security or ability of the relevant Issuer to make delivery in the Specified Currency.

BAC is a major foreign exchange dealer and is subject to conflicts of interest

Investors should note that BAC and its Affiliates (including Merrill Lynch International) are regular participants in the foreign exchange markets and in the ordinary course of their business may effect transactions for their own account or for the account of their customers and hold long and short positions in currencies and related derivatives, including in the currencies of the relevant foreign exchange rate(s). Such transactions may affect the relevant foreign exchange rate(s), the market price, liquidity or value of the Securities and could be adverse to the interests of Holders. No BAC Affiliate has any duty to enter into such transactions in a manner which is favourable to Holders.

Currencies of emerging markets jurisdictions pose particular risks

FX Linked Securities linked to emerging market currencies may experience greater volatility and less certainty as to the future levels of such emerging market currencies or their rate of exchange as against other currencies. See “Risks relating to Securities which are linked to emerging market Reference Item(s)”.

Commodity Linked Securities

An investment in Commodity Linked Securities entails significant risks in addition to those associated with investments in a conventional debt security.

Ownership of the Securities will not entitle an investor to any rights with respect to any futures contracts or commodities included in or tracked by the Reference Item(s)

An investor will not own or have any beneficial or other legal interest in, and will not be entitled to any rights with respect to, any of the commodities or commodity futures included in such Reference Item(s). Neither the relevant Issuer nor BAC will invest in any of the commodities or commodity futures contracts included in such Reference Item(s) on behalf or for the benefit of the Holders.

Factors affecting the performance of Commodities may adversely affect the value of the Securities; Commodity prices may be more volatile than other asset classes

The prices of commodities may be volatile and may fluctuate substantially if, for example, natural disasters or catastrophes, such as hurricanes, fires, or earthquakes, affect the supply or production of such commodities. Commodity prices also fluctuate due to general macro-economic forces and general market movements. The price of commodities may also fluctuate substantially if conflict or war affects the supply or production of such commodities. If any amount payable in respect of a Security is linked to the price of a commodity, any change in the price of such commodity may result in the reduction of the amount of such payment in respect of a Security. The reduction in the amount payable on the redemption/settlement of the Security may result, in some cases, in a Holder receiving a smaller sum on redemption/settlement of the Security than the amount originally invested in such Commodity Linked Security.

Commodities may reference physical commodities or commodity contracts, and certain commodity contracts may be traded on unregulated or “under-regulated” exchanges

Commodities comprise both (i) “physical” commodities, which need to be stored and transported, and which are generally traded at a “spot” price, and (ii) commodity contracts, which are agreements either to (a) buy or sell a set amount of an underlying physical commodity at a predetermined price and delivery period (which may be referred to as a delivery month), or to (b) make and receive a cash payment based on changes in the price of the underlying physical commodity.

Commodity contracts may be traded on regulated specialised futures exchanges (such as futures contracts). Commodity contracts may also be traded directly between market participants “over-the-

counter” on trading facilities that are subject to lesser degrees of regulation or, in some cases, no substantive regulation. Accordingly, trading in such “over-the-counter” contracts may not be subject to the same provisions as, and the protections afforded to, contracts traded on regulated specialised futures exchanges, and there may therefore be additional risks related to the liquidity and price histories of the relevant contracts and any Securities which reference any such commodity contracts may have reduced liquidity or greater price volatility or be subject to more extensive market disruptions.

Commodity Linked Securities which are linked to commodity futures contracts may provide a different return from Commodity Linked Securities linked to the relevant physical commodity and will have certain other risks

The price of a futures contract on a commodity will generally be at a premium or at a discount to the spot price of the underlying commodity. This discrepancy is due to such factors as (i) the need to adjust the spot price due to related expenses (e.g., warehousing, transport and insurance costs) and (ii) different methods being used to evaluate general factors affecting the spot and the futures markets. In addition, and depending on the commodity, there can be significant differences in the liquidity of the spot and the futures markets. Accordingly, Commodity Linked Securities which are linked to commodity futures contracts may provide a different return from Commodity Linked Securities linked to the relevant physical commodity.

Investments in futures contracts involve certain other risks, including potential illiquidity. A holder of a futures position may find that such position becomes illiquid because certain commodity exchanges limit fluctuations in such futures contract prices pursuant to “daily limits”. Once the price of a particular futures contract has increased or decreased by an amount equal to the daily limit, positions in the contract can neither be taken nor liquidated unless holders are willing to effect trades at or within the limit. This could prevent a holder from promptly liquidating unfavourable positions and subject it to substantial losses. Futures contract prices in various commodities occasionally have exceeded the daily limit for several consecutive days with little or no trading. Any such losses in such circumstances could have a negative adverse effect on the return of any Securities the Reference Item of which is the affected futures contract. There can be no assurance that any such disruption or any other force majeure (such as an act of God, fire, flood, severe weather conditions, act of governmental authority or a labour dispute or shortage) will not have an adverse affect on the value of or trading in the Reference Item(s), or the manner in which it is calculated, and therefore, the value of the Securities.

In the case of a direct investment in commodity futures contracts, the invested capital may be applied in whole or in part by way of collateral in respect of the future claims of the respective counterparties under the commodity futures contracts. Such capital will generally bear interest, and the interest yield will increase the return of the investor making such direct investment. However, Holders of Securities linked to the price of commodity futures contracts do not participate in such interest yields from the hypothetical fully collateralised investment in commodity futures contracts.

Additional risks in relation to the “rolling” of commodity futures contracts (including commodity futures contracts which are Components of a Commodity Index)

Commodity contracts have a predetermined expiration date, which is the date on which trading of the commodity contract ceases. Holding a commodity contract until expiration will result in delivery of the underlying physical commodity or the requirement to make or receive a cash settlement. Alternatively, “rolling” the commodity contracts means that the commodity contracts that are nearing expiration (the “**near-dated commodity contracts**”) are sold before they expire and commodity contracts that have an expiration date further in the future (the “**longer-dated commodity contracts**”) are purchased. Investments in commodities apply “rolling” of the component commodity contracts in order to maintain an ongoing exposure to such commodities.

“Rolling” can affect the value of an investment in commodities in a number of ways, including:

- (i) The investment in commodity contracts may be increased or decreased through “rolling”: Where the price of a near-dated commodity contract is greater than the price of the longer-dated commodity contract (the commodity is said to be in “backwardation”), then “rolling” from the former to the latter will result in exposure to a greater number of the longer-dated commodity contract being taken. Therefore, any loss or gain on the new positions for a given movement in the prices of the commodity contract will be greater than if one had synthetically held the same number of commodity contracts as before the “roll”. Conversely, where the price of the near-dated commodity contract is lower than the price of the longer-dated commodity contract (the commodity

is said to be in “contango”), then “rolling” will result in exposure to a smaller number of the longer-dated commodity contract being taken. Therefore, any gain or loss on the new positions for a given movement in the prices of the commodity contract will be less than if one had synthetically held the same number of commodity contracts as before the “roll”.

- (ii) Where a commodity contract is in contango (or, alternatively, backwardation) such may be expected to (though it may not) have a negative (or, alternatively, positive) effect over time: Where a commodity contract is in “contango”, then the price of the longer-dated commodity contract will generally be expected to (but may not) decrease over time as it nears expiry. In such event, rolling is generally expected to have a negative effect on an investment in the commodity contract. Where a commodity contract is in “backwardation”, then the price of the longer-dated commodity contract will generally be expected to (but may not) increase over time as it nears expiry. In such event, the investment in the relevant commodity contract can generally be expected to be positively affected.

Commodity indices are indices which track the performance of a basket of commodity contracts on certain commodities, depending on the particular index. The weighting of the respective commodities included in a commodity index will depend on the particular index, and is generally described in the relevant index rules of the index. Commodity indices apply “rolling” of the component commodity contracts in order to maintain an ongoing exposure to such commodities. Specifically, as a commodity contract is required to be rolled pursuant to the relevant index rules, the commodity index is calculated as if exposure to the commodity contract was liquidated and exposure was taken to another (generally longer-dated) commodity contract for an equivalent exposure. Accordingly, the same effects as described above with regard to “rolling” on the value of a Commodity Reference Item also apply with regard to the index level of a Commodity index.

Legal and regulatory changes relating to the Commodities may lead to an early redemption

Commodities are subject to legal and regulatory regimes that may change in ways that could affect the ability of the relevant Issuer and/or any entities acting on behalf of the relevant Issuer engaged in any underlying or hedging transactions in respect of the relevant Issuer’s obligations in relation to the Securities to hedge the relevant Issuer’s obligations under the Securities, and/or could lead to the early redemption/settlement of the Securities.

Commodities are subject to legal and regulatory regimes in the United States and, in some cases, in other countries that may change in ways that could negatively affect the value of the Securities. For example, the U.S. Congress is considering legislation intended to decrease speculation and increase transparency in the commodities markets. If enacted, such legislation may, among other things, require the U.S. Commodity Futures Trading Commission (“**CFTC**”) or exchanges to adopt rules establishing position limits on positions in commodity futures contracts. Such legislation could have an unpredictable impact on the value of any Commodity Linked Securities. In addition, if the commodities are traded on a non-U.S. exchange, those foreign markets may be more susceptible to disruption than U.S. exchanges due to the lack of a government-regulated clearinghouse system and may be subject to exchange controls, expropriation, burdensome or confiscatory taxation, or moratoriums and political or diplomatic events.

Risks relating to Fund Linked Securities

A fund may be subject to Fund Events which may adversely impact the value of Fund Linked Securities

If certain events specified as Fund Events occur, the Calculation Agent may replace the fund by other funds and thereafter the amount payable in respect of the Securities will depend on and be calculated by reference to the performance of an alternate asset. This may have a considerable impact on the value of the Fund Linked Securities and the amount payable in respect of the Fund Linked Securities. Alternatively, any determination dates and payment dates may be changed by the Calculation Agent, or the amount paid per Security may be based on the only cash amounts that an investor in the fund actually received, which might be as low as zero.

Risk from composition and changes to a fund

The management company of a fund can, without regard to the interests of the investors in the Fund Linked Securities, add, delete or substitute any funds by reference to which the value of a fund is calculated or make other methodological changes that could change the investment profile of a fund. The management company may also determine to discontinue a fund. If a fund is discontinued, it may be replaced by other assets and/or the Fund Linked Securities may be redeemed or exercised early.

In the event that a fund is materially modified or permanently cancelled or the management company fails to calculate or announce the net asset value of a fund, the Calculation Agent will either make such adjustments to any variable, calculation methodology, valuation, settlement, payment terms or any other terms and conditions of the Fund Linked Securities as the Calculation Agent determines appropriate to account for the effect on the Fund Linked Securities of such events, or may redeem or exercise the Fund Linked Securities early. Any of these decisions or determinations may adversely impact the value of the Fund Linked Securities.

Funds may be subject to transfer restrictions and illiquidity

Funds and the assets thereof may be subject to transfer restrictions arising by way of applicable securities laws or otherwise. Such restrictions may mean that purchasers of the Fund Linked Securities are not entitled to acquire interests in the funds directly. Holders of units or shares in a fund may have the right to transfer or withdraw their investment in the funds only at certain times and upon completion of certain documentary formalities and such rights may be subject to suspension or alteration. These circumstances may affect the net asset value of the funds in question. Potential investors should familiarise themselves with the features of the funds in this regard.

Events which affect the value of a fund will affect the value of Fund Linked Securities

The occurrence of any of the following events could materially and adversely affect the value of shares or units in a Fund, and have a consequent material and adverse effect on the value of Fund Linked Securities:

- *Valuation:* The valuation of funds is generally controlled by the management company of the fund. Valuations are performed in accordance the terms and conditions governing the fund. Such valuations may be based upon the unaudited financial records of the fund and any accounts pertaining thereto. Such valuations may be preliminary calculations of the net asset values of the fund and accounts. The fund may hold a significant number of investments which are illiquid or otherwise not actively traded and in respect of which reliable net asset values may be difficult to obtain. In consequence, the management company may vary certain quotations for such investments held by the fund in order to reflect its judgement as to the fair value thereof. Therefore, valuations may be subject to subsequent adjustment upward or downward. Uncertainties as to the valuation of fund assets and/or accounts may have an adverse effect on the net asset value of the fund where such judgements regarding valuations prove to be incorrect.
- *Trading charges:* The performance of a fund will be affected by the charges incurred thereby relating to the investments of such fund. The fund may engage in short-term trading which may result in increased turnover and associated higher than normal brokerage commissions and other expenses.
- *Legal and regulatory changes:* Future changes to applicable law or regulation may be adverse to a fund.
- *Investment risk:* All investments risk the loss of capital and/or the diminution of investment returns. A fund may utilise (*inter alia*) strategies such as short-selling, leverage, securities lending and borrowing, investment in sub-investment grade or non-readily realizable investments, uncovered options transactions, options and futures transactions and foreign exchange transactions and the use of concentrated portfolios, each of which could, in certain circumstances, magnify adverse market developments and losses.
- *Illiquidity:* A fund may make investments in markets that are volatile and/or illiquid and it may be difficult or costly for positions therein to be opened or liquidated.
- *Performance risk:* No assurance can be given relating to the present or future performance of a fund. The performance of a fund is dependent on the performance of the management company thereof. Certain management companies may utilise analytical models upon which investment decisions are based. No assurance can be given that these persons will succeed in meeting the investment objectives of the fund, that any analytical model used thereby will prove to be correct or that any assessments of the short-term or long-term prospects, volatility and correlation of the types of investments in which the funds have invested or will invest will prove accurate.
- *Effect of exchange rates and exchange controls:* The net asset value of a fund could be adversely affected not only by hedging costs and changes in exchange rates, but also by local exchange control

regulations and other limitations, including currency exchange limitations and political and economic developments in the relevant countries.

- *Market risks:* The markets in which a fund invests may prove to be highly volatile from time to time as a result of, for example, sudden changes in government policies on taxation and currency repatriation or changes in legislation relating to the value of foreign ownership in companies, and this may affect the net asset value at which a fund may liquidate positions to meet repurchase requests or other funding requirements.
- *Hedging risks:* A fund may in certain cases employ various hedging techniques to reduce the risk of investment positions. A substantial risk remains, nonetheless, that such techniques will not always be available and when available, will not always be effective in limiting losses. A fund may take substantial unhedged positions.
- *Interest rate risks:* The values of securities held by a fund (or by any underlying fund) tend to be sensitive to interest rate fluctuations and unexpected fluctuations in interest rates could cause the corresponding net asset values of a fund's positions to move in directions which were not initially anticipated. To the extent that interest rate assumptions underlie the hedge ratios implemented in hedging a particular position, fluctuations in interest rates could invalidate those underlying assumptions and expose a fund to losses.
- *Absence of regulation:* A fund will generally not be regulated under the laws of any country or jurisdiction. As a result, certain protections of such laws (which, among other things, may require investment companies to have disinterested directors, require securities to be held in custody and segregated, regulate the relationship between the investment company and its adviser and mandate investor approval before fundamental investment policies may be changed) do not apply to a fund. This absence of regulation may adversely affect the performance of a fund.
- *Suspension of trading:* A securities exchange typically has the right to suspend or limit trading in any instrument traded on that exchange. A suspension could render it impossible for a fund to liquidate positions and thereby expose a fund to losses.
- *Dependence on key individuals:* The success of a fund is dependent on the expertise of its managers. The loss of one or more individuals could have a material adverse effect on the ability of a fund manager to direct a fund's portfolio, resulting in losses for a fund and a decline in the value of a fund. Indeed, certain fund managers may have only one principal, without whom the relevant fund manager could not continue to operate.
- *Experience of fund managers:* Certain funds may be managed by investment managers who have managed hedge funds for a relatively short period of time. The previous experience of such investment managers is typically in trading proprietary accounts of financial institutions or managing unhedged accounts of institutional asset managers or other investment firms. As such investment managers do not have direct experience in managing funds or hedge funds, including experience with financial, legal or regulatory considerations unique to fund management, and there is generally less information available on which to base an opinion of such managers' investment and management expertise, investments with such investment managers may be subject to greater risk and uncertainty than investments with more experienced fund managers.
- *Risk of fraud:* There is a risk that a fund manager could divert or abscond with the assets, fail to follow agreed-upon investment strategies, provide false reports of operations or engage in other misconduct.
- *Performance compensation payable to fund managers:* The performance-based compensation paid to a fund manager is typically calculated on a basis that includes unrealised appreciation and may consequently be greater than if such compensation were based solely on realised gains. Each fund generally calculates its own performance compensation based on its individual performance, irrespective of increases in the overall value of the fund. Furthermore, when the fund is rebalanced and an unprofitable underlying asset is removed, the loss carried forward by such fund's trading is eliminated for purposes of calculating subsequent performance compensation due to the fund manager of any replacement underlying asset. Thus, there may be substantial incentive compensation due to the relevant fund manager even during a period when the portfolio of assets is incurring significant losses.
- *Concentration risk:* As many hedge funds have the authority to concentrate their investments in securities of a single issuer or industry, the overall adverse impact on one or more components of

the fund, and correspondingly on the value of the fund, of adverse movements in the value of such securities could be considerably greater than if the fund were not permitted to concentrate their investments. Moreover, a number of hedge funds included as components in a fund might accumulate substantial positions in the same or related instruments at the same time. As information regarding the actual investments made by such funds is not generally available, the management company will be unable to identify any such accumulations, which could expose the relevant fund to the risk of sudden and severe declines.

- *Risks of leverage:* A fund may borrow without limitation and typically utilise various lines of credit and other forms of leverage. In addition, certain of a fund's investment strategies (primarily those utilising derivative instruments) may involve indirect forms of leverage. While leverage presents opportunities for increasing a fund's total return, it increases the potential risk of loss as well. Any event which adversely affects the value of an investment by a fund is magnified to the extent that such investment is leveraged. Leverage can have a similar effect on issuers in which a fund invests. The use of leverage by a fund could result in substantial losses which would be greater than if leverage had not been used. A fund's assets may be further leveraged or hedged by the use of derivatives. In addition, investments of a fund may include investments in partnerships and other pooled investment vehicles, which themselves employ leverage to a significant extent. Such investments are subject to the same leverage risks as described above and a fund could lose its entire investment. As a general matter, the banks and dealers that provide financing to a fund can apply essentially discretionary margin, haircut, financing and security and collateral valuation policies. Changes by banks and dealers in these policies may result in large margin calls, loss of financing and forced liquidations of positions at disadvantageous net asset values.
- *Non-deductible taxes:* As funds may be resident in so-called off-shore jurisdictions, which have not entered into any double taxation conventions with other countries, any income of such fund may be subject to taxation in the countries of origin. As such withholding taxes are non-deductible due to the fact that such funds are not subject to income taxation in their countries of residence, the fund's net income may be reduced which may have a negative impact on the performance of such fund.
- *Investment criteria:* It may be difficult to specify precisely or comprehensively the strategies of a fund. As a result, it may not sometimes be clear whether or not a fund fulfils the investment criteria set out in its offering document.
- *Risks of equity investments:* The investment orientation of a fund may be based to a significant extent on equity investments. Investment in equity securities to aggressively seek capital appreciation is speculative and is generally perceived to encompass greater risks than those involved in connection with an investment in debt securities of comparable issuers.
- *Risks of fixed income investments:* A fund may invest in fixed income securities and, therefore, may be exposed to the risk of default by the issuers of such securities. Such default may result in delays in payment, or non-payment of interest or principal when due. Furthermore, the net asset value of fixed income securities may also fluctuate with changes in prevailing interest rates and/or in the creditworthiness of the issuer, and these fluctuations may result in a loss of capital by a fund.
- *Risks of collective investment schemes:* Some funds may invest in other collective investment schemes. Investment in schemes of this type may afford the investor less transparency in respect of the ultimate assets of the scheme.
- *Large transactions:* Large subscriptions and redemptions may result in the liquidation or dilution of fund assets that may affect the net asset value of such fund.
- *Emerging markets:* A fund may invest in securities of governments of, or companies domiciled in, less-developed or emerging markets. See "Risks relating to Securities which are linked to emerging market Reference Item(s)". Custody arrangements in such countries may also present enhanced risk.
- *Risks of repos:* A fund may use repurchase agreements. Under a repurchase agreement, a security is sold to a buyer and at the same time the seller of the security agrees to buy back the security at a later date at a higher net asset value. In the event of a bankruptcy or other default of the transferor of securities in a repurchase agreement, a fund could experience delays in liquidating the underlying securities and losses, including possible declines in the value of the collateral during the period while it seeks to enforce its rights thereto; possible subnormal levels of income and lack of access to income during this period and the expenses of enforcing its rights. In the case of a default by the

transferee of securities in a repurchase agreement, the management company bears the risk that the transferee may not deliver the securities when required.

- *Risks of currency speculation:* A fund may engage in exchange rate speculation. Foreign exchange rates have been highly volatile in recent years. The combination of volatility and leverage gives rise to the possibility of large profit but also carries a high risk of loss. In addition, there is counterparty credit risk since foreign exchange trading is done on a principal to principal basis.
- *Risks of commodity futures:* Commodity futures prices can be highly volatile. As a result of the low margin deposits normally required in futures trading, an extremely high degree of leverage is typical of a futures trading account. As a result, a relatively small price movement in a futures contract may result in substantial losses to the investor. Like other leveraged investments, a futures transaction may result in losses in excess of the amount invested.
- *Risks of derivative instruments:* A fund may use derivative instruments, such as collateralised debt obligations, stripped mortgage-backed securities, options and swaps. There are uncertainties as to how the derivatives market will perform during periods of unusual price volatility or instability, market illiquidity or credit distress. Substantial risks are also involved in borrowing and lending against such instruments. The prices of these instruments are volatile, market movements are difficult to predict and financing sources and related interest rates are subject to rapid change. One or more markets may move against the positions held by a fund, thereby causing substantial losses. Most of these instruments are not traded on exchanges but rather through an informal network of banks and dealers. These banks and dealers have no obligation to make markets in these instruments and may apply essentially discretionary margin and credit requirements (and thus, in effect, force a fund to close out its relevant positions). In addition, such instruments carry the additional risk of failure to perform by the counterparty to the transaction. Government policies, especially those of the U.S. Federal Reserve Board and non-U.S. central banks, have profound effects on interest and exchange rates which, in turn, affect prices of derivative instruments. Many other unforeseeable events, including actions by various government agencies and domestic and international political events, may cause sharp market fluctuations.
- *Risks of short selling:* A fund may sell securities short. Short selling exposes a fund to theoretically unlimited risk due to the lack of an upper limit on the price to which a security may rise. Short selling involves the sale of borrowed stock. If a stock loan is called, the short seller may be forced to repurchase the stock at a loss. In addition, some traders may attempt to profit by forcing short sellers to incur a loss. Traders may make large purchases of a stock that has been sold short. The large purchases are intended to drive up the stock price, and cause the short sellers to incur losses. By doing this, the traders hope the short sellers will limit their losses by repurchasing the stock and force the stock price even higher.
- *Risks of arbitrage:* The use of arbitrage strategies by a fund in no respect should be taken to imply that such strategies are without risk. Substantial losses may be incurred on “hedge” or “arbitrage” positions, and illiquidity and default on one side of a position may effectively result in the position being transformed into an outright speculation. Every arbitrage strategy involves exposure to some second order risk of the market, such as the implied volatility in convertible bonds or warrants, the yield spread between similar term government bonds or the net asset value spread between different classes of stock for the same underlying firm. Further, there are few examples of “pure” arbitrage funds. Most funds also employ limited directional strategies which expose them to market risk.
- *Credit risk:* Many of the markets in which a fund effects its transactions are “over-the-counter” or “inter-dealer” markets. The participants in these markets are typically not subject to credit evaluation and regulatory oversight as are members of “exchange based” markets. To the extent that a fund invests in swaps, derivatives or synthetic instruments, or other over-the-counter transactions in these markets, such fund may take a credit risk with regard to parties with which it trades and also may bear the risk of settlement default. These risks may differ materially from those involved in exchange-traded transactions, which generally are characterised by clearing organisation guarantees, daily marking-to-market and settlement, and segregation and minimum capital requirements applicable to intermediaries. Transactions entered into directly between two counterparties generally do not benefit from these protections, which in turn may subject a fund to the risk that a counterparty will not settle a transaction in accordance with its terms and conditions because of a dispute over the terms of the contract or because of a credit or liquidity problem. Such “counterparty risk” is increased for contracts with longer maturities when events may intervene to

prevent settlement. The ability of a fund to transact business with any one or any number of counterparties, the lack of any independent evaluation of the counterparties or their financial capabilities, and the absence of a regulated market to facilitate settlement, may increase the potential for losses.

- *Risks relating to controlling stakes:* A fund may take controlling stakes in companies. The exercise of control over a company imposes additional risks of liability for environmental damage, product defects, failure to supervise and other types of related liability.

As the shares of certain funds may only be redeemable on certain dates, there is a risk of delays or defaults in payment

The shares of a fund may only be redeemable on certain redemption dates, subject to the prescribed notice period in respect of such fund. This gives rise to a time delay between the execution of an order for redemption and payment of the proceeds on such redemption. If the fund becomes insolvent following the date on which a redemption order would have to be notionally placed or the Calculation Agent determines that the relevant fund would fail to pay to any shareholder in cash the full redemption proceeds owing to them if they redeemed their shares on the relevant date, an adjustment may be made by the Calculation Agent when calculating the return on the Securities to the net asset value per share of the relevant fund, thereby reducing the return on the Securities.

In the case of Fund Linked Securities linked to Exchange Traded Funds (“ETFs”), if the Calculation Agent determines that an event giving rise to a Disrupted Day has occurred at any relevant time, any such determination may have an effect on the timing of valuation and consequently the value of the Securities and/or may delay settlement in respect of the Securities. Potential investors should review the relevant Terms and Conditions and the applicable Final Terms to ascertain whether and how such provisions apply to the Fund Linked Securities.

In the case of Fund Linked Securities linked to ETFs following the declaration by the ETF of the occurrence of any Potential Adjustment Event, the Calculation Agent will, in its sole and absolute discretion, determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical relevant Fund Shares and, if so, will (i) make the corresponding adjustment, if any, to any of the terms of the relevant Conditions and/or the applicable Final Terms as the Calculation Agent in its sole and absolute discretion determines appropriate to account for that diluting or concentrative effect and (ii) determine the effective date of that adjustment. Such adjustment may have an adverse effect on the value and liquidity of the affected Fund Linked Securities.

In addition, in the case of Fund Linked Securities linked to ETFs, if a Merger Event, Tender Offer, De-Listing, Material Underlying Event, Nationalization or Insolvency occurs in relation to any Fund Share, the relevant Issuer in its sole and absolute discretion may take the action described in (i) or (ii) below:

- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the relevant Conditions and/or the applicable Final Terms to account for the Merger Event, Tender Offer, De-Listing, Material Underlying Event, Nationalization or Insolvency and determine the effective date of that adjustment. Such adjustment may have an adverse effect on the value and liquidity of the affected Fund Linked Securities; and
- (ii) redeem or cancel, as applicable, all of the Fund Linked Securities. Following such redemption or cancellation an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the relevant Securities being redeemed or cancelled and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

The market price of Fund Linked Securities may be volatile and may depend on the time remaining to the redemption date or settlement date (as applicable) and the volatility of the price of fund share(s) or unit(s). The price of fund share(s) or unit(s) may be affected by the economic, financial and political events in one or more jurisdictions, including factors affecting the exchange(s) or quotation system(s) on which any units in the fund or funds may be traded.

Risks relating to Inflation Linked Securities

A relevant consumer price index or other formula linked to a measure of inflation to which the Securities are linked may be subject to significant fluctuations that may not correlate with other indices. Any

movement in the level of the index may result in a reduction of the interest payable on the Securities in the case of Securities with a redemption amount linked to inflation, in a reduction of the amount payable on redemption which in some cases could be less than the amount originally invested.

The timing of changes in the relevant consumer price index or other formula linked to the measure of inflation comprising the relevant index or indices may affect the actual yield to investors on the Securities, even if the average level is consistent with their expectations.

An index to which interest payments on an Inflation Linked Security and/or the redemption amount of an Inflation Linked Security are linked is only one measure of inflation for the relevant jurisdiction, and such index may not correlate perfectly with the rate of inflation experienced by Holders in such jurisdiction.

Credit Linked Securities

General risks relating to Credit Linked Securities

The relevant Issuer may issue Credit Linked Notes or Credit Linked Certificates where the amount payable is dependent upon whether certain events (“**Credit Events**”) have occurred in respect of one or more Reference Entity/Entities and, if so, on the value of certain specified assets of such Reference Entity/Entities or where, if one or more Credit Events have occurred, on redemption the relevant Issuer’s obligation is to deliver certain specified assets.

Holders of any such Credit Linked Notes or Credit Linked Certificates should be aware that depending on the terms of the Credit Linked Notes or Credit Linked Certificates (i) they may receive no or a limited amount of interest, (ii) the payment of the redemption amount or interest or delivery of any specified assets may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment.

The market price of Credit Linked Notes or Credit Linked Certificates may be volatile and will be affected by, amongst other things, the time remaining to the redemption date or settlement date, as applicable, prevailing credit spreads and the creditworthiness of the Reference Entity/Entities which in turn may be affected by the economic, financial and political events in one or more jurisdictions. Risks relating to Credit Linked Notes and Credit Linked Certificates may be correlated or compounded and such correlation and/or compounding may result in increased volatility in the value of such Securities and/or in increased losses for holders of such Securities.

Actions of Reference Entities (for example, merger or demerger or the repayment or transfer of indebtedness) may adversely affect the value of any Credit Linked Notes and Credit Linked Certificates. The views of market participants and/or legal counsel may differ as to how the terms of market standard credit default swaps, and the corresponding terms of any Securities, should be interpreted in the context of such actions, or such terms may operate in a manner contrary to the expectations of market participants and/or adversely to the interests of holders of any Credit Linked Notes and Credit Linked Securities. Holders of any Credit Linked Notes and Credit Linked Securities should be aware that the Reference Entities to which the value of such Securities are exposed, and the terms of such exposure, may change over the term of such Securities. Reference Entities may not be subject to regular reporting requirements under Luxembourg securities laws and may report information in accordance with different disclosure and accounting standards. Consequently, the information available for such Reference Entities may be different from, and in some cases less than, the information available for entities that are subject to the reporting requirements under the Luxembourg securities laws. None of the Issuers, BAC, the Calculation Agent nor any of their respective affiliates make any representation as to the accuracy or completeness of any information available with respect to the Reference Entities.

Holders may be affected by Credit Events that occur before the Issue Date

Holders of Credit Linked Notes or Credit Linked Certificates may suffer a loss of some or all of their investment if one or more Credit Events occur on or after the Credit Event Backstop Date (which may fall prior to the Issue Date). Neither the Calculation Agent, the relevant Issuer, BAC nor any of their respective affiliates has any responsibility to avoid or mitigate the effects of a Credit Event that has taken place prior to the Issue Date.

There may be increased risks associated with Nth to Default Securities

Where the Credit Linked Notes or Credit Linked Certificates are Nth-to-Default Securities, the relevant Credit Linked Notes or Credit Linked Certificates will be subject to redemption in full as described above upon the occurrence of a Credit Event and the satisfaction of the relevant conditions to settlement in

relation to the nth Reference Entity in relation to which the Conditions to Settlement have been satisfied. With Nth-to-Default Securities, the credit risk to holders of the Securities may be increased, amongst other things, as a result of the concentration of Reference Entities in a particular industry sector or geographic area, or the exposure of the Reference Entities to similar financial or other risks.

The relevant Issuer, BAC, Dealer(s) and Calculation Agent have no duty to disclose use of non-public information with respect to any Reference Entity

The relevant Issuer, BAC, the Dealer(s), the Calculation Agent or any of their respective Affiliates may have acquired, or during the term of the Credit Linked Notes or Credit Linked Certificates may acquire, non-public information with respect to the Reference Entity/Entities that they may not disclose. Potential investors must therefore make an investment decision based upon their own due diligence and purchase the Credit Linked Notes or Certificates in the knowledge that non-public information which the relevant Issuer, the Dealer(s), the Calculation Agent or any of their respective Affiliates may have will not be disclosed to investors. None of the relevant Issuer, the Dealer(s), the Calculation Agent or any of their respective Affiliates is under any obligation (i) to review on the Holders' behalf, the business, financial conditions, prospects, creditworthiness, status or affairs of the Reference Entity/Entities or conduct any investigation or due diligence into the Reference Entity/Entities or (ii) other than as may be required by applicable rules and regulations relating to the Credit Linked Notes or Credit Linked Certificates, to make available (a) any information relating to the Securities or (b) any non-public information they may possess in respect of the Reference Entity/Entities.

A Credit Event may occur even if the relevant Issuer does not suffer any loss

The relevant Issuer's obligations in respect of Credit Linked Notes or Credit Linked Certificates are irrespective of the existence or amount of the relevant Issuer's and/or any Affiliates' credit exposure to a Reference Entity and the relevant Issuer and/or any Affiliate need not suffer any loss nor provide evidence of any loss as a result of the occurrence of a Credit Event.

Risks relating to Physical Settlement

Where the Credit Linked Notes or Credit Linked Certificates provide that the applicable Settlement Method is "Physical Settlement", or a Fallback Settlement Event has occurred and the Fallback Settlement Method is "Physical Settlement", the relevant Issuer may determine that the specified assets to be delivered are either (a) assets which (i) for any reason (including, without limitation, failure of the relevant clearing system or due to any law, regulation, court order or market conditions or the non-receipt of any requisite consents with respect to the Delivery of assets which are loans) it is impossible or illegal to deliver on the specified settlement date or (ii) it is impracticable to Deliver on the specified settlement date because (1) the relevant holder(s) has not taken any action that is deemed necessary by the Calculation Agent to enable such Delivery or (2) the holder(s) has failed to provide know-your-customer information, sign and deliver relevant transfer documentation and/or confidentiality agreement, pay a fee to the agent to effect the transfer and/or provide any other information or documentation or make any other payment (including taxes) specified under the terms of the relevant specified asset or as is customary to provide in respect of such specified asset or (b) assets which the relevant Issuer and/or any Affiliate and/or agent has not received under the terms of any transaction and/ or trading position entered into by the relevant Issuer and/or such Affiliate and/or agent to hedge the relevant Issuer's obligations in respect of the Credit Linked Notes or Credit Linked Certificates.

Any such determination may delay settlement in respect of the Credit Linked Notes or Credit Linked Certificates and/or cause the obligation to deliver such specified assets to be replaced by an obligation to pay a cash amount which, in either case, may affect the value of the Credit Linked Notes or Credit Linked Certificates and, in the case of payment of a cash amount, will affect the timing of the valuation of such Credit Linked Notes or Credit Linked Certificates and as a result, the amount payable on redemption. Potential investors should review the relevant Terms and Conditions and the applicable Final Terms to ascertain whether and how such provisions should apply to the Credit Linked Notes or Credit Linked Certificates.

In the case of Physical Settlement, where the Reference Obligation is a loan, in order for the Delivery of the loan (or an interest in the loan) to be effected, the Reference Obligation must be capable of being transferred to the Holder in accordance with its terms and the Holders must have the capacity to hold such loan (or loan interest).

Risks relating to Cash Settlement

If the applicable Settlement Method is “Cash Settlement”, or a Fallback Settlement Event has occurred and the Fallback Settlement Method is “Cash Settlement”, then, following the occurrence of a Credit Event, the Calculation Agent will be required to seek quotations in respect of selected obligations of the affected Reference Entity. Such quotations may not be available, or the level of such quotations may be substantially reduced as a result of illiquidity in the relevant markets or as a result of factors other than the credit risk of the affected Reference Entity (for example, liquidity constraints affecting market dealers). Accordingly, any quotations so obtained may be significantly lower than the value of the relevant obligation which would be determined by reference to (for example) the present value of related cashflows. Quotations may be deemed to be zero in the event that no such quotations are available. This could result in a lower or zero recovery rate for investors in such Securities.

If the relevant Issuer has discretion to choose the portfolio of obligations to be valued or delivered following a Credit Event in respect of a Reference Entity, it is likely that the portfolio of obligations selected will be obligations of the Reference Entity with the lowest market value that are permitted to be selected pursuant to the terms of any relevant Credit Linked Notes or Credit Linked Certificates. This could result in a lower recovery value and hence greater losses for investors in such Securities.

Risks relating to Auction Settlement

If in relation to any Credit Linked Notes or Credit Linked Certificates “Auction Settlement” is applicable, and a Credit Derivatives Determinations Committee publishes auction settlement terms in respect of a Reference Entity (and the relevant seniority of the Reference Obligation), then the Calculation Agent will determine the Auction Settlement Amount in accordance with such auction settlement terms. The losses determined pursuant to a market auction process may be greater than the losses which would have been determined in the absence of the auction. In particular, the auction process may be affected by technical factors or operational errors which would not otherwise apply or may be the subject of actual or attempted manipulation. Auctions may be conducted by ISDA or by a relevant third party. Neither the Calculation Agent, the relevant Issuer(s), BAC nor any of their respective affiliates has any responsibility for verifying that any auction price is reflective of current market values for establishing any auction methodology or for verifying that any auction has been conducted in accordance with its rules. If the Dealer, BAC, the Calculation Agent, the relevant Issuer or any of their respective Affiliates participates in any auction for the purposes of such an auction, then it will do so without regard to the interests of the holders of the Credit Linked Notes and Credit Linked Certificates. Such participation may have a material effect on the outcome of the relevant auction. Where the terms of any Credit Linked Notes or Certificates state “Restructuring Maturity Limitation Date and Fully Transferable Obligation Applicable” or “Modified Restructuring Maturity Limitation Date and Conditionally Transferable Obligation Applicable” and the relevant Credit Event is a Restructuring, several concurrent but separate Actions may occur with respect to such Reference Entity and such Credit Event. In certain circumstances, the relevant Issuer may apply specific Parallel Auction Settlement Terms notifying Holders of the relevant Securities. The Auction Final Price may be based on one or more obligations of the Reference Entity having a final maturity date different from the Restructured Bond or Loan and this may affect the Auction Settlement Amount determined in respect of the Credit Linked Notes or Credit Linked Securities.

Unwind costs may be deducted from the amounts payable to Holders of Credit Linked Securities

Investors should note that amounts paid or delivered in respect of any Credit Linked Notes or Credit Linked Securities may take into account Unwind Costs which are determined by the Calculation Agent to be equal to all costs, expenses, taxes and duties, incurred by the relevant Issuer and/or any of its Affiliates and/or agents in connection with the redemption or cancellation of the Securities and the related termination, settlement or re-establishment of any hedge or related trading position.

The determinations of the Calculation Agent are binding on holders

The determination by the Calculation Agent of any amount or of any state of affairs, circumstance, event or other matter, or the formation of any opinion or the exercise of any discretion required or permitted to be determined, formed or exercised by the Calculation Agent shall (in the absence of manifest error) be final and binding on the relevant Issuer, BAC and the holders. In performing its duties pursuant to the Credit Linked Notes and Credit Linked Certificates, the Calculation Agent shall act in its sole and absolute discretion. In making any determinations expressed to be made by it, for example as to substitute Reference Obligations or Successors, the Calculation Agent is under no obligation to consider

the interests of the relevant Issuer, BAC or the Holders. If the Final Terms specifies that “Calculation Agent Determination” is applicable, the relevant Issuer and the Calculation Agent may, but will not be required to apply any DC Resolution to any Credit Linked Notes or Credit Linked Certificates unless the Calculation Agent notifies the relevant Issuer that any DC Resolution shall apply to such Securities.

Holders should note that the Calculation Agent may modify the terms of any Credit Linked Notes or Credit Linked Certificates without the consent of the Holders of such Securities to the extent necessary (as determined by the Calculation Agent and the relevant Issuer acting in a commercially reasonable manner) to incorporate and/or reflect further or alternative documents or to reflect market standard terms or market trading conventions for credit derivatives, transactions and/or where applicable, to account for any DC Resolution.

Risks relating to the Credit Derivatives Determinations Committees

The institutions represented on the Credit Derivatives Determinations Committee owe no duty to the holders of Credit Linked Notes and Credit Linked Certificates and have the ability to make determinations that may materially affect the holders of Credit Linked Notes and Credit Linked Certificates. The Credit Derivatives Determinations Committee will be able to make determinations without action or knowledge of the holders of Credit Linked Notes and Credit Linked Certificates. Holders of Credit Linked Notes and Credit Linked Certificates will have no role in the composition of the Credit Derivatives Determinations Committee. Separate criteria apply with respect to the selection of dealer and non-dealer institutions to serve on the Credit Derivatives Determinations Committee and the holders of Credit Linked Notes and Credit Linked Certificates will have no role in establishing such criteria. In addition, the composition of the Credit Derivatives Determinations Committee will change from time to time in accordance with the Rules, as the term of an institution may expire or an institution may be required to be replaced. To the extent applicable, the Credit Linked Notes or Credit Linked Certificates will be subject to the determinations made by such selected institutions in accordance with the Rules.

Holders of Credit Linked Notes and Credit Linked Certificates will have no recourse against either the institutions serving on the Credit Derivatives Determinations Committee or any external reviewers. Institutions serving on the Credit Derivatives Determinations Committee and the external reviewers, among others, disclaim any duty of care or liability arising in connection with the performance of duties or the provision of advice under the Rules, except in the case of gross negligence, fraud or wilful misconduct. Furthermore, the institutions on the Credit Derivatives Determinations Committee do not owe any duty to the holders of Credit Linked Notes and Credit Linked Certificates and the holders of Credit Linked Notes and Credit Linked Certificates will be prevented from pursuing claims with respect to actions taken by such institutions under the Rules.

Holders of Credit Linked Notes and Credit Linked Certificates should also be aware that institutions serving on the Credit Derivatives Determinations Committee have no duty to research or verify the veracity of information on which a specific determination is based. In addition, the Credit Derivatives Determinations Committee is not obligated to follow previous determinations and, therefore, could reach a conflicting determination on a similar set of facts. If the relevant Issuer, BAC or the Calculation Agent or any of their respective Affiliates serve as a member of the Credit Derivatives Determinations Committee at any time, then they will act without regard to the interests of the holders of Credit Linked Notes and Credit Linked Certificates.

Holders of Credit Linked Notes and Credit Linked Certificates are responsible for obtaining information relating to deliberations of the Credit Derivatives Determinations Committee. Notices of questions referred to the Credit Derivatives Determinations Committee, meetings held to deliberate such questions and the results of binding votes will be published on the ISDA website and neither of the relevant Issuer, the Calculation Agent nor any of their respective affiliates shall be obliged to inform the holders of Credit Linked Notes and Credit Linked Certificates of such information (other than as expressly provided in respect of such Securities).

Holders of Credit Linked Notes and Credit Linked Certificates should also be aware that following the occurrence of a Credit Event Resolution Request Date in respect of a Reference Entity, any obligation of the relevant Issuer to redeem or cancel or otherwise settle any such Securities or pay any amount in respect thereof may be suspended until the occurrence of a DC Credit Event Announcement or a DC No Credit Event Announcement or the relevant Credit Derivatives Determinations Committee has resolved to dismiss the relevant DC Question.

COMMONLY ASKED QUESTIONS ABOUT THE PROGRAMME

This description is intended to give you an overview of the Issuers and the Guarantor and the types of Securities that may be issued under the Programme. Any decision to invest in any Securities should only be made after you have carefully read and understood all of the information set out or incorporated by reference in this Base Prospectus and the applicable Final Terms or the Registration Document and applicable Securities Note and Summary (if any).

What are Merrill Lynch S.A. (“MLSA”) and Merrill Lynch International & Co. C.V. (“MLICo.”)?

MLSA is a Luxembourg public limited liability company. MLSA was incorporated on 18 December 1991 as a société anonyme for an unlimited period.

MLICo. is a Netherlands Antilles limited partnership of unlimited duration which commenced operation on 1 August 1975 under registered number 11705 in the Commercial Registry of the Chamber of Commerce in Curaçao.

What do the Issuers do?

Each Issuer is a finance vehicle whose principal purpose is to raise debt or enter into financial contracts to assist the financing activities of the relevant Issuer’s affiliates.

What types of product will be issued under the Programme?

MLSA may issue Notes and Certificates, and MLICo. may issue Certificates and Warrants (together with the Notes, the “**Securities**”). The payment and non-cash delivery obligations of the Issuers under the Securities are unconditionally and irrevocably guaranteed by Bank of America Corporation (“**BAC**”) upon and subject to the terms set forth in the Guarantee. The Issuers may issue conventional debt securities including fixed or floating rate notes (in the case of MLSA) as well as Securities with returns linked to one or more underlying assets or bases of reference (“**Linked Securities**”). The returns on Securities may be received by investors in interest (in the case of Notes) or additional amounts (in the case of W&C Securities) and/or on redemption (in the case of Notes) or exercise (in the case of Warrants or Certificates).

The return on Linked Securities may be linked to the performance of one or a combination of a wide range of reference bases which may include, but will not be limited to, a specified index or a basket of indices, a specified share or a basket of shares, a specified debt instrument or a basket of debt instruments, a specified global depository receipt (“**GDR**”) or American depository receipt (“**ADR**”) or basket of GDRs and/or ADRs, a specified currency or a basket of currencies, a specified commodity or commodity index or a basket of commodities and/or commodity indices, a specified fund or basket of funds, a specified inflation index or a basket of inflation indices or, in the case of Notes and Certificates, the credit of a specified entity or entities or any combination of the foregoing. The composition of the relevant reference basis or bases may be designed to change over time in accordance with the relevant terms and conditions.

The relevant terms and conditions of a particular issue of Securities will specify the applicable returns, when such returns are payable or deliverable (see below) and the terms on which they are payable (including whether capital is at risk) or deliverable (see below). Any return will normally be paid by the relevant Issuer at maturity (in the case of Notes) or settlement (in the case of Warrants and Certificates) as part of the applicable Final Redemption Amount (in the case of Notes) or the Cash Settlement Amount (in the case of Warrants and Certificates). Any interest or additional amounts, as the case may be, will normally be paid by the relevant Issuer on specified dates. In certain circumstances the return on redemption or settlement of Securities may be the physical delivery of certain specified assets (the “**Entitlement**”) after payment by the investor of certain cash sums to the Issuer such as Expenses or, in the case of Warrants, the relevant Exercise Price.

The relevant terms and conditions of a particular issue of Securities will be the terms and conditions for the Securities set out in this Base Prospectus as completed, amended and supplemented in the applicable Final Terms or applicable Securities Note.

How much of my investment is at risk?

Some of the Notes will guarantee a minimum Final Redemption Amount on the Maturity Date for such Notes. Other Securities will put the investor’s investment at risk in whole or in part so that an investor may receive an amount or assets with a value less than their original investment or lose their entire

investment. The product terms and conditions will make it clear whether, and in what circumstances, an investor's investment is at risk. If the terms and conditions of a particular product provide that an investor's entire investment could be lost, an investor should only invest in the Securities if they are willing to accept that risk. Investors should note, however, that even if a Security guarantees a minimum Final Redemption Amount, investors will still bear the risk of losing their entire investment in the event of the insolvency of the relevant Issuer and the Guarantor.

Each potential investor should also note that any return received on the Securities could be lower than the interest that the investor could have earned by investing in a simple fixed rate product (like a bank or building society account) paying the prevailing market rate.

Therefore some Securities may not be suitable for a potential investor who would prefer a lower risk investment.

What should I read before investing?

What will the Issuers do with my money?

MLSA intends to use the net proceeds from the sale of the Notes for general corporate purposes, including making loans to its affiliates. The Group intends to use the proceeds of such loans for general corporate purposes. Such general corporate purposes may include the funding of investments in, or extensions of credit to, subsidiaries, the funding of assets of the Group, the lengthening of the average maturity of the Group's borrowings, and the financing of acquisitions.

Each Issuer intends to use the net proceeds from each issue of W&C Securities issued by it for its general corporate purposes. A substantial portion of the proceeds from the issue of W&C Securities may be used to hedge market risk with respect to such W&C Securities. If in respect of any particular issue of W&C Securities, there is a particular identified use of proceeds, this will be stated in the applicable Final Terms.

What are the risks of investing in any Securities?

Before making an investment in any Securities, you should carefully consider all of the information set out in this Base Prospectus relating to the relevant Securities as well as your own personal circumstances. You should have particular regard to, among other matters, the considerations described under the heading "Risk Factors" on pages 27 to 63 of this Base Prospectus and in the applicable Final Terms or applicable Securities Note.

In order to offer the possibility of higher returns, some Securities will carry higher risks. The applicable Final Terms or applicable Securities Note for a series of Securities will state whether your investment is designed to be at risk and set out the terms on which your investment will be repaid.

What fees and expenses are payable in connection with my Securities?

The Issuers have incurred and will continue to incur fees and expenses which do not directly relate to one or more specific series of Securities. These expenses include (without limitation) fees and expenses incurred or to be incurred by or on behalf of the Issuers in connection with the preparation of this Base Prospectus, the preparation and publication of financial statements and reports, and the general administration of the Issuers. Certain of these expenses will be reimbursed or paid on behalf of the Issuers by MLI.

The fees and expenses which relate to a particular series of Securities will be described and funded as set out in the applicable Final Terms or applicable Securities Note.

What tax will I have to pay?

General information relating to United States, Luxembourg, Netherlands Antilles, France, Switzerland and United Kingdom taxation, is set out under the heading “Taxation” on pages 408 to 421 of this Base Prospectus. If you are unsure of the tax implications of making an investment in any Securities, you should obtain professional tax advice.

Will my Securities be listed on a stock exchange?

Application has been made to the Luxembourg Stock Exchange for Securities issued under the Programme to be admitted to trading on the Luxembourg Stock Exchange’s regulated market and listed on the Official List of the Luxembourg Stock Exchange and/or for W&C Securities issued under the Programme to be admitted to trading on Scoach Switzerland and listed on the SIX Swiss Exchange. Application has also been made to the Luxembourg Stock Exchange for Securities issued under the Programme to be admitted to trading on the Luxembourg Stock Exchange’s alternative market – Euro MTF – and to be listed on the Official List of the Luxembourg Stock Exchange. The relevant Issuer may seek a listing for such Securities in respect of the regulated market of the Luxembourg Stock Exchange, the Euro MTF, Scoach Switzerland or other securities exchanges, as applicable. In the case of W&C Securities which are held in uncertificated form in Euroclear UK & Ireland, application may be made by the relevant Issuer for such W&C Securities to be admitted to the official list of the UK Listing Authority and admitted to trading on the regulated market of the London Stock Exchange. The Issuers may also issue Securities which are not listed. It will be disclosed in the applicable Final Terms or applicable Securities Note whether the relevant Securities are intended to be listed and, if so, on which stock exchange.

What are the terms on which Securities will be offered?

If applicable, details of the offer, including details of the Offer Period, Issue Price, minimum or maximum subscription amounts, settlement arrangements and any other conditions applicable, in relation to an offer of a particular series of Securities and the relevant Issuer will be set out in the applicable Final Terms or applicable Securities Note.

How can I hold my Securities?

The Issuers intend that the Securities will at all times be represented by a Global Note or a Global W&C Security (a “**Global Security**”), except in the case of Swedish Securities, which will be in dematerialised form and CREST Securities (as defined below), which will be in uncertificated form. In relation to Securities represented by a Global Security or dematerialised or uncertificated securities, Securities will normally be held by investors through custodial arrangements with their bank or broker. Banks and brokers will themselves hold such Securities through a Clearing System such as Euroclear, Clearstream Luxembourg, Clearstream, Frankfurt, Euroclear France, Euroclear Sweden, SIX SIS AG (“**SIS**”) or Euroclear UK & Ireland. In most of these circumstances the investors will have no direct rights against the relevant Issuer and will only receive any Final Redemption Amount (in the case of Notes) or Cash Settlement Amount (in the case of Warrants and Certificates) and/or interest (in the case of Notes) or additional amounts (in the case of W&C Securities), if applicable, attributable to such Securities on the basis of the arrangements entered into with their banks or brokers. Furthermore, the Clearing System register will only show, and, in most of the circumstances described above, the relevant Issuer will only recognise, the nominee of such Clearing System as a Holder in respect of such Securities. In certain limited circumstances a Global Security or dematerialised securities may be exchangeable for definitive Securities. If this happens Holders will be notified.

Will I be able to sell my Securities?

MLI or one of its affiliates may use its reasonable endeavours in normal market conditions to provide indicative bid and offer prices for the sale and purchase of Securities unless otherwise stated in the applicable Final Terms or Securities Note. However, it is not obliged to do so and may cease such activities at any time.

What do I have to do to exercise my rights in respect of the Securities?

Investors' rights relating to the Securities represented by a Global Security are governed by the procedures of the relevant Clearing Systems and the terms and conditions of the Securities, as completed, amended and supplemented in the applicable Final Terms. Investors should note that rights pertaining to certain Securities may expire if the Securities are not duly exercised prior to the specified cut-off date. An investor wanting rights in respect of Securities to be exercised on their behalf should contact their bank or broker.

It is important that you obtain, carefully read and understand the general terms and conditions and applicable Final Terms or applicable Securities Note for the Securities in which you are considering to invest.

Is there a limit on the amount of Securities the relevant Issuer will issue for each series?

MLSA may issue Notes up to a total aggregate nominal value of EUR15,000,000,000 (or its equivalent in other currencies) under this Programme and its other structured products programmes. There is no limit on the number or total amount of Warrants and Certificates the Issuers can issue under the Programme. In respect of an issue of Securities, subject to the first sentence of this paragraph, there is no limit to the amount or number of Securities that the Issuer may issue. The Issuers can issue a series of Securities at any time without giving investors notice or obtaining their consent. Any additional Securities issued by the relevant Issuer will rank equally with all existing Securities issued by the relevant Issuer.

How are payments made?

In the case of Securities represented by a Global Security or Securities in dematerialised or uncertificated form, the relevant Issuer will make payments by paying the total amount payable to the applicable Clearing System(s) in accordance with the rules and policies of the applicable Clearing System(s) or in the case of Warrants to the account specified by the Holder in the relevant Exercise Notice.

The applicable Clearing System will credit the appropriate amount to the account of each Holder (which may include intermediaries such as banks or brokers), in accordance with its rules or policies.

Neither the relevant Issuers nor the Guarantor has an obligation to make payments directly to investors in the Securities. Each investor in the Securities must look to the applicable Clearing System or its bank or broker for payments on such investor's Securities.

If the date specified for payment is not a Business Day, the relevant Issuer will make the relevant payment on the first following day that is a Business Day, unless a different business day convention is specified in the applicable Final Terms or Securities Note. On these occasions, the payment will be treated as if it were made on the original specified date for payment and will not be considered a late payment. Accordingly, the relevant Issuer will not be obliged to compensate the investor for the postponement. The term "Business Day" is defined within the terms and conditions of the Securities.

In the case of Physical Delivery Securities, delivery of the Entitlement will be made directly to the Holder in accordance with the delivery method specified in the terms and conditions.

FORM OF THE SECURITIES

Words and expressions defined in the “Terms and Conditions of the Notes” or “Terms and Conditions of the W&C Securities”, as applicable, shall have the same meanings in this Form of the Securities.

Form of the Notes

Each Tranche of Notes will be in bearer form and will be initially issued in the form of a temporary global note (a “**Temporary Global Note**”) or, if so specified in the applicable Final Terms, a permanent global note (a “**Permanent Global Note**”) which, in either case, will:

- (a) if the Global Notes are intended to be issued in new global note (“**NGN**”) form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the “**Common Safekeeper**”) for Euroclear Bank S.A./N.V. (“**Euroclear**”) and Clearstream Banking, *société anonyme* (“**Clearstream, Luxembourg**”); and
- (b) if the Global Notes are not intended to be issued in NGN Form, be delivered on or prior to the original issue date of the Tranche to a Common Depository (the “**Common Depository**”) for Euroclear Bank S.A./N.V. (“**Euroclear**”) and Clearstream Banking, *société anonyme* (“**Clearstream, Luxembourg**”).

Whilst any Note is represented by a Temporary Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Global Note if the Temporary Global Note is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Note are not United States Persons or persons who have purchased for resale to any United States Person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Principal Paying Agent.

On and after the Exchange Date (as defined in the Agency Agreement) which is generally 40 calendar days after a Temporary Global Note is issued, interests in such Temporary Global Note will be exchangeable (free of charge) upon a request as described therein either for (a) interests in a Permanent Global Note of the same Series or (b) Notes in definitive form (“**Definitive Notes**”) of the same Series with, where applicable, receipts, interest coupons and talons attached (as indicated in the applicable Final Terms and subject, in the case of Definitive Notes, to such notice period as is specified in the applicable Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given. The holder of a Temporary Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Note for an interest in a Permanent Global Note or for Definitive Notes is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Global Note will be made outside the United States through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Global Note if the Permanent Global Note is not intended to be issued in NGN form) without any requirement for certification.

A Permanent Global Note will be exchangeable (free of charge), in whole but not in part, for Definitive Notes with, where applicable, receipts, interest coupons and talons attached upon either (a) not less than 60 calendar days’ written notice expiring at least 30 calendar days after the Exchange Date from Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) to the Principal Paying Agent as described therein or (b) if the Issuer has been notified that both Euroclear and Clearstream, Luxembourg, as applicable, have been closed for business for a continuous period of 14 calendar days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available (an “**Exchange Event**”). The Issuer will promptly give notice to Noteholders in accordance with Note Condition 13 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) may give notice to the Principal Paying Agent requesting exchange. Any such exchange shall occur not later than 45 calendar days after the date of receipt of the first relevant notice by the Principal Paying Agent.

No Definitive Note delivered in exchange for a Temporary Global Note or a Permanent Global Note, as the case may be, will, in connection with its sale during the restricted period (as such term is defined in

U.S. Treasury Regulation Section 1.163-5(c)(2)(i)(D)(7)), be mailed or otherwise delivered to any location in the United States.

The following legend will appear on all Global Notes, Definitive Notes, Receipts, Talons and Coupons where such Notes have an original maturity of more than 183 calendar days and on all receipts and interest coupons relating to such Notes:

“ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE.”

The sections of the Code referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Notes, Receipts, Talons or Coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition or payment of principal with respect to Notes, Receipts, Talons or Coupons.

Notes with maturities of 183 calendar days or less are required to be issued in minimum denominations of U.S.\$500,000 (or its equivalent in other currencies).

The following legend will appear on all Global Notes, Definitive Notes, Receipts, Talons and Coupons where such Notes have maturities of 183 calendar days or less:

“BY ACCEPTING THIS OBLIGATION, THE HOLDER REPRESENTS AND WARRANTS THAT IT IS NOT A UNITED STATES PERSON (OTHER THAN AN EXEMPT RECIPIENT DESCRIBED IN SECTION 6049(b)(4) OF THE INTERNAL REVENUE CODE AND THE REGULATIONS THEREUNDER) AND THAT IT IS NOT ACTING FOR OR ON BEHALF OF A UNITED STATES PERSON (OTHER THAN AN EXEMPT RECIPIENT DESCRIBED IN SECTION 6049(b)(4) OF THE INTERNAL REVENUE CODE AND THE REGULATIONS THEREUNDER).”

Form of Warrants

If the applicable Final Terms specifies that Warrants are eligible for sale exclusively in the United States or to, or for the account or benefit of, United States Persons (as defined below) pursuant to an exemption from the registration requirements of the U.S. Securities Act of 1933, as amended (the “**Securities Act**”), the Warrants sold (a) in the United States to qualified institutional buyers within the meaning of Rule 144A (“**Rule 144A**”) under the Securities Act (“**QIBs**”) who are also each a qualified purchaser (each a “**QP**”) within the meaning of Section 3(c)(7) and as defined in Section 2(a)(51) of the U.S. Investment Company Act of 1940, as amended (the “**1940 Act**”) and the rules thereunder or (b) to, or for the account or benefit of, United States Persons who are QIBs and also QPs will be represented by a Rule 144A Global Warrant (the “**Rule 144A Global Warrant**”) either:

- (i) deposited with the New York Warrant Agent as a custodian for, and registered in the name of a nominee of, DTC (subject to the execution by the relevant investor’s DTC direct participant of a Custodian Letter in the form set out in the Agency Agreement); or
- (ii) deposited with a Common Depository for Euroclear and Clearstream, Luxembourg.

Unless otherwise indicated, as used in this Base Prospectus, “**United States Person**” means a person which is a “U.S. person” as defined by Regulation S under the Securities Act or a “United States person” as defined in Section 7701(a)(30) of the Internal Revenue Code of 1986, as amended and in U.S. Treasury regulations.

If specified in the applicable Final Terms, the Warrants may be sold (a) in the United States to QIBs who are also QPs or (b) to, or for the account or benefit of, United States Persons who are QIBs and also QPs and, in either case, concurrently outside the United States to non-United States Persons and will be represented by a Regulation S/Rule 144A Global Warrant (the “**Regulation S/Rule 144A Global Warrant**”) which will be deposited with the Common Depository for Euroclear and Clearstream, Luxembourg.

If the applicable Final Terms indicate that the Warrants are not eligible for sale in the United States or to, or for the account or benefit of, United States Persons and are to be issued into and transferred through accounts at Euroclear and Clearstream, Luxembourg, such series of Warrants will on issue be constituted by a permanent global warrant, which will be deposited with the Common Depository for Euroclear and Clearstream, Luxembourg.

If the applicable Final Terms indicate that the Warrants are not eligible for sale in the United States or to, or for the account or benefit of, United States Persons and are to be issued into and transferred through accounts at Clearstream Banking AG, Frankfurt am Main (“**Clearstream, Frankfurt**”), such series of Warrants will on issue be constituted by a permanent global warrant, which will be deposited with Clearstream, Frankfurt.

If the applicable Final Terms indicate that such Warrants are not eligible for sale in the United States or to, or for the account or benefit of, United States Persons and are to be issued into and transferred through accounts at Euroclear France S.A. (“**Euroclear France**”), such series of Warrants will on issue be constituted by a permanent global warrant, which will be deposited with Euroclear France.

If the applicable Final Terms indicate that such Warrants are not eligible for sale in the United States or to, or for the account or benefit of, United States Persons and are to be issued into and cleared through the Swedish CSD, such series of Warrants will be issued in dematerialised and uncertificated book entry form in accordance with the Swedish Financial Instruments Accounts Act (in Swedish: *lag (1998: 1479) om kontoföring av finansiella instrument*).

If the applicable Final Terms indicate that such Warrants (the “**CREST Warrants**”) are not eligible for sale in the United States or to, or for the account or benefit of, United States Persons and are to be issued into and cleared through accounts at Euroclear UK & Ireland Limited (formerly CrestCo. Limited) (“**Euroclear UK**”), such series of Warrants will be issued in uncertificated form in accordance with the United Kingdom Uncertificated Securities Regulations 2001, including any modification or re-enactment thereof for the time being in force (the “**Uncertificated Securities Regulations**”). The Warrants are participating securities for the purposes of the Uncertificated Securities Regulations.

If the applicable Final Terms indicate that the Warrants are to be listed on the SIX Swiss Exchange and/or issued into and transferred through accounts at SIS (“**Swiss Warrants**”), each tranche of such Swiss Warrants will on issue be constituted by a permanent global warrant in bearer form (a “**Swiss Global Warrant**”), which will be deposited with SIS acting as central depository on or before the Issue Date of such tranche. As a matter of Swiss law, once a Swiss Global Warrant is deposited with SIS and entered into the accounts of one or more participants of SIS, the Swiss Warrants represented thereby will constitute intermediated securities (*Bucheffekten*) within the meaning of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*). No Holder of Swiss Warrants will at any time have the right to effect or demand the conversion of the Swiss Global Warrant representing such Swiss Warrants into, or the delivery of, Warrants in uncertificated or definitive form. However, a Swiss Global Warrant will be exchangeable for definitive Warrants in bearer form (“**Definitive Bearer Warrants**” and each a “**Definitive Bearer Warrant**”) in the limited circumstances described the relevant W&C Securities Conditions.

Except in the limited circumstances specified in the W&C Securities Conditions, Definitive Warrants will not be issued and Holders do not have the right to require the printing and delivery of Definitive Warrants.

Form of Certificates

If the applicable Final Terms indicate that the Certificates are to be issued into and transferred through accounts at Euroclear and Clearstream, Luxembourg, such series of Certificates will on issue be constituted by either a temporary global certificate in bearer form or a permanent global certificate in bearer form as indicated in the applicable Final Terms which, in either case will be deposited with the Common Depository for Euroclear and Clearstream, Luxembourg.

If the applicable Final Terms indicate that the Certificates are to be issued into and transferred through accounts at Clearstream, Frankfurt, such series of Certificates will on issue be constituted by either a temporary global certificate in bearer form or a permanent global certificate in bearer form as indicated in the applicable Final Terms which, in either case, will be deposited with Clearstream, Frankfurt.

If the applicable Final Terms indicate that the Certificates are to be issued into and transferred through accounts at Euroclear France, such series of Certificates will on issue be constituted by either a temporary global certificate in bearer form or a permanent global certificate in bearer form as indicated in the applicable Final Terms which, in either case, will be deposited with Euroclear France.

If the applicable Final Terms indicate that the Certificates (“**Swedish Dematerialised Certificates**”) are to be issued into and cleared through the Swedish CSD, such series of Certificates will be issued in dematerialised and uncertificated book entry form in accordance with the Swedish Financial Instruments

Accounts Act (in Swedish: *lag (1998: 1479) om kontoföring av finansiella instrument*) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interest in such series of Swedish Dematerialised Certificates are not United States Persons or persons who have purchased for resale to any United States Person, as required by U.S. Treasury Regulations, has been received by the Swedish CSD.

If the applicable Final Terms indicate that such Certificates (the “**CREST Certificates**” and together with the CREST Warrants, the “**CREST Securities**”) are not eligible for sale in the United States or to, or for the account or benefit of, United States Persons and are to be issued into and cleared through accounts at Euroclear UK, such series of CREST Certificates will be issued in uncertificated form in accordance with the Uncertificated Securities Regulations. The CREST Certificates are participating securities for the purposes of the Uncertificated Securities Regulations.

If the applicable Final Terms indicate that the Certificates are to be listed on the SIX Swiss Exchange and/or issued into and transferred through accounts at SIS (“**Swiss Certificates**”), each tranche of such Certificates will on issue be constituted by a permanent global certificate in bearer form (a “**Swiss Global Certificate**”), which will be deposited with SIS acting as central depository on or before the Issue Date of such tranche. As a matter of Swiss law, once a Swiss Global Certificate is deposited with SIS and entered into the accounts of one or more participants of SIS, the Swiss Certificates represented thereby will constitute intermediated securities (*Bucheffekten*) within the meaning of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).

Definitive Certificates will only be issued in the circumstances specified below and in the W&C Securities Conditions.

Whilst any certificate is represented by a temporary global certificate, payments of principal, additional amounts (if any) and any other amount payable in respect of the certificates due prior to the Exchange Date will be made (against presentation of the temporary global certificate) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such certificate are not United States Persons or persons who have purchased for resale to any United States Person, as required by U.S. Treasury regulations, has been received by Euroclear; Clearstream, Luxembourg; Clearstream, Frankfurt; or Euroclear France, as applicable, and Euroclear; Clearstream, Luxembourg; Clearstream, Frankfurt; or Euroclear France, as applicable, has given a like certification (based on the certifications it has received) to the Principal Certificate Agent.

On and after the Exchange Date, which generally is 40 calendar days after a temporary global certificate is issued, interests in such temporary global certificate will be exchangeable (free of charge) upon a request as described herein either for (a) interests in a permanent global certificate of the same series or (b) definitive Certificates in bearer form (“**Definitive Bearer Certificates**” and each a “**Definitive Bearer Certificate**”), of the same series (as indicated in the applicable Final Terms and subject, in the case of Definitive Bearer Certificates, to such notice period as is specified in the applicable Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given. The holder of a temporary global certificate will not be entitled to collect any payment of additional amounts, principal or other amounts due on or after the Exchange Date unless, upon certification, exchange of the temporary global certificate for an interest in a permanent global certificate or for Definitive Bearer Certificates is improperly withheld or refused.

Payments of principal, additional amounts (if any) or any other amounts on a permanent global certificate will be made through Euroclear; Clearstream, Luxembourg; Clearstream, Frankfurt; Euroclear France; or through the Swedish CSD, as applicable, outside the United States (against presentation or surrender (as the case may be) of the permanent global certificate) without any requirement for certification.

Except in the case of Swiss Certificates, a permanent global certificate will be exchangeable (free of charge), in whole but not in part, for Definitive Bearer Certificates upon not less than 60 calendar days’ notice expiring at least 30 calendar days after the Exchange Date from Euroclear; Clearstream, Luxembourg; Clearstream, Frankfurt; or Euroclear France, as applicable (acting on the instructions of any holder of an interest in such permanent global certificate). No Definitive Bearer Certificate delivered in exchange for a temporary global certificate or a permanent global certificate, as the case may be, will, in connection with its sale during the restricted period (as such term is defined in U.S. Treasury Regulation Section 1.163-5(c)(2)(i)(D)(7)), be mailed or otherwise delivered to any location in the United States.

No Holder of Swiss Certificates will at any time have the right to effect or demand the conversion of the Swiss Global Certificate representing such Swiss Certificates into, or the delivery of, Certificates in

uncertificated or definitive form. However, a Swiss Global Certificate will be exchangeable for Definitive Bearer Certificates in the limited circumstances described in the relevant W&C Securities Conditions.

On or after the Issue Date of Swedish Dematerialised Certificates, a Certificateholder may request that all (but not less than all) of its Certificates (each such Certificate an “**Exchanged Certificate**”) be cancelled and exchanged (the date of such exchange the “**Swedish Certificate Exchange Date**”) for Swedish Definitive Certificates of a separate Series, upon giving not less than 45 and not more than 90 calendar days’ notice to the relevant Issuer (such notice a “**Swedish Certificate Exchange Notice**”), subject to the delivery of certification (in a form to be provided) to the effect that the beneficial owner of interest in the Exchanged Certificate is not a United States Person or a person who has purchased for resale to any United States Person, as required by U.S. Treasury Regulations, on the Issue Date. Except in relation to the Issue Date and the Issue Price and as specified otherwise herein, a Swedish Definitive Certificate shall be issued on the same Terms and Conditions as the relevant Exchanged Certificate. No transfer of any Exchanged Certificate shall be permitted on or after the date of delivery of the Swedish Certificate Exchange Notice in respect of such Certificate. In the event that a Swedish Dematerialised Certificate is to be cancelled and exchanged as described herein, the relevant Issuer will notify the Swedish CSD and the Swedish Security Agent of such cancellation and exchange and the Swedish Security Agent will make available at its specified office on the Swedish Certificate Exchange Date a Swedish Definitive Certificate to the person registered as Holder in respect of the relevant Exchanged Certificate on the fifteenth Business Day prior to the Swedish Certificate Exchange Date. With effect from the Swedish Certificate Exchange Date the relevant Exchanged Certificate shall be cancelled with no amounts due to the Holder in respect of such cancellation. No amounts (including printing fees or other charges or expenses) shall be due and payable by the Holder in respect of the exchange of its Swedish Dematerialised Certificate(s) for Swedish Definitive Certificate(s). The provisions related to exercise and settlement in respect of Swedish Definitive Certificates shall be agreed between the relevant Issuer and the Swedish Security Agent prior to the Issue Date of such Certificates and shall be set out in the applicable Final Terms. No Swedish Definitive Certificate delivered in exchange for a Swedish Dematerialised Certificate will be mailed or otherwise delivered to any location in the United States or its possessions.

The following legend will appear on all Certificates in bearer form:

“ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE UNITED STATES INTERNAL REVENUE CODE”.

The sections of the Code referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Certificates and will not be entitled to capital gains treatment of any gain on any sale, disposition or payment of principal with respect to Certificates.

Certificates with maturities of 183 calendar days or less are required to be issued in minimum denominations of U.S.\$500,000 (or its equivalent in other currencies).

The following legend will appear on all Certificates which have maturities of 183 calendar days or less:

“BY ACCEPTING THIS OBLIGATION, THE HOLDER REPRESENTS AND WARRANTS THAT IT IS NOT A UNITED STATES PERSON (OTHER THAN AN EXEMPT RECIPIENT DESCRIBED IN SECTION 6049(b)(4) OF THE INTERNAL REVENUE CODE AND THE REGULATIONS THEREUNDER) AND THAT IT IS NOT ACTING FOR OR ON BEHALF OF A UNITED STATES PERSON (OTHER THAN AN EXEMPT RECIPIENT DESCRIBED IN SECTION 6049(b)(4) OF THE INTERNAL REVENUE CODE AND THE REGULATIONS THEREUNDER).”

The applicable Final Terms in relation to any Tranche of Notes may specify other terms and conditions (including the Additional Terms and Conditions described below) which shall, to the extent so specified or to the extent inconsistent with the following Terms and Conditions, replace or modify the following Terms and Conditions for the purpose of such Notes. The Registration Document (the “Registration Document”) relating to the Programme and applicable Summary (if applicable) and Securities Note (the “Securities Note”) relating to a particular series of Notes may also be used in connection with the issue of Notes under the Programme and such applicable Securities Note may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with the following Terms and Conditions, replace or modify the following Terms and Conditions for the purpose of such Notes. To the extent that Notes are issued pursuant to a Securities Note, references in the following Terms and Conditions to the “Final Terms” shall be read as references to the “Securities Note” in respect of such series of Notes, and all such references shall be construed accordingly. The applicable Final Terms (or the relevant provisions thereof) will be endorsed upon, or attached to, each Global Note and Definitive Note. Reference should be made to “Form of the Notes” for a description of the content of Final Terms which will specify which of such terms are to apply in relation to the relevant Notes.

C.V., Bank of America Corporation (“BAC” or the “Guarantor”), Deutsche Bank AG, London Branch as principal paying agent (the “Principal Paying Agent”) and if so specified in the applicable Final Terms, as calculation agent (the “Calculation Agent”), Deutsche Bank Luxembourg S.A. the “applicable Final Terms” are to Part A of the Final Terms (or the relevant provisions thereof) attached to or endorsed on the Note.

The Additional Terms and Conditions will apply to the Notes to the extent specified in the Final Terms, and such Additional Terms and Conditions, as applicable, shall form part of the Terms and Conditions.

Under the Guarantee, the Guarantor has unconditionally and irrevocably guaranteed to the Noteholders, (i) the due and punctual payment of any and all amounts payable by the Issuer as obligor in respect of the Notes and (ii) subject as provided below, the due and punctual delivery of non-cash consideration deliverable by the Issuer in respect of the Notes, if applicable, when and as the same shall become due and payable or when the same shall become due for delivery pursuant to the Conditions and to the extent provided in the Guarantee. As more fully set forth in the Guarantee, the Guarantor shall at all times have the right, at its sole and unfettered discretion, to elect not to deliver or procure delivery of the Entitlement to the holders of such Physical Delivery Notes when the same shall become due and deliverable, but in lieu thereof to pay an amount in cash equal to the Guaranteed Cash Settlement Amount. The “**Guaranteed Cash Settlement Amount**” in respect of each Note means an amount calculated pursuant to the terms of, or as specified in, the applicable Final Terms or Securities Note (or, in respect of each Credit Linked Note, as set out in Condition 5 (*Conditions to Settlement – Physical Settlement*) of Annex 9 – *Additional Terms and Conditions for Credit Linked Notes and Certificates*) or, if not specified in the applicable Final Terms or Securities Note, an amount equal to the fair market value of the Entitlement in respect of such Note on any date notified as such by the Guarantor to the Issuer and the Calculation Agent, less the cost to the Issuer and/or its Affiliates or agents of unwinding or adjusting any underlying or related hedging arrangements (including the cost of funding in respect of such hedging arrangements), all as determined by the Guarantor in its sole and absolute discretion. Any payment of the Guaranteed Cash Settlement Amount in lieu of the Entitlement shall constitute a complete discharge of the Guarantor’s obligations in respect of such Physical Delivery Notes.

3. Redenomination

(A) *Redenomination*

Where redenomination is specified in the applicable Final Terms as being applicable, the Issuer may, without the consent of the Noteholders, the Receiptholders and the Couponholders on giving prior notice to the Principal Paying Agent, Euroclear and Clearstream, Luxembourg and at least 30 calendar days’ prior notice to the Noteholders in accordance with Condition 13, elect that, with effect from the Redenomination Date specified in the notice, the Notes shall be redenominated in euro. Notwithstanding the foregoing, the Notes will not be redenominated at the election of the Issuer pursuant to this Condition 3 unless the Issuer receives an opinion of United States tax counsel recognised as an expert in such matters addressing the consequences of such redenomination under U.S. Treasury Regulation section 1.163-5(c)(2)(i)(D).

The election will have effect as follows:

- (a) the Notes and the Receipts shall be deemed to be redenominated in euro in the denomination of euro 0.01 with a nominal amount for each Note and Receipt equal to the nominal amount of that Note or Receipt in the Specified Currency, converted into euro at the Established Rate, provided that, if the Issuer determines, with the agreement of the Principal Paying Agent, that the then market practice in respect of the redenomination in euro of internationally offered securities is different from the provisions specified above, such provisions shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly notify the Noteholders, the stock exchange (if any) on which the Notes may be listed and the Paying Agents of such deemed amendments;
- (b) save to the extent that an Exchange Notice has been given in accordance with paragraph (d) below, the amount of interest due in respect of the Notes will be calculated by reference to the aggregate nominal amount of Notes presented (or, as the case may be, in respect of which Coupons are presented) for payment by the relevant holder and the amount of such payment shall be rounded down to the nearest euro 0.01;
- (c) if Definitive Notes are required to be issued after the Redenomination Date, they shall be issued at the expense of the Issuer (i) in the case of Relevant Notes in the denomination of euro 50,000 and/or such higher amounts as the Agent may determine and notify to the Noteholders and any remaining amounts less than euro 50,000 shall be redeemed by the Issuer and paid to the Noteholders in euro in accordance with Condition 5; and (ii) in the case of Notes which are not Relevant Notes, in the denominations of euro 1,000, euro 10,000, euro 100,000 and (but only to the extent of any remaining amounts less than euro 1,000 or such

smaller denominations as the Principal Paying Agent may approve) euro 0.01 and such other denominations as the Principal Paying Agent shall determine and notify to the Noteholders;

- (d) if issued prior to the Redenomination Date, all unmatured Coupons denominated in the Specified Currency (whether or not attached to the Notes) will become void with effect from the date on which the Issuer gives notice (the “**Exchange Notice**”) that replacement euro-denominated Notes, Receipts and Coupons are available for exchange (provided that such securities are so available) and no payments will be made in respect of them. The payment obligations contained in any Notes and Receipts so issued will also become void on that date although those Notes and Receipts will continue to constitute valid exchange obligations of the Issuer. New euro-denominated Notes, Receipts and Coupons will be issued in exchange for Notes, Receipts and Coupons denominated in the Specified Currency in such manner as the Principal Paying Agent may specify and as shall be notified to the Noteholders in the Exchange Notice. No Exchange Notice may be given less than 15 calendar days prior to any date for payment of principal or interest on the Notes;
- (e) after the Redenomination Date, all payments in respect of the Notes, the Receipts and the Coupons, other than payments of interest in respect of periods commencing before the Redenomination Date, will be made solely in euro as though references in the Notes to the Specified Currency were to euro. Payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque;
- (f) if the Notes are Fixed Rate Notes and interest for any period ending on or after the Redenomination Date is required to be calculated for a period ending other than on an Interest Payment Date, it will be calculated:
 - (i) in the case of the Notes represented by a Global Note, by applying the Rate of Interest to the aggregate outstanding nominal amount of the Notes represented by such Global Note; and
 - (ii) in the case of Definitive Notes, by applying the Rate of Interest to the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding;
- (g) if the Notes are Floating Rate Notes, the applicable Final Terms will specify any relevant changes to the provisions relating to interest; and
- (h) such other changes shall be made to this Condition as the Issuer may decide, after consultation with the Paying Agents, and as may be specified in the notice, to conform it to conventions applicable to instruments denominated in euro.

- (a) if “**Actual/Actual (ICMA)**” is *specified* in the applicable Final Terms:
 - (i) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the “**Accrual Period**”) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
 - (ii) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (A) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
 - (B) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year;

- (g) if “**30/360**”, “**360/360**” or “**Bond Basis**” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1) + [30 \times (M_2 - M_1)] + (D_2 - D_1)]}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

- (h) if “**30E/360**” or “**Eurobond Basis**” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1) + [30 \times (M_2 - M_1)] + (D_2 - D_1)]}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

In these Terms and Conditions:

“**Determination Period**” means each period from (and including) a Determination Date to (but excluding) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

“**sub-unit**” means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, one cent.

(B) *Interest on Fixed Rate Notes*

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

Except as provided in the applicable Final Terms, the amount of interest payable in respect of each Note on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in these Terms and Conditions, “**Fixed Interest Period**” means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

Except in the case of Notes where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (i) in the case of Fixed Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such Global Note or, if they are Partly Paid Notes, the aggregate amount paid up; or
- (ii) in the case of Fixed Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

(C) *Interest on Floating Rate Notes, Index Linked Interest Notes, Share Linked Interest Notes, Debt Linked Interest Notes, GDR/ADR Linked Interest Notes, FX Linked Interest Notes, Commodity Linked Interest Notes, Fund Linked Interest Notes and Inflation Linked Interest Notes*

(a) *Interest Payment Dates*

Each Floating Rate Note, Index Linked Interest Note, Share Linked Interest Note, Debt Linked Interest Note, GDR/ADR Linked Interest Note, FX Linked Interest Note, Commodity Linked Interest Note, Fund Linked Interest Note and Inflation Linked Interest Note bears interest on its outstanding nominal amount (or, if it is a Partly Paid Note, the amount paid up) from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (i) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or
- (ii) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an “**Interest Payment Date**”) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period (which expression shall, in these Terms and Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 4(B)(a)(ii) above, the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply *mutatis mutandis* or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (2) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day,

where “Business Day” has the meaning assigned to it in Condition 17.

(b) *Rate of Interest*

The Rate of Interest payable from time to time in respect of Floating Rate Notes, Index Linked Interest Notes, Share Linked Interest Notes, Debt Linked Interest Notes, GDR/ADR Linked Interest Notes, FX Linked Interest Notes, Commodity Linked Interest Notes, Fund Linked Interest Notes and Inflation Linked Interest Notes will be determined in the manner specified in the applicable Final Terms.

(i) *ISDA Determination for Floating Rate Notes*

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this sub paragraph (i), “**ISDA Rate**” for an Interest Period means a rate equal to the Floating Rate that would be determined by the Principal Paying Agent under an interest rate swap transaction if the Principal Paying Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the “**ISDA Definitions**”) and under which:

- (A) the Floating Rate Option is as specified in the applicable Final Terms;
- (B) the Designated Maturity is a period specified in the applicable Final Terms; and
- (C) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on the London interbank offered rate (“**LIBOR**”) or on the Euro-zone interbank offered rate (“**EURIBOR**”), the first day of that Interest Period or (ii) in any other case, as specified in the applicable Final Terms.

For the purposes of this sub-paragraph (i), “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Option**”, “**Designated Maturity**” and “**Reset Date**” have the meanings given to those terms in the ISDA Definitions.

Unless otherwise stated in the applicable Final Terms, the Minimum Rate of Interest shall be deemed to be zero.

(ii) *Screen Rate Determination for Floating Rate Notes*

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

(A) the offered quotation; or

(B) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Principal Paying Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Principal Paying Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

The Agency Agreement contains provisions for determining the Rate of Interest in the event that the Relevant Screen Page is not available or if, in the case of (1) above, no such offered quotation appears or, in the case of (2) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the applicable Final Terms as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided in the applicable Final Terms.

(c) *Minimum Rate of Interest and/or Maximum Rate of Interest*

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(d) *Determination of Rate of Interest and Calculation of Interest Amounts*

The Principal Paying Agent, in the case of Floating Rate Notes, and the Calculation Agent, in the case of Index Linked Interest Notes, Share Linked Interest Notes, Debt Linked Interest Notes, GDR/ADR Linked Interest Notes, FX Linked Interest Notes, Commodity Linked Interest Notes, Fund Linked Interest Notes and Inflation Linked Interest Notes, will, at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period. In the case of Index Linked Interest Notes, Share Linked Interest Notes, Debt Linked Interest Notes, GDR/ADR Linked Interest Notes, FX Linked Interest Notes, Commodity Linked Interest Notes, Fund Linked Interest Notes and Inflation Linked Interest Notes, the Calculation Agent will notify the Principal Paying Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

The Principal Paying Agent, in the case of Floating Rate Notes, and the Calculation Agent, in the case of Index Linked Interest Notes, Share Linked Interest Notes, Debt Linked Interest Notes, GDR/ADR Linked Interest Notes, FX Linked Interest Notes, Commodity Linked Interest Notes, Fund Linked Interest Notes and Inflation Linked Interest Notes, will calculate the amount of interest (the “**Interest Amount**”) payable on the Notes for the relevant Interest Period by applying the Rate of Interest to:

- (i) in the case of Floating Rate Notes, Index Linked Interest Notes, Share Linked Interest Notes, Debt Linked Interest Notes, GDR/ADR Linked Interest Notes, FX Linked Interest Notes, Commodity Linked Interest Notes, Fund Linked Interest Notes or Inflation Linked Interest Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Notes represented by such Global Note (or, if they are Partly Paid Notes, the aggregate amount paid up); or
- (ii) in the case of Floating Rate Notes, Index Linked Interest Notes, Share Linked Interest Notes, Debt Linked Interest Notes, GDR/ADR Linked Interest Notes, FX Linked Interest Notes, Commodity Linked Interest Notes, Fund Linked Interest Notes or Inflation Linked Interest Notes in definitive form, the Calculation Amount,

and, in each case, multiplying such product by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note, Index Linked Interest Note, Share Linked Interest Note, Debt Linked Interest Note, GDR/ADR Linked Interest Note, FX Linked Interest Note, Commodity Linked Interest Note, Fund Linked Interest Note or Inflation Linked Interest Note in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding. In such case, the Calculation Agent will notify the Principal Paying Agent of the Interest Amount for the relevant Interest Period as soon as practicable after calculating the same.

(e) *Notification of Rate of Interest and Interest Amounts*

The Principal Paying Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and any stock exchange on which the relevant Floating Rate Notes, Index Linked Interest Notes, Share Linked Interest Notes, Debt Linked Interest Notes, GDR/ADR Linked Interest Notes, FX Linked Interest Notes, Commodity Linked Interest Notes, Fund Linked Interest Notes or Inflation Linked Interest Notes are for the time being listed (by no later than the first day of each Interest Period) and notice thereof to be published in accordance with Condition 13 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Floating Rate Notes, Index Linked Interest Notes, Share Linked Interest Notes, Debt Linked Interest Notes, GDR/ADR Linked Interest Notes, FX Linked Interest Notes, Commodity Linked Interest Notes, Fund Linked Interest Notes or Inflation Linked Interest Notes are for the time being listed and to the Noteholders in accordance with Condition 13. For the purposes of this paragraph (e), the expression “**London Business Day**” means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in London.

(f) *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4(C), whether by the Principal Paying Agent or, if applicable, the Calculation Agent, shall (in the absence of wilful default, bad faith, manifest error or proven error) be binding on the Issuer, the Guarantor, the Principal Paying Agent, the Calculation Agent (if applicable), the other Paying Agents and all Noteholders, Receiptholders and Couponholders and (in the absence of wilful default or bad faith) no liability to the Issuer, the Guarantor, the Noteholders, the Receiptholders or the Couponholders shall attach to the Principal Paying Agent or the Calculation Agent (if applicable) in connection with the exercise or non exercise by it of its powers, duties and discretions pursuant to such provisions.

(D) Interest on Partly Paid Notes

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified in the applicable Final Terms.

(E) Accrual of interest

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (a) the date on which all amounts due in respect of such Note have been paid and/or all assets deliverable in respect of such Note have been delivered; and
- (b) five calendar days after the date on which the full amount of the moneys payable in respect of such Note has been received by the Principal Paying Agent and/or all assets in respect of such Note have been received by any agent appointed by the Issuer to deliver such assets to Noteholders and notice to that effect has been given to the Noteholders in accordance with Condition 13,

provided that if:

- (a) “Accrual of Interest upon Credit Event” is specified as Not Applicable in the applicable Final Terms, each Note shall cease to bear interest from the Interest Payment Date immediately preceding the Event Determination Date, or if the Event Determination Date is an Interest Payment Date such Interest Payment Date (or, in the case of the Event Determination Date falling on or after the Scheduled Maturity Date (which is an Interest Payment Date), the Interest Payment Date immediately preceding the Scheduled Maturity Date) or, if the Event Determination Date falls prior to the first Interest Payment Date, no interest shall accrue on the Notes; or
- (b) “Accrual of Interest upon Credit Event” is specified as being Applicable in the applicable Final Terms, each Note shall cease to bear interest from the Event Determination Date.

5. Payments

(A) Method of payment

Subject as provided below:

- (a) payments in a Specified Currency other than euro or U.S. dollars will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively);
- (b) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque; and

Notwithstanding the foregoing, a cheque may not be delivered to an address in, a credit or transfer may not be delivered to an address in, and an amount may not be transferred to an account at a bank located in, the United States by any office or agency of the Issuer, the Guarantor, the Principal Paying Agent, or any Paying Agent.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 7.

(B) Presentation of Definitive Notes, Receipts and Coupons

Payments of principal in respect of Definitive Notes will (subject as provided below) be made in the manner provided in paragraph (A) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Definitive Notes, and payments of interest in respect of Definitive Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States.

Payments of instalments of principal (if any) in respect of Definitive Notes, other than the final instalment, will (subject as provided below) be made in the manner provided in paragraph (A) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Receipt in accordance with the preceding paragraph. Payment of the final instalment will be made in the manner provided in paragraph (A) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Note in accordance with the preceding paragraph. Each Receipt must be presented for payment of the relevant instalment together with the Definitive Note to which it appertains. Receipts presented without the Definitive Note to which they appertain do not constitute valid obligations of the Issuer. Upon the date on which any Definitive Note becomes due and repayable, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

Fixed Rate Notes in definitive form (other than Index Linked Redemption Notes, Share Linked Redemption Notes, Debt Linked Redemption Notes, GDR/ADR Linked Redemption Notes, Commodity Linked Redemption Notes, Fund Linked Redemption Notes, Inflation Linked Redemption Notes, Credit Linked Notes or Long Maturity Notes (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of ten years after the Relevant Date (as defined in Condition 8) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 8) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note, Index Linked Note, Share Linked Note, Debt Linked Note, GDR/ADR Linked Note, Commodity Linked Note, Fund Linked Note, Inflation Linked Note, Credit Linked Note or Long Maturity Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A “**Long Maturity Note**” is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any Definitive Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant Definitive Note.

(C) Payments in respect of Global Notes

Payments of principal and interest (if any) in respect of Notes represented by any Global Note will (subject as provided below) be made in the manner specified above in relation to Definitive Notes and otherwise in the manner specified in the relevant Global Note against presentation or surrender, as the case may be, of such Global Note at the specified office of any Paying Agent outside the United States. A record of each payment made against presentation or surrender of any

Global Note, distinguishing between any payment of principal and any payment of interest, will be made on such Global Note by the Paying Agent to which it was presented and such record shall be prima facie evidence that the payment in question has been made.

(D) General provisions applicable to payments

The holder of a Global Note shall be the only person entitled to receive payments or make a claim with respect to payments in respect of Notes represented by such Global Note and the Issuer or, as the case may be, the Guarantor will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer or, as the case may be, the Guarantor to, or to the order of, the holder of such Global Note.

Notwithstanding the foregoing provisions of this Condition 5, if any amount of principal and/or interest in respect of Notes is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of such Notes will be made at the specified office of a Paying Agent in the United States if:

- (a) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;
- (b) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (c) such payment is then permitted under United States law without involving, in the opinion of the Issuer and the Guarantor, adverse tax consequences to the Issuer or the Guarantor.

(E) Payment Day

If the date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day, the Holder thereof shall not be entitled to payment until (i) if “Following” is specified in the applicable Final Terms, the next following Payment Day or (ii) if “Modified Following” is specified in the applicable Final Terms, the next following Payment Day unless that Payment Day falls in the next calendar month, in which case the first preceding Payment Day, in the relevant place and shall not be entitled to further interest or other payment in respect of such delay or amendment. In the event that any Partial Distribution is made by the Issuer, the Calculation Agent may, in its sole and absolute discretion, make any such corresponding adjustment to any variable relevant to the redemption or payment terms of the relevant Notes as it deems necessary and shall notify the relevant Holders thereof in accordance with Condition 13.

Any payments or deliveries made in accordance with this Condition 5(H)(b)(iii) shall satisfy and discharge in full (in the case of payments or deliveries made in accordance with paragraphs (1) to (3)) and in part (in the case of Partial Distributions made in accordance with paragraph (4)) the Issuer's obligation to pay the Interest Amount, Fixed Coupon Amount, Final Redemption Amount or other amount in respect of which the Payment Disruption Event has arisen, and no further amounts shall be due and payable by the Issuer in respect thereof.

(iv) *Payments net of expenses*

Notwithstanding any provisions to the contrary, (a) any payments made in accordance with this Condition 5(H) shall be made after deduction of any costs, expenses or liabilities incurred or to be incurred by the Calculation Agent or Issuer in connection with or arising from the resolution of the relevant Payment Disruption Event(s) and (b) no interest shall be paid by the Issuer in respect of any delay which may occur in the payment of any amounts due and payable under the Notes as a result of the operation of this Condition 5(H)(b).

(v) *Payment Event Cut-off Date*

In the event that a Payment Disruption Event is still occurring on the Payment Event Cut-off Date, the Interest Payment Date, the Maturity Date, or any other date on which redemption amounts in relation to any of the Notes shall be due and payable (as the case may be) for the relevant Notes shall fall on the Payment Event Cut-off Date. No exchange of the relevant Global Note will be permitted during the period from (and including) the Selection Date to (and including) the date fixed for redemption pursuant to this paragraph (C) and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 13 at least five calendar days' prior to the Selection Date.

It may be that before an Investor Put can be exercised, certain conditions and/or circumstances will need to be satisfied. Where relevant, the provisions will be set out in the applicable Final Terms.

If the Note is in definitive form and held outside Euroclear and Clearstream, Luxembourg, to exercise the right to require redemption of the Note the holder of the Note must deliver, at the specified office of any Paying Agent at any time during normal business hours of such Paying Agent falling within the notice period, accompanied by a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent (a "**Put Notice**") and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Condition 6 accompanied

by the Note or evidence satisfactory to the Paying Agent concerned that the Note will, following delivery of the Put Notice, be held to its order or under its control. If the Note is represented by a Global Note or is in definitive form and held through Euroclear or Clearstream, Luxembourg, to exercise the right to require redemption of the Note the holder of the Note must, within the notice period, give notice to the Principal Paying Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or any Common Depository or common safekeeper, as the case may be, for them to the Principal Paying Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time and, if the Note is represented by a Global Note, at the same time present or procure the presentation of the relevant Global Note to the Principal Paying Agent for notation accordingly.

- (c) in the case of a Zero Coupon Note, at an amount (the “**Amortised Face Amount**”) calculated in accordance with the following formula:

where:

“RP” means the Reference Price; and

“AY” means the Accrual Yield expressed as a decimal; and

“y” is a fraction the numerator of which is equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator of which is 360,

- (d) in the case of Index Linked Notes, Share Linked Notes, Debt Linked Notes, GDR/ADR Linked Notes, FX Linked Notes, Commodity Linked Notes, Fund Linked Notes, Inflation Linked Notes or Credit Linked Notes, the Early Redemption Amount in respect of each nominal amount of such Notes equal to the Calculation Amount will be set out in the applicable Final Terms.

If “**Market Value less Associated Costs**” is specified as the Early Redemption Amount in the applicable Final Terms the Early Redemption Amount in respect of each nominal amount of Notes equal to the Calculation Amount shall be an amount determined by the Calculation Agent, which on (i) in the case of redemption other than pursuant to Condition 9, the second Business Day immediately preceding the due date for the early redemption of the Notes or (ii) in the case of redemption pursuant to Condition 9, the due date for the early redemption of such Notes, represents the fair market value of such Notes (taking into account all factors which the Calculation

Agent determines relevant) less Associated Costs, and provided that no account shall be taken of the financial condition of the Issuer which shall be presumed to be able to perform fully its obligations in respect of the Notes.

As used herein:

“**Associated Costs**” means an amount per nominal amount of the Notes equal to the Calculation Amount equal to such Notes’ pro rata share of the total amount of any and all costs associated or incurred by the Issuer or any Affiliate in connection with such early redemption, including, without limitation, any costs associated with unwinding any funding relating to the Notes and any costs associated with unwinding any hedge positions relating to the Notes, all as determined by the Calculation Agent in its sole discretion.

(F) *Automatic Early Redemption Event*

If Automatic Early Redemption is specified as applicable in the applicable Final Terms, then unless previously redeemed or purchased and cancelled, if an Automatic Early Redemption Event as specified in the applicable Final Terms occurs, then the Issuer will give notice to Noteholders in accordance with Condition 13 and the Notes will be redeemed in whole, but not in part, on the Automatic Early Redemption Date as specified in the applicable Final Terms at the Automatic Early Redemption Amount as specified in the applicable Final Terms.

(H) *Partly Paid Notes*

(I) *Illegality*

In the event that the Issuer determines in good faith that (i) the performance of the Issuer’s obligations under the Notes or that any arrangements made to hedge the Issuer’s obligations under the Notes or (ii) the performance by the Guarantor of any of its obligations under the Guarantee in respect of the Notes, has or will become unlawful, illegal or otherwise prohibited in whole or in part as a result of compliance with any applicable present or future law, rule, regulation, judgment, order or directive of any governmental, administrative, legislative or judicial authority or power, or in the interpretation thereof, the Issuer having given not less than 10 nor more than 30 calendar days’ notice to Noteholders in accordance with Condition 13 (which notice shall be irrevocable), may, on expiry of such notice redeem all, but not less than all, of the Notes, each Note being redeemed at the Early Redemption Amount together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(J) *Purchases*

The Issuer, the Guarantor or any of their affiliates may at any time purchase Notes (provided that, in the case of Definitive Notes, all unmatured Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. Such Notes may be held, reissued, resold or, at the option of the Issuer or the Guarantor, surrendered to any Paying Agent for cancellation.

(K) *Cancellation*

All Notes which are redeemed will forthwith be cancelled (together with all unmatured Receipts, Coupons and Talons attached thereto or surrendered therewith at the time of redemption). (L) *Late payment on Zero Coupon Notes*

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to paragraphs (A), (B), (C) or (D) above or upon its becoming due and repayable as provided in Condition 9 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in paragraph (E)(c) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (a) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (b) five calendar days after the date on which the full amount of the moneys payable in respect of such Zero Coupon Notes has been received by the Principal Paying Agent and notice to that effect has been given to the Noteholders in accordance with Condition 13.

7. Taxation

(A) The Issuer or the Guarantor, as the case may be, will, subject to certain limitations and exceptions (set forth below), pay to a Noteholder, Receiptholder or Couponholder who is a United States Alien or a Luxembourg Non-resident (each as defined below) such additional amounts as may be necessary so that every net payment of principal or interest or other amount with respect to the Notes, Receipts, Coupons or the Guarantee after deduction or withholding for or on account of any present or future tax, assessment or other governmental charge imposed upon such Noteholder, Receiptholder or Couponholder or by reason of the making of such payment, by the United States or Luxembourg or any political subdivision or taxing authority of or in the United States or Luxembourg, as the case may be, and will not be less than the amount provided for in the Notes, Receipts, Coupons or the Guarantee to be then due and payable, as the case may be. nor shall additional amounts be paid to any United States Alien or Luxembourg Non- resident, as the case may be, which is a fiduciary or partnership or other than the sole beneficial owner of the Note, Receipt or Coupon to the extent a beneficiary or settlor with respect to such fiduciary or a member of such partnership or a beneficial owner of the Note, Receipt or Coupon would not have been entitled to payment of the additional amounts had such beneficiary, settlor, member or beneficial owner been the holder of the Note, Receipt or Coupon.

The term “**United States Alien**” means any corporation, partnership, entity, individual, or fiduciary that is for United States federal income tax purposes (1) a foreign corporation, (2) a foreign partnership to the extent one or more of the members of which is, for United States federal income tax purposes, a foreign corporation, a non-resident alien individual, or a foreign estate or trust, (3) a non-resident alien individual, or (4) a foreign estate or trust.

- (B) If the Issuer or the Guarantor shall determine that any payment made outside the United States by the Issuer, the Guarantor or any of the Paying Agents of the full amount of the next scheduled payment in respect of any Note, Receipt or Coupon would, under any present or future laws or regulations of the United States affecting taxation or otherwise, be subject to any certification, information or other reporting requirements of any kind, the effect of which requirements is the disclosure to the Issuer, the Guarantor, any of the Paying Agents or any governmental authority of the nationality, residence or identity (as distinguished from status as a United States Alien) of a beneficial owner of such Note, Receipt or Coupon who is a United States Alien (other than such requirements which (A) would not be applicable to a payment made by the Issuer or the Guarantor to a custodian, nominee or other agent of the beneficial owner, or which can be satisfied by such a custodian, nominee or other agent certifying to the effect that such beneficial owner is a United States Alien, provided, however, in each case that payment by such custodian, nominee or agent to such beneficial owner is not otherwise subject to any requirements referred to in this sentence, (B) are applicable only to payment by a custodian, nominee or other agent of the beneficial owner to or on behalf of such beneficial owner, or (C) would not be applicable to a payment made by any other

Paying Agent), the Issuer (at the election of the Guarantor) shall redeem the Notes as a whole but not in part at a redemption price equal to the Early Redemption Amount together, if applicable, with accrued interest to, but excluding, the date fixed for redemption, such redemption to take place on such date not later than one year after the publication of notice of such determination. If the Issuer or the Guarantor determines that such certification, information or other reporting requirements apply, the Issuer or the Guarantor shall give prompt notice of such determination (a “**Tax Notice**”) in accordance with Condition 13 stating in such notice the effective date of such certification, information or other reporting requirements and, if applicable, the date by which the redemption shall take place. Notwithstanding the foregoing, the Issuer shall not redeem Notes if the Issuer or the Guarantor shall subsequently determine not less than 30 calendar days prior to the date fixed for redemption that subsequent payments would not be subject to any such requirements, in which case the Issuer or the Guarantor shall give prompt notice of such determination in accordance with Condition 13 and any earlier redemption notice shall thereby be revoked and of no further effect.

- (C) Notwithstanding the foregoing, if and so long as the certification, information or other reporting requirements referred to in the preceding paragraph would be fully satisfied by payment of a backup withholding tax or similar charge, the Issuer or the Guarantor may elect prior to publication of the Tax Notice to have the provisions described in this paragraph (C) apply in lieu of the provisions described in the preceding paragraph, in which case the Tax Notice shall state the effective date of such certification, information or reporting requirements and that the Issuer, failing which the Guarantor, has elected to pay additional amounts rather than redeem the Notes. In such event, the Issuer, failing which the Guarantor, will pay as additional amounts such amounts as may be necessary so that every net payment made following the effective date of such certification, information or reporting requirements outside the United States by the Issuer or any of the Paying Agents of principal or interest due with respect to a Note, Receipt or Coupon to a holder who certifies to the effect that the beneficial owner of such Note, Receipt or Coupon is a United States Alien (provided that such certification shall not have the effect of communicating to the Issuer or any of the Paying Agents or any governmental authority the nationality, residence or identity of such beneficial owner) after deduction or withholding for or on account of such backup withholding tax or similar charge (other than a backup withholding tax or similar charge which (1) is imposed as a result of certification, information or other reporting requirements referred to in the second parenthetical clause of the first sentence of the preceding paragraph, (2) is imposed as a result of the fact that the Issuer, the Guarantor, or any of the Paying Agents has actual knowledge that the holder or beneficial owner of such Note, Receipt or Coupon is not a United States Alien but is within the category of persons, corporations or other entities described in Condition 7A(a) above, or (3) is imposed as a result of presentation of such Note, Receipt or Coupon for payment more than 15 calendar days after the date on which such payment becomes due and payable or on which payment thereof is duly provided for, whichever occurs later), will not be less than the amount provided for in such Note, such Receipt or such Coupon to be then due and payable. In the event the Issuer or the Guarantor elect to pay such additional amounts, the Issuer will have the right, at its sole option, at any time, to redeem the Notes, as a whole but not in part at a redemption price equal to their Early Redemption Amount, together, if applicable, with accrued interest to the date fixed for redemption including any additional amounts required to be paid under this paragraph. If the Guarantor or the Issuer has made the determination described in the preceding paragraph with respect to certification, information or other reporting requirements applicable to interest only and subsequently makes a determination in the manner and of the nature referred to in such preceding paragraph with respect to such requirements applicable to principal, the Issuer will redeem the Notes in the manner and on the terms described in the preceding paragraph (except as provided below), unless the Guarantor or the Issuer elects to have the provisions of this paragraph apply rather than the provisions of the immediately preceding paragraph. If in such circumstances the Notes are to be redeemed, the Issuer and the Guarantor will be obligated to pay additional amounts with respect to interest, if any, accrued to the date of redemption. If the Guarantor or the Issuer has made the determination described in paragraph (B) above and subsequently makes a determination in the manner and of the nature referred to in paragraph (B) above that the level of withholding applicable to principal or interest has been increased, the Issuer will redeem the Notes in the manner and on the terms described in paragraph (B) above (except as provided below), unless the Guarantor or the Issuer elects to have the provisions of this paragraph apply rather than the provisions of paragraph (B) above. If in such circumstances the Notes are to be redeemed, the

Issuer and the Guarantor will be obligated to pay additional amounts with respect to the original level of withholding on principal and interest, if any, accrued to the date of redemption.

8. Prescription

The Notes, Receipts and Coupons will become void unless presented for payment within a period of ten years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined below) therefor.

As used herein, the “**Relevant Date**” means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Principal Paying Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 13.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 5(B) or any Talon which would be void pursuant to Condition 5(B).

9. Events of Default

(A) If any one or more of the following events (each an “**Event of Default**”) shall occur and be continuing in respect of any Series of Notes:

- (a) default shall be made in the payment of any amount of interest due in respect of any such Notes and the default continues for a period of 30 calendar days after the due date; or
- (b) default shall be made in the payment of any principal of any such Notes or in the delivery when due of the Entitlement in respect of any such Notes (in each case whether at maturity or upon redemption or otherwise); or
- (c) the Issuer or the Guarantor shall fail to perform or observe any other term, covenant or agreement contained in the Terms and Conditions applicable to any of such Notes or in the Agency Agreement or the Guarantee for the period of 90 calendar days after the date on which written notice of such failure, requiring the Issuer or the Guarantor to remedy the same, first shall have been given to the Principal Paying Agent by holders of at least 33 per cent. of the aggregate principal amount of any such Notes outstanding; or
- (d) a court having jurisdiction in the premises shall have entered a decree or order granting relief with respect to the Issuer or the Guarantor in an involuntary proceeding under any applicable bankruptcy, insolvency or other similar law now or hereafter in effect, or appointing a receiver, liquidator, trustee, assignee, custodian or sequestrator (or similar official) of the Issuer or the Guarantor or of all or substantially all of its property or for the winding up or liquidation of its affairs, and such decree or order shall have remained in force and unstayed for a period of 60 consecutive calendar days; or
- (e) the Issuer or the Guarantor shall institute proceedings for relief under any applicable bankruptcy, insolvency or any other similar law now or hereafter in effect, or shall consent to the institution of any such proceedings against it, or shall consent to the appointment of a receiver, liquidator, trustee, assignee, custodian or sequestrator (or similar official) of it or of all or substantially all of its property, or shall make an assignment for the benefit of creditors, or shall fail generally to pay its debts as they become due, or shall take any corporate action in furtherance of any of the foregoing,

then the holders of 33 per cent. in aggregate principal amount of such Notes outstanding may, at their option, declare such Notes to be due and payable immediately at the Early Redemption Amount, together with interest, if any, accrued thereon by written notice to the Issuer and the Guarantor and the Principal Paying Agent at its main office in London, and unless all such defaults shall have been cured by the Issuer or the Guarantor prior to receipt of such written notice, such Notes shall become and be immediately due and payable at the Early Redemption Amount, together with the interest, if any, accrued on such Notes.

At any time after such a declaration of acceleration with respect to such Notes has been made and before a judgment or decree for payment of the money due with respect to such Notes has been obtained by any Noteholder of such Notes, such declaration and its consequences may be rescinded and annulled upon the written consent of holders of a majority in aggregate principal amount of

such Notes then outstanding, or by resolution adopted by a majority in aggregate principal amount of such Notes outstanding present or represented at a meeting of holders of such Notes at which a quorum is present, as provided in the Agency Agreement, if:

- (i) (A) the Issuer has paid or deposited with the Principal Paying Agent a sum sufficient to pay:
 - (1) all overdue amounts of interest on the Notes;
 - (2) the principal of Notes which has become due otherwise than by such declaration of acceleration; or
- (B) in the case of Notes to be redeemed by physical delivery, the Issuer has delivered the relevant assets to any agent appointed by the Issuer to deliver such assets to the Noteholders; and
- (ii) all Events of Default with respect to the Notes, other than the non-payment of the principal of the Notes which has become due solely by such declaration of acceleration, have been cured or waived as provided in paragraph (B) below.

No such rescission shall affect any subsequent default or impair any right consequent thereon.

- (B) Any default by the Issuer or the Guarantor, other than the events described in paragraph (A)(a) or (A)(b) above, may be waived by the written consent of holders of a majority in aggregate principal amount of the Notes then outstanding affected thereby, or by resolution adopted by a majority in aggregate principal amount of such Notes then outstanding present or represented at a meeting of holders of the Notes affected thereby at which a quorum is present, as provided in the Agency Agreement.

10. Replacement of Notes, Receipts, Coupons and Talons

Should any Note, Receipt, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Principal Paying Agent upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

11. Paying Agents and Calculation Agent

(A) Paying Agents

The names of the initial Paying Agents and their initial specified offices are set out below.

The Issuer and the Guarantor are entitled to vary or terminate the appointment of any Paying Agent and/or appoint additional or other Paying Agents and/or approve any change in the specified office through which any Paying Agent acts, provided that:

- (a) there will at all times be a Principal Paying Agent;
- (b) so long as the Notes are listed on any stock exchange or admitted to listing by any other relevant authority, there will at all times be a Paying Agent, which may be the Principal Paying Agent, with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange or other relevant authority; and
- (c) there will at all times be a Paying Agent in a Member State of the European Union that will not be obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC or any law implementing or complying with, or introduced in order to conform to, such Directive.

In addition, the Issuer and the Guarantor shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in Condition 5(D). Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 nor more than 45 calendar days' prior notice thereof shall have been given to the Noteholders in accordance with Condition 13.

In acting under the Agency Agreement, the Paying Agents act solely as agents of the Issuer and the Guarantor and do not assume any obligation to, or relationship of agency or trust with, any Noteholders, Receiptholders or Couponholders. The Agency Agreement contains provisions permitting any entity into which any Paying Agent is merged or converted or with which it is

consolidated or to which it transfers all or substantially all of its assets to become the successor paying agent.

(B) Calculation Agent

In relation to each issue of Notes, the Calculation Agent (whether it be Merrill Lynch International or another entity) acts solely as agent of the Issuer and the Guarantor and does not assume any obligation or duty to, or any relationship of agency or trust for or with, the Noteholders, Receiptholders or Couponholders. All calculations and determinations made in respect of the Notes by the Calculation Agent shall be in its sole and absolute discretion, in good faith, and shall (save in the case of manifest or proven error) be final, conclusive and binding on the Issuer, the Guarantor, the Paying Agents and the Noteholders, Receiptholders or Couponholders. The Calculation Agent shall promptly notify the Issuer and the Principal Paying Agent upon any such calculations and determinations, and (in the absence of wilful default, bad faith or manifest or proven error) no liability to the Issuer, the Guarantor, the Paying Agents, the Noteholders, the Receiptholders or the Couponholders shall attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

The Calculation Agent may, with the consent of the Issuer, delegate any of its obligations and functions to a third party as it deems appropriate.

12. Exchange of Talons

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Principal Paying Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 8.

13. Notices

All notices regarding the Notes will be deemed to be validly given if published (a) in a leading English language daily newspaper of general circulation in London and (b) if and for so long as the Notes are admitted to trading and listed on the Official List of the Luxembourg Stock Exchange, a daily newspaper of general circulation in Luxembourg and/or on the website of the Luxembourg Stock Exchange (www.bourse.lu) and (c) as otherwise specified in the applicable Final Terms. It is expected that any publication in a newspaper will be made in the Financial Times in London and the Luxemburger Wort or the Tageblatt in Luxembourg. The Issuer shall also ensure that notices are duly published in a manner which complies with the rules of any stock exchange or other relevant authority on which the Notes are for the time being listed or by which they have been admitted to trading. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers.

Until such time as any Definitive Notes are issued, there may, so long as any Global Notes representing the Notes are held in their entirety on behalf of Euroclear and/or Clearstream, Luxembourg, as the case may be, be substituted for such publication in such newspaper(s) the delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg, as applicable for communication by them to the holders of the Notes and, in addition, for so long as any Notes are listed on a stock exchange or are admitted to trading by another relevant authority and the rules of that stock exchange or relevant authority so require, such notice will be published in a daily newspaper of general circulation in the place or places required by those rules. Any such notice shall be deemed to have been given to the holders of the Notes on the day on which such notice was given to Euroclear and/or Clearstream, Luxembourg, as applicable.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together (in the case of any Note in definitive form) with the relative Note or Notes, with the Principal Paying Agent. Whilst any of the Notes are represented by a Global Note, such notice may be given by any holder of a Note to the Principal Paying Agent through Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Principal Paying Agent and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

14. Meetings of Noteholders, Modification and Waiver

The Agency Agreement contains provisions for convening meetings of the Holders of Notes of a particular Series to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of such Notes, the Receipts, the Coupons or any of the provisions of the Agency Agreement. Such a meeting may be convened by the Issuer or the Guarantor and shall be convened by the Issuer if required in writing by the Noteholders holding not less than 33 per cent. in nominal amount of the Notes of the relevant Series for the time being remaining outstanding. The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons present and holding or representing in the aggregate not less than 50 per cent. in nominal amount of the Notes of the relevant Series for the time being outstanding, or at any adjourned meeting one or more persons present whatever the nominal amount of the Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Notes, the Receipts or the Coupons (including modifying the date of maturity of the Notes or any date for payment of interest thereon, reducing or cancelling the amount of principal or the Entitlement or the rate of interest payable in respect of the Notes or altering the currency of payment of the Notes, the Receipts or the Coupons), the quorum shall be one or more persons present and holding or representing not less than two-thirds in nominal amount of the Notes of the relevant Series for the time being outstanding, or at any adjourned such meeting one or more persons present and holding or representing not less than one-third in nominal amount of the Notes of the relevant Series for the time being outstanding. An Extraordinary Resolution passed at any meeting of the Holders of the Notes of a particular Series shall be binding on all the Holders of Notes of such Series, whether or not they are present at the meeting, and on all Receiptholders and Couponholders.

The Principal Paying Agent and the Issuer may agree, without the consent of the Noteholders, Receiptholders or Couponholders, to:

- (a) any modification (except as mentioned above) of the Notes, the Receipts, the Coupons or Agency Agreement which is not prejudicial to the interests of the Noteholders; or
- (b) any modification of the Notes, the Receipts, the Coupons or the Agency Agreement which is of a formal, minor or technical nature or is made to correct a manifest or proven error or to comply with mandatory provisions of the law.

Any such modification shall be binding on the Noteholders, the Receiptholders and the Couponholders and any such modification shall be notified to the Noteholders in accordance with Condition 13 as soon as practicable thereafter.

15. Further Issues

The Issuer shall be at liberty from time to time without the consent of the Noteholders, the Receiptholders or the Couponholders to create and issue further notes having terms and conditions the same as the Notes or the same in all respects save for the amount and date of the first payment of interest thereon and so that the same shall be consolidated and form a single Series with the outstanding Notes.

If the Issuer issues further Notes of the same Series during the initial 40-day restricted period applicable to the outstanding Notes of such Series, then such 40-day period will be extended until 40 calendar days after the later of the commencement of the offering of such further issue of Notes and the Issue Date of such further issue of Notes. In addition, if the Issuer issues further Notes of the same Series after the expiration of the 40-day restricted period, a new 40-day restricted period will be applied to such further issue of Notes without applying to the outstanding Notes. After the expiration of the new 40-day restricted period, all such Notes will be consolidated with and form a single Series with the outstanding Notes.

16. Consolidation or Merger

The Issuer or the Guarantor may consolidate with, or sell or convey all or substantially all of its assets to, or merge with or into any other company provided that in any such case, (i) (a) in the case of the Issuer, either the Issuer shall be the continuing company, or the successor company shall expressly assume the due and punctual payment of all amounts or delivery of all assets, as the case may be, (including additional amounts as provided in Condition 7) payable or deliverable, as applicable, with respect to the Notes, Receipts and Coupons, according to their tenor, and the due

and punctual performance and observance of all of the obligations under the Conditions to be performed by the Issuer by an amendment to the Agency Agreement executed by, *inter alios*, such successor company, the Guarantor and the Principal Paying Agent, and (b) in the case of the Guarantor, the Guarantor shall be the continuing company, or the successor company shall be a company organised and existing under the laws of the United States or a state thereof or the District of Columbia and such successor company shall expressly assume the due and punctual payment of all amounts or delivery of all assets, as the case may be, (including additional amounts as provided in Condition 7) payable or deliverable, as applicable, with respect to the Guarantee by the execution of a new guarantee of like tenor and (ii) immediately after giving effect to such transaction, no Event of Default under Condition 9, and no event which, with notice or lapse of time or both, would become such an Event of Default shall have happened and be continuing. In case of any such consolidation, merger, sale or conveyance and upon any such assumption by the successor company, such successor company shall succeed to and be substituted for the Issuer or the Guarantor, as the case may be, with the same effect as if it had been named herein as the Issuer or the Guarantor, as the case may be, and the Issuer or the Guarantor, as the case may be, except in the event of a conveyance by way of lease, shall be relieved of any further obligations under the Conditions, the Agency Agreement and the Guarantee, as applicable.

17. Business Days

In these Terms and Conditions, “**Business Day**” means a day which is both:

- (A) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London and each Additional Business Centre specified in the applicable Final Terms; and
- (B) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than London and any Additional Business Centre and which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney or Auckland, respectively) or (2) in relation to any sum payable in euro, a day on which the Trans-European Automated Real-time Gross settlement Express Transfer (TARGET2) system (the “**TARGET2 System**”) is open.

18. Contracts (Rights of Third Parties) Act 1999

No person shall have any right to enforce any term or condition of the Notes under the Contracts (Rights of Third Parties) Act 1999, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

19. Governing Law and Submission to Jurisdiction

(A) Governing law

The Agency Agreement, the Notes Deed of Covenant, the Notes, the Receipts and the Coupons and any non-contractual obligations arising out of or in connection with the Agency Agreement, the Notes Deed of Covenant, the Notes, the Receipts and the Coupons (including without limitation any dispute, controversy, proceedings or claim of whatever nature (whether contractual, non-contractual or otherwise) arising out of or in any way relating to the Agency Agreement, the Notes Deed of Covenant, the Notes, the Receipts and the Coupons or their respective formation) shall be governed by, and construed in accordance with, English law.

The Guarantee is governed by, and shall be construed in accordance with, New York law.

The provisions of articles 86 to 94-8 of the Luxembourg law on commercial companies of 10 August 1915, as amended, are excluded.

(B) Submission to jurisdiction

In relation to any legal action or proceedings arising out of or in connection with the Notes, Receipts or Coupons (“**Proceedings**”), the courts of England have exclusive jurisdiction and the Issuer and the Noteholders, Receiptholders and Couponholders submit to the exclusive jurisdiction of the English courts. The Issuer and the Noteholders, Receiptholders and Couponholders waive

any objection to Proceedings in the English courts on the grounds of venue or that the Proceedings have been brought in an inconvenient forum.

For greater certainty, the Guarantor has not submitted to the jurisdiction of the English courts in the Guarantee, and claims under the Guarantee are required to be instituted in a federal or state court in the Borough of Manhattan in the City and State of New York.

(C) Appointment of Process Agent

The Issuer hereby appoints Merrill Lynch Corporate Services Limited, currently at Merrill Lynch Financial Centre, 2 King Edward Street, London EC1A 1HQ as its agent in England to receive service of process in any Proceedings in England. No provisions of these Terms and Conditions as amended in accordance with the applicable Final Terms (notwithstanding anything contained therein) shall apply or have effect if it is in any respect inconsistent with (i) the holding of title to the CREST Securities in uncertificated form, (ii) the transfer of title to the CREST Securities by means of a relevant system, or (iii) the Uncertificated Securities Regulations (as defined below). Without prejudice to the generality of the preceding sentence and notwithstanding anything contained in these Terms and Conditions or the applicable

Final Terms, so long as the CREST Securities are participating securities, (a) any CREST Security which is not for the time being in all respects (save as to Issue Price and Issue Date) identical to, or does not for the time being have rights attached thereto identical in all respects to those attached to, other CREST Securities of the same series shall be deemed to constitute a separate series of CREST Securities, (b) the Operator register of corporate securities relating to the CREST Securities shall be maintained at all times in the United Kingdom, (c) the CREST Securities may be issued in uncertificated form in accordance with and subject as provided in the Uncertificated Securities Regulations; and (d) for the avoidance of doubt, the Terms and Conditions and the applicable Final Terms in relation to any CREST Security shall remain applicable notwithstanding that they are not endorsed on any certificate for such CREST Security.

The provisions of Conditions 5(A), 5(B) and 5(C) apply to W&C Securities other than Credit Linked Certificates.

(A) Settlement Disruption

If, following the exercise of Physical Delivery W&C Securities, in the opinion of the Calculation Agent, delivery of the Entitlement using the method of delivery specified in the applicable Final Terms is not practicable by reason of a Settlement Disruption Event (as defined below) having occurred and continuing on any Settlement Date, then such Settlement Date for such W&C Securities shall be postponed to the first following Settlement Business Day in respect of which there is no such Settlement Disruption Event, provided that the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant W&C Securities or Unit, as the case may be, by delivering the Entitlement using such other commercially reasonable manner as it may select and in such event the Settlement Date shall be such day as the Issuer deems appropriate in connection with delivery of the Entitlement in such other commercially reasonable manner. For the avoidance of doubt, where a Settlement Disruption Event affects some but not all of the Relevant Assets comprising the Entitlement, the Settlement Date for the Relevant Assets not affected by the Settlement Disruption Event will be the originally designated Settlement Date. In the case of Warrants, in the event that a Settlement Disruption Event will result in the delivery on a Settlement Date of some but not all of the Relevant Assets comprising the Entitlement, the Calculation Agent shall determine in its discretion the appropriate pro rata portion of the Exercise Price to be paid by the relevant Holder in respect of that partial settlement. For so long as delivery of the Entitlement is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect in its sole discretion to satisfy and discharge its obligations in respect of the relevant W&C Securities or Unit, as the case may be, by payment to the relevant Holder of the Disruption Cash Settlement Price (as defined below) on the third Business Day following the date that notice of such election is given to the Holders in accordance with Condition 10. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with Condition 10 that a Settlement Disruption Event has occurred provided that any failure to give, or non-receipt of, such notice will not affect the validity of any such Settlement Disruption Event. No Holder shall be entitled to any payment in respect of the relevant W&C Security or Unit, as the case may be, in the event of any delay in the delivery of the Entitlement due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer or the Guarantor.

For the purposes hereof:

“**Disruption Cash Settlement Price**” in respect of any relevant W&C Securities or Unit, as the case may be, shall be the fair market value of such W&C Securities or Unit, as the case may be, (taking into account, where the Settlement Disruption Event affected some but not all of the Relevant Assets comprising the Entitlement and such non-affected Relevant Assets have been duly delivered as provided above, the value of such duly delivered Relevant Assets), less the cost to the Issuer and/or its Affiliates or agents of unwinding any underlying related hedging arrangements (including any cost of funding in respect of such hedging arrangements), all as determined by the Issuer in its sole and absolute discretion, plus, in the case of Warrants and if already paid, the Exercise Price (or, where as provided above some Relevant Assets have been delivered, and a pro rata portion thereof has been paid, such pro rata portion); and

“**Settlement Disruption Event**” means, in the opinion of the Calculation Agent, an event beyond the control of the Issuer as a result of which the Issuer cannot make delivery of the Relevant Asset(s) using the method specified in the applicable Final Terms.

(B) *Failure to Deliver due to Illiquidity*

If “Failure to Deliver due to Illiquidity” is specified as applicable in the applicable Final Terms and, following the exercise of Physical Delivery W&C Securities, in the opinion of the Calculation Agent, it is impossible or impracticable to deliver, when due, some or all of the Relevant Assets (the “**Affected Relevant Assets**”) comprising the Entitlement, where such failure to deliver is due to illiquidity in the market for the Relevant Assets (a “**Failure to Deliver due to Illiquidity**”), then:

- (a) subject as provided elsewhere in the Conditions, any Relevant Assets which are not Affected Relevant Assets, will be delivered on the originally designated Settlement Date and, in the case of Warrants, the Calculation Agent shall determine in its discretion the appropriate pro rata portion of the Exercise Price to be paid by the relevant Holder in respect of that partial settlement; and
- (b) in respect of any Affected Relevant Assets, in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant W&C Securities or Unit, as the case may be, by payment to the relevant Holder of the Failure to Deliver Settlement Price (as defined below) on the fifth Business Day following the date that notice of such election is given to the Holders in accordance with Condition 10. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with Condition 10 that the provisions of this Condition 5(B) apply.

For the purposes hereof:

“**Failure to Deliver Settlement Price**” means, in respect of any relevant W&C Security or Unit, as the case may be, the fair market value of such W&C Security or Unit, as the case may be (taking into account, the Relevant Assets comprising the Entitlement which have been duly delivered as provided above), less the cost to the Issuer and/or its Affiliates or agents of unwinding any underlying related hedging arrangements, all as determined by the Issuer in its sole and absolute discretion, plus, in the case of Warrants and if already paid, the Exercise Price (or, where as provided above some Relevant Assets have been delivered, and a *pro rata* portion thereof has been paid, such *pro rata* portion).

(C) *Issuer’s Option to Vary Settlement*

If the applicable Final Terms indicates that the Issuer has an option to vary settlement in respect of the W&C Securities, upon a valid exercise of W&C Securities in accordance with these Terms and Conditions, the Issuer may, at its sole and unfettered discretion, in respect of each such W&C Security or Unit, as the case may be, elect not to pay the relevant Holders the Cash Settlement Amount or not to deliver or procure delivery of the Entitlement to the relevant Holders, as the case may be, but, in lieu thereof to deliver or procure delivery of the Entitlement or make payment of the Cash Settlement Amount on the Settlement Date to the relevant Holders, as the case may be. Notification of such election will be given to Holders in accordance with Condition 10 no later than 10.00 a.m. (London time) on the second Business Day following the Actual Exercise Date.

(B) *Payment Day*

If the date for payment of any amount in respect of any W&C Security is not a Payment Day, the Holder thereof shall not be entitled to payment until (i) if “Following” is specified in the applicable Final Terms, the next following Payment Day or (ii) if “Modified Following” is specified in the applicable Final Terms, the next following Payment Day unless that Payment Day falls in the next calendar month, in which case the first preceding Payment Day, in the relevant place and shall not be entitled to further interest or other payment in respect of such delay or amendment. For these purposes, “**Payment Day**” means any day which is:

(C) *Payment Disruption*

If the applicable Final Terms specifies “Payment Disruption Event” to be applicable, then, in the event that the Calculation Agent, at any time and from time to time, determines in its sole discretion that a Payment Disruption Event has occurred or is likely to occur, then the Calculation Agent shall as soon as practicable notify the Holders of the relevant W&C Securities of the occurrence of a Payment Disruption Event in accordance with Condition 10.

(b) Consequences of a Payment Disruption Event

(ii) *Obligation to pay postponed*

If “Payment Postponement” is specified to be applicable in the applicable Final Terms, the Issuer’s obligation to pay the Cash Settlement Amount or any such other amounts in respect of the relevant W&C Securities or deliver any relevant Reference Item, subject to Condition 6(C)(b)(v), shall be postponed until five (5) Business Days (or such other date as may be determined by the Calculation Agent and notified to the Holders in accordance with Condition 10) after the date on which the Payment Disruption Event is no longer operating.

(iii) *Issuer’s option to vary settlement*

Notwithstanding the Issuer’s right to extend the dates for payments in accordance with Condition 6(C)(b)(i) or postpone payment in accordance with Condition 6(C)(b)(ii), as

Any Partial Distribution made by the Issuer to the Holders will be calculated and/or determined by the Calculation Agent in its sole and absolute discretion and shall be paid and/or delivered to the Holders pro rata (as far as possible, subject to any necessary adjustments for rounding) to the proportion of the W&C Securities of the same series held by the relevant Holder. In the event that any Partial Distribution is made by the Issuer, the Calculation Agent may, in its sole and absolute discretion, make any such corresponding adjustment to any variable relevant to the redemption or payment terms of the relevant W&C Securities as it deems necessary and shall notify the relevant Holders thereof in accordance with Condition 10.

Any payments or deliveries made in accordance with this Condition 6(C)(b)(iii) shall satisfy and discharge in full (in the case of payments or deliveries made in accordance with paragraphs (1) to (3)) and in part (in the case of Partial Distributions made in accordance with paragraph (4)) the Issuer's obligation to pay the Cash Settlement Amount or other amount in respect of which the Payment Disruption Event has arisen, and no further amounts shall be due and payable by the Issuer in respect thereof.

(iv) *Payments net of expenses*

Notwithstanding any provisions to the contrary, (a) any payments or deliveries made in accordance with this Condition 6(C) shall be made after deduction of any costs, expenses or liabilities incurred or to be incurred by the Calculation Agent or Issuer in connection with or arising from the resolution of the relevant Payment Disruption Event(s) and (b) no interest shall be paid by the Issuer in respect of any delay which may occur in the payment of any amounts due and payable under the W&C Securities as a result of the operation of this Condition 6(C)(b).

(v) *Payment Event Cut-off Date*

15. Adjustments for European Monetary Union

The Issuer may, without the consent of the Holders, on giving notice to the Holders in accordance with Condition 10:

- (a) elect that, with effect from the Adjustment Date specified in the notice, certain terms of the W&C Securities shall be redenominated in euro.

The election will have effect as follows:

 - (ii) where the Exchange Rate and/or any other terms of these Terms and Conditions are expressed in or, in the case of the Exchange Rate, contemplate the exchange from or into, the currency (the “**Original Currency**”) of a country which is participating in the third stage of European Economic and Monetary Union, such Exchange Rate and/or any other terms of these Terms and Conditions shall be deemed to be expressed in or, in the case of the Exchange Rate, converted for or, as the case may be into, euro at the Established Rate; and
 - (iii) such other changes shall be made to these Terms and Conditions as the Issuer may decide, in its sole and absolute discretion to conform them to conventions then applicable to instruments expressed in euro; and/or
- (b) require that the Calculation Agent make such adjustments to the Multiplier and/or, in the case of Warrants, the Exercise Price and/or any other terms of these Terms and Conditions and/or the applicable Final Terms as the Calculation Agent, in its sole discretion, may determine to be appropriate to account for the effect of the third stage of European Economic and Monetary Union on the Multiplier and/or, in the case of Warrants, the Exercise Price and/or such other terms of these Terms and Conditions.

Notwithstanding the foregoing, neither the Issuer, any of its Affiliates or agents, the Calculation Agent nor any Security Agent shall be liable to any Holder or other person for any commissions, costs, losses or expenses in relation to or resulting from the transfer of euro or any currency conversion or rounding effected in connection therewith.

In this Condition, the following expressions have the following meanings:

“**Adjustment Date**” means a date specified by the Issuer in the notice given to the Holders pursuant to this Condition which falls on or after the date on which the country of the Original Currency first participates in the third stage of European Economic and Monetary Union pursuant to the Treaty;

The W&C Securities do not confer on any third party any rights under the Contracts (Rights of Third Parties) Act 1999 (the “Act”) to enforce any term of the W&C Securities, but this does not affect any right or remedy of a third party which exists or is available apart from the Act.

17. Terms applicable to Warrants only

Conditions 18, 19, 20, 21, 22 and 23 apply to Warrants only.

18. Definitions (Warrants)

For the purposes of the Warrants:

“**Definitive Warrants**” means Definitive Bearer Warrants and Definitive Registered Warrants.

19. Form of Warrants

If the applicable Final Terms indicate that such Warrants are not eligible for sale in the United States or to, or for the account or benefit of, United States Persons pursuant to an exemption from the registration requirements of the Securities Act and are to be issued into and transferred through accounts at Euroclear and Clearstream, Luxembourg, such series of Warrants will on issue be constituted by a permanent global warrant (the “**Euroclear/CBL Global Warrant**”), which will be deposited with a depository common to Euroclear and Clearstream, Luxembourg.

If the applicable Final Terms indicate that such Warrants are not eligible for sale in the United States or to, or for the account or benefit of, United States Persons pursuant to an exemption from the registration requirements of the Securities Act and are to be issued into and transferred through accounts at Clearstream, Frankfurt, such series of Warrants will on issue be constituted by a permanent global warrant (the “**CBF Global Warrant**”), which will be deposited with Clearstream, Frankfurt.

If the applicable Final Terms indicate that Warrants are to be listed on the SIX Swiss Exchange and/or issued and transferred through accounts at SIS (“**Swiss Warrants**”), each tranche of such Warrants will on issue be constituted by a permanent global warrant in bearer form (the “**Swiss Global Warrant**”), which will be deposited with SIS acting as central depository on or before the Issue Date of such tranche. As a matter of Swiss law, once a Swiss Global Warrant is deposited with SIS and entered into the accounts of one or more participants of SIS, the Swiss Warrants represented thereby will constitute Intermediated Securities.

No Holder of Swiss Warrants will at any time have the right to effect or demand the conversion of the Swiss Global Warrant representing such Swiss Warrants into, or the delivery of, Warrants in uncertificated or definitive form. However, a Swiss Global Warrant will be exchangeable (free of charge), in whole but not in part, for definitive Warrants in bearer form (“**Definitive Bearer Warrants**” and each a “**Definitive Bearer Warrant**”) (i) at the option of the Issuer if the Issuer has been notified by the Swiss Programme Agent that SIS has been closed for business for a continuous period of 14 calendar days (other than by reason of holiday, statutory or otherwise) or has announced an intention permanently to cease business or has in fact done so and no successor clearing system is available (an “**SIS Exchange Event**”), or (ii) in the case of Swiss Warrants listed on the SIX Swiss Exchange, at the option of the Swiss Programme Agent if the Swiss Programme Agent determines that such exchange is necessary or useful or that the presentation of Warrants in definitive form is required by Swiss or foreign laws or regulations in connection with the enforcement of rights.

The Issuer will promptly give notice to Holders in accordance with Condition 10 if an SIS Exchange Event occurs. In the event of the occurrence of an SIS Exchange Event, SIS may give notice to the Swiss Programme Agent requesting exchange. Any such exchange shall occur not later than 45 calendar days after the date of receipt of the first relevant notice by the Swiss Programme Agent from SIS.

If Swiss Warrants in definitive bearer form are printed, the Swiss Programme Agent will (i) cancel the Swiss Global Warrants representing such Swiss Warrants deposited with SIS and (ii) deliver the Definitive Bearer Warrants representing such Swiss Warrants to the relevant Holders.

The Euroclear/CBL Global Warrant, the CBF Global Warrant, the Euroclear France Global Warrant and the Swiss Global Warrant are each referred to herein as a “**Permanent Global Warrant**”.

If the Warrants are Swedish Warrants (“**Swedish Warrants**”) and the applicable Final Terms indicate that such Warrants are not eligible for sale in the United States or to, or for the account or benefit of, United States Persons pursuant to an exemption from the registration requirements of the Securities Act and are to be issued into and cleared through the Swedish CSD, such series of Warrants will be issued in dematerialised and uncertificated book entry form in accordance with the Swedish Financial Instruments Accounts Act (in Swedish: *lag (1998: 1479) om kontoföring av finansiella instrument*).

The applicable Final Terms will indicate whether the Warrants are American style Warrants (“**American Style Warrants**”) or European style Warrants (“**European Style Warrants**”) or such other type as may be specified in the applicable Final Terms and whether automatic exercise (“**Automatic Exercise**”) applies to the Warrants or such other type as may be specified in the applicable Final Terms and whether the Warrants may only be exercised in Units. If Units are specified in the applicable Final Terms, Warrants must be exercised in Units and any Exercise Notice which purports to exercise Warrants in breach of this provision shall be void and of no effect.

If such Warrant is not in the determination of the Calculation Agent “In-The-Money”, no Automatic Exercise shall occur.

With respect to an American Style CREST Warrant, the “Actual Exercise Date” means (a) the Exercise Business Day during the Exercise Period on which an Exercise Notice in respect of an American Style CREST Warrant is delivered to the CREST Agent at or prior to 10.00 a.m. London time or (b) in the case of Automatic Exercise, the Expiration Date. The expressions “exercise”, “due exercise” and related expressions shall be construed to apply to any Warrants which are automatically exercised on the Expiration Date in accordance with this provision.

(b) European Style Warrants

European Style Warrants are only exercisable on the Exercise Date.

In the case of Warrants represented by a Permanent Global Warrant, if Automatic Exercise is not specified in the applicable Final Terms, any European Style Warrant with respect to which no Exercise Notice has been delivered in the manner set out in Condition 22, at or prior to 10.00 a.m., Brussels, Luxembourg, Frankfurt, Paris or Zurich time (as appropriate) on the Actual Exercise Date, shall become void. The method of delivery of the Entitlement is set out in the applicable Final Terms.

Therefore, fractions of the Relevant Asset or of each of the Relevant Assets, as the case may be, will not be delivered and in lieu thereof a cash adjustment calculated by the Calculation Agent in its sole and absolute discretion shall be paid to the Holder.

Following exercise of a Share Linked Warrant which is a Physical Delivery Warrant, all dividends on the relevant Shares to be delivered will be payable to the party that would receive such dividend according to market practice for a sale of the Shares executed on the relevant Actual Exercise Date and to be delivered in the same manner as such relevant Shares. Unless otherwise specified in the applicable Final Terms, the Entitlement will be delivered to such securities account with such Physical Delivery Clearing System or in such other manner as shall have been specified by the Holder in the relevant Exercise Notice, provided that, if, in

the opinion of the Issuer, delivery of the Entitlement to the Holder in the manner specified by the Holder or through the Physical Delivery Clearing System specified by the Holder is not commercially reasonable, the Issuer shall deliver the Entitlement to the Holder through a clearing system which the Issuer determines to be commercially reasonable for such delivery and references to “Physical Delivery Clearing System” shall be deemed to be references to such clearing system selected by the Issuer. For the avoidance of doubt, the Issuer or the Guarantor will be fully discharged of any and all obligations with respect to delivery of the Entitlement by making delivery in the manner specified by the Holder in the relevant Exercise Notice.

Euroclear and/or Clearstream, Luxembourg, the Frankfurt Warrant Agent or the Paris Security Agent or the Swiss Programme Agent or the CREST Agent, as the case may be, shall use its best efforts promptly to notify the Holder submitting an Exercise Notice if, in consultation with the Principal Warrant Agent, it has determined that such Exercise Notice is incomplete or not in proper form. - (i) The number of Warrants exercisable by any Holder on any Actual Exercise Date, as determined by the Issuer, must not be less than the Minimum Exercise Number specified in the applicable Final Terms and, if specified in the applicable Final Terms, if a number greater than the Minimum Exercise Number, must be an integral multiple of the number specified in the applicable Final Terms. Any Exercise Notice which purports to exercise Warrants in breach of this provision shall be void and of no effect.
- (ii) If the Issuer determines that the number of Warrants being exercised on any Actual Exercise Date by any Holder or a group of Holders (whether or not acting in concert) exceeds the Maximum Exercise Number (a number equal to the Maximum Exercise Number being the “**Quota**”), the Issuer may deem the Actual Exercise Date for the first Quota of such Warrants, selected at the discretion of the Issuer, to be such day and the Actual Exercise Date for each additional Quota of such Warrants (and any remaining number thereof) to be each of the succeeding Exercise Business Days until all such

Warrants have been attributed with an Actual Exercise Date, provided, however, that the deemed Actual Exercise Date for any such Warrants which would thereby fall after the Expiration Date shall fall on the Expiration Date. In any case where more than the Quota of Warrants are exercised on the same day by Holder(s), the order of settlement in respect of such Warrants shall be at the sole discretion of the Issuer.

Any Exercise Notice which purports to exercise Warrants in breach of this provision shall be void and be of no effect.

23. Additional Amounts

(A) *Calculation of Additional Amounts*

If so specified in the applicable Final Terms, each Warrant pays additional amounts from and including the Issue Date at the Additional Amount Rate payable in arrear on each Additional Amount Payment Date.

The additional amount payable in respect of each Warrant on each Additional Amount Payment Date will amount to the Additional Amount for the Additional Amount Period ending on (but excluding) such Additional Amount Payment Date.

If an additional amount is required to be calculated for a period ending other than on (but excluding) an Additional Amount Payment Date, it will be calculated on the basis of the number of calendar days from and including the most recent Additional Amount Payment Date (or, if none, the Issue Date) to but excluding the relevant payment date and the Additional Amount Rate Day Count Fraction.

(B) *Accrual of Additional Amounts*

Each Warrant will cease to accrue additional amounts from and including the Additional Amount Cut-off Date or, if earlier, the date on which the Warrants are cancelled (the “**Cancellation Date**”), if applicable, in accordance with these Terms and Conditions unless payment of the amount and/or delivery of any Entitlement due on the Settlement Date or Cancellation Date, as the case may be, is improperly withheld or refused or unless default is otherwise made in respect of the payment or delivery in which case additional amount(s) shall accrue from the date such amount or delivery of such Entitlement was due until such amount or delivery of such Entitlement is paid or delivered, as the case may be.

For the avoidance of doubt, no additional amount on the Warrants shall accrue beyond the Exercise Date in the event that delivery of any Entitlement is postponed due to the occurrence of a Settlement Disruption Event.

(C) *Payment of Additional Amounts*

Except in the case of Swedish Warrants, Swiss Warrants and CREST Warrants, where the Warrants pay additional amounts as specified in the applicable Final Terms, subject as provided below, the Issuer or failing the Issuer, the Guarantor shall pay or cause to be paid the Additional Amount for each Warrant in respect of each Additional Amount Payment Date by credit or transfer to the Holder’s account with the relevant Clearing System for value on the relevant Additional Amount Payment Date, such payment to be made in accordance with the rules of the relevant Clearing System.

Except in the case of Swedish Warrants, Swiss Warrants and CREST Warrants, the Issuer or the Guarantor, as applicable, will be discharged by payment to, or to the order of, the relevant Clearing System in respect of the amount so paid. Each of the persons shown in the records of the relevant Clearing System as the holder of a particular amount of the Warrants must look solely to such Clearing System for his share of each such payment so made to, or to the order of, the relevant Clearing System.

In the case of Swedish Warrants, where the Warrants pay Additional Amount as specified in the applicable Final Terms, subject as provided below, payment of the Additional Amount for each Swedish Warrant will be made to the persons registered as Holders in the Swedish Register on the fifth Business Day prior to the relevant Additional Amount Payment Date (the “**Additional Amount Payment Record Date**”). The Swedish Security Agent will pay the Additional Amount through the Swedish CSD to each Holder appearing in the Swedish Register on the Additional Amount Record Date on the relevant Additional Amount Payment Date.

In the case of Swiss Warrants, where the Warrants pay Additional Amounts as specified in the applicable Final Terms, the Issuer or failing the Issuer, the Guarantor, through the Swiss Programme Agent, shall pay or cause to be paid the Additional Amount (if any) for each Warrant in respect of each Additional Amount Payment Date to the Holder for value on the relevant Additional Amount Payment Date, less any Expenses not already paid.

In the case of CREST Warrants, where the Warrants pay Additional Amounts as specified in the applicable Final Terms, the Issuer or failing the Issuer, the Guarantor, shall pay or cause to be paid by the CREST Agent the Additional Amount (if any) for each Warrant in respect of each Additional Amount Payment Date to the Holder’s cash memorandum account as shown in the records of the Operator, such payments to be made in accordance with the rules of the Operator.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment.

2. **Definitions**

For the purposes of these Index Linked Conditions:

“**Averaging Cut-Off Date**” means the eighth Scheduled Trading Day (or, where the Index Linked Securities relate to a Basket of Indices and the applicable Final Terms provides that “Common Scheduled Trading Days” shall be applicable, the eighth Common Scheduled Trading Day) immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, or on account of such date not being a Scheduled Trading Day (or, where the Index Linked Securities relate to a Basket of Indices and the applicable Final Terms provides that “Common Scheduled Trading Days” shall be applicable, a Common Scheduled Trading Day), would have been the final Averaging Date, or, if earlier, the Scheduled Trading Day (or, where the Index Linked Securities relate to a Basket of Indices and the applicable Final Terms provides that “Common Scheduled Trading Days” shall be applicable, the Common Scheduled Trading Day) falling on or immediately preceding the second Business Day immediately preceding the date on which payment of any amount or delivery of any assets may have to be made pursuant to any calculation or determination made on the relevant Averaging Dates, *provided that* the Averaging Cut-Off Date shall not fall prior to the original date on which the final Averaging Date was scheduled to fall.

- (a) if “**Omission**” is specified as applying in the applicable Final Terms, then such date will be deemed not to be an Averaging Date for the purposes of determining the relevant level or price provided that, if through the operation of this provision there would not be an Averaging Date, then the provisions of the definition of “Valuation Date” will apply for purposes of determining the relevant level or price on the final Averaging Date, as if such final Averaging Date were a Valuation Date that was a Disrupted Day; or
- (b) if “**Postponement**” is specified as applying in the applicable Final Terms, then the provisions of the definition of “Valuation Date” will apply for the purposes of determining the relevant level, price or amount on that Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date; or

“**Observation Date**” means each Observation Date specified in the applicable Final Terms, or if such date is not a Scheduled Trading Day the first Scheduled Trading Day thereafter, or, if earlier, the Observation Cut-Off Date (or, where the Index Linked Securities relate to a Basket of Indices and the applicable Final Terms provides that “Common Scheduled Trading Days” shall be applicable, each date specified as an Observation Date in the applicable Final Terms or, if any such date is not a Common Scheduled Trading Day, the immediately following Common Scheduled Trading Day). If any such day is a Disrupted Day, then:

- (a) where the Index Linked Securities relate to a single Index, that Observation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the Scheduled Trading Days immediately following the Scheduled Observation Date up to and including the Observation Cut-Off Date is a Disrupted Day. In that case, or if such Observation Date falls on the Observation Cut-Off Date owing to the original date on which it was scheduled to fall not being a Scheduled Trading Day for the Index, (i) the Observation Cut-Off Date shall be deemed to be that Observation Date (notwithstanding the fact that such day may be a Disrupted Day) and (ii) the Calculation Agent shall determine the relevant level or price in the manner set out in the applicable Final Terms or, if not set out or if not practicable, determine the relevant level or price by determining the level of the Index as of the Valuation Time on the Observation Cut-Off Date in accordance with (subject to Index

Linked Condition 5 below) the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the Observation Cut-Off Date of each security comprised in the Index (or, if an event giving rise to a Disrupted Day (as defined in the Share Linked Conditions in relation to a share) has occurred in respect of the relevant security on the Observation Cut-Off Date, its good faith estimate of the value for the relevant security as of the Valuation Time on the Observation Cut-Off Date);

In that case, or if such Observation Date falls on the Observation Cut-Off Date for an Index owing to the original date on which it was scheduled to fall not being a Scheduled Trading Day for such Index, (i) the Observation Cut-Off Date shall be deemed to be that Observation Date for such Index (notwithstanding the fact that such day may be a Disrupted Day) and (ii) the Calculation Agent shall determine the relevant level or price using, in relation to such Index, the level of that Index determined in the manner set out in the applicable Final Terms or, if not set out or if not practicable, using the level of that Index as of the Valuation Time on the Observation Cut-Off Date in accordance with (subject to Index Linked Condition 5) the formula for and method of calculating that Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the Observation Cut-Off Date of each security comprised in that Index (or, if an event giving rise to a Disrupted Day (as defined in the Share Linked Conditions in relation to a share) has occurred in respect of the relevant security on the Observation Cut-Off Date, its good faith estimate of the value for the relevant security as of the Valuation Time on the Observation Cut-Off Date);
- (c) where the Index Linked Securities relate to a Basket of Indices and the applicable Final Terms provides that “Common Scheduled Trading Days” and “Individual Disrupted Days” shall be applicable, that Observation Date for each Index not affected by the occurrence of a Disrupted Day shall be the Scheduled Observation Date (or if the Scheduled Observation Date is not a Common Scheduled Trading Day, the immediately following Common Scheduled Trading Day, or in either case, if earlier, the Observation Cut-Off Date) and that Observation Date for each Index affected (each an “**Affected Index**”) by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Index, unless each of the Scheduled Trading Days immediately following the Scheduled Observation Date (or if such Scheduled Observation Date is not a Common Scheduled Trading Day, the immediately following Common Scheduled Trading Day) up to and including the Observation Cut-Off Date is a Disrupted Day relating to the Affected Index. In that case, or if such Observation Date falls on the Observation Cut-Off Date owing to the original date on which it was scheduled to fall not being a Common Scheduled Trading Day, (i) the Observation Cut-Off Date shall be deemed to be that Observation Date for such Index (notwithstanding the fact that such day may be a Disrupted Day for an Index or not a Common Scheduled Trading Day) and (ii) the Calculation Agent shall determine the relevant level or price using, in relation to such Index, the level of that Index determined in the manner set out in the applicable Final Terms or, if not set out or if not practicable, using the level of that Index as of the Valuation Time on the Observation Cut-Off Date in accordance with (subject to Index Linked Condition 5) the formula for and method of calculating that Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the Observation Cut-Off Date of each security comprised in that Index (or, if an event giving rise to a Disrupted Day (as defined in the Share Linked Conditions in relation to a share) has occurred in respect of the relevant security on the Observation Cut-Off Date, its good faith estimate of the value for the relevant security as of the Valuation Time on the Observation Cut-Off Date); or

- (d) where the Index Linked Securities relate to a Basket of Indices and the applicable Final Terms provides that “Common Scheduled Trading Days” and “Common Disrupted Days” shall be applicable, that Observation Date shall be the first succeeding Common Scheduled Trading Day that is not a Disrupted Day for any Index, unless each of the Common Scheduled Trading Days immediately following the Scheduled Observation Date up to and including the Observation Cut-Off Date is a Disrupted Day for one or more Indices. In that case, or if such Observation Date falls on the Observation Cut-Off Date owing to the original date on which it was scheduled to fall not being a Common Scheduled Trading Day, (i) the Observation Cut-Off Date shall be deemed to be that Observation Date (notwithstanding the fact that such day may be a Disrupted Day for an Index or not a Common Scheduled Trading Day) and (ii) the Calculation Agent shall determine the relevant level or price using, in relation to each Index for which the Observation Cut-Off Date is a Disrupted Day or is not a Common Scheduled Trading Day, the level of that Index determined in the manner set out in the applicable Final Terms or, if not set out or if not practicable, using the level of that Index as of the Valuation Time on the Observation Cut-Off Date in accordance with (subject to Index Linked Condition 5) the formula for and method of calculating that Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the Observation Cut-Off Date of each security comprised in each Index for which the Observation Cut-Off Date is a Disrupted Day or is not a Common Scheduled Trading Day (or, if an event giving rise to a Disrupted Day (as defined in the Share Linked Conditions in relation to a share) has occurred in respect of the relevant security on the Observation Cut-Off Date, its good faith estimate of the value for the relevant security as of the Valuation Time on the Observation Cut-Off Date).

“**Observation Period**” means, in respect of an Index:

Exchanges” is specified as the Related Exchange in the applicable Final Terms, “**Related Exchange**” shall mean each exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to the Index.

“**Valuation Date**” means each Valuation Date specified in the applicable Final Terms or if such date is not a Scheduled Trading Day the first Scheduled Trading Day thereafter, or, if earlier, the Valuation Cut-Off Date (or, where the Index Linked Securities relate to a Basket of Indices and the applicable Final Terms provides that “Common Scheduled Trading Days” shall be applicable, each date specified as a Valuation Date in the applicable Final Terms or, if any such date is not a

Common Scheduled Trading Day, the immediately following Common Scheduled Trading Day). If such day is a Disrupted Day, then:

- (a) where the Index Linked Securities relate to a single Index, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the Scheduled Trading Days immediately following the Scheduled Valuation Date up to and including the Valuation Cut-Off Date is a Disrupted Day. In that case, or if such Valuation Date falls on the Valuation Cut-Off Date owing to the original date on which it was scheduled to fall not being a Scheduled Trading Day for the Index, (i) the Valuation Cut-Off Date shall be deemed to be the Valuation Date (notwithstanding the fact that such day may be a Disrupted Day) and (ii) the Calculation Agent shall determine the relevant level or price in the manner set out in the applicable Final Terms or, if not set out or if not practicable, determine the relevant level or price by determining the level of the Index as of the Valuation Time on the Valuation Cut-Off Date in accordance with (subject to Index Linked Condition 5 below) the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the Valuation Cut-Off Date of each security comprised in the Index (or, if an event giving rise to a Disrupted Day (as defined in the Share Linked Conditions in relation to a share) has occurred in respect of the relevant security on the Valuation Cut-Off Date, its good faith estimate of the value for the relevant security as of the Valuation Time on the Valuation Cut-Off Date);

In that case, or if such Valuation Date falls on the Valuation Cut-Off Date owing to the original date on which it was scheduled to fall not being a Common Scheduled Trading Day, (i) the Valuation Cut-Off Date shall be deemed to be the Valuation Date for such Index (notwithstanding the fact that such day may be a Disrupted Day for an Index or not a Common Scheduled Trading

Day) and (ii) the Calculation Agent shall determine the relevant level or price using, in relation to such Index, the level of that Index determined in the manner set out in the applicable Final Terms or, if not set out or if not practicable, using the level of that Index as of the Valuation Time on the Valuation Cut-Off Date in accordance with (subject to Index Linked Condition 5) the formula for and method of calculating that Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the Valuation Cut-Off Date of each security comprised in that Index (or, if an event giving rise to a Disrupted Day (as defined in the Share Linked Conditions in relation to a share) has occurred in respect of the relevant security on the Valuation Cut-Off Date, its good faith estimate of the value for the relevant security as of the Valuation Time on the Valuation Cut-Off Date); or

- (d) where the Index Linked Securities relate to a Basket of Indices and the applicable Final Terms provides that “Common Scheduled Trading Days” and “Common Disrupted Days” shall be applicable, the Valuation Date shall be the first succeeding Common Scheduled Trading Day that is not a Disrupted Day for any Index, unless each of the Common Scheduled Trading Days immediately following the Scheduled Valuation Date up to and including the Valuation Cut-Off Date is a Disrupted Day for one or more Indices. In that case, or if the Valuation Date falls on the Valuation Cut-Off Date owing to the original date on which it was scheduled to fall not being a Common Scheduled Trading Day, (i) the Valuation Cut-Off Date shall be deemed to be the Valuation Date (notwithstanding the fact that such day may be a Disrupted Day for an Index or not a Common Scheduled Trading Day) and (ii) the Calculation Agent shall determine the relevant level or price using, in relation to each Index for which the Valuation Cut-Off Date is a Disrupted Day or is not a Common Scheduled Trading Day, the level of that Index determined in the manner set out in the applicable Final Terms or, if not set out or if not practicable, using the level of that Index as of the Valuation Time on the Valuation Cut-Off Date in accordance with (subject to Index Linked Condition 5) the formula for and method of calculating that Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the Valuation Cut-Off Date of each security comprised in each Index for which the Valuation Cut-Off Date is a Disrupted Day or is not a Common Scheduled Trading Day (or, if an event giving rise to a Disrupted Day (as defined in the Share Linked Conditions in relation to a share) has occurred in respect of the relevant security on the Valuation Cut-Off Date, its good faith estimate of the value for the relevant security as of the Valuation Time on the Valuation Cut-Off Date).

“**Valuation Time**” means:

- (a) in respect of any Unitary Index, (i) for the purposes of determining whether an Early Closure, an Exchange Disruption or a Trading Disruption has occurred in respect of (I) any Exchange, the Scheduled Closing Time of the Exchange (provided that, if the relevant Exchange closes prior to its Scheduled Closing Time, then the Valuation Time shall be such actual closing time), and (II) any options contracts or futures contracts on such Index, the close of trading on the Related Exchange, and (ii) in all other circumstances, the time at which the official closing level of the Index is calculated and published by the Index Sponsor;
- (b) in respect of any Multi-Exchange Index, (i) for the purposes of determining whether an Early Closure, an Exchange Disruption or a Trading Disruption has occurred in respect of (I) any Component Security, the Scheduled Closing Time on the Exchange in respect of such Component Security (provided that, if the relevant Exchange closes prior to its Scheduled Closing Time, then the Valuation Time shall be such actual closing time), and (II) any options contracts or futures contracts on the Index, the close of trading on the Related Exchange, and (ii) in all other circumstances, the time at which the official closing level of the Index is calculated and published by the Index Sponsor; and
- (c) in respect of any Proprietary Index, the time at which the Index Sponsor calculates and publishes the official closing level of the Index.

3. **Market Disruption**

“**Market Disruption Event**” means:

- (a) in respect of any Unitary Index, the occurrence or existence of (i) a Trading Disruption, (ii) an Exchange Disruption, which in either case the Calculation Agent determines is material, at any time during the one hour period that ends at the relevant Valuation Time or (iii) an Early Closure.

For the purposes of determining whether a Market Disruption Event in respect of a Unitary Index exists at any time, if a Market Disruption Event occurs in respect of a Component Security included in the Index at any time, then the relevant percentage contribution of such Component Security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to such Component Security and (y) the overall level of the Index, in each case immediately before the occurrence of such Market Disruption Event;

- (b) in respect of any Multi-Exchange Index either:

- (i) (A) the occurrence or existence, in respect of any Component Security, of:

- I. a Trading Disruption, which the Calculation Agent determines is material, at any time during the one hour period that ends at the relevant Valuation Time in respect of the Exchange on which such Component Security is principally traded;
- II. an Exchange Disruption, which the Calculation Agent determines is material, at any time during the one hour period that ends at the relevant Valuation Time in respect of the Exchange on which such Component Security is principally traded; or
- III. an Early Closure; and

- (B) the aggregate of all Component Securities in respect of which a Trading Disruption, an Exchange Disruption or an Early Closure occurs or exists, comprises 20 per cent. or more of the level of the Index; or

- (ii) the occurrence or existence, in respect of futures or options contracts relating to the Index, of (A) a Trading Disruption, (B) an Exchange Disruption which in either case the Calculation Agent determines is material, at any time during the one hour period that ends at the Valuation Time in respect of the Related Exchange or (C) an Early Closure.

For the purposes of determining whether a Market Disruption Event in respect of a Multi-Exchange Index exists at any time, if a Market Disruption Event (as defined in the Share Linked Conditions in relation to a share) occurs in respect of a Component Security at that time, then the relevant percentage contribution of such Component Security, to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that Component Security and (y) the overall level of the Index, in each case using the official opening weightings as published by the Index Sponsor as part of the market “opening data” (as defined in the Share Linked Conditions in relation to a share).

- (c) in respect of any Proprietary Index, the failure by the Index Sponsor to calculate and publish the level of the Index on any Scheduled Trading Day or in respect of such Scheduled Trading Day within the scheduled timeframe for publication.

4. **Barrier Event**

- (a) A “**Barrier Event (intraday)**” means (and a Barrier Event (intraday) shall be deemed to occur if), in respect of an Index, the Calculation Agent determines that the Index Level of such Index as of the Barrier Event Valuation Time (intraday) on any Barrier Event Determination Day is less than or equal to the corresponding Barrier Level for such Index and such Barrier Event Determination Day.

For the purpose of determining whether a Barrier Event (intraday) has occurred on any day, the definition of Market Disruption Event specified in Index Linked Condition 3 shall be amended such that (i) all references to “during the one hour period that ends at the relevant Valuation Time” shall be deleted, and (ii) in the definition of “Early Closure” appearing in

Index Linked Condition 2, each reference to “Valuation Time” and “Scheduled Closing Time” shall be construed as a reference to “Barrier Event Valuation Time (intraday)”.

- (b) A “**Barrier Event (closing)**” means (and a Barrier Event (closing) shall be deemed to occur if), in respect of an Index, the Calculation Agent determines that the Index Closing Level of such Index as of the Barrier Event Valuation Time (closing) on any Barrier Event Determination Day is less than or equal to the corresponding Barrier Level for such Index and such Barrier Event Determination Day.

5. Adjustments and Corrections to an Index

(a) Successor Index Sponsor Calculates and Reports an Index

If a relevant Index is (i) not calculated and announced by the Index Sponsor but is calculated and announced by a successor sponsor (the “**Successor Index Sponsor**”) acceptable to the Calculation Agent, or (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then in each case that index (the “**Successor Index**”) will be deemed to be the Index.

(b) Modification and Cessation of Calculation of an Index

If (i) on or prior to a Valuation Date, an Observation Date or an Averaging Date (or other relevant date, as determined by the Calculation Agent), the relevant Index Sponsor makes or announces that it will make a material change in the formula for or the method of calculating a relevant Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent stock and capitalisation or contracts and other routine events) (an “**Index Modification**”), or permanently cancels a relevant Index and no Successor Index exists (an “**Index Cancellation**”), or (ii) on a Valuation Date, an Observation Date or an Averaging Date (or other relevant date, as determined by the Calculation Agent), the Index Sponsor or, if applicable, the Successor Index Sponsor fails to calculate and announce a relevant Index, provided that, in respect of an Index which is specified in the applicable Final Terms as being a Multi-Exchange Index or a Proprietary Index, the Calculation Agent may, in its discretion, determine that such event instead results in the occurrence of a Disrupted Day (an “**Index Disruption**” and, together with an Index Modification and an Index Calculation, each an “**Index Adjustment Event**”), then the Issuer may take the action described in (A) or (B) below:

- (A) require the Calculation Agent to determine if such Index Adjustment Event has a material effect on the Index Linked Securities and, if so, calculate the relevant level or price using, in lieu of a published level for that Index, the level for that Index as at the Valuation Time on that Valuation Date, Observation Date or Averaging Date, as the case may be, as determined by the Calculation Agent in accordance with the formula for and method of calculating that Index last in effect prior to the change, failure or cancellation, but using only those securities that comprised that Index immediately prior to that Index Adjustment Event; or
- (B) (x) in the case of Notes, on giving notice to the Noteholders in accordance with Note Condition 13, redeem all (but not less than all) of the Notes, each Note being redeemed at the Early Redemption Amount; or
- (y) in the case of W&C Securities, on giving notice to Holders in accordance with W&C Securities Condition 10, cancel the Index Linked W&C Securities. If the Index Linked W&C Securities are so cancelled the Issuer will pay an amount to each Holder in respect of each W&C Security or Unit, as the case may be, held by him which amount shall be the fair market value of a Index W&C Security or a Unit, as the case may be, taking into account the Index Adjustment Event, less the cost to the Issuer and/or any of its Affiliates of unwinding any underlying related hedging arrangements (including any cost of funding in respect of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Holders in accordance with W&C Securities Condition 10.

Upon the occurrence of an Index Adjustment Event, the Issuer shall give notice as soon as reasonably practicable to the Holders in accordance with Note Condition 13 or Holders in accordance with W&C Securities Condition 10, as applicable, giving details of the action proposed to be taken in relation thereto, provided that any failure to give, or non-receipt of, such notice will not affect the validity of such action. The Issuer shall make available for inspection by Holders copies of any such determinations.

(c) Corrections to an Index

If the level of a relevant Index published on any Valuation Date, Observation Date or Averaging Date (or other relevant date, as determined by the Calculation Agent), as the case may be, by the relevant Index Sponsor or (if applicable) the relevant Successor Index Sponsor and which is utilised for any calculation or determination made for the purposes of the Index Linked Securities (a “**Relevant Calculation**”) is subsequently corrected and the correction (the “**Corrected Index Level**”) is published by the relevant Index Sponsor or (if applicable) the relevant Successor Index Sponsor no later than two Business Days prior to the date on which payment of any amount or delivery of any assets may have to be made pursuant to such Relevant Calculation, then such Corrected Index Level shall be deemed to be the relevant level for such Index on such Averaging Date, Observation Date, Valuation Date (or other relevant date, as determined by the Calculation Agent), as the case may be, and the Calculation Agent shall use such Corrected Index Level in determining the relevant level or price and/or whether the Barrier Event (closing) or Barrier Event (intraday), as the case may be, has been triggered.

6. **Additional Disruption Events**

(a) “**Additional Disruption Event**” means any of Change in Law, Hedging Disruption and/or Increased Cost of Hedging, in each case if specified in the applicable Final Terms.

“**Change in Law**” means that, on or after the Trade Date (as specified in the applicable Final Terms) (i) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (ii) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Calculation Agent determines in its sole and absolute discretion that (A) it has become illegal to hold, acquire or dispose of any relevant security comprised in an Index or (B) the Issuer will incur a materially increased cost in performing its obligations in relation to the Index Linked Securities (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on the tax position of the Issuer and/or any of its affiliates).

“**Hedging Disruption**” means that the Issuer and/or any of its Affiliates or agents is unable, after using commercially reasonable efforts, to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity or other price risk of the Issuer issuing and performing its obligations with respect to the Index Linked Securities, or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s).

“**Increased Cost of Hedging**” means that the Issuer and/or any of its Affiliates or agents acting on its behalf would incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity or other price risk of the Issuer issuing and performing its obligations with respect to the Index Linked Securities, or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer and/or any of its Affiliates or agents shall not be deemed an Increased Cost of Hedging.

(b) If Additional Disruption Events are specified as applicable in the applicable Final Terms, then if an Additional Disruption Event occurs, the Issuer in its sole and absolute discretion may take the action described in (i) or (ii) below:

(i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any one or more of the terms of these

Terms and Conditions and/or the applicable Final Terms to account for the Additional Disruption Event and determine the effective date of that adjustment; or

2. **Definitions**

For the purposes of these Share Linked Conditions:

“**Averaging Cut-Off Date**” means the eighth Scheduled Trading Day (or, where the Share Linked Securities relate to a Basket of Shares and the applicable Final Terms provides that “Common Scheduled Trading Days” shall be applicable, the eighth Common Scheduled Trading Day) immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, or on account of such date not being a Scheduled Trading Day (or, where the Share Linked Securities relate to a Basket of Shares and the applicable Final Terms provides that “Common Scheduled Trading Days” shall be applicable, a Common Scheduled Trading Day), would have been the final Averaging Date, or, if earlier, the Scheduled Trading Day (or, where the Share Linked Securities relate to a Basket of Shares and the applicable Final Terms provides that “Common Scheduled Trading Days” shall be applicable, the Common Scheduled Trading Day) falling on or immediately preceding the second Business Day immediately preceding the date on which payment of any amount or delivery of any assets may have to be made pursuant to any calculation or determination made on the relevant Averaging Dates, provided that the Averaging Cut-Off Date shall not fall prior to the original date on which the final Averaging Date was scheduled to fall.

“**Averaging Date**” means each date specified as an Averaging Date in the applicable Final Terms or, if any such date is not a Scheduled Trading Day, the immediately following Scheduled Trading Day, or, if earlier, the Averaging Cut-Off Date (or, where the Share Linked Securities relate to a Basket of Shares and the applicable Final Terms provides that “Common Scheduled Trading Days” shall be applicable, each date specified as an Averaging Date in the applicable Final Terms or, if any such date is not a Common Scheduled Trading Day, the immediately following Common Scheduled Trading Day). If any such day is a Disrupted Day:

- (d) if “**Omission**” is specified as applying in the applicable Final Terms, then such date will be deemed not to be an Averaging Date for the purposes of determining the relevant price; provided that, if through the operation of this provision there would not be an Averaging Date, then the provisions of the definition of “Valuation Date” will apply for purposes of determining the relevant level or price on the final Averaging Date, as if such final Averaging Date were a Valuation Date that was a Disrupted Day; or
- (e) if “**Postponement**” is specified as applying in the applicable Final Terms, then the provisions of the definition of “Valuation Date” will apply for the purposes of determining the relevant price on that Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date; or
- (f) if “**Modified Postponement**” is specified as applying in the applicable Final Terms then:

- (i) where the Share Linked Securities relate to a single Share, the Averaging Date shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the Valuation Time on the Averaging Cut-Off Date or if such Averaging Date falls on the Averaging Cut-Off Date owing to the original date on which it was scheduled to fall not being a Scheduled Trading Day for the Share, then (A) the Averaging Cut-Off Date shall be deemed to be the Averaging Date (irrespective of whether the Averaging Cut-Off Date is already an Averaging Date), and (B) the Calculation Agent shall determine the relevant price for that Averaging Date in accordance with sub-paragraph (a)(ii) of the definition of “Valuation Date” below;
- (ii) where the Share Linked Securities relate to a Basket of Shares and the applicable Final Terms provides that “Common Scheduled Trading Days” shall not be applicable, the Averaging Date for each Share not affected by the occurrence of a Disrupted Day shall be the originally designated Averaging Date (following adjustment of such date owing to the original date not being a Scheduled Trading Day, if applicable) (the “**Scheduled Averaging Date**”) and the Averaging Date for a Share affected by the occurrence of a Disrupted Day shall be the first succeeding Valid Date in relation to such Share. If the first succeeding Valid Date in relation to such Share has not occurred as of the Valuation Time on the Averaging Cut-Off Date or if such Averaging Date falls on the Averaging Cut-Off Date owing to the original date on which it was scheduled to fall not being a Scheduled Trading Day for such Share, then (A) the Averaging Cut-Off Date shall be deemed to be the Averaging Date (irrespective of whether the Averaging Cut-Off Date is already an Averaging Date) in relation to such Share, and (B) the Calculation Agent shall determine the relevant price for that Averaging Date in accordance with sub-paragraph (b)(ii) of the definition of “Valuation Date” below;
- (iii) where the Share Linked Securities relate to a Basket of Shares and the applicable Final Terms provides that “Common Scheduled Trading Days” and “Individual Disrupted Days” shall be applicable, the Averaging Date for each Share not affected by the occurrence of a Disrupted Day shall be the originally designated Averaging Date (following adjustment of such date owing to the original date not being a Common Scheduled Trading Day, if applicable) (the “**Scheduled Averaging Date**”) and the Averaging Date for a Share affected by the occurrence of a Disrupted Day shall be the first succeeding Valid Date in relation to such Share. If the first succeeding Valid Date in relation to such Share has not occurred as of the Valuation Time on the Averaging Cut-Off Date or if such Averaging Date falls on the Averaging Cut-Off Date owing to the original date on which it was scheduled to fall not being a Common Scheduled Trading Day, then (A) the Averaging Cut-Off Date shall be deemed to be the Averaging Date (irrespective of whether the Averaging Cut-Off Date is already an Averaging Date) in relation to such Share, and (B) the Calculation Agent shall determine the relevant price for that Averaging Date in accordance with sub-paragraph (c)(ii) of the definition of “Valuation Date” below; or
- (iv) where the Share Linked Securities relate to a Basket of Shares and the applicable Final Terms provides that “Common Scheduled Trading Days” and “Common Disrupted Days” shall be applicable, the Averaging Date for each Share shall be the first succeeding Common Valid Date in relation to such Share. If the first succeeding Common Valid Date has not occurred as of the Valuation Time on the Averaging Cut-Off Date or if such Averaging Date falls on the Averaging Cut-Off Date owing to the original date on which it was scheduled to fall not being a Common Scheduled Trading Day, then (A) the Averaging Cut-Off Date shall be deemed to be the Averaging Date (irrespective of whether the Averaging Cut-Off Date is already an Averaging Date), and (B) the Calculation Agent shall determine the relevant level or price for that Averaging Date in accordance with sub-paragraph (d)(ii) of the definition of “Valuation Date” below,

- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any terms of the Terms and Conditions and/or the applicable Final Terms to account for the De-listing, Merger Event, Tender Offer, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. Payments will be made in such manner as shall be notified to the Holders in accordance with W&C Securities Condition 10; or
 - (iii) following such adjustment to the settlement terms of options on the Shares traded on such exchange(s) or quotation system(s) as the Issuer in its sole discretion shall select (the “**Options Exchange**”), require the Calculation Agent to make a corresponding adjustment to any one or more of the terms of the Terms and Conditions and/or the applicable Final Terms which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Options Exchange. If options on the Shares are not traded on the Options Exchange, the Calculation Agent will make such adjustment, if any, to any one or more of the terms of the Terms and Conditions and/or the applicable Final Terms as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Options Exchange to account for the Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency, as the case may be, that in the

determination of the Calculation Agent would have given rise to an adjustment by the Options Exchange if such options were so traded; or

- (iv) unless the applicable Final Terms provides that “Share Substitution” shall not be applicable, then on or after the relevant Merger Date, Tender Offer Date, or the date of the Nationalisation, Insolvency or De-listing (as the case may be):

$$A \times (B/C)$$

Where:

“**A**” is the official closing price of the relevant Substitute Share on the relevant exchange, as determined by the Calculation Agent, on the date that the substitution is effected;

$$A \times (B/C)$$

Where:

“C” is the official closing price of the relevant Affected Share on the relevant Exchange on the date that the substitution is effected.

The weighting of each Substitute Share in the basket will be equal to the weighting of the relevant Affected Share.

Upon the occurrence of a Merger Event, De-listing, Nationalisation, Insolvency or, if applicable, Tender Offer, the Issuer shall give notice as soon as practicable to the Holders in accordance with Note Condition 13 or W&C Securities Condition 10, as applicable, stating the occurrence of the Merger Event, Tender Offer, Nationalisation or Insolvency, as the case may be, giving details thereof and the action proposed to be taken in relation thereto provided that any failure to give, or non-receipt of, such notice will not affect the validity of any such Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency, as the case may be.

7. **Non-euro Quoted Shares**

In respect of Share Linked Securities relating to Shares originally quoted, listed and/or dealt as of the Trade Date in a currency of a member state of the European Union that has not adopted the single currency in accordance with the Treaty, if such Shares are at any time after the Trade Date quoted, listed and/or dealt exclusively in euro on the relevant Exchange or, where no Exchange is specified in the applicable Final Terms, the principal market on which those Shares are traded, then the Calculation Agent will adjust any of the terms of the Terms and Conditions and/or the applicable Final Terms as the Calculation Agent determines in its sole and absolute discretion to be appropriate to preserve the economic terms of the Securities. References in the FX Linked Conditions to “Security” and “Securities” shall be deemed to be references to “Note” and “Notes” or “W&C Security” and “W&C Securities” as the context admits.

2. **Definitions**

“**Averaging Cut-Off Date**” means, in respect of an Averaging Date, the fifth FX Business Day immediately following the original date on which the final Averaging Date was scheduled to fall, or, if earlier, the FX Business Day falling on or immediately preceding the second Business Day immediately preceding the date on which payment of any amount or delivery of any assets may have to be made pursuant to any calculation or determination made on such Averaging Date, provided that the Averaging Cut-Off Date shall not fall prior to the original date on which such final Averaging Date was scheduled to fall.

“**Averaging Date**” means each Averaging Date specified in the applicable Final Terms, or, if that is not an FX Business Day the first following day which is an FX Business Day, or, if earlier the Averaging Cut-Off Date (such day, the “**Scheduled Averaging Date**” corresponding to such Averaging Date). If an Averaging Date falls on the Averaging Cut-Off Date, then, subject to the applicable Final Terms, the next applicable Disruption Fallback specified as a consequence of an FX Market Disruption Event shall apply (as if an FX Market Disruption Event had occurred), or, if none is specified, Calculation Agent Determination shall be deemed to apply.

“**Base Currency**” means the currency specified as such in the applicable Final Terms.

“**Calculation Agent Determination**” means, in respect of a Currency Price and any relevant day, that such Currency Price for such relevant day (or a method for determining such Currency Price) will be determined by the Calculation Agent taking into consideration all available information that in good faith it deems relevant.

“**Currency Price**” means, in relation to each Security or Unit, as the case may be, the Currency Price specified in the applicable Final Terms, or if not so specified in the applicable Final Terms, in respect of each Subject Currency, an amount equal to the spot rate of exchange appearing on the FX Price Source at the Valuation Time on (a) if Averaging is not specified in the applicable Final Terms, the Valuation Date or (b) if Averaging is specified in the applicable Final Terms, an Averaging Date, for the exchange of such Subject Currency into the Base Currency (expressed as the number of units (or part units) of the Subject Currency for which one unit of the Base Currency can be exchanged).

“**Currency-Reference Dealers**” means, in respect of any relevant day, that the Calculation Agent will request each of the Reference Dealers to provide a quotation of its rate at which it will buy one unit of the Base Currency in units of the Subject Currency at the applicable Valuation Time on such relevant day. If, for any such rate, at least two quotations are provided, the relevant rate will be the arithmetic mean of the quotations. If fewer than two quotations are provided for any such rate, the relevant rate will be the arithmetic mean of the relevant rates quoted by major banks in the relevant market, selected by the Calculation Agent at or around the applicable Valuation Time on such relevant day.

“**Disruption Fallback**” means, in respect of a Currency Price, Calculation Agent Determination, Currency-Reference Dealers, EM Fallback Valuation Postponement, EM Valuation Postponement, Fallback Reference Price, Other Published Sources, Postponement and/or such other sources or methods specified as such or otherwise determined as an alternative basis for determining such Currency Price as may be provided in the applicable Final Terms. The applicable Disruption Fallback in respect of a Currency Price shall be as specified in the applicable Final Terms, and if two or more Disruption Fallbacks are specified, unless otherwise provided in the Final Terms, such Disruption Fallbacks shall apply in the order specified in the applicable Final Terms, such that if the Calculation Agent determines that the Currency Price cannot be determined by applying one Disruption Fallback, then the next Disruption Fallback specified shall apply.

“**Fallback Reference Price(s)**” means, in respect of a Currency Price, that the Currency Price for the relevant date will be the alternate price source(s) specified in the applicable Final Terms for such Currency Price, applied in the order specified in the applicable Final Terms.

“**FX Business Day**” means, in respect of a Currency Price, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits), or but for the occurrence of an FX Market Disruption Event in respect of such Currency Price would have settled payments and been open for general business, in each of the Specified Financial Centres for such Currency Price, as specified in the applicable Final Terms.

“**FX Disrupted Day**” means any FX Business Day on which a FX Market Disruption Event occurs.

“**FX Market Disruption Event**” means:

- (b) if the applicable Final Terms provides that the EM Currency Provisions shall apply to a Currency Price, in respect of such Currency Price, the occurrence or existence, as determined by the Calculation Agent in its sole and absolute discretion, of any FX Price Source Disruption, Price Materiality Event and/or, if specified as applicable in the Final Terms, any Inconvertibility Event and/or Non-Transferability Event and/or any other event specified as applicable in the applicable Final Terms.

“**FX Price Source(s)**” means, in respect of a Currency Price, the price source(s) specified in the applicable Final Terms for such Currency Price, or if the relevant rate is not published or announced by such FX Price Source at the relevant time, the successor or alternative price source or page/publication for the relevant rate as determined by the Calculation Agent in its sole and absolute discretion.

“**FX Price Source Disruption**” means it becomes impossible or otherwise impracticable to obtain and/or execute the relevant rate(s) required to calculate the Currency Price on the Averaging Date or Valuation Date or other relevant date, or, if different, the day on which rates for that Averaging Date or Valuation Date or other relevant date, as the case may be, would in the ordinary course be published or announced by the relevant FX Price Source.

“**FX Trading Suspension or Limitation**” means the suspension of and/or limitation of trading in the rate(s) required to calculate the relevant Currency Price in the Interbank Market provided that such suspension or limitation of trading is material in the opinion of the Calculation Agent.

“**Inconvertibility Event**” means the occurrence, as determined by the Calculation Agent in its sole and absolute discretion, of any action, event or circumstance whatsoever which, from a legal or practical perspective:

- (a) has the direct or indirect effect of hindering, limiting or restricting (i) the convertibility of the relevant Subject Currency into the Base Currency, or (ii) the transfer of the Subject Currency or the Base Currency to countries other than the countries for which the Subject Currency or the Base Currency, as the case may be, is the lawful currency (including without limitation, by way of any delays, increased costs or discriminatory rates of exchange or any current or future restrictions); and

- (b) results in the unavailability of any relevant Base Currency or Subject Currency in the interbank foreign exchange market in any Specified Financial Centre(s) in accordance with normal commercial practice.

“**Interbank Market**” means the over-the-counter foreign exchange spot market open continuously from and including 5.00 a.m., Sydney time, on a Monday in any week to and including 5.00 p.m., New York time, on the Friday of such week.

“**Other Published Sources**” means, in respect of any relevant day, that the Calculation Agent will determine the Currency Price on such relevant day on the basis of the exchange rate for one unit of the Base Currency in terms of the Subject Currency published by available recognised financial information vendors (as selected by the Calculation Agent) other than the applicable FX Price Source, at or around the applicable Valuation Time on such relevant day.

“**Postponement**” means, in respect of a Valuation Date or an Averaging Date, if such day (or, if applicable, if the original day on which such Valuation Date or an Averaging Date, as the case may be, is scheduled to fall (as specified in the applicable Final Terms) is postponed on account of such original day not being an FX Business Day, such postponed day) is an FX Disrupted Day, then:

- (a) where the FX Linked Securities relate to a single Currency Price, such Valuation Date or Averaging Date, as the case may be, shall be the first succeeding FX Business Day that is not an FX Disrupted Day, unless the Calculation Agent determines that each of the consecutive FX Business Days equal in number to the Maximum Days of Postponement immediately following such Scheduled Valuation Date or Scheduled Averaging Date, as the case may be, is an FX Disrupted Day. In that case, (i) that last consecutive FX Business Day shall be deemed to be the Valuation Date or the Averaging Date, as the case may be (notwithstanding the fact that such day may be an FX Disrupted Day) and (ii) the next applicable Disruption Fallback shall apply; or
- (b) where the FX Linked Securities relate to a Basket of Currency Prices, such Valuation Date or Averaging Date, as the case may be, for each Currency Price not affected by the occurrence of an FX Disrupted Day shall be the Scheduled Valuation Date or Scheduled Averaging Date, as the case may be, and the Valuation Date for each Currency Price affected (each an “**Affected Currency Price**”) by the occurrence of an FX Disrupted Day shall be the first succeeding FX Business Day that is not an FX Disrupted Day relating to the Affected Currency Price, unless the Calculation Agent determines that each of the consecutive FX Business Days equal in number to the Maximum Days of Postponement immediately following such Scheduled Valuation Date or Scheduled Averaging Date, as the case may be, is an FX Disrupted Day. In that case for each Affected Currency Price, (i) that last consecutive FX Business Day shall be deemed to be the Valuation Date or the Averaging Date, as the case may be (notwithstanding the fact that such day may be an FX Disrupted Day) and (ii) the next applicable Disruption Fallback shall apply.

“**Price Materiality Event**” means, in respect of a Currency Price and a Valuation Date, Averaging Date or other relevant date, that the FX Price Source differs from the Fallback Reference Price by at least the Price Materiality Percentage (and if both an FX Price Source Disruption and a Price Materiality Event occur or exist on any day, it shall be deemed that an FX Price Source Disruption and not a Price Materiality Event occurred or existed on such day).

“**Price Materiality Percentage**” means the percentage specified as such in the applicable Final Terms.

“**Reference Dealers**” means, in respect of each Subject Currency, four leading dealers in the relevant foreign exchange market, as determined by the Calculation Agent (or any other number of dealers as specified in the applicable Final Terms).

“**Specified Financial Centre(s)**” means the financial centre(s) specified in the applicable Final Terms.

“**Subject Currency**” means the currency specified as such in the applicable Final Terms.

“**Subject Currency Jurisdiction**” means the country for which the Subject Currency is the lawful currency.

“**Valuation Cut-Off Date**” means, in respect of a Valuation Date, the fifth FX Business Day immediately following the original date on which such Valuation Date was scheduled to fall, or, if earlier, the FX Business Day falling on or immediately preceding the second Business Day immediately preceding the date on which payment of any amount or delivery of any assets may have to be made pursuant to any calculation or determination made on such Valuation Date, provided that the Valuation Cut-Off Date shall not fall prior to the original date on which such Valuation Date was scheduled to fall.

“**Valuation Date**” means:

- (a) if the applicable Final Terms specifies that the EM Currency Provisions shall not apply to a Currency Price, each Valuation Date specified in the applicable Final Terms or if that is not an FX Business Day the first following day which is an FX Business Day, or, if earlier the Valuation Cut-Off Date (such day, the “**Scheduled Valuation Date**” corresponding to such Valuation Date). If a Valuation Date falls on the Valuation Cut-Off Date, then, subject to the applicable Final Terms, the first applicable Disruption Fallback specified as a consequence of an FX Market Disruption Event shall apply (as if an FX Market Disruption Event had occurred), or, if none is specified, Calculation Agent Determination shall be deemed to apply; or
- (b) if the applicable Final Terms specifies that the EM Currency Provisions shall apply to a Currency Price, each Valuation Date specified in the applicable Final Terms or, if such day is not an FX Business Day in respect of a Currency Price, the immediately preceding FX Business Day for such Currency Price, as determined by the Calculation Agent, provided that such Valuation Date shall be subject to adjustment in accordance with paragraph 3 (*Consequences of an FX Disrupted Day*) and paragraph 4 (*EM Currency Provisions: Unscheduled Holiday*) below.

“**Valuation Time**” means the Valuation Time specified in the applicable Final Terms.

3. **Consequences of an FX Disrupted Day**

If the Calculation Agent determines that any Valuation Date or Averaging Date is an FX Disrupted Day, then the Currency Price for such Valuation Date or Averaging Date will be determined in accordance with the terms of the first applicable Disruption Fallback. The applicable Final Terms may provide that one or more Disruption Fallbacks may apply to any Valuation Date or Averaging Date and that such applicable Disruption Fallbacks may apply concurrently or sequentially, in such manner as specified in the applicable Final Terms.

4. **EM Currency Provisions: Unscheduled Holiday**

(a) If the applicable Final Terms provides that the EM Currency Provisions shall apply to a Currency Price or Fallback Reference Price, as applicable, and any Valuation Date or Averaging Date, and that Unscheduled Holidays shall be applicable, then, if the Calculation Agent determines that the relevant Scheduled Valuation Date or Scheduled Averaging Date, as applicable (each, a “**Scheduled Reference Date**”) is an Unscheduled Holiday for such Currency Price or Fallback Reference Price, then the Valuation Date or Averaging Date shall be postponed to the first FX Business Day falling after the Scheduled Reference Date (the “**Adjusted Scheduled Reference Date**”), provided that if such first FX Business Day has not occurred on or before the last day of the Maximum Days of Deferral, then the next day after the Last Deferred Date that would have been an FX Business Day but for a Unscheduled Holiday shall be deemed to be the Adjusted Scheduled Reference Date.

(b) The following terms and expressions shall have the following meanings:

“**Last Deferred Day**” means, in respect of any postponement by a number of days equal to the Maximum Days of Deferral, the last day to which such day is postponed.

“**Maximum Days of Deferral**” means such number of calendar days (or other type of days) as specified in the applicable Final Terms.

“**Unscheduled Holiday**” means, in respect of a Currency Price or Fallback Reference Price, as applicable, a day that is not an FX Business Day and the market was not aware of such fact (by means of a public announcement or by reference to other publicly available information) until a time later than 9.00 a.m., local time in the Specified Financial Centre in respect of such Currency Price or Fallback Reference Price, two FX Business Days prior to such day.

5. **EM Currency Provisions: EM Valuation Postponement**

If the applicable Final Terms provides that the EM Currency Provisions shall apply to a Currency Price (which term shall include, where the Final Terms provides that the prior applicable Disruption Fallback is “Fallback Reference Price”, the Currency Price determined using the applicable Fallback Reference Price) and any Valuation Date or Averaging Date, and that EM Valuation Postponement shall be applicable, then, if the Calculation Agent determines that the relevant Scheduled Reference Date (if the Scheduled Reference Date is not an Unscheduled Holiday for the Currency Price) or the Adjusted Scheduled Reference Date (if the Scheduled Reference Date is an Unscheduled Holiday for the Currency Price) is an FX Disrupted Day, then such Valuation Date or Averaging Date shall be the first FX Business Day which is not an FX Disrupted Day unless an FX Market Disruption Event continues to exist (measured from such Scheduled Reference Date or Adjusted Scheduled Reference Rate, as applicable) for a consecutive number of calendar days equal to the Maximum Days of EM Valuation Postponement. In that case, the Currency Price will be determined on the next FX Business Day after the Maximum Days of EM Valuation Postponement in accordance with the next applicable Disruption Fallback as specified in the applicable Final Terms.

Where:

“**Maximum Days of EM Valuation Postponement**” means such number of calendar days (or other type of days) as specified in the applicable Final Terms.

6. **EM Currency Provisions: EM Fallback Valuation Postponement**

If the applicable Final Terms provides that the EM Currency Provisions shall apply and that EM Fallback Valuation Postponement shall be applicable and where the Final Terms provides that the prior applicable Disruption Fallback is “Fallback Reference Price”, if the Calculation Agent determines that the Currency Price (as determined by reference to the applicable Fallback Reference Price) is not available on (i) the first FX Business Day following the end of the Maximum Days of EM Valuation Postponement (where an FX Market Disruption Event has occurred or exists in respect of the Currency Price throughout the Maximum Days of EM Valuation Postponement) or (ii) on the Adjusted Scheduled Reference Date (where the Adjusted Scheduled Reference Date falls after the Last Deferred Day) then the Valuation Date or Averaging Date shall be the first succeeding FX Business Day which is not an FX Disrupted Day in respect of the Currency Price unless an FX Market Disruption Event continues to exist throughout the Fallback Maximum Period of Postponement. In that case, the Currency Price will be determined on the Last Fallback Postponement Date in accordance with the next applicable Disruption Fallback.

Where:

“**Fallback Maximum Period of Postponement**” means the period commencing on, and including:

- (a) if an FX Market Disruption Event has occurred or exists in respect of the Currency Price throughout the Maximum Days of EM Valuation Postponement, the first FX Business Day following the end of the Maximum Days of EM Valuation Postponement; or
- (b) if the Adjusted Scheduled Reference Date falls after the Last Deferred Day, the Adjusted Scheduled Reference Date,

and ending on, and including, the third (3rd) FX Business Day (or such other day as specified in the applicable Final Terms) following such date as specified in paragraphs (a) and (b) above, as applicable (such date, the “**Last Fallback Postponement Date**”).

7. EM Currency Provisions: Cumulative Events

If the applicable Final Terms provides that the EM Currency Provisions shall apply to a Currency Price and any Valuation Date or Averaging Date, and that Cumulative Events shall be applicable, then the total number of consecutive calendar days during which (a) such Valuation Date or Averaging Date is deferred due to an Unscheduled Holiday, (b) an EM Valuation Postponement shall occur in respect of such Valuation Date or Averaging Date, or (c) an EM Fallback Valuation Postponement shall occur in respect of such Valuation Date or Averaging Date (or any combination of (a), (b) and (c)), shall not exceed the Maximum Days of Cumulative Postponement in the aggregate. Accordingly, (i) if such Valuation Date or Averaging Date is postponed by the number of calendar days equal to the Maximum Days of Cumulative Postponement owing to an EM Valuation Postponement or EM Fallback Valuation Postponement (or both), and an Unscheduled Holiday shall have occurred or be continuing on the day following the relevant Last Postponed Day that otherwise would have been an FX Business Day, then such day shall be deemed to be such Valuation Date or Averaging Date and (ii) if such Valuation Date or Averaging Date is postponed by the number of calendar days equal to the Maximum Days of Cumulative Postponement owing to Unscheduled Holidays, and on the first day after the Last Postponed Day, an applicable FX Market Disruption Event shall have occurred or be continuing, then the Currency Price in respect of such Valuation Date or Averaging Date or other relevant date shall be determined in accordance with the next applicable Disruption Fallback.

Where:

“**Last Postponed Day**” means, in respect of any postponement by a number of days equal to the Maximum Days of Cumulative Postponement, the last day to which such day is postponed; and

“**Maximum Days of Cumulative Postponement**” means 14 calendar days or such other number of calendar days (or other type of days) as specified in the applicable Final Terms.

8. Corrections to Published and Displayed Rates

- (a) In any case where a Currency Price is based on information obtained from the Reuters Monitor Money Rates Service, or any other financial information service, the Currency Price will be subject to the corrections, if any, to that information subsequently displayed by that source within one hour of the time when such rate is first displayed by such source, unless the Calculation Agent determines in its sole and absolute discretion that it is not practicable to take into account such correction.
- (b) Notwithstanding FX Linked Condition 6(a), in any case where the Currency Price is based on information published or announced by any governmental authority in a relevant country, the Currency Price will be subject to the corrections, if any, to that information subsequently published or announced by that source within five calendar days of the relevant date, unless the Calculation Agent determines in its sole and absolute discretion that it is not practicable to take into account such correction.

9. Successor Currency

Where the applicable Final Terms specifies that “Successor Currency” is applicable in respect of a Currency Price, then:

- (a) each Subject Currency and Base Currency will be deemed to include any lawful successor currency to the Subject Currency or Base Currency (the “**Successor Currency**”);
- (b) if the Calculation Agent determines that on or after the Issue Date (or such other date as specified in the applicable Final Terms) but on or before any relevant date under the Securities on which an amount may be payable, a country has lawfully eliminated, converted, redenominated or exchanged its currency in effect on the Issue Date or any Successor Currency, as the case may be (the “**Original Currency**”) for a Successor Currency, then for the purposes of calculating any amounts of the Original Currency or effecting settlement thereof, any Original Currency amounts will be converted to the Successor Currency by multiplying the amount of Original Currency by a ratio of Successor Currency to Original Currency, which ratio will be calculated on the basis of the exchange rate set forth by the relevant country of the Original Currency for converting the Original Currency into the Successor Currency on the date on which the elimination, conversion, redenomination or exchange took place, as determined by the Calculation Agent. If there is more than one such date, the date closest to

such relevant date will be selected (or such other date as may be selected by the Calculation Agent in its sole and absolute discretion);

- (c) notwithstanding paragraph (b) above but subject to paragraph (d) below, the Calculation Agent may (to the extent permitted by the applicable law), in good faith and in its sole and absolute discretion, select such other exchange rate or other basis for the conversion of an amount of the Original Currency to the Successor Currency and, will make such adjustment(s) that it determines to be appropriate, if any, to any variable, calculation methodology, valuation, settlement, payment terms or any other terms in respect of the Securities to account for such elimination, conversion, redenomination or exchange of the Subject Currency or Base Currency, as the case may be; and
- (d) notwithstanding the foregoing provisions, with respect to any Subject Currency or Base Currency that is substituted or replaced by the Euro, the consequences of such substitution or replacement will be determined in accordance with applicable law.

10. **Rebasing of Securities**

If the applicable Final Terms specifies that “Rebasing” is applicable, then if, on or prior to any Valuation Date or Averaging Date or any other relevant date, the Calculation Agent is unable to obtain a value for a Subject Currency (because the Subject Currency and/or Base Currency ceases to exist, or for any other reason other than a temporary disruption, as determined by the Calculation Agent), the Calculation Agent may rebase the Securities against another foreign exchange rate determined by the Calculation Agent, in its sole and absolute discretion, to be a comparable foreign exchange rate. If the Calculation Agent determines in its sole and absolute discretion that there is not such a comparable foreign exchange rate, the Issuer may elect to redeem or settle the Securities by notice to Holders on the date specified in the notice at the Early Payment Amount of each Security.

11. **Consequences of an Additional Disruption Event**

If the applicable Final Terms specifies that Additional Disruption Events shall be applicable, then:

- (a) following the determination by the Calculation Agent that an Additional Disruption Event has occurred, the Issuer in its sole and absolute discretion may take the action described in (i) or (ii) below:
 - (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of the Terms and Conditions and/or the applicable Final Terms to account for the Additional Disruption Event and determine the effective date of that adjustment; or
 - (ii) (A) in the case of Notes, give notice to Holders in accordance with Note Condition 13 and redeem all, but not less than all, of the Notes, each nominal amount of Notes equal to the Calculation Amount being redeemed at the Early Redemption Amount; or
 - (B) in the case of W&C Securities, give notice to the Holders in accordance with W&C Securities Condition 10 and cancel the W&C Securities. If the W&C Securities are so cancelled the Issuer will pay an amount to each Holder in respect of each W&C Security or Unit, as the case may be, held by him which amount shall be the fair market value of a W&C Security or a Unit, as the case may be, taking into account the Additional Disruption Event less the cost to the Issuer and/or any of its Affiliates or agents of unwinding any underlying related hedging arrangements (including any cost of funding in respect of such hedging arrangements) plus, in the case of Warrants, if already paid, the Exercise Price, all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Holders in accordance with W&C Securities Condition 10;
- (b) upon the occurrence of an Additional Disruption Event, the Issuer shall give notice as soon as practicable to the Holders in accordance with Note Condition 13 or W&C Securities Condition 10, as applicable, stating the occurrence of the Additional Disruption Event giving details thereof and the action proposed to be taken in relation thereto provided that any

failure to give, or non-receipt of, such notice will not affect the validity of the Additional Disruption Event; and

(c) the following terms and expressions shall have the following meanings:

“Additional Disruption Event” means any of a Change in Law, a Hedging Disruption and/or an Increased Cost of Hedging.

“Change in Law” means that, on or after the Issue Date (or such other date as specified in the applicable Final Terms) of the Securities (a) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (b) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Calculation Agent determines in good faith that (x) it has become illegal to hold, acquire or dispose of any relevant currency or asset, or (y) the Issuer or any affiliate(s) of the Issuer or any entity (or entities) acting on behalf of the Issuer engaged in any underlying or hedging transactions in respect of the Issuer’s obligations under the Securities will incur a materially increased cost in performing its obligations in relation to the Securities (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position).

“Hedging Disruption” means that the Issuer or any entity (or entities) acting on behalf of the Issuer engaged in any underlying or hedging transactions in respect of the Issuer’s obligations in relation to the Securities is unable, after using commercially reasonable efforts, to (a) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the currency or other price risk of the Issuer issuing and performing its obligations with respect to or in connection with the relevant Securities, or (b) realise, recover or remit the proceeds of any such transaction(s) or asset(s).

“Increased Cost of Hedging” means that the Issuer and/or any of its Affiliates or agents would incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the currency or other price risk of the Issuer issuing and performing its obligations with respect to the relevant Securities, or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer and/or any of its Affiliates or agents shall not be deemed an Increased Cost of Hedging.

For these purposes:

- (a) a suspension of the trading in the Futures Contract or the Commodity on any Commodity Business Day shall be deemed to be material only if:
 - (i) all trading in the Futures Contract or the Commodity is suspended for the entire Pricing Date; or
 - (ii) all trading in the Futures Contract or the Commodity is suspended subsequent to the opening of trading on the Pricing Date, trading does not recommence prior to the regularly scheduled close of trading in such Futures Contract or such Commodity on such Pricing Date and such suspension is announced less than one hour preceding its commencement; and
- (b) a limitation of trading in the Futures Contract or the Commodity on any Commodity Business Day shall be deemed to be material only if the relevant Exchange establishes limits on the range within which the price of the Futures Contract or the Commodity may fluctuate and the closing or settlement price of the Futures Contract or the Commodity on such day is at the upper or lower limit of that range.

3. Terms relating to Calculation of Prices

(a) Common Pricing

If the relevant Final Terms provides that Commodity Linked Condition 3(a) is applicable, and, with respect to Commodity Linked Securities relating to a Basket of Commodities, if “Common Pricing” is specified in the applicable Final Terms as:

- (i) “Applicable” then, no date will be a Pricing Date unless such date is a day on which all referenced Commodity Reference Prices (for which such date would otherwise be a Pricing Date) are scheduled to be published or announced, as determined on the Trade Date of the Securities as of the Issue Date;
- (ii) “Not Applicable” then, if the Calculation Agent determines that a Market Disruption Event has occurred or exists on the Pricing Date in respect of any Relevant Commodity and/or Commodity Index (each an “**Affected Commodity**”), the Relevant Price of each Commodity and/or Commodity Index within the basket which is not affected by the occurrence of a Market Disruption Event shall be determined on its scheduled Pricing Date and the Relevant Price for each Affected Commodity shall be determined in accordance with the first applicable Disruption Fallback that provides a Relevant Price.

All determinations made by the Calculation Agent pursuant to this condition will be conclusive and binding on the Holders, the Issuer and the Guarantor, except in the case of manifest error.

If the relevant Final Terms provides that Commodity Linked Condition 3(a) is not applicable, then Commodity Linked Condition 3(a) shall not apply to the relevant Commodity Linked Securities.

(b) Correction to Published Prices

For purposes of determining or calculating the Relevant Price (or any price or value published or announced on any date which is utilised for any calculation or determination in connection with the Commodity Linked Securities), if the price published or announced on a given day and used or to be used by the Calculation Agent to determine a Relevant Price (or any price or value published or announced on any date which is utilised for any calculation or determination in connection with the Commodity Linked Securities) is subsequently corrected and the correction is published or announced by the person responsible for that publication or announcement within 30 calendar days after the original publication or announcement (or, if earlier the day falling two Business Days preceding the date on which payment of any amount or delivery of any assets may have to be made, in each case calculated by reference to such Relevant Price (or any price or value published or announced on any date which is utilised for any calculation or determination in connection with the Commodity Linked Securities)), the Calculation Agent may, in its sole discretion, use such corrected price in such calculation.

4. Market Disruption and Disruption Fallback

If, in the opinion of the Calculation Agent, a Market Disruption Event (as defined below) has occurred and is continuing on any Pricing Date (or, if different, the day on which the price for that Pricing Date would, in the ordinary course, be published by the Price Source), the Relevant Price for that Pricing Date will be determined by the Calculation Agent, in accordance with the first applicable Disruption Fallback (as set out below) that provides a Relevant Price:

(a) Market Disruption Event

“**Market Disruption Event**” means the occurrence of any of the following events:

- (i) with respect to all Commodities:
 - (A) Price Source Disruption;
 - (B) Commodity Trading Disruption;
 - (C) Disappearance of Commodity Reference Price; and
- (ii) with respect to all Commodities other than gold, silver, platinum or palladium:
 - (A) Material Change in Formula;

- (B) Material Change in Content; and
 - (C) any additional Market Disruption Events as specified in the applicable Final Terms; and
- (iii) with respect to a Commodity Index:
- (A) a temporary or permanent failure by the applicable exchange or other price source to announce or publish (x) the Commodity Reference Price (provided that the Calculation Agent may, in its sole and absolute discretion, determine that such failure (i) shall not be a Market Disruption Event and shall instead be dealt with under paragraph (i) of the proviso to the definition of Price Source specified in Commodity Linked Condition 2 (Definitions), or (ii) shall instead amount to an Index Adjustment Event in respect of such Commodity Index, and proceed in accordance with Commodity Linked Condition 5 (Adjustments to a Commodity Index)) or (y) the closing price for any futures contract included in the Commodity Index;
 - (B) a material limitation, suspension or disruption of trading in one or more of the futures contracts included in the Commodity Index which results in a failure by the exchange on which each applicable futures contract is traded to report a closing price for such contract on the day on which such event occurs or any succeeding day on which it continues; or
 - (C) the closing price for any futures contract included in the Commodity Index is a “limit price”, which means that the closing price for such contract for a day has increased or decreased from the previous day’s closing price by the maximum amount permitted under applicable exchange rules.

(iv) Disruption Fallback

“**Disruption Fallback**” means a source or method that may give rise to an alternative basis for determining the Relevant Price in respect of a specified Commodity Reference Price when a Market Disruption Event occurs or exists on a day that is a Pricing Date in respect of the relevant Security. A Disruption Fallback is applicable if it is specified in the applicable Final Terms or, if no Disruption Fallback is specified in the applicable Final Terms, shall mean:

- (A) with respect to a relevant Commodity (in the following order):
 - I. Fallback Reference Price (if applicable);
 - II. Delayed Publication or Announcement and Postponement (each to operate concurrently with the other and each subject to a period of two consecutive Commodity Business Days (measured from and including the original day that would otherwise have been the Pricing Date (or, if applicable, measured from and including the day that is the original date that would otherwise have been the Pricing Date, following the adjustment specified in the applicable Final Terms on account of such original date not being a Commodity Business Day)), or, if shorter, the period commencing on, and including, the original day that would otherwise have been the Pricing Date and ending on, and including, the Commodity Cut-Off Date) provided, however, that the price determined by Postponement shall be the Relevant Price only if Delayed Publication or Announcement does not yield a Relevant Price within those two consecutive Commodity Business Days (or, if applicable, the number of Commodity Business Days (if any) falling within the period ending on the Commodity Cut-Off Date); and
 - III. Calculation Agent Determination;
- (B) with respect to a Commodity Index the Calculation Agent shall determine the Relevant Price:
 - (a) using:
 - (i) with respect to each futures contract included in the Commodity Index which is not affected by the Market Disruption Event, the closing prices of each such contract on the applicable determination date;

- (ii) with respect to each futures contract included in the Commodity Index which is affected by the Market Disruption Event, but for which a Market Disruption Event ceased to exist on or prior to the Commodity Index Cut-Off Date, the closing prices of each such contract on the first day following the applicable determination date on which no Market Disruption Event is occurring with respect to such contract; and
 - (iii) with respect to each futures contract included in the Commodity Index which is affected by the Market Disruption Event, where a Market Disruption Event continues to exist as of the Commodity Index Cut-Off Date, the Calculation Agent's good faith estimate of the closing price of each such contract on the Commodity Index Cut-Off Date;
- (b) as specified in the applicable Final Terms.

Subject as provided below, the Calculation Agent shall determine the Relevant Price by reference to the closing prices determined in (a)(i), (a)(ii) and (a)(iii) above or as provided in (b) above using the then current method for calculating the Commodity Reference Price.

Where (i) the original date that would otherwise have been the Pricing Date is adjusted on account of such original date not being a Commodity Business Day, and the Pricing Date would fall on or after the Commodity Index Cut-Off Date following such adjustment, or (ii) a Market Disruption Event with respect to one or more futures contracts included in the Commodity Index has occurred on an applicable determination date and continues to exist as of the relevant Commodity Index Cut-Off Date for such applicable determination date, the Calculation Agent shall determine the Relevant Price on such Commodity Index Cut-Off Date. In calculating the Relevant Price as set out herein, the Calculation Agent shall use the formula for calculating the Commodity Reference Price last in effect prior to the Market Disruption Event (if applicable).

5. Adjustments to a Commodity Index

(a) Successor Index Sponsor Calculates and Reports a Commodity Index

If a relevant Commodity Index is (i) not calculated and announced by the Index Sponsor but is calculated and announced by a successor sponsor (the "**Successor Index Sponsor**") acceptable to the Issuer, or (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Commodity Index, then in each case that index (the "**Successor Index**") will be deemed to be the Commodity Index.

(b) Modification and Cessation of Calculation of a Commodity Index

If on or prior to a Pricing Date (i) the relevant Index Sponsor makes a material change in the formula for or the method of calculating a relevant Commodity Index or in any other way materially modifies that Commodity Index (other than a modification prescribed in that formula or method to maintain that Commodity Index in the event of changes in constituent commodities and weightings and other routine events), or (ii) the Index Sponsor permanently cancels a relevant Commodity Index or (iii) the Index Sponsor fails to calculate and announce a relevant Commodity Index and there is no Successor Index Sponsor or Successor Index then the Calculation Agent may at its option (in the case of (i)) and shall (in the case of (ii) and (iii)) (such events (i) (ii) and (iii) to be collectively referred to as "**Index Adjustment Events**") (provided that the Calculation Agent may, in its sole and absolute discretion, determine that event (iii) (y) shall not be an Index Adjustment Event and shall instead be dealt with under paragraph (i) of the proviso to the definition of Price Source specified in Commodity Linked Condition 2 (Definitions), or (z) shall instead amount to a Market Disruption Event in respect of such Commodity Index, and proceed in accordance with Commodity Linked Condition 4 (Market Disruption and Disruption Fallback)) calculate the Commodity Reference Price using in lieu of the published level for that Commodity Index, the level for that Commodity Index as at the relevant determination date as determined by the Calculation Agent in accordance with the formula for and method of calculating that Commodity Index last in

effect prior to the relevant Index Adjustment Event, but using only those futures contracts that comprised that Commodity Index immediately prior to the relevant Index Adjustment Event (other than those futures contracts that have ceased to be listed on any relevant exchange).

6. **Consequences of an Additional Disruption Event in respect of a Commodity Index**

(a) Following the determination by the Calculation Agent that an Additional Disruption Event has occurred in respect of a Commodity Index, the Issuer in its sole and absolute discretion may take the action described in (i) or (ii) below:

(i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of the Terms and Conditions and/or the applicable Final Terms to account for the Additional Disruption Event and determine the effective date of that adjustment; or

(ii) (A) in the case of Notes, give notice to Holders in accordance with Note Condition 13 and redeem all, but not less than all, of the Notes, each nominal amount of Notes equal to the Calculation Amount being redeemed at the Early Redemption Amount; or

(B) in the case of W&C Securities, give notice to the Holders in accordance with W&C Securities Condition 10 and cancel the W&C Securities. If the W&C Securities are so cancelled the Issuer will pay an amount to each Holder in respect of each W&C Security or Unit, as the case may be, held by him which amount shall be the fair market value of a W&C Security or a Unit, as the case may be, taking into account the Additional Disruption Event less the cost to the Issuer and/or any of its Affiliates or agents of unwinding any underlying related hedging arrangements (including any cost of funding in respect of such hedging arrangements) plus, in the case of Warrants, if already paid, the Exercise Price, all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Holders in accordance with W&C Securities Condition 10.

(b) Upon the occurrence of an Additional Disruption Event, the Issuer shall give notice as soon as practicable to the Holders in accordance with Note Condition 13 or W&C Securities Condition 10, as applicable, stating the occurrence of the Additional Disruption Event giving details thereof and the action proposed to be taken in relation thereto provided that any failure to give, or non-receipt of, such notice will not affect the validity of the Additional Disruption Event.

(c) The following terms and expressions shall have the following meanings:

“**Additional Disruption Event**” means any of a Change in Law, a Hedging Disruption, and/or an Increased Cost of Hedging (together the “**Additional Disruption Events**”).

“**Change in Law**” means that, on or after the Trade Date (i) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (ii) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Calculation Agent determines in good faith that (A) it has become illegal to hold, acquire or dispose of any relevant currency or asset, or (B) the Issuer or any affiliate(s) of the Issuer or any entity (or entities) acting on behalf of the Issuer engaged in any underlying or hedging transactions in respect of the Issuer’s obligations under the Securities will incur a materially increased cost in performing its obligations in relation to the Securities (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position).

“**Hedging Disruption**” means that the Issuer or any entity (or entities) acting on behalf of the Issuer engaged in any underlying or hedging transactions in respect of the Issuer’s obligations in relation to the Securities is unable, after using commercially reasonable efforts, to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the commodity or other price risk of the Issuer issuing

and performing its obligations with respect to or in connection with the relevant Securities, or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s).

“**Increased Cost of Hedging**” means that the Issuer and/or any of its Affiliates or agents acting on its behalf would incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the commodity or other price risk of the Issuer issuing and performing its obligations with respect to the Securities, or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer and/or any of its Affiliates or agents shall not be deemed an Increased Cost of Hedging.

 - (b) determining that, in the sole and absolute discretion of the Calculation Agent, one or more Fund Events may continue until or after any scheduled determination dates and/or payment dates as set out in the applicable Final Terms, and thereafter determining to fix any determination date (including any Valuation or Averaging Date) and/or date on which payment should be made, and making payment on such date of such amount as is appropriate, as determined in the sole and absolute discretion of the Calculation Agent, taking into account the Fund Event, and which may be based solely on any amounts of cash that a Hypothetical Investor in the Fund actually received from the Fund during the relevant period or periods (and which may be less than any relevant net asset value published for the Fund, and may be as low as zero);
 - (c) calculating the value of a Fund Interest and/or replacing a Fund Interest (the “**Affected Fund Interest**”) with a replacement fund interest (the “**Replacement Fund Interest**”) with a value as determined by the Calculation Agent equal to the Removal Value for the Affected Fund Interest and in a fund which in the determination of the Calculation Agent has similar characteristics, investment objectives and policies to those applicable to the Fund in respect of the Affected Fund Interest immediately prior to the occurrence of the Fund Event; or

If any such day is a Disrupted Day:

- (a) if “**Omission**” is specified as applying in the applicable Final Terms, then such date will be deemed not to be an Averaging Date for the purposes of determining the relevant price; provided that, if through the operation of this provision there would not be an Averaging Date, then the provisions of the definition of “Valuation Date” will apply for purposes of determining the relevant level or price on the final Averaging Date, as if such final Averaging Date were a Valuation Date that was a Disrupted Day; or
- (b) if “**Postponement**” is specified as applying in the applicable Final Terms, then the provisions of the definition of “Valuation Date” will apply for the purposes of determining the relevant price on that Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date; or

 - (i) where the Fund Linked Securities relate to a single Fund, the Averaging Date shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the Valuation Time on the Averaging Cut-Off Date or if such Averaging Date falls on the Averaging Cut-Off Date owing to the original date on which it was scheduled to fall not being a Scheduled Trading Day for the Fund, then (A) the Averaging Cut-Off Date shall be deemed to be the Averaging Date (irrespective of whether the Averaging Cut-Off Date is already an Averaging Date), and (B) the Calculation Agent shall determine the relevant price for that Averaging Date in accordance with sub-paragraph (a)(ii) of the definition of “Valuation Date” below;
 - (ii) where the Fund Linked Securities relate to a Basket of Funds and the applicable Final Terms provides that “Common Scheduled Trading Days” shall not be applicable, the Averaging Date for each Fund Share not affected by the occurrence of a Disrupted Day shall be the originally designated Averaging Date (following adjustment of such date owing to the original date not being a Scheduled Trading Day, if applicable) (the “**Scheduled Averaging Date**”) and the Averaging Date for a Fund Share affected by the occurrence of a Disrupted Day shall be the first succeeding Valid Date in relation to such Fund Share. If the first succeeding Valid Date in relation to such Fund Share has not occurred as of the Valuation Time on the Averaging Cut-Off Date or if such Averaging Date falls on the Averaging Cut-Off Date owing to the original date on which it was scheduled to fall not being a Scheduled Trading Day for such Fund Share, then (A) the Averaging Cut-Off Date shall be deemed to be the Averaging Date (irrespective of whether the Averaging Cut-Off Date is already an Averaging Date) in relation to such Fund Share, and (B) the Calculation Agent shall determine the relevant price for that Averaging Date in accordance with sub-paragraph (b)(ii) of the definition of “Valuation Date” below;

If the first succeeding Valid Date in relation to such Fund Share has not occurred as of the Valuation Time on the Averaging Cut-Off Date or if such Averaging Date falls on the Averaging Cut-Off Date owing to the original date on which it was scheduled to fall not being a Common Scheduled Trading Day, then (A) the Averaging Cut-Off Date shall be deemed to be the Averaging Date (irrespective of whether the Averaging Cut-Off Date is already an Averaging Date) in relation to such Fund Share, and (B) the Calculation Agent shall determine the relevant price for that Averaging Date in accordance with sub-paragraph (c)(ii) of the definition of “Valuation Date” below; or
- (iv) where the Fund Linked Securities relate to a Basket of Funds and the applicable Final Terms provides that “Common Scheduled Trading Days” and “Common Disrupted Days” shall be applicable, the Averaging Date for each Fund Share shall be the first succeeding Common Valid Date in relation to such Fund Share. If the first succeeding Common Valid Date has not occurred as of the Valuation Time on the Averaging Cut-Off Date or if such Averaging Date falls on the Averaging Cut-Off Date owing to the original date on which it was scheduled to fall not being a Common Scheduled Trading Day, then (A) the Averaging Cut-Off Date shall be deemed to be the Averaging Date (irrespective of whether the Averaging Cut-Off Date is already an Averaging Date), and (B) the Calculation Agent shall determine the relevant level or price for that Averaging Date in accordance with sub-paragraph (d)(ii) of the definition of “Valuation Date” below,

In that case, or if such Observation Date falls on the Observation Cut-Off Date owing to the original date on which it was scheduled to fall not being a Common Scheduled Trading Day for such Fund Share, (i) the Observation Cut-Off Date shall be deemed to be that Observation Date for such Fund Share (notwithstanding the fact that such day may be a Disrupted Day for a Fund Share or not a Common Scheduled Trading Day) and (ii) the Calculation Agent shall determine the relevant price using, in relation to such Fund Share, a price determined in the manner set out in the applicable Final Terms or, if not set out or if not practicable, using its good faith estimate of the price for such Fund Share as of the Valuation Time on the Observation Cut-Off Date, and otherwise in accordance with the above provisions; or

- (a) where the Fund Linked Securities relate to a single Fund, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the Scheduled Trading Days up to and including the Valuation Cut-Off Date is a Disrupted Day. In that case, or if such Valuation Date falls on the Valuation Cut-Off Date owing to the original date on which it was scheduled to fall not being a Scheduled Trading Day for such Fund Share, (i) the Valuation Cut-Off Date shall be deemed to be the Valuation Date (notwithstanding the fact that such day may be a Disrupted Day) and (ii) the Calculation Agent shall determine the relevant price in the manner set out in the applicable Final Terms or, if not set out or if not practicable, determine the relevant price in accordance with its good faith estimate of the relevant price as of the Valuation Time on the Valuation Cut-Off Date; or

In that case, or if such Valuation Date falls on the Valuation Cut-Off Date owing to the original date on which it was scheduled to fall not being a Scheduled Trading Day for such Fund Share, (i) the Valuation Cut-Off Date shall be deemed to be the Valuation Date for such Fund Share (notwithstanding the fact that such day may be a Disrupted Day) and (ii) the Calculation Agent shall determine the relevant price using, in relation to such Fund Share, a price determined in the manner set out in the applicable Final Terms or, if not set out or if not practicable, using its good faith estimate of the price for the Affected Fund Share as of the Valuation Time on the Valuation Cut-Off Date, and otherwise in accordance with the above provisions;
- (c) where the Fund Linked Securities relate to a Basket of Funds and the applicable Final Terms provides that “Common Scheduled Trading Days” and “Individual Disrupted Days” shall be applicable, the Valuation Date for each Fund Share not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date (or if the Scheduled Valuation Date is not a Common Scheduled Trading Day, the immediately following Common Scheduled Trading Day, or in either case, if earlier, the Valuation Cut-Off Date) and the Valuation Date for each Fund Share affected (each an “**Affected Fund Share**”) by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Fund Share, unless each of the Scheduled Trading Days immediately following the Scheduled Valuation Date (or if the Scheduled Valuation Date is not a Common Scheduled Trading Day, the immediately following Common Scheduled Trading Day) up to and including the Valuation Cut-Off Date is a Disrupted Day relating to the Affected Fund Share. good faith estimate of the price for such Fund Share as of the Valuation Time on the Valuation Cut-Off Date, and otherwise in accordance with the above provisions; or

- (d) where the Fund Linked Securities relate to a Basket of Funds and the applicable Final Terms provides that “Common Scheduled Trading Days” and “Common Disrupted Days” shall be applicable, the Valuation Date shall be the first succeeding Common Scheduled Trading Day that is not a Disrupted Day for any Fund Share, unless each of the Common Scheduled Trading Days immediately following the Scheduled Valuation Date up to and including the Valuation Cut-Off Date is a Disrupted Day for one or more Fund Shares. In that case, or if the Valuation Date falls on the Valuation Cut-Off Date owing to the original date on which it was scheduled to fall not being a Common Scheduled Trading Day, (i) the Valuation Cut-Off Date shall be deemed to be the Valuation Date (notwithstanding the fact that such day may be a Disrupted Day for a Fund Share or not a Common Scheduled Trading Day) and (ii) the Calculation Agent shall determine the relevant price using, in relation to each Fund Share for which the Valuation Cut-Off Date is a Disrupted Day or is not a Common Scheduled Trading Day, a price determined in the manner set out in the applicable Final Terms or, if not set out or if not practicable, using its good faith estimate of the price for such Fund Share as of the Valuation Time on the Valuation Cut-Off Date, and otherwise in accordance with the above provisions.

“**Valuation Time**” means the Valuation Time specified in the applicable Final Terms or, if no Valuation Time is specified, the Scheduled Closing Time on the relevant Exchange on the relevant Valuation Date in relation to each Fund Share to be valued. If the relevant Exchange closes prior to its Scheduled Closing Time and the specified Valuation Time is after the actual closing time for its regular trading session, then the Valuation Time shall be such actual closing time.

8. **Barrier Event**

- (a) A “**Barrier Event (intraday)**” means (and a Barrier Event (intraday) shall be deemed to occur if), in respect of a Fund Share, the Calculation Agent determines that the Fund Share Price of such Fund Share as of the Barrier Event Valuation Time (intraday) on any Barrier Event Determination Day is less than or equal to the corresponding Barrier Level for such Fund Share and such Barrier Event Determination Day.

For the purpose of determining whether a Barrier Event (intraday) has occurred on any day, the definition of Market Disruption Event specified in Fund Linked Condition 9 shall be amended such that (i) all references to “during the one hour period that ends at the relevant Valuation Time” shall be deleted, and (ii) in sub-paragraph (b) each reference to “Valuation Time” and “Scheduled Closing Time” shall be construed as a reference to “Barrier Event Valuation Time (intraday)”.

- (b) A “**Barrier Event (closing)**” means (and a Barrier Event (closing) shall be deemed to occur if), in respect of a Fund Share, the Calculation Agent determines that the Fund Share Closing Price of any Fund Share as of the Barrier Event Valuation Time (closing) on any Barrier Event Determination Day is less than or equal to the corresponding Barrier Level for such Fund Share and such Barrier Event Determination Day.

9. **Market Disruption**

“**Market Disruption Event**” means, in respect of a Fund Share:

- (a) the occurrence or existence at any time during the one hour period that ends at the relevant Valuation Time:

 - (ii) effect transactions in, or obtain market values for securities that comprise 20 per cent. or more of the level of the relevant Underlying Index, or
 - (iii) to effect transactions in, or obtain market values for, futures or options contracts relating to such Fund Shares or the relevant Underlying Index on any relevant Related Exchange; or
- (b) the closure on any Exchange Business Day of any relevant Exchange(s) or any Related Exchange(s) prior to its Scheduled Closing Time unless such earlier closing time is announced by such Exchange(s) or such Related Exchange(s), as the case may be, at least one hour prior to (A) the actual closing time for the regular trading session on such Exchange(s) or such Related Exchange on such Exchange Business Day or, if earlier, (B) the submission deadline for orders to be entered into such Exchange or Related Exchange system for execution at the Valuation Time on such Exchange Business Day,

which in any such case the Calculation Agent determines is material.

For the purpose of determining whether a Market Disruption Event exists in respect of a Fund Share at any time, if an event giving rise to a Market Disruption Event occurs in respect of a security included in the relevant Underlying Index at that time, then the relevant percentage contribution of that security, to the level of the relevant Underlying Index shall be based on a comparison of (i) the portion of the level of the relevant Underlying Index attributable to that security, and the overall level of the relevant Underlying Index immediately before the occurrence of such Market Disruption Event.

The Issuer shall give notice as soon as practicable to the Holders in accordance with Note Condition 13 in the case of Notes, or W&C Securities Condition 10 in the case of W&C Securities of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day, would have been a Valuation Date provided that any failure to give, or non-receipt of, such notice will not affect the validity of any such Disrupted Day.

10. **Potential Adjustment Event**

“**Potential Adjustment Event**” means any of the following:

- (i) a subdivision, consolidation or reclassification of relevant Fund Shares (unless resulting in a Merger Event or Tender Offer), or a free distribution or dividend of any such Fund Shares to existing holders by way of bonus, capitalisation or similar issue;

- (iv) a call by the ETF in respect of relevant Fund Shares that are not fully paid;
- (v) a repurchase by the ETF or any of its subsidiaries of relevant Fund Shares, whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise;
- (vi) in respect of an ETF, an event that results in any shareholder rights being distributed or becoming separated from Fund Shares of common stock or other shares of the capital stock of the ETF pursuant to a shareholder rights plan or arrangement directed against hostile takeovers that provides upon the occurrence of certain events for a distribution of preferred stock, warrants, debt instruments or stock rights at a price below their market value, as determined by the Calculation Agent, provided that any adjustment effected as a result of such an event shall be readjusted upon any redemption of such rights; or

- (vii) any other event that may have a diluting or concentrative effect on the theoretical value of the relevant Fund Shares.

Following a Potential Adjustment Event, the Calculation Agent will, in its sole and absolute discretion, determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the relevant Fund Shares and, if so, will (a) make the corresponding adjustment(s), if any, to any one or more of the terms of the Terms and Conditions of the Securities and/or the applicable Final Terms as the Calculation Agent determines appropriate to account for that diluting or concentrative effect and (b) determine the effective date(s) of that adjustment(s). The Calculation Agent may, but need not, determine the appropriate adjustment(s) by reference to the adjustment(s) in respect of such Potential Adjustment Event made by an options exchange to options on the relevant Fund Shares traded on such options exchange.

Upon the making of any such adjustment, the Calculation Agent shall as soon as is reasonably practicable under the circumstances give notice to the Holders in accordance with Note Condition 13 in the case of Notes or W&C Securities Condition 10 in the case of W&C Securities, as applicable, stating the adjustment made and giving brief details of the Potential Adjustment Event, provided that any failure to give, or non-receipt of, such notice will not affect the validity of any such adjustment.

11. **De-Listing, Insolvency, Material Underlying Event, Merger Date, Merger Event, Nationalisation, Tender Offer**

“**De-Listing**” means, in respect of a Fund Share, that the relevant Exchange announces that pursuant to the rules of such Exchange, such Fund Share ceases (or will cease) to be listed, traded or publicly quoted on such Exchange for any reason (other than a Merger Event or Tender Offer) and are not immediately re-listed, re-traded or re-quoted on an exchange or quotation system located in the same country as the Exchange (or, where the Exchange is within the European Union, in a member state of the European Union).

“**Insolvency**” means that by reason of the voluntary or involuntary liquidation, bankruptcy, insolvency, dissolution or winding-up of or any analogous proceeding affecting an ETF, (A) all the Fund Shares of that ETF are required to be transferred to a trustee, liquidator or other similar official or (B) holders of the Fund Shares of that ETF become legally prohibited from transferring them.

- (iii) there is a change in any relevant jurisdiction in respect of any payments made by the ETF in respect of any Fund Share as a result of which the amounts paid or to be paid by the Issuer in connection with hedging arrangements relating to the Securities are materially reduced or otherwise adversely affected; and/or
- (iv) any other event occurs in relation to the ETF and/or the Fund Shares which is materially prejudicial to the Issuer in connection with the issue of the Securities or any hedging arrangements relating to the Securities,

as determined by the Calculation Agent.

other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Fund Shares of the relevant ETF that results in a transfer of or an irrevocable commitment to transfer all such Fund Shares (other than such Fund Shares owned or controlled by such other entity or person), or (iv) consolidation, amalgamation, merger or binding share exchange of the ETF or its subsidiaries with or into another entity in which the ETF is the continuing entity and which does not result in a reclassification or change of all such Fund Shares outstanding but results in the outstanding Fund Shares (other than Fund Shares owned or controlled by such other entity) immediately prior to such event collectively representing less than 50 per cent. of the outstanding Fund Shares immediately following such event (a “**Reverse Merger**”), in each case if the Merger Date is on or before the Valuation Date (or such other date as is specified in the applicable Final Terms).

“**Tender Offer Date**” means, in respect of a Tender Offer, the date on which voting shares in the amount of the applicable percentage threshold are actually purchased or otherwise obtained (as determined by the Calculation Agent).

If a De-Listing, Merger Event, Tender Offer, Nationalisation, Insolvency or Material Underlying Event occurs in relation to any Fund Share, the Issuer in its sole and absolute discretion may take the action described in (i), (ii) or (iii) below:

- (i) require the Calculation Agent, in its sole and absolute discretion, to determine the appropriate adjustment(s), if any, to be made to any one or more of the terms of the Terms and Conditions and/ or the applicable Final Terms to account for the De-Listing, Merger Event, Tender Offer, Nationalisation, Insolvency or Material Underlying Event, as the case may be, and determine the effective date(s) of that adjustment(s). The Calculation Agent may (but need not) determine the appropriate adjustment(s) by reference to the adjustment(s) in respect of the De-Listing, Merger Event, Tender Offer, Nationalisation, Insolvency or Material Underlying Event made by any options exchange to options on the relevant Fund Share traded on that options exchange;
- (ii) (A) in the case of Notes give notice to the Noteholders in accordance with Note Condition 13, and redeem all, but not less than all, of the Notes, each nominal amount of Notes equal to the Calculation Amount being redeemed at the Early Redemption Amount, or
 - (B) in the case of W&C Securities cancel the W&C Securities by giving notice to Holders in accordance with Condition 10. If the W&C Securities are so cancelled the Issuer will pay an amount to each Holder in respect of each W&C Security, or Unit, as the case may be, held by him which amount shall be the fair market value of a W&C Security, or Unit, as the case may be, taking into account the Merger Event, Tender Offer, De-listing, Nationalisation, Insolvency or Material Underlying Event, as the case may be, less the cost to the Issuer and/or any of its Affiliates or agents of unwinding any underlying related hedging arrangements (including any cost of funding in respect of such hedging arrangements) plus, in the case of Warrants, if already paid, the Exercise Price, all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Holders in accordance with Condition 10; or
- (iii) following such adjustment to the settlement terms of options on the Fund Shares traded on such exchange(s) or quotation system(s) as the Issuer in its sole discretion shall select (the “**Options Exchange**”), require the Calculation Agent to make a corresponding adjustment to any one or more of the terms of the Terms and Conditions and/or the applicable Final Terms, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Options Exchange. If options

on the Fund Shares are not traded on the Options Exchange, the Calculation Agent will make such adjustment, if any, to any one or more of the terms of the Terms and Conditions and/or the applicable Final Terms as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Options Exchange to account for the Merger Event, Tender Offer, De-listing, Nationalisation, Insolvency or Material Underlying Event, as the case may be, that in the determination of the Calculation Agent would have given rise to an adjustment by the Options Exchange if such options were so traded.

Upon the occurrence of a Merger Event, Tender Offer, De-listing, Nationalisation, Insolvency or Material Underlying Event, the Issuer shall give notice as soon as practicable to the Holders in accordance with Note Condition 13 (in the case of Notes) or W&C Securities Condition 10 (in the case of W&C Securities) stating the occurrence of the Merger Event, Tender Offer, Nationalisation, De-listing, Insolvency or Material Underlying Event, as the case may be, giving details thereof and the action proposed to be taken in relation thereto provided that any failure to give, or non-receipt of, such notice will not affect the validity of any such Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency, as the case may be.

12. **Additional Disruption Events**

- (a) **“Additional Disruption Event”** means any of Change in Law, Hedging Disruption and/or Increased Cost of Hedging, in each case if specified in the applicable Final Terms.

“Change in Law” means that, on or after the Trade Date (i) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (ii) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Calculation Agent determines in its sole and absolute discretion that (A) it has become illegal to hold, acquire or dispose of any relevant Fund Share or (B) it will incur a materially increased cost in performing its obligations in relation to the Fund Linked Securities (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on the tax position of the Issuer and/or any of its affiliates).

“Hedging Disruption” means that the Issuer and/or any of its Affiliates or agents is unable, after using commercially reasonable efforts, to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity or other price risk of the Issuer issuing and performing its obligations with respect to the Fund Linked Securities, or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s).

“Increased Cost of Hedging” means that the Issuer and/or any of its Affiliates or agents would incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity or other price risk of the Issuer issuing and performing its obligations with respect to the Fund Linked Securities, or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer and/or any of its Affiliates or agents shall not be deemed an Increased Cost of Hedging.

- (b) If an Additional Disruption Event occurs, the Issuer in its sole and absolute discretion may take the action described in (i) or (ii) below:
- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of the Terms and Conditions and/or the applicable Final Terms to account for the Additional Disruption Event and determine the effective date of that adjustment; or
 - (ii) (A) in the case of Notes, give notice to Holders in accordance with Note Condition 13 and redeem all, but not less than all, of the Notes, each nominal amount of Notes equal to the Calculation Amount being redeemed at the Early Redemption Amount; or

- (B) in the case of W&C Securities, give notice to the Holders in accordance with W&C Securities Condition 10 and cancel the W&C Securities. If the W&C Securities are so cancelled the Issuer will pay an amount to each Holder in respect of each W&C Security or Unit, as the case may be, held by him which amount shall be the fair market value of a W&C Security or a Unit, as the case may be, taking into account the Additional Disruption Event less the cost to the Issuer and/or any of its Affiliates or agents of unwinding any underlying related hedging arrangements (including any cost of funding in respect of such hedging arrangements) plus, in the case of Warrants, if already paid, the Exercise Price, all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Holders in accordance with W&C Securities Condition 10.
- (c) Upon the occurrence of an Additional Disruption Event, the Issuer shall give notice as soon as practicable to the Holders in accordance with Note Condition 13 or W&C Securities Condition 10, as applicable, stating the occurrence of the Additional Disruption Event giving details thereof and the action proposed to be taken in relation thereto provided that any failure to give, or non-receipt of, such notice will not affect the validity of the Additional Disruption Event.

2. **Definitions**

For the purpose of the Inflation Linked Securities:

“**Cut-Off Date**” means, in respect of a Determination Date, five Business Days prior to such Determination Date, unless otherwise stated in the applicable Final Terms.

“**Delayed Index Level Event**” means, in respect of any Determination Date and an Inflation Index, that the relevant Index Sponsor fails to publish or announce the level of such Index (the “**Relevant Level**”) in respect of any Reference Month which is to be utilised in any calculation or determination to be made by the Issuer in respect of such Determination Date, at any time on or prior to the Cut-Off Date.

“**Determination Date**” means each date specified as such in the applicable Final Terms.

“**End Date**” means each date specified as such in the applicable Final Terms.

“**Fallback Bond**” means, in respect of an Inflation Index, a bond selected by the Calculation Agent and issued by the government of the country to whose level of inflation the relevant Inflation Index relates and which pays a coupon or redemption amount which is calculated by reference to such Inflation Index, with a maturity date which falls on (a) the same day as the End Date as specified in the applicable Final Terms, (b) the next longest maturity after the End Date if there is no such bond maturing on the End Date, or (c) the next shortest maturity before the End Date if no bond defined in (a) or (b) is selected by the Calculation Agent. If the relevant Inflation Index relates to the level of inflation across the European Monetary Union, the Calculation Agent will select an inflation-linked bond that is a debt obligation of one of the governments (but not any government agency) of France, Italy, Germany or Spain and which pays a coupon or redemption amount which is calculated by reference to the level of inflation in the European Monetary Union. In each case, the Calculation Agent will select the Fallback Bond from those inflation linked bonds issued on or before the Issue Date and, if there is more than one inflation-linked bond maturing on the same date, the Fallback Bond shall be selected by the Calculation Agent from those bonds. If the Fallback Bond redeems, the Calculation Agent will select a new Fallback Bond on the same basis, but selected from all eligible bonds in issue at the time the original Fallback Bond redeems (including any bond for which the redeemed bond is exchanged).

“**Inflation Index**” means each inflation index specified in the applicable Final Terms and related expressions shall be construed accordingly.

“**Inflation Index Sponsor**” means, in relation to an Inflation Index, the entity that publishes or announces (directly or through an agent) the level of such Inflation Index which, as of the Issue Date, is the Inflation Index Sponsor specified in the applicable Final Terms.

“**Reference Month**” means the calendar month for which the level of the Inflation Index was reported, regardless of when this information is published or announced. If the period for which the

level of the Inflation Index was reported is a period other than a month, the Reference Month shall be the period for which the level of the Inflation Index was reported.

“**Related Bond**” means, in respect of an Inflation Index, the bond specified as such in the applicable Final Terms. If the Related Bond specified in the applicable Final Terms is “Fallback Bond”, then, for any Related Bond determination, the Calculation Agent shall use the Fallback Bond. If no bond is specified in the applicable Final Terms as the Related Bond and “Fallback Bond: Not Applicable” is specified in the applicable Final Terms there will be no Related Bond. If a bond is selected as the Related Bond in the applicable Final Terms and that bond redeems or matures before the End Date, unless “Fallback Bond: Not Applicable” is specified in the applicable Final Terms, the Calculation Agent shall use the Fallback Bond for any Related Bond determination.

3. **Inflation Index Adjustments**

(a) Delay in Publication

Subject to Inflation Linked Condition 3(b), if the Calculation Agent determines that a Delayed Index Level Event in respect of an Index has occurred with respect to any Determination Date, then the Relevant Level for such Index the subject of such Delayed Index Level Event (the “**Substitute Index Level**”) shall be determined by the Calculation Agent as follows:

- (i) if Related Bond is specified as applicable for such Index in the applicable Final Terms, the Calculation Agent shall determine the Substitute Index Level by reference to the corresponding index level determined under the terms and conditions of the relevant Related Bond; or
- (ii) if (I) Related Bond is not specified as applicable for such Index in the applicable Final Terms, or (II) the Calculation Agent is not able to determine a Substitute Index Level under (i) above, the Calculation Agent shall determine the Substitute Index Level by reference to the following formula:

$$\text{Substitute Index Level} = \text{Base Level 6 (Latest Level/Reference Level)}$$

where:

“**Base Level**” means, in respect of an Inflation Index, the level of such Inflation Index (excluding any “flash” estimates) published or announced by the relevant Inflation Index Sponsor in respect of the month which is 12 calendar months prior to the month for which the Substitute Index Level is being determined.

“**Latest Level**” means, in respect of an Inflation Index, the latest level of such Inflation Index (excluding any “flash” estimates) published or announced by the relevant Inflation Index Sponsor prior to the month in respect of which the Substitute Index Level is being determined.

“**Reference Level**” means, in respect of an Inflation Index, the level of such Inflation Index (excluding any “flash” estimates) published or announced by the relevant Inflation Index Sponsor in respect of the month that is 12 calendar months prior to the month in respect of the Latest Level.

The Issuer shall give notice to Holders in accordance with Note Condition 13, or W&C Securities Condition 10, as applicable, of any Substitute Index Level calculated pursuant to this Inflation Linked Condition 3.

(b) Cessation of Publication

If a level for the Inflation Index has not been published or announced for two consecutive months or the Inflation Index Sponsor announces that it will no longer continue to publish or announce the Inflation Index then the Calculation Agent shall determine a successor index (in lieu of any previously applicable Inflation Index) for the purposes of the Inflation Linked Securities by using the following methodology:

- (i) if at any time, a successor index has been designated by the Calculation Agent pursuant to the terms and conditions of the Related Bond, such successor index shall be designated a “Successor Index” notwithstanding that any other Successor Index may previously have been determined under paragraphs (ii), (iii) or (iv) below; or
- (ii) if a Successor Index has not been determined pursuant to Inflation Linked Condition 3(b)(i) and Inflation Linked Condition 3(b)(ii) a notice has been given or an

announcement has been made by the Inflation Index Sponsor, specifying that the Inflation Index will be superseded by a replacement Inflation Index specified by the Inflation Index Sponsor, and the Calculation Agent determines that such replacement index is calculated using the same or substantially similar formula or method of calculation as used in the calculation of the previously applicable Inflation Index, such replacement index shall be the Inflation Index for purposes of the Inflation Linked Securities from the date that such replacement Inflation Index comes into effect; or

- (iii) if a Successor Index has not been determined pursuant to Inflation Linked Condition 3(b)(i), the Calculation Agent shall ask five leading independent dealers to state what the replacement index for the Inflation Index should be. If between four and five responses are received, and of those four or five responses, three or more leading independent dealers state the same index, this index will be deemed the “Successor Inflation Index”. If three responses are received, and two or more leading independent dealers state the same index, this index will be deemed the “Successor Inflation Index”. If fewer than three responses are received, the Calculation Agent will proceed to Inflation Linked Condition 3(b)(iv); or
 - (iv) if no replacement index or Successor Inflation Index has been deemed under Inflation Linked Conditions 3(b)(i), 3(b)(ii) or 3(b)(iii), by the next occurring Cut-Off Date the Calculation Agent will determine an appropriate alternative index from such Cut-Off Date, and such index will be deemed a “Successor Inflation Index”; or
 - (v) (A) if the Calculation Agent determines that there is no appropriate alternative index, in relation to Notes, the Issuer shall give notice to the Holders in accordance with Note Condition 13 and redeem all (but not less than all) of the Notes, each nominal amount of Notes equal to the Calculation Amount being redeemed at the Early Redemption Amount; or
 - (B) in relation to W&C Securities, the Issuer shall give notice to the Holders in accordance with W&C Securities Condition 10 and cancel the W&C Securities. If the W&C Securities are so cancelled the Issuer will pay an amount to each Holder in respect of each W&C Security or Unit, as the case may be, held by him which amount shall be the fair market value of a W&C Security or a Unit, as the case may be, less the cost to the Issuer and/or any of its Affiliates or agents of unwinding any underlying related hedging arrangements (including any cost of funding in respect of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Holders in accordance with W&C Securities Condition 10.
- (c) Rebasing of the Inflation Index

If the Calculation Agent determines that the Inflation Index has been or will be rebased at any time, the Inflation Index as so rebased (the “Rebased Index”) will be used for purposes of determining the level of the Inflation Index from the date of such rebasing; provided, however, that the Calculation Agent shall make adjustments as are made by the calculation agent pursuant to the terms and conditions of the Related Bond, if Related Bond is specified as applicable in the applicable Final Terms, to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Index before it was rebased, or, if Related Bond is not specified as applicable in the applicable Final Terms the Calculation Agent shall make adjustments to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Inflation Index before it was rebased.

- (d) Material Modification Prior to Last Occurring Cut-Off

If, on or prior to the last occurring Cut-Off Date, the Inflation Index Sponsor announces that it will make a material change to the Inflation Index then the Calculation Agent shall make any such adjustments, if Related Bond is specified as applicable in the applicable Final Terms, consistent with adjustments made to the Related Bond, or, if Related Bond is not specified as applicable in the applicable Final Terms, only those adjustments to the Inflation Index necessary for the modified Inflation Index to continue as the Inflation Index.

Such Accreted Amount shall include any accrued and unpaid periodic cash interest payments (as determined by the Calculation Agent in its sole and absolute discretion) only if “Include Accrued Interest” is specified as applicable in the applicable Final Terms. If an Accreting Obligation is expressed to accrete pursuant to a straight-line method or if such Obligation’s yield to maturity is not specified in, nor implied from, the terms of such Obligation, then, for the purposes of (a)(ii) above, the Accreted Amount shall be calculated using a rate equal to the yield to maturity of such Obligation. All Quotations shall be obtained in accordance with this specification or determination.
- (c) If any Quotation obtained with respect to an Accreting Obligation is expressed as a percentage of the amount payable in respect of such obligation at maturity, such Quotation will instead be expressed as a percentage of the Outstanding Principal Balance for the purposes of determining the Final Price.

“**Quotation Amount**” means the amount specified as such in the applicable Final Terms (which may be specified by reference to an amount in a currency or by reference to a Representative Amount) or, if no amount is specified in the applicable Final Terms, the Aggregate Nominal Amount (in the case of Credit Linked Notes) or the Aggregate Notional Amount (in the case of Certificates) (or, in either case, its equivalent in the relevant Obligation Currency converted by the Calculation Agent in a commercially reasonable manner by reference to exchange rates in effect at the time that the relevant Quotation is being obtained).

“**Quotation Dealer**” means a dealer in obligations of the type of Obligation(s) for which Quotations are to be obtained including each Quotation Dealer specified in the applicable Final Terms. Upon a Quotation Dealer no longer being

in existence (with no successors), or not being an active dealer in the obligations of the type for which Quotations are to be obtained, the Calculation Agent may substitute any other Quotation Dealer(s) for such Quotation Dealer(s). For the avoidance of doubt, the Calculation Agent and/or any of its affiliates may be selected as a Quotation Dealer.

If the date on which the Best Available Information becomes available (or is filed) precedes the legally effective date of the relevant Succession Event, any assumptions as to the allocation of obligations between or among entities contained in the Best Available Information will be deemed to have been fulfilled as of the legally effective date of the Succession Event, whether or not this is in fact the case.

 - (i) on market standard terms for the relevant entity as at the time of such determination;
 - (ii) in respect of a floating rate payer calculation amount equal to at least 50 per cent. but not more than 100 per cent. of the Calculation Amount (in the case of Credit Linked Notes) or the Notional Amount of each Certificate (in the case of the Credit Linked Certificates); and

- (iii) with a term equal to the period from and including the date of determination to and including the Scheduled Termination Date (the “**Remaining Term**”), provided that the Calculation Agent, having used reasonable endeavours, cannot obtain quotations from at least three Quotation Dealers, in respect of the Remaining Term, the term for the purposes of this paragraph (iii) shall be five years,

The bid-side credit spreads for the purpose of the Credit Spread Requirement shall be the unweighted arithmetic mean of the spread quotations obtained by the Calculation Agent from at least three Quotation Dealers, as determined by the Calculation Agent acting in good faith and a commercially reasonable manner;

 - (i) the date that is 60 days after the date of such Potential Repudiation/Moratorium; and

Notice and, if specified as applicable in the Final Terms, Notice of Publicly Available Information by the Calculation Agent to the Issuer are each effective on or prior to the date that is 15 Business Days after the Scheduled Maturity Notice Date or the Scheduled Exercise Date as applicable; or (y) an Extension Notice giving notice of the circumstances set out in sub-paragraph (d) of the definition thereof on or prior to the Scheduled Maturity Date (or, if later, the second Business Day following the Scheduled Maturity Notice Date) or Actual Exercise Date (as applicable).

In all cases, the Repudiation/Moratorium Extension Condition will be deemed either not to have been satisfied, or not capable of being satisfied, if, or to the extent that, ISDA publicly announces, pursuant to a valid request that was delivered in accordance with the Rules and effectively received on or prior to the date that is 15 Business Days after the Scheduled Maturity Notice Date or the Scheduled Exercise Date as applicable, that the relevant Credit Derivatives Determinations Committee has Resolved that either (A) an event does not constitute a Potential Repudiation/Moratorium with respect to an Obligation of the relevant Reference Entity or (B) an event that constitutes a Potential Repudiation/Moratorium has occurred with respect to an Obligation of the relevant Reference Entity but that such event occurred after the Scheduled Maturity Notice Date or the Scheduled Exercise Date as applicable (determined by reference to Greenwich Mean Time (or, if the Transaction Type of the relevant Reference Entity is Japan Corporate or Japan Sovereign, Tokyo time)) provided that, if “Calculation Agent Determination” is specified as being applicable in the applicable Final Terms, such announcement by ISDA shall be deemed not to have been made (and the Securities shall be construed accordingly) unless the Calculation Agent notifies the Issuer that such announcement shall apply to the Securities.

A Repudiation/Moratorium Extension Notice must contain a description in reasonable detail of the facts relevant to the determination that a Potential Repudiation/Moratorium has occurred and indicate the date of the occurrence. The Potential Repudiation/Moratorium that is the subject of the Repudiation/Moratorium Extension Notice need not be continuing on the date the Repudiation/Moratorium Extension Notice is effective.

Notwithstanding the foregoing, if the final maturity date of the Latest Maturity Restructured Bond or Loan and the Scheduled Maturity Notice Date or the Scheduled Exercise Date (as applicable) occurs prior to the final maturity date of such Latest Maturity Restructured Bond or Loan, then the Restructuring Maturity Limitation Date will be the final maturity date of such Latest Maturity Restructured Bond or Loan.

In the event that the Scheduled Maturity Notice Date or the Scheduled Exercise Date (as applicable) is later than (i)(A) the final maturity date of the Latest Maturity Restructured Bond or Loan, if any, or (B) the 2.5-year Limitation Date, and, in either case, no Enabling Obligation exists or (ii) the 20-year Limitation Date, the Restructuring Maturity Limitation Date will be the Scheduled Maturity Notice Date or the Scheduled Exercise Date (as applicable).

- (b) Any Substitute Reference Obligation or Substitute Reference Obligations shall be an Obligation that (i) ranks *pari passu* in priority of payment with the ranking in priority of payment of each of the Substitute Reference Obligation and such Reference Obligation (with the ranking in priority of payment of such Reference Obligation being determined as of the date as of which such Reference Obligation was issued or incurred and not reflecting any change to such ranking in priority of payment after such date), (ii) preserves the economic equivalent, as closely as practicable as determined by the Calculation Agent, of the Issuer’s delivery and payment obligations under the Securities and (iii) is an obligation of the relevant Reference Entity (either directly or as provider of a Qualifying Affiliate Guarantee or, if All Guarantees is specified (or deemed to be specified) as applicable in the applicable Final Terms, as provider of a Qualifying Guarantee). The Substitute Reference Obligation or Substitute Reference Obligations identified by the Calculation Agent shall, without further action, replace such Reference Obligation or Reference Obligations.
- (c) If more than one specific Reference Obligation is identified as a Reference Obligation in relation to a Series, any of the events set forth in paragraph (a) above has occurred with respect to one or more but not all of the Reference Obligations, and the Calculation Agent determines that no Substitute Reference Obligation is available for one or more of such Reference Obligations, each Reference Obligation for which no Substitute Reference Obligation is available shall cease to be a Reference Obligation.
- (d) If more than one specific Reference Obligation is identified as a Reference Obligation in relation to a Series, any of the events set forth in paragraph (a) above has occurred with respect to all of the Reference Obligations, and the Calculation Agent determines that at least

one Substitute Reference Obligation is available for any such Reference Obligation, then each such Reference Obligation shall be replaced by a Substitute Reference Obligation and each Reference Obligation for which no Substitute Reference Obligation is available will cease to be a Reference Obligation.

 - (ii) only one specific Reference Obligation is identified as a Reference Obligation in relation to a Series, any of the events set forth in paragraph (a) above has occurred with respect to such Reference Obligation and the Calculation Agent determines that no Substitute Reference Obligation is available for that Reference Obligation,

then the Calculation Agent shall continue to attempt to identify a Substitute Reference Obligation until the later of (A) the Scheduled Exercise Date (in the case of Credit Linked Certificates) or Scheduled Maturity Notice Date (in the case of Credit Linked Notes), (B) the Grace Period Extension Date (if any) and (C) the Repudiation/Moratorium Evaluation Date (if any).  - (ii) if only one entity directly or indirectly succeeds to more than 25 per cent. (but less than 75 per cent.) of the Relevant Obligations of the Reference Entity by way of a Succession Event, and not more than 25 per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entity that succeeds to more than 25 per cent. of the Relevant Obligations will be the sole Successor;
 - (iii) if more than one entity each directly or indirectly succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity by way of a Succession Event, and not more than 25 per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entities that succeed to more than 25 per cent. of the Relevant Obligations will each be a Successor, and the Credit Linked Notes or the Credit Linked Certificates, as applicable, will be divided in accordance with Credit Linked Condition 13;
 - (iv) if one or more entities each directly or indirectly succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity by way of a Succession Event, and more than 25 per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, each such entity and the Reference Entity will each be a Successor, and the Credit Linked Notes or the Credit Linked Certificates, as applicable, will be divided in accordance with Credit Linked Condition 13;

- (b) with respect to a Sovereign Reference Entity, “Successor” means each entity which becomes a direct or indirect successor to such Reference Entity by way of Succession Event, irrespective of whether any such successor assumes any of the obligations of such Reference Entity; or
- (c) notwithstanding sub-paragraphs (a) and (b) above, where “Calculation Agent Determination” is specified as being applicable in the applicable Final Terms, the Successor shall be either (as selected by the Calculation Agent in its sole discretion) (a) the current obligor in respect of the Reference Obligation, (b) the successor(s) determined in accordance with sub-paragraphs (a) or (b) above, as applicable, or (c) any successor(s) identified by the relevant Credit Derivatives Determinations Committee pursuant to a DC Resolution if the Calculation Agent notifies the Issuer that a DC Resolution in relation to a Reference Entity and a Succession Event shall apply.

In the case of (a) above, the Calculation Agent will be responsible for determining, as soon as reasonably practicable after it becomes aware of the relevant Succession Event (but no earlier than 14 calendar days after the legally effective date of the relevant Succession Event), and with effect from the legally effective date of the Succession Event, whether the relevant thresholds set out in (a)(i) to (vi) above have been met, or which entity qualifies under (a)(vi) above, as applicable; provided that if “Calculation Agent Determination” is not specified as being applicable in the applicable Final Terms, the Calculation Agent will not make such determination if, at such time, either (A) ISDA has publicly announced that the conditions to convening a Credit Derivatives Determinations Committee to Resolve the matters described in (a) above, and subparagraphs (a) and (b)(A) of the definition of Succession Event Resolution Request Date are satisfied in accordance with the Rules (until such time, if any, as ISDA subsequently publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved not to determine a Successor) or (B) ISDA has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that no event that constitutes a Succession Event has occurred. In calculating the percentages used to determine whether the relevant thresholds set out in (a) above have been met, or which entity qualifies under (a)(vi) above, as applicable, the Calculation Agent shall use, with respect to each applicable Relevant Obligation included in such calculation, the amount of the liability with respect to such Relevant Obligation listed in the Best Available Information and shall notify the Issuer and the Holders of such calculation.

If “Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation Applicable” is specified as applying in the applicable Final Terms and Restructuring is the only Credit Event specified in a Credit Event Notice, then a Deliverable Obligation may be included in the Entitlement only if it (i) is a Conditionally Transferable Obligation and (ii) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date.

Where the relevant Credit Event is a Restructuring and either “Restructuring Maturity Limitation and Fully Transferable Obligation” or “Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation Applicable” is specified (or deemed specified) in the applicable Final Terms and the Scheduled Maturity Notice Date or the Scheduled Exercise Date (as applicable) is later than (A) the final maturity date of the Latest Maturity Restructured Bond or

The value of such Deliverable Obligations and/or the Partial Cash Settlement Amount in respect of the Securities to be redeemed may be less than the Issue Price, nominal amount or notional amount, as applicable, of a Security. Any shortfall shall be borne by the Holder and no liability shall attach to the Issuer and, in the case of Credit Linked Certificates, and/or the Guarantor.

6. **Conditions to Settlement – Auction Settlement**

Unless the Securities have been previously redeemed or purchased and cancelled, if the Conditions to Settlement are satisfied (in the case of Nth-to-Default Securities, in relation to the Nth Reference Entity in respect of which the Conditions to Settlement have been satisfied) and the applicable Settlement Method is "Auction Settlement", the Calculation Agent shall give notice (such notice a "Settlement Notice") to the Issuer and the Issuer shall redeem or cancel as applicable, all but not less than all of the Securities and pay in respect of each Security the Auction Settlement Amount on the Auction Settlement Date unless a Fallback Settlement Event occurs (for the avoidance of doubt, in relation to the same Credit Event), in which case the Issuer shall redeem or cancel, as the case may be, the Securities in accordance with the applicable Fallback Settlement Method.

If the Conditions to Settlement are satisfied and the Notes or Certificates are redeemed or are cancelled in accordance with this Credit Linked Condition 6, upon payment of the Auction Settlement Amount the Issuer shall have discharged its obligations in respect of the Securities and shall have no other liability or obligation whatsoever in respect thereof. The Auction Settlement Amount may be less than the Issue Price, nominal amount or notional amount, as applicable, of a Security. Any shortfall shall be borne by the Holder and no liability shall attach to the Issuer and/or the Guarantor.

7. **Suspension of Obligations**

If a Credit Event Resolution Request Date occurs in relation to any Reference Entity, then, unless the Issuer otherwise elects by notice to the Holders, any obligation of the Issuer to redeem or cancel (as the case may be) or otherwise settle any Credit Linked Note or Credit Linked Certificate or pay any amount of interest or Additional Amount (as the case may be) which would otherwise be due thereon shall, to the extent that it relates to such Reference Entity, be and remain suspended until (a) the occurrence of a DC Credit Event Announcement; (b) the occurrence of a DC No Credit Event Announcement; or (c) the relevant Credit Derivatives Determinations Committee has Resolved with respect to such Reference Entity to dismiss the relevant DC Question (each of the events set out in (a), (b) or (c), a "DC Announcement").

Following a DC Announcement, any obligations so suspended shall resume on the second Business Day immediately following the date of such DC Announcement (regardless of when the suspension began). Any amount of interest or any Additional Amount so suspended shall, subject to Note Condition 4(E) or W&C Securities Condition 30(B), as applicable, become due and payable on the date determined by the Calculation Agent in its sole discretion provided that such date shall not be later than 20 Business Days after the date of such DC Announcement.

Following the delivery of an Extension Notice:

- (a) in the case of interest bearing Credit Linked Notes and provided that the Conditions to Settlement have not been satisfied, the Issuer shall be obliged to pay interest calculated as provided in Note Condition 4 accruing from (and including) the Interest Payment Date immediately preceding the Scheduled Maturity Date (or, if none the Interest Commencement Date) to (but excluding) the Scheduled Maturity Date but shall only be obliged to make such payment of interest on the CLN Maturity Date and no further or other amount in respect of interest shall be payable and no additional amount shall be payable in respect of such delay; or
- (b) in the case of additional amounts bearing Credit Linked Certificates and provided that the Conditions to Settlement have not been satisfied, the Issuer shall be obliged to pay additional amounts calculated as provided in W&C Securities Condition 30 accruing from (and including) the Additional Amount Payment Date immediately preceding the Actual Exercise Date (or, if none, the Issue Date) to (but excluding) the Actual Exercise Date but shall only be obliged to make such payment of additional amounts on the CLC Exercise Date and no interest or other amount shall be payable in respect of such delay.

For the avoidance of doubt, if the Conditions to Settlement are satisfied during the Notice Delivery Period, the Issuer’s obligation to pay any amount of interest or any Additional Amount shall be determined in accordance with Note Condition 4(E) or W&C Securities Condition 30(B), as applicable.

Without prejudice to Credit Linked Condition 7, if “Accrual of Interest upon Credit Event” or, as the case may be, “Accrual of Additional Amounts upon Credit Event” is specified as Not Applicable in the applicable Final Terms and the Calculation Agent determines that a Credit Event, a Potential Failure to Pay or a Potential Repudiation/Moratorium has occurred or may occur on or prior to an Interest Payment Date (in the case of Credit Linked Notes) or an Additional Amount Payment Date (in the case of Credit Linked Certificates), the Calculation Agent may notify the Issuer and where the Calculation Agent delivers any such notice (a “**Postponement Notice**”) to the Issuer on or prior to such Interest Payment Date or Additional Amount Payment Date (in either case, the “**Postponed Payment Date**”), any obligation of the Issuer to pay any interest amount (in the case of Credit Linked Notes) or additional amount (in the case of Credit Linked Certificates) shall be suspended for a period of 15 Business Days following such Postponed Payment Date (or, in respect of any Postponed Payment Date scheduled to fall on (i) the Scheduled Maturity Date (in the case of Credit Linked Notes), up to the CLN Maturity Date, or (ii) the Actual Exercise Date (in the case of Credit Linked Certificates), up to the CLC Exercise Date) (or such shorter period as the Calculation Agent may notify the Issuer) to enable the Calculation Agent to determine whether a Credit Event has occurred.

Where the Calculation Agent delivers a Postponement Notice to the Issuer, the Issuer shall give notice thereof as soon as practicable to the Holders in accordance with Note Condition 13 or W&C Securities Condition 10, as applicable, provided that any failure to give, or non-receipt of, such notice will not affect the validity of any postponement of an Interest Payment Date or Additional Amount Payment Date or otherwise.

If the Conditions to Settlement are not satisfied on or prior to such 15th Business Day, CLN Maturity Date or CLC Exercise Date (as applicable), the interest amount or additional amount shall be payable on such 15th Business Day, CLN Maturity Date or CLC Exercise Date (as applicable) (for the avoidance of doubt, no interest shall accrue on any amount of interest or any additional amount so suspended). If the Conditions to Settlement are satisfied on or prior to such 15th Business Day, CLN Maturity Date or CLC Exercise Date (as applicable), then (A) notwithstanding Note Condition 4(E)(a), each Note shall cease to bear interest from the Interest Payment Date immediately preceding the Postponed Payment Date or, if the Postponed Payment Date falls on the first Interest Payment Date, no interest shall accrue on the Notes, and (B) notwithstanding W&C Securities Condition 30(B)(a), each Certificate shall cease to accrue additional amount from the Additional Amount Payment Date immediately preceding such

Postponed Payment Date or, if the Postponed Payment Date falls on the first Additional Amount Payment Date, no additional amount shall accrue on the Certificates (and Note Condition 4(E) or W&C Securities Condition 30(B), as applicable shall be deemed to be amended accordingly).

In such circumstances the Credit Linked Conditions and related provisions shall be deemed to

apply to the Partial Cancellation Amount only and each such Certificate shall be cancelled in part (such cancelled part being equal to the Partial Cancellation Amount).

- (ii) For the avoidance of doubt (A) the Notional Amount, part or other amount of each such Certificate not so redeemed in part shall remain outstanding and additional amounts (if applicable) shall accrue on the Notional Amount outstanding of such Certificate as provided in W&C Securities Condition 30 (adjusted in such manner as the Calculation Agent in its sole and absolute discretion determines to be appropriate), (B) the provisions of the Credit Linked Conditions and related provisions shall apply to such amount or part outstanding of such Certificate in the event that subsequent Credit Event Notices are delivered in respect of the Reference Entity that was the subject of the Restructuring Credit Event and (C) once a Credit Event Notice with respect to a Restructuring Credit Event has been delivered in respect of a Reference Entity, no further Credit Event Notices may be delivered in respect of any Reference Entity other than the Reference Entity that was the subject of the Restructuring Credit Event.
- (iii) If the provisions of this Credit Linked Condition 11(b) apply in respect of the Credit Linked Certificates, on cancellation of part of each such Credit Linked Certificate the relevant Credit Linked Certificate or, if the Credit Linked Certificates are represented by a Global Certificate, such Global Certificate shall be endorsed to reflect such part redemption.

12. **Multiple Holder Obligation**

If this Credit Linked Condition 12 is specified as applicable (or deemed to be applicable) in the applicable Final Terms, notwithstanding anything to the contrary in the definition of Restructuring and related provisions, the occurrence of, agreement to, or announcement of, any of the events described in sub-paragraphs (i) to (v) of the definition of “Restructuring” in Credit Linked Condition 2 shall not be a Restructuring unless the Obligation in respect of any such events is a Multiple Holder Obligation provided that any Obligation that is a Bond shall be deemed to satisfy the requirement in part (ii) of the definition of “**Multiple Holder Obligation**” below.

“**Multiple Holder Obligation**” means an Obligation that (i) at the time of the event which constitutes a Restructuring Credit Event, is held by more than three holders that are not Affiliates of each other and (ii) with respect to which a percentage of holders (determined pursuant to the terms of the Obligation as in effect on the date of such event) at least equal to sixty-six and two-thirds is required to consent to the event which constitutes a Restructuring Credit Event.

13. **Successors**

- (a) Where a Succession Event has occurred and more than one Successor has been identified, the Credit Linked Notes or the Credit Linked Certificates (as applicable) will be equally divided into such number of notional Credit Linked Notes or Credit Linked Certificates (as applicable) as there are Successors and each Successor will be the Reference Entity for the purposes of such Credit Linked Note or Credit Linked Certificates (as applicable). These Credit Linked Conditions shall be deemed to apply to such Credit Linked Notes or Credit Linked Certificates (as applicable) and shall be construed accordingly.
- (b) Where a Credit Event occurs in respect of a Reference Entity after such a Succession Event, the provisions of these Credit Linked Conditions shall be deemed to apply to the nominal amount or notional amount (as applicable) represented by that Reference Entity only (in the case of Credit Linked Notes, the “**Partial Principal Amount**” and in the case of Credit Linked Certificates, the “**Partial Notional Amount**”) and all the provisions shall be construed accordingly. Each Security shall thereafter be redeemed in part (such redeemed part being equal to its pro rata share of the Partial Principal Amount or the Partial Notional Amount, as applicable).
- (c) The Securities shall remain outstanding in an amount equal to (in the case of Credit Linked Notes) the outstanding principal amount of the Credit Linked Notes minus the Partial Principal Amount or (in the case of Credit Linked Certificates), the outstanding notional amount minus the Partial Notional Amount (such amount in each case, the “Remaining Amount”) and interest shall accrue, or Additional Amounts shall be payable, on the Remaining Amount as provided for in Note Condition 4 or W&C Securities Condition 30

(adjusted in such manner as the Calculation Agent in its sole and absolute discretion determines to be appropriate).

- (d) Any determinations (including (without limitation) as to the division of the Credit Linked Notes or the Credit Linked Certificates (as applicable)) and any adjustment to the applicable Final Terms relating to, connected with or as a result of a Succession Event shall be made by the Calculation Agent in its sole discretion (provided that if such determinations have been made by the relevant Credit Derivatives Determinations Committee, then the Calculation Agent shall, unless (x) otherwise provided for in the applicable Final Terms or (y) “Calculation Agent Determination” is specified as applicable in the applicable Final Terms, be bound by such determinations) and, in the absence of manifest error, shall be conclusive and binding on all Holders. The applicable Final Terms may be amended and restated from time to time to reflect the effect of a Succession Event without the consent of the Holders and the Holders are deemed to agree to this provision by the purchase of the Securities.

14. **Provisions taken from the ISDA supplement titled “Additional Provisions for Physically Settled Default Swaps – Monoline Insurer as Reference Entity (January 2005)”**

If Credit Linked Condition 14 is specified as applicable in the applicable Final Terms, the following provisions will apply:

- (a) **Obligation and Deliverable Obligation.** Paragraph (a) of the definition of “Obligation” in Credit Linked Condition 2 and paragraph (a) of the definition of “Deliverable Obligation” in Credit Linked Condition 2 are hereby amended by adding “or Qualifying Policy” after “or as provider of a Qualifying Affiliate Guarantee”.
- (b) **Interpretation of Provisions.** In the event that an Obligation or a Deliverable Obligation is a Qualifying Policy, paragraph (B) of the definition of “Deliverable Obligation” in Credit Linked Condition 2 will apply, with references to the “Qualifying Guarantee”, the “Underlying Obligation” and the “Underlying Obligor” deemed to include the “Qualifying Policy”, the “Insured Instrument” and the “Insured Obligor”, respectively, except that:
- (i) the Obligation Category Borrowed Money and the Obligation Category and Deliverable Obligation Category Bond shall be deemed to include distributions payable under an Insured Instrument in the form of a pass-through certificate or similar funded beneficial interest, the Deliverable Obligation Category Bond shall be deemed to include such an Insured Instrument, and the terms “obligation” and “obligor” as used in the Credit Linked Conditions in respect of such an Insured Instrument shall be construed accordingly;
 - (ii) references in the definitions of “Assignable Loan” and “Consent Required Loan” to “the “guarantor” and “guaranteeing” shall be deemed to include “the “insurer” and “insuring”, respectively;
 - (iii) neither the Qualifying Policy nor the Insured Instrument must satisfy on the relevant date the Deliverable Obligation Characteristic of Accelerated or Matured, whether or not that characteristic is otherwise specified as applicable in the applicable Final Terms;
 - (iv) if the Assignable Loan, Consent Required Loan, Direct Loan Participation or Transferable Deliverable Obligation Characteristics are specified in the applicable Final Terms and if the benefit of the Qualifying Policy is not transferred as part of any transfer of the Insured Instrument, the Qualifying Policy must be transferable at least to the same extent as the Insured Instrument; and
 - (v) with respect to an Insured Instrument in the form of a pass-through certificate or similar funded beneficial interest, the term “Outstanding Principal Balance” shall mean the outstanding Certificate Balance and “maturity”, as such term is used in the Maximum Maturity Deliverable Obligation Characteristic, shall mean the specified date by which the Qualifying Policy guarantees or insures, as applicable, that the ultimate distribution of the Certificate Balance will occur.
- (c) **Not Contingent.** An Insured Instrument will not be regarded as failing to satisfy the Not Contingent Deliverable Obligation Characteristic solely because such Insured Instrument is subject to provisions limiting recourse in respect of such Insured Instrument to the proceeds of specified assets (including proceeds subject to a priority of payments) or reducing the amount

of any Instrument Payments owing under such Insured Instrument, provided that such provisions are not applicable to the Qualifying Policy by the terms thereof and the Qualifying Policy continues to guarantee or insure, as applicable, the Instrument Payments that would have been required to be made absent any such limitation or reduction. By specifying that this Credit Linked Condition 14 is applicable, no inference should be made as to the interpretation of the “Not Contingent” Deliverable Obligation Characteristic in the context of limited recourse or similar terms applicable to Deliverable Obligations other than Qualifying Policies.

- (d) **Deliver.** For the purposes of the definition of “Deliver” in Credit Linked Condition 2, “Deliver” with respect to an obligation that is a Qualifying Policy means to Deliver both the Insured Instrument and the benefit of the Qualifying Policy (or a custodial receipt issued by an internationally recognised custodian representing an interest in such an Insured Instrument and the related Qualifying Policy), and “Delivery” and “Delivered” will be construed accordingly.
- (e) **Provisions for Determining a Successor.** The paragraph commencing “For the purposes of this definition of “Successor” ... “ in the definition of “Successor” in Credit Linked Condition 2 is hereby amended by adding “or insurer” after “or guarantor”.
- (f) **Substitute Reference Obligation.** The first paragraph of the definition of “Substitute Reference Obligation” and paragraph (b) thereof in Credit Linked Condition 2 is hereby amended by adding “or Qualifying Policy” after “or as provider of a Qualifying Affiliate Guarantee”. For the purposes of sub-paragraph (a)(ii)(B) of the definition of “Substitute Reference Obligation”, references to “the Qualifying Guarantee” and the “Underlying Obligation” shall be deemed to include “the Qualifying Policy” and “the Insured Instrument” respectively.
- (g) **Restructuring**
- (i) With respect to an Insured Instrument that is in the form of a pass-through certificate or similar funded beneficial interest or a Qualifying Policy with respect thereto, paragraphs (i) to (v) inclusive of the definition of “Restructuring” in Credit Linked Condition 2 are hereby amended to read as follows:
- “(i) a reduction in the rate or amount or the Instrument Payments in clause (A)(x) of the definition thereof that are guaranteed or insured by the Qualifying Policy;
- (ii) a reduction in the amount of the Instrument Payments described in clause (A)(y) of the definition thereof that are guaranteed or insured by the Qualifying Policy;
- (iii) a postponement or other deferral of a date or dates for either (x) the payment or accrual of the Instrument Payments described in clause (A)(x) of the definition thereof or (y) the payment of the Instrument Payments described in clause (A)(y) of the definition thereof, in each case that are guaranteed or insured by the Qualifying Policy;
- (iv) a change in the ranking in priority of payment of (x) any Obligation under a Qualifying Policy in respect of Instrument Payments, causing the Subordination of such Obligation to any other Obligation or (y) any Instrument Payments, causing the Subordination of such Insured Instrument to any other instrument in the form of a pass-through certificate or similar funded beneficial interest issued by the Insured Obligor, it being understood that, for this purpose, Subordination will be deemed to include any such change that results in a lower ranking under a priority of payments provision applicable to the relevant Instrument Payments; or
- (v) any change in the currency or composition of any payment of Instrument Payments that are guaranteed or insured by the Qualifying Policy to any currency which is not a Permitted Currency.”
- (ii) Paragraph (c) of the definition of “Restructuring” in Credit Linked Condition 2 is hereby amended by adding “or, in the case of a Qualifying Policy and an Insured Instrument, where (A) the Qualifying Policy continues to guarantee or insure, as applicable, that the same Instrument Payments will be made on the same dates on which the Qualifying Policy guaranteed or insured that such Instrument Payments would be

made prior to such event and (B) such event is not a change in the ranking in the priority of payment of the Qualifying Policy” after “Reference Entity”.

- (iii) The definition of “Restructuring” in Credit Linked Condition 2 is hereby amended by the insertion of the following paragraph after the final paragraph thereof:

“For purposes of the definition of “Restructuring” in Credit Linked Condition 2 and if Credit Linked Condition 14 is specified as applying in the applicable Final Terms, for the purposes of the Credit Linked Conditions the term Obligation shall be deemed to include Insured Instruments for which the Reference Entity is acting as provider of a Qualifying Policy. In the case of a Qualifying Policy and an Insured Instrument, references to the Reference Entity in the definition of “Restructuring” shall be deemed to refer to the Insured Obligor and the reference to the Reference Entity in paragraphs (a) to (c) inclusive in the definition of “Restructuring” shall continue to refer to the Reference Entity.”

- (h) **Fully Transferable Obligation and Conditionally Transferable Obligation.** In the event that “Restructuring Maturity Limitation and Fully Transferable Obligation” and/or “Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation” is specified as applying in the applicable Final Terms and a Fully Transferable Obligation or Conditionally Transferable Obligation is a Qualifying Policy, the Insured Instrument must meet the requirements of the relevant definition. References in the definition of “Conditionally Transferable Obligation” to the “guarantor” and “guaranteeing” shall be deemed to include “the “insurer” and “insuring” respectively. With respect to an Insured Instrument in the form of a pass-through certificate or similar funded beneficial interest, the term “final maturity date”, as such term is used in Credit Linked Condition 5 and the definition of “Restructuring Maturity Limitation Date”, shall mean the specified date by which the Qualifying Policy guarantees or insures, as applicable, that the ultimate distribution of the Certificate Balance will occur.
- (i) **Other Provisions.** For purposes of paragraph (a)(ii) of the definition of “Deliverable Obligation” and the definitions of “Credit Event” and “Deliver” in Credit Linked Condition 2, references to the “Underlying Obligation” and the “Underlying Obligor” shall be deemed to include “Insured Instruments” and the “Insured Obligor” respectively.
- (j) **Additional Definitions.**

“**Qualifying Policy**” means a financial guaranty insurance policy or similar financial guarantee pursuant to which a Reference Entity irrevocably guarantees or insures all Instrument Payments of an instrument that constitutes Borrowed Money (modified as set forth in this Credit Linked Condition 13) (the “**Insured Instrument**”) for which another party (including a special purpose entity or trust) is the obligor (the “**Insured Obligor**”). Qualifying Policies shall exclude any arrangement (i) structured as a surety bond, letter of credit or equivalent legal arrangement or (ii) pursuant to the express contractual terms of which the payment obligations of the Reference Entity can be discharged or reduced as a result of the occurrence or non-occurrence of an event or circumstance (other than the payment of Instrument Payments);

“**Instrument Payments**” means (A) in the case of any Insured Instrument that is in the form of a pass-through certificate or similar funded beneficial interest, (x) the specified periodic distributions in respect of interest or other return on the Certificate Balance on or prior to the ultimate distribution of the Certificate Balance and (y) the ultimate distribution of the Certificate Balance on or prior to a specified date and (B) in the case of any other Insured Instrument, the scheduled payments of principal and interest, in the case of both (A) and (B) (1) determined without regard to limited recourse or reduction provisions of the type described in Credit Linked Condition 14(c) above and (2) excluding sums in respect of default interest, indemnities, tax gross-ups, make-whole amounts, early redemption premiums and other similar amounts (whether or not guaranteed or insured by the Qualifying Policy).

“**Certificate Balance**” means, in the case of an Insured Instrument that is in the form of a pass-through certificate or similar funded beneficial interest, the unit principal balance, certificate balance or similar measure of unreimbursed principal investment.

15. **Provisions taken from the ISDA supplement titled Additional Provisions for LPN Reference Entities (published on 3rd October, 2006)**

If Credit Linked Condition 15 is specified as applicable in the applicable Final Terms, notwithstanding anything to the contrary in the Credit Linked Conditions, the following provisions will apply:

- (a) Provisions relating to Multiple Holder Obligation will be deemed to be Not Applicable with respect to any Reference Obligation (and any Underlying Loan);
- (b) each Reference Obligation will be an Obligation, notwithstanding anything to the contrary in the Credit Linked Conditions including, but not limited to the definition of “Obligation” in Credit Linked Condition 2, and in particular, notwithstanding that the obligation is not an obligation of the Reference Entity;
- (c) each Reference Obligation will be a Deliverable Obligation notwithstanding anything to the contrary in the Credit Linked Conditions including, but not limited to the definition of “Deliverable Obligation” in Credit Linked Condition 2 and in particular, notwithstanding that the obligation is not an obligation of the Reference Entity.

For the avoidance of doubt with respect to any LPN Reference Obligation that specifies an Underlying Loan or an Underlying Finance Instrument, the outstanding principal balance shall be determined by reference to the Underlying Loan or Underlying Finance Instrument (as applicable) relating to such LPN Reference Obligation.

The Not Subordinated Obligation Characteristic and Deliverable Obligation Characteristic shall be construed as if no Reference Obligation was specified in respect of the Reference Entity;

- (d) the definition of “Reference Obligation” shall be deleted and the following substituted therefor:

“**Reference Obligation**” means, as of the Trade Date, each of the obligations listed as a Reference Obligation of the Reference Entity in the applicable Final Terms or set forth on the relevant LPN Reference Obligations List (each a “**Markit Published LPN Reference Obligation**”), as published by Markit Group Limited, or any successor thereto, which list is as of the Trade Date available at <http://www.markit.com/marketing/services.php>, any Additional LPN and each Additional Obligation; and

- (e) the following additional definitions shall apply:

“**Additional LPN**” means any bond issued in the form of a loan participation note (a “**LPN**”) by an entity (the “**LPN Issuer**”) for the sole purpose of providing funds for the LPN Issuer to (a) finance a loan to the Reference Entity (the “**Underlying Loan**”) or (b) provide finance to the Reference Entity by way of a deposit, loan or other Borrowed Money instrument (the “**Underlying Finance Instrument**”), provided that (i) either (x) in the event that there is an Underlying Loan with respect to such LPN the Underlying Loan satisfies the Obligation Characteristics specified in respect of the Reference Entity or (y) in the event that there is an Underlying Finance Instrument with respect to such LPN the Underlying Finance Instrument satisfies the Not Subordinated, Not Domestic Law and Not Domestic Currency Obligation Characteristics; (ii) the LPN satisfies the following Deliverable Obligation Characteristics: Transferable, Not Bearer, Credit Linked Specified Currency – Standard Specified Currencies, Not Domestic Law, Not Domestic Issuance; and (iii) the LPN Issuer has, as of the issue date of such obligation, granted a First Ranking Interest over or in respect of certain of its rights in relation to the relevant Underlying Loan or Underlying Finance Instrument (as applicable) for the benefit of the holders of the LPNs.

“**Additional Obligation**” means each of the obligations listed as an Additional Obligation of the Reference Entity in the applicable Final Terms or set forth on the relevant LPN Reference Obligations List, as published by Markit Group Limited, or any successor thereto, as of the Trade Date, which list is currently available at <http://www.markit.com/marketing/services.php>.

“**First Ranking Interest**” means a charge, security interest (or other type of interest having similar effect) (an “**Interest**”), which is expressed as being “first ranking”, “first priority”, or similar (“**First Ranking**”) in the document creating such Interest (notwithstanding that such

Interest may not be First Ranking under any insolvency laws of any related insolvency jurisdiction of the LPN Issuer).

“**LPN Reference Obligation**” means each Reference Obligation other than any Additional Obligation.

For the avoidance of doubt, any change to the issuer of an LPN Reference Obligation in accordance with its terms shall not prevent such LPN Reference Obligation constituting a Reference Obligation.

Each LPN Reference Obligation is issued for the sole purpose of providing funds for the Issuer to finance a loan to the Reference Entity. For the purposes of the Credit Linked Conditions each such loan shall be an Underlying Loan.

16. **Deliverable Obligations Portfolio Valuation**

If Credit Linked Condition 16 is specified as applicable in the applicable Final Terms:

(a) notwithstanding anything to the contrary in the Credit Linked Conditions, “Reference Obligation” shall mean:

- (i) any obligation of a Reference Entity (either directly, as provider of a Qualifying Affiliate Guarantee or, if All Guarantees is specified as applicable in the applicable Final Terms, as provider of any Qualifying Guarantee) determined pursuant to the method described in “(A) Method for Determining Deliverable Obligations” above (but excluding any Excluded Deliverable Obligation specified in the applicable Final Terms) that (i) is payable in an amount equal to its Outstanding Principal Balance or Due and Payable Amount, as applicable, (ii) is not subject to any counterclaim, defence (other than a counterclaim or defence based on the factors set forth in paragraphs (a) to (d) of the definition of “Credit Event” above) or right of set-off by or of a Reference Entity or, as applicable, an Underlying Obligor and (iii) in the case of a Qualifying Guarantee other than a Qualifying Affiliate Guarantee, is capable, at the Valuation Date, of immediate assertion or demand by or on behalf of the holder or holders against the Reference Entity for an amount at least equal to the Quotation Amount apart from the giving of any notice of non-payment or similar procedural requirement, it being understood that acceleration of an Underlying Obligation shall not be considered a procedural requirement;
- (ii) each Benchmark Obligation specified in the applicable Final Terms; and
- (iii) any Substitute Benchmark Obligation,

as selected by the Calculation Agent in its sole and absolute discretion and notified to the Issuer (a “**Reference Obligation Notification**”) on or prior to the relevant Valuation Date.

In each case the Reference Obligation Notification shall describe the selected Reference Obligation in reasonable detail and shall specify the title or designation, maturity date and coupon rate. The Calculation Agent may at any time after delivering a Reference Obligation Notification but prior to the Valuation Time on the Valuation Date deliver a further Reference Obligation Notification which shall replace all prior Reference Obligation Notifications in relation to any additional or replacement Reference Obligation specified therein.

For the avoidance of doubt the Calculation Agent shall be entitled to select any of the Reference Obligations for the purposes of calculating the Final Price irrespective of their market value and, provided that the selected obligation(s) satisfy the Deliverable Obligation Category and Deliverable Obligation Characteristics on the date of selection, such obligation(s) may constitute the Reference Obligation for the purposes hereof notwithstanding that this is not the case subsequent to such date.

- (b) The definition of “Substitute Reference Obligation” in Credit Linked Condition 2 shall be amended so that each reference to “Substitute Reference Obligation” and “Reference Obligation” is replaced by reference to a “Substitute Benchmark Obligation” and a “Benchmark Obligation” respectively, provided that once a Benchmark Obligation has been specified as a Reference Obligation the definition of “Substitute Reference Obligation” shall not apply with respect to such Benchmark Obligation.

- (c) Paragraph (B)(1)(a) of the definition of “Obligation” in Credit Linked Condition 2 shall be deleted and the following substituted therefor:
- “**Not Subordinated**” means an obligation that is not Subordinated to (A) any unsubordinated Borrowed Money obligation of the Reference Entity or (B) the Benchmark Obligation. For purposes of determining whether an obligation satisfies the “Not Subordinated” Obligation Characteristic or Deliverable Obligation Characteristic, the ranking in priority of payment of each Benchmark Obligation shall be determined as of the later of (I) the Trade Date specified in the applicable Final Terms and (II) the date on which such Benchmark Obligation was issued or incurred and shall not reflect any change to such ranking in priority of payment after such later date.
- (d) For purposes of the Credit Linked Conditions:
- (i) each reference in the Credit Linked Conditions to “a Deliverable Obligation” and “the Deliverable Obligation” shall be deemed to be a reference to “a Reference Obligation” and “the Reference Obligation” respectively; and
 - (ii) each reference in the Credit Linked Conditions to “a Delivery Date” and “the Delivery Date” shall be deemed to be a reference to the date of selection of the relevant Reference Obligation, except that the words “the Delivery Date or” shall be deleted in the definition of “Accreted Amount” Credit Linked Condition 2.
- (e) For the avoidance of doubt, if Credit Linked Condition 16 is specified as applicable in the applicable Final Terms Credit Linked Condition 5 is not applicable and the Securities shall, following the satisfaction of the Conditions to Settlement during the Notice Delivery Period, be settled in accordance with Credit Linked Condition 4, and these Credit Linked Conditions shall be construed accordingly.

17. **Nth-to-Default Securities**

Where the Securities are Nth-to-Default Securities:

- (a) where a Succession Event has occurred in respect of a Reference Entity (other than a Reference Entity in respect of which an Event Determination Date has occurred) and more than one Successor has been identified, the applicable Securities will be equally divided into a number of notional Credit Linked Notes or Credit Linked Certificates (as applicable) as there are Successors. Each such notional Credit Linked Notes or Credit Linked Certificates (as applicable) shall include a Successor and each and every one of the Reference Entities unaffected by such Succession Event shall apply thereto;
- (b) if “Substitution” is specified as not being applicable in the applicable Final Terms, where any Reference Entity (the “**Surviving Reference Entity**”) (other than a Reference Entity that is subject to the Succession Event) would be a Successor to any other Reference Entity (the “**Legacy Reference Entity**”) pursuant to a Succession Event, such Surviving Reference Entity shall be deemed to be a Successor to the Legacy Reference Entity; and
- (c) if “Substitution” is specified as being applicable in the Final Terms, where any Reference Entity (the “**Surviving Reference Entity**”) (other than a Reference Entity that is subject to the Succession Event) would be a Successor to any other Reference Entity (the “**Legacy Reference Entity**”) pursuant to a Succession Event:
 - (i) such Surviving Reference Entity shall be deemed not to be a Successor to the Legacy Reference Entity; and
 - (ii) the Replacement Reference Entity shall be deemed to be a Successor to the Legacy Reference Entity.

18. **Physical Settlement Matrix**

Where a Transaction Type is specified in the applicable Final Terms in respect of any Reference Entity, then the provisions of such Final Terms shall apply with respect to such Reference Entity in accordance with the Physical Settlement Matrix as it applies to such Transaction Type, as though such Physical Settlement Matrix were set out in full in such Final Terms.

19. Notices to Holders

The Issuer shall, upon receiving any of the following notices from the Calculation Agent, as soon as practicable forward a copy of such notice(s) to the Holders of the relevant Securities:

- (a) an Extension Notice;
- (b) a Cancellation Notice;
- (c) a Credit Event Notice;
- (d) a Notice of Publicly Available Information;
- (e) an Officer's Certificate;
- (f) a determination by the Calculation Agent of a Successor or a Succession Event (including any Succession Event Notice);
- (g) a Notice of Physical Settlement;
- (h) a NOPS Amendment Notice;
- (i) a Partial Cash Settlement Notice;
- (j) any notification by the Calculation Agent to the Issuer that the Physical Settlement Period shall be less than ten Business Days;
- (k) a Notice to Exercise Movement Option; and
- (l) (where "Calculation Agent Determination" is specified as being applicable in the applicable Final Terms) any notification from the Calculation Agent that it will apply a DC Resolution for the purposes of the relevant Securities.

20. Calculation Agent

Any determination by the Calculation Agent of any amount or of any state of affairs, circumstance, event or other matter, or the formation of any opinion or the exercise of any discretion required or permitted to be determined, formed or exercised by the Calculation Agent pursuant to the Credit Linked Conditions and related provisions shall (in the absence of manifest error) be final and binding on the Issuer, the Guarantor and the Holders and shall be without liability on the part of the Calculation Agent and without the Calculation Agent being obliged to consider the interests of the Issuer, the Guarantor or the Holders. In performing its duties pursuant to the Credit Linked Conditions, the Calculation Agent shall act in its sole and absolute discretion. Any delay, deferral or forbearance by the Calculation Agent in the performance or exercise of any of its obligations or its discretion under the Credit Linked Conditions including, without limitation, the giving of any notice by it to any person, shall not affect the validity or binding nature of any later performance or exercise of such obligation or discretion, and none of the Calculation Agent, the Issuer and the Guarantor shall, in the absence of wilful misconduct and gross negligence, bear any liability in respect of, or consequent upon, any such delay, deferral or forbearance.

For the avoidance of doubt, if the applicable Final Terms specifies that "Calculation Agent Determination" is applicable, then notwithstanding any provision in these Credit Linked Conditions, the Issuer and the Calculation Agent shall not be bound to (although they may in their sole discretion) apply any DC Resolution to the Securities and unless the Calculation Agent notifies the Issuer that any DC Resolution shall apply to the Securities, the Credit Linked Conditions and the relevant Securities shall be construed as if the relevant DC Resolution and the relevant DC Question was not made. If the Calculation Agent notifies the Issuer that any DC Resolution shall apply to the Securities, the Calculation Agent shall have the power to amend or otherwise adjust any provision of these Credit Linked Notes or the relevant Securities (including, without limitation any provision relating to the timing of notices hereunder) to account for the application of such DC Resolution.

21. Change in Market Convention

The Calculation Agent may from time to time amend any provision of these Credit Linked Conditions or the Securities to incorporate and/or reflect further or alternative documents from time to time published by ISDA with respect to the settlement of credit derivative transactions and/or the operation or application of determinations by the ISDA Credit Derivatives Determinations

Committees which the Calculation Agent and the Issuer determine in a commercially reasonable manner are necessary to reflect market practice for credit derivative transactions. The applicable Final Terms may be amended and restated from time to time to reflect such changes in market convention without the consent of the Holders and the Holders are deemed to agree to this provision by the purchase of the Securities.

22. **Additional Provisions**

If one or more amendments or adjustments to these Credit Linked Conditions are required for one or more Series of credit linked Securities, including any issue of Nth-to-Default credit linked securities or leveraged credit linked securities, the applicable Final Terms shall set out such amendments or adjustments to these Credit Linked Conditions that are necessary in order to take account of the nature of such securities and these Credit Linked Conditions shall be construed accordingly.

23. **Additional Disruption Events**

(a) Following the determination by the Calculation Agent that an Additional Disruption Event has occurred, the Issuer in its sole and absolute discretion may take the action described in (i) or (ii) below:

(i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of the Terms and Conditions and/or the applicable Final Terms to account for the Additional Disruption Event and determine the effective date of that adjustment; or

(ii) (A) in the case of Notes, give notice to Holders in accordance with Note Condition 13 and redeem all, but not less than all, of the Notes, each nominal amount of Notes equal to the Calculation Amount being redeemed at the Early Redemption Amount (as specified in Part A); or

(B) in the case of Certificates, give notice to Holders in accordance with W&C Securities Condition 10 and cancel the Certificates. If the Certificates are so cancelled, the Issuer will pay an amount to each Holder in respect of each Certificate held by him, which amount shall be the fair market value of a Certificate, taking into account the Additional Disruption Event less the cost to the Issuer and/or any of its Affiliates or agents of unwinding any underlying related hedging arrangements (including any cost of funding in respect of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Holders in accordance with W&C Securities Condition 10.

(b) Upon the occurrence of an Additional Disruption Event, the Issuer shall give notice as soon as practicable to the Holders in accordance with Note Condition 13 or W&C Securities Condition 10, as applicable, stating the occurrence of the Additional Disruption Event giving details thereof and the action proposed to be taken in relation thereto provided that any failure to give, or non-receipt of, such notice will not affect the validity of the Additional Disruption Event.

(c) For these purposes:

“**Additional Disruption Event**” means any of Change in Law, Hedging Disruption, and/or Increased Cost of Hedging, in each case if specified in the applicable Final Terms.

“**Change in Law**” means that, on or after the Trade Date (i) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (ii) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Calculation Agent determines in its sole and absolute discretion that (A) it has become illegal to hold, acquire or dispose of any relevant asset, hedge or related trading position or (B) the Issuer and/or any of its Affiliates or agents will incur a materially increased cost in performing the obligations of the Issuer in relation to the Securities (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position).

“**Hedging Disruption**” means that the Issuer and/or any of its Affiliates or agents is unable, after using commercially reasonable efforts, to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity, price, credit or other risk of the Issuer issuing and performing its obligations with respect to the Securities, or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s).

“**Increased Cost of Hedging**” means that the Issuer and/or any of its Affiliates or agents would incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity, price, credit or other risk of the Issuer issuing and performing its obligations with respect to the Securities, or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer and/or any of its Affiliates or agents shall not be deemed an Increased Cost of Hedging.

The following provisions (the “**Physical Delivery Note Conditions**”) apply to Notes specified as being Physical Delivery Notes in the applicable Final Terms or where Physical Delivery is specified in the applicable Final Terms.

References in the Physical Delivery Note Conditions to “delivery”, “delivered” and “deliver” shall in the context of the delivery of the Entitlement in respect of Credit Linked Notes be deemed to be references to “Delivery”, “Delivered” and “Deliver” as such terms are defined and construed in the Credit Linked Conditions.

2. **Delivery of Entitlement and Asset Transfer Notices**

In order to obtain delivery of the Entitlement(s) in respect of any Note:

- (i) if such Note is represented by a Global Note, the relevant Holder must deliver to Euroclear or Clearstream, Luxembourg (as applicable), with a copy to the Principal Paying Agent and the Issuer not later than the close of business in each place of reception on the Cut-Off Date, a duly completed Asset Transfer Notice substantially in the form set out in the Agency Agreement (the “**Asset Transfer Notice**”); and
- (ii) if such Note is in definitive form, the relevant Holder must deliver to any Paying Agent, with a copy to the Principal Paying Agent and the Issuer not later than the close of business in each place of reception on the Cut-Off Date, a duly completed Asset Transfer Notice.

Forms of the Asset Transfer Notice may be obtained during normal business hours from the specified office of any Security Agent.

An Asset Transfer Notice may only be delivered (i) if such Note is represented by a Global Note, in such manner as is acceptable to Euroclear or Clearstream, Luxembourg, as the case may be or (ii) if such Note is in definitive form in writing.

If such Note is in definitive form, such Note must be delivered together with the duly completed Asset Transfer Notice.

The Issuer shall at the risk of the relevant Holder deliver the Entitlement in respect of each Note or, in the case of Credit Linked Notes, Deliver the Deliverable Obligations comprising the Entitlement in such commercially reasonable manner as the Issuer shall, in its sole discretion, determine to be appropriate for such delivery.

All expenses including any applicable depositary charges, transaction or exercise charges, stamp duty, stamp duty reserve tax, issue, registration, securities, transfer and/or other taxes or duties (together “**Expenses**”) arising from the redemption of the Notes and the delivery of any Entitlement shall be for the account of the relevant Holder and no delivery and/or transfer of any Entitlement shall be made until all Expenses have been paid to the satisfaction of the Issuer by the relevant Holder.

An Asset Transfer Notice must:

- (i) specify the name, address and contact telephone number of the relevant Holder and the person from whom the Issuer may obtain details for the delivery of the Entitlement if such delivery is to be made otherwise than in the manner specified in the applicable Final Terms;
- (ii) in the case of Notes represented by a Global Note, specify the nominal amount of Notes which are the subject of such notice and the number of the Holder’s account at Euroclear or Clearstream, Luxembourg, as the case may be, to be debited with such Notes and irrevocably instruct and authorise Euroclear or Clearstream, Luxembourg, as the case may be, to debit the relevant Holder’s account with such Notes on or before the Maturity Delivery Date (as defined below) or, in the case of Credit Linked Notes, the Credit Settlement Date;
- (iii) include an undertaking to pay all Expenses and, in the case of Notes represented by a Global Note, an authority to debit a specified account of the Holder at Euroclear or Clearstream, Luxembourg, as the case may be, in respect thereof and to pay such Expenses;

- (v) certify that the beneficial owner of each Note is not a United States Person (as defined in the Asset Transfer Notice), the Note is not being redeemed within the United States or on behalf of a United States Person and no cash, securities or other property have been or will be delivered within the United States or to, or for the account or benefit of, a United States Person in connection with any redemption thereof; and
- (vi) authorise the production of such notice in any applicable administrative or legal proceedings.

No Asset Transfer Notice may be withdrawn after receipt thereof by Euroclear, Clearstream, Luxembourg or a Paying Agent as provided above. After delivery of an Asset Transfer Notice, the relevant Holder may not transfer the Notes which are the subject of such notice.

In the case of Notes represented by a Global Note, upon receipt of such notice, Euroclear or Clearstream, Luxembourg, as the case may be, shall verify that the person specified therein as the Holder is the holder of the specified nominal amount of Notes according to its books.

Subject thereto, Euroclear or Clearstream, Luxembourg, as the case may be, will confirm to the Principal Paying Agent the series number and number of Notes the subject of such notice, the relevant account details (if applicable) and the details for the delivery of the Entitlement in respect of each such Note. Upon receipt of such confirmation, the Principal Paying Agent will inform the Issuer thereof. Euroclear or Clearstream, Luxembourg, as the case may be, will on or before the Maturity Delivery Date or Credit Settlement Date, as the case may be, debit the securities account of the relevant Holder with the Notes the subject of the relevant Asset Transfer Notice.

Failure properly to complete and deliver an Asset Transfer Notice may result in such notice being treated as null and void. Any determination as to whether such notice has been properly completed and delivered as provided in the Physical Delivery Note Conditions shall be made, in the case of Notes represented by a Global Note, by Euroclear or Clearstream, Luxembourg, as the case may be, after consultation with the Principal Paying Agent and the Issuer and shall be conclusive and binding on the Issuer, the Guarantor and the relevant Holder or in the case of Notes in definitive form, by the relevant Paying Agent after consultation with the Principal Paying Agent and the Issuer and shall be conclusive and binding on the Issuer, the Guarantor and the relevant Holder.

If such Asset Transfer Notice is subsequently corrected to the satisfaction of Euroclear or Clearstream, Luxembourg, as the case may be, or the relevant Paying Agent, in each case in consultation with the Principal Paying Agent and the Issuer, it shall be deemed to be a new Asset Transfer Notice submitted at the time such correction was delivered as provided above.

Euroclear, Clearstream, Luxembourg or the relevant Paying Agent, as applicable, shall use its best efforts promptly to notify the Holder submitting an Asset Transfer Notice if, in consultation with the Principal Paying Agent and the Issuer, it has determined that such Asset Transfer Notice is incomplete or not in proper form. In the absence of negligence or wilful misconduct on its part, none of the Issuer, the Guarantor, the Paying Agents, Euroclear, Clearstream, Luxembourg or the Principal Paying Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

The Entitlement will be delivered at the risk of the relevant Holder, in the manner provided above on the Maturity Date (such date, subject to adjustment in accordance with these Physical Delivery Note Conditions, the "**Maturity Delivery Date**") or, in the case of Credit Linked Notes, in the manner provided above on the Credit Settlement Date, provided that the Asset Transfer Notice is duly delivered to Euroclear, Clearstream, Luxembourg or a Paying Agent, as the case may be, with

a copy to the Principal Paying Agent and the Issuer, as provided above, not later than the close of business in each place of receipt on the Cut-Off Date.

If an Asset Transfer Notice is delivered to Euroclear, Clearstream, Luxembourg or a Paying Agent, as the case may be, with a copy to the Principal Paying Agent and the Issuer, later than the close of business in each place of receipt on the Cut-Off Date, then the Entitlement will be delivered as soon as practicable after the Maturity Date (in which case, such date of delivery shall be the Maturity Delivery Date) or, in the case of Credit Linked Notes, the Credit Settlement Date at the risk of such Holder in the manner provided above. Provided that if in respect of a Note an Asset Transfer Notice is not delivered to Euroclear, Clearstream, Luxembourg or a Paying Agent, as the case may be, with a copy to the Principal Paying Agent and the Issuer, later than the close of business in each place of receipt on the 90th calendar day following the Cut-off Date the Issuer's obligations in respect of such Note and the Guarantor's obligations in respect of the Guarantee in respect of such Note shall be discharged and no further liability in respect thereof shall attach to the Issuer or the Guarantor. For the avoidance of doubt, in such circumstances such Holder shall not be entitled to any payment, whether of interest or otherwise, as a result of such Maturity Delivery Date or the Credit Settlement Date, as the case may be, falling after the originally designated Maturity Delivery Date or Credit Settlement Date, as the case may be, and no liability in respect thereof shall attach to the Issuer or the Guarantor.

Delivery of the Entitlement in respect of the Notes is subject to all applicable laws, regulations and practices in force on the Maturity Delivery Date or the Credit Settlement Date, as the case may be, and none of the Issuer, the Guarantor or any of its Affiliates or agents and the Paying Agents shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. None of the Issuer, the Guarantor or any of its Affiliates or agents and the Paying Agents shall under any circumstances be liable for any acts or defaults of Euroclear or Clearstream, Luxembourg in relation to the performance of their duties in relation to the Notes.

For such period of time after the Maturity Delivery Date or Credit Settlement Date, as the case may be, as any person other than the relevant Holder shall continue to be the legal owner of the securities, obligations or Deliverable Obligations comprising the Entitlement (the "Intervening Period"), none of the Issuer, the Guarantor nor any other such person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent beneficial owner of such Note any letter, certificate, notice, circular or any other document or, except as provided herein, payment whatsoever received by that person in respect of such securities, obligations or Deliverable Obligations, (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such securities, obligations or Deliverable Obligations during the Intervening Period or (iii) be under any liability to the relevant Holder, or any subsequent beneficial owner of such Note in respect of any loss or damage which the relevant Holder, or subsequent beneficial owner may sustain or suffer as a result, whether directly or indirectly, of that person being the legal owner of such securities, obligations or Deliverable Obligations during such Intervening Period.

Where the Entitlement comprises shares, any dividend or other distribution in respect of such Entitlement will be payable to the party that would receive such dividend or other distribution according to market practice for a sale of the Share executed on the Maturity Delivery Date and to be delivered in the same manner as the Entitlement. Any such dividend or other distribution to be paid to a Holder shall be paid to the account specified in the relevant Asset Transfer Notice.

Except in the case of Credit Linked Notes, where the Entitlement is, in the determination of the Issuer, an amount other than an amount of Relevant Assets capable of being delivered, the Holders will receive an Entitlement comprising of the nearest number (rounded down) of Relevant Assets capable of being delivered by the Issuer (taking into account that a Holder's entire holding may be aggregated at the Issuer's discretion for the purpose of delivering the Entitlements), and in respect of the amount of Relevant Assets not capable of being delivered, an amount in the Specified Currency which shall be the value of the amount of the Relevant Assets so rounded down, as calculated by the Calculation Agent in its sole discretion from such source(s) as it may select (converted if necessary into the Specified Currency by reference to such exchange rate as the Calculation Agent deems appropriate).

3. **Settlement Disruption Event**

The provisions of this Physical Delivery Note Condition 3 shall apply to Physical Delivery Notes other than Credit Linked Notes.

If, prior to the delivery of the Entitlement in accordance with these Physical Delivery Note Conditions, a Settlement Disruption Event is subsisting, then the Maturity Delivery Date in respect of such Note shall be postponed until the next Settlement Business Day on which no Settlement Disruption Event is subsisting and notice thereof shall be given to the relevant Holder, in accordance with Note Condition 13. Such Holder shall not be entitled to any payment, whether of interest or otherwise, on such Note as a result of any delay in the delivery of the Entitlement pursuant to these Physical Delivery Note Conditions. Where delivery of the Entitlement has been postponed as provided in the Physical Delivery Note Conditions the Issuer shall not be in breach of these Conditions and no liability in respect thereof shall attach to the Issuer or the Guarantor.

For so long as delivery of the Entitlement in respect of any Note is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Note by payment to the relevant Holder of the Disruption Cash Settlement Price not later than on the third Business Day following the date that the notice of such election (the “**Election Notice**”) is given to the Holders in accordance with Note Condition 13.

4. **Failure to Deliver due to Illiquidity**

The provisions of this Physical Delivery Note Condition 4 shall apply to Physical Delivery Notes other than Credit Linked Notes.

If Failure to Deliver due to Illiquidity is specified as applying in the applicable Final Terms and, in the opinion of the Calculation Agent, it is impossible or impracticable to deliver, when due, some or all of the Relevant Assets comprising the Entitlement (the “**Affected Relevant Assets**”), where such failure to deliver is due to illiquidity in the market for the Relevant Assets (a “**Failure to Deliver due to Illiquidity**”), then:

- (i) subject as provided elsewhere in the Physical Delivery Note Conditions and/or the applicable Final Terms, any Relevant Assets which are not Affected Relevant Assets, will be delivered on the originally designated Maturity Delivery Date in accordance with the Physical Delivery Note Conditions; and
- (ii) in respect of any Affected Relevant Assets, notwithstanding any other provision hereof, the Issuer may elect in its sole discretion, in lieu of delivery of the Affected Relevant Assets, to pay to the relevant Holder the Failure to Deliver Settlement Price (as defined below) on the fifth Business Day following the date the Failure to Deliver Notice (as defined below) is given to the Holders in accordance with Note Condition 13. The Issuer shall give notice (such notice a “**Failure to Deliver Notice**”) as soon as reasonably practicable to the Holders in accordance with Note Condition 13 that the provisions of this Physical Delivery Note Condition 4 apply.

5. **Option to Vary Settlement**

The provisions of this Physical Delivery Note Condition 5 shall apply to Physical Delivery Notes other than Credit Linked Notes.

If the applicable Final Terms indicate that the Issuer has an option to vary settlement in respect of the Notes, the Issuer may at its sole and unfettered discretion in respect of each such Note, elect not to pay the relevant Holders the Final Redemption Amount or to deliver or procure delivery of the Entitlement to the relevant Holders, as the case may be, but, in lieu thereof to deliver or procure delivery of the Entitlement or make payment of the Final Redemption Amount on the Maturity Date to the relevant Holders, as the case may be. Notification of such election will be given to Holders in accordance with Condition 13.

6. **Additional Provisions for Credit Linked Notes**

The provisions of this Physical Delivery Note Condition 6 shall apply to Credit Linked Notes.

In relation to each Deliverable Obligation constituting the Entitlement the Issuer or the Guarantor, as applicable, will Deliver or procure the Delivery of the relevant Deliverable Obligation as provided in Physical Delivery Note Condition 2 on the Credit Settlement Date, provided that if all

or some of the Deliverable Obligations included in the Entitlement are Undeliverable Obligations and/or Hedge Disruption Obligations, then the Issuer shall continue to attempt to Deliver all or a portion of such Undeliverable Obligations or Hedge Disruption Obligations, as the case may be, on or before the 30th Business Day following the Credit Settlement Date (the “**Final Delivery Date**”), provided further that if all or a portion of such Undeliverable Options or Hedge Disruption Obligations, as the case may be, are not Delivered by the Final Delivery Date the provisions of Credit Linked Condition 9 shall apply.

7. **Definitions**

In the event of any inconsistency between the W&C Securities Conditions and the Rule 144A Warrant Conditions, the Rule 144A Warrant Conditions shall prevail. In addition, if any Security Agent subsequently determines or is subsequently notified by the Issuer that (i) a transfer or attempted or purported transfer of any interest in a Warrant was consummated in compliance with the provisions of this paragraph on the basis of an incorrect certification from the transferee or purported transferee as set forth in the relevant Investor Representation Letter, (ii) the holder of any interest in a Warrant was in breach, at the time given, of any representation or agreement set forth in any Investor Representation Letter or any deemed representation or agreement of such holder, or (iii) a transfer or attempted transfer of any interest in a Warrant was consummated which did not comply with the transfer restrictions set forth in this Rule 144A Warrant Condition 5 the purported transfer shall be absolutely null and void *ab initio* and shall vest no rights in the purported transferee (such purported transferee, a “**Disqualified Transferee**”) and the last preceding holder of such interest that was not a Disqualified Transferee shall be restored to all rights as a holder thereof retroactively to the date of transfer of such interest by such holder.

(B) European Style Warrants

In the case of European Style Warrants represented by a Rule 144A Global Warrant held through DTC, if Automatic Exercise is not specified in the applicable Final Terms, any European Style Warrant with respect to which no Exercise Notice has been delivered in the manner set out in Rule 144A Warrant Condition 7, at or prior to 5.00 p.m., New York City time on the New York Business Day immediately preceding the Actual Exercise Date, shall become void.

If Automatic Exercise is specified in the applicable Final Terms, any such European Style Warrant with respect to which no Exercise Notice has been delivered in the manner set out in Rule 144A Warrant Condition 7, at or prior to 5.00 p.m. New York City time on the New York Business Day immediately preceding the Actual Exercise Date and which is in the determination of the Calculation Agent “In-The-Money”, shall be automatically exercised on the Actual Exercise Date and the provisions of Rule 144A Warrant Condition 8 shall apply.

The expressions “exercise”, “due exercise” and related expressions shall be construed to apply to any Warrants which are automatically exercised on the Actual Exercise Date in accordance with this provision.

7. Exercise Procedure

(A) Warrants represented by a Rule 144A Global Warrant held through DTC

Warrants represented by a Rule 144A Global Warrant held through DTC may only be exercised by delivery through computerised exercise instruction through DTC (via its “Deposit and Withdrawal at Custodian” or “DWAC” function) of a duly completed Exercise Notice in the form set out in the Agency Agreement (copies of which form may be obtained from the Security Agents) to the New York Warrant Agent with a copy to the Principal Warrant Agent and Merrill Lynch International, in accordance with the provisions set out in Rule 144A Warrant Conditions 6 and 7.

In the case of Warrants represented by a Rule 144A Global Warrant held through DTC, the Exercise Notice shall:

- (i) specify the series of the Warrants and the number of Warrants being exercised and, if Units are specified in the applicable Final Terms, the number of Units being exercised;
- (ii) specify the designated account at the New York Warrant Agent (or such other account or bank as may be specified by the New York Warrant Agent) to be debited with the Warrants being exercised;
- (iii) irrevocably instruct the New York Warrant Agent to exercise the Warrants debited to the account of the Holder and credited to the account of the New York Warrant Agent by means of DTC’s DWAC function;

- (iv) specify the designated account at the New York Warrant Agent (or at such other account or bank as may be specified by the New York Warrant Agent) to be credited with the Cash Settlement Amount (if any) for each Warrant being exercised;
- (v) include an undertaking to pay all Expenses and an authority to the New York Warrant Agent to deduct an amount in respect thereof from any Cash Settlement Amount due to such Holder and/ or to debit a specified account of the Holder at the New York Warrant Agent (or at such other account or bank as may be specified by the New York Warrant Agent) in respect thereof and to pay such Expenses; and
- (vi) authorise the production of such certification in applicable administrative or legal proceedings, all as provided in the Agency Agreement.

Upon receipt of an Exercise Notice, the New York Warrant Agent shall verify that the person exercising the Warrants is the holder thereof according to the records of DTC. Subject thereto, the New York Warrant Agent shall notify the Issuer of the number of Warrants being exercised and the account details, if applicable, for the payment of the Cash Settlement Amount of each Warrant being exercised. If the Warrants are American Style Warrants, upon exercise of less than all the Warrants held through DTC, the New York Warrant Agent will note such exercise on the Schedule to such Rule 144A Global Warrant and the number of Warrants so constituted shall be reduced by the cancellation *pro tanto* of the Warrants so exercised.

The Issuer, through the Principal Warrant Agent, shall on the Settlement Date pay or cause to be paid the Cash Settlement Amount (if any) for each duly exercised Warrant or Unit, as the case may be, to the designated account at the New York Warrant Agent (or at such other account or bank as may be specified by the New York Warrant Agent) for the account of the New York Warrant Agent. In such case, as promptly as practicable thereafter, and provided that the New York Warrant Agent is satisfied that delivery to it of funds sufficient to pay the Cash Settlement Amount will be made, the New York Warrant Agent will cause the Cash Settlement Amount to be credited to the Holder's account with the New York Warrant Agent less any Expenses.

Delivery of an Exercise Notice shall constitute an irrevocable election by the relevant Holder to exercise the Warrants specified. After the delivery of such Exercise Notice, such exercising Holder may not transfer such Warrants.

Any determination as to whether an Exercise Notice is duly completed and in proper form shall be made by the New York Warrant Agent in consultation with the Principal Warrant Agent in the case of Warrants represented by a Rule 144A Global Warrant held through DTC, and shall be conclusive and binding on the Issuer, the relevant Security Agents and the relevant Holder. Subject as set out below, any Exercise Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Warrant Agent and Merrill Lynch International immediately after being delivered or sent to the New York Warrant Agent shall be null and void.

If such Exercise Notice is subsequently corrected to the satisfaction of the New York Warrant Agent in consultation with the Principal Warrant Agent, it shall be deemed to be a new Exercise Notice submitted at the time such correction was delivered to the New York Warrant Agent and copied to the Principal Warrant Agent and Merrill Lynch International.

If Automatic Exercise is not specified in the applicable Final Terms, any Warrants with respect to which the Exercise Notice has not been duly completed and delivered in the manner set out above by the cut-off time specified in Rule 144A Warrant Condition 6(A), in the case of American Style Warrants, or Rule 144A Warrant Condition 6(B), in the case of European Style Warrants, shall become void.

The New York Warrant Agent shall use its best efforts promptly to notify the Holder submitting an Exercise Notice if, in consultation with the Principal Warrant Agent, it has determined that such Exercise Notice is incomplete or not in proper form. In the absence of negligence or wilful misconduct on its part, none of the Issuer, the Guarantor, the Security Agents or DTC, shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

(B) *Warrants represented by a Regulation S/Rule 144A Global Warrant*

In respect of Warrants represented by a Regulation S/Rule 144A Global Warrant, the provisions of W&C Securities Condition 22(A)(a) in respect of Cash Settled Warrants shall apply except that sub-paragraph (vi) shall be amended by the addition of the following after the words “certify, *inter alia*”, “either (i) that the beneficial owner of each Warrant being exercised is a QIB/QP (as defined in the Exercise Notice) and, where appropriate, undertake to provide such various forms of certification in respect of selling restrictions under the securities, commodities and other laws of the United States as set out in the applicable Final Terms, or (ii)”.

(C) *Warrants represented by a Rule 144A Global Warrant held through Euroclear and/or Clearstream, Luxembourg*

In respect of Warrants represented by Rule 144A Global Warrant held through Euroclear and/or Clearstream, Luxembourg, the provisions of W&C Securities Condition 22(A)(a) in respect of Cash Settled Warrants shall apply except that sub-paragraph (vi) shall be deleted in its entirety.

8. **Automatic Exercise**

Automatic Exercise will apply to Warrants represented by a Rule 144A Global Warrant held through DTC.

In the case of Warrants represented by a Rule 144A Global Warrant held through DTC, in order to receive the Cash Settlement Amount, in respect of a Warrant, or if Units are specified in the applicable Final Terms, a Unit, as the case may be, the relevant Holder must deliver through computerised exercise instruction through DTC (via its DWAC function) a duly completed Exercise Notice to the New York Warrant Agent with a copy to Merrill Lynch International and the Principal Warrant Agent on any New York Business Day until not later than 5.00 p.m. New York City time, on the New York Business Day immediately preceding the Cut-off Date (as defined in W&C Securities Condition 22(E)).

The Exercise Notice shall include the applicable information set out in the Exercise Notice referred to in Rule 144A Warrant Condition 7. The Business Day during the period from the Expiration Date or the Actual Exercise Date, as the case may be, until the Cut-off Date on which an Exercise Notice is delivered to the New York Warrant Agent and a copy thereof delivered to Merrill Lynch International and the Principal Warrant Agent is referred to in this Rule 144A Warrant Condition 8 as the “**Exercise Notice Delivery Date**”, provided that if the Exercise Notice is delivered to the New York Warrant Agent at or after 5.00 p.m., New York City time on a New York Business Day the Exercise Notice Delivery Date shall be deemed to be the next succeeding New York Business Day.

Subject to the relevant Holder performing its obligations in respect of the relevant Warrant or Unit, as the case may be, in accordance with these Terms and Conditions, the Settlement Date for such Warrants or Units, as the case may be, shall be the fourth Business Day following the Exercise Notice Delivery Date. In the event that a Holder does not so deliver an Exercise Notice in accordance with this Rule 144A Warrant Condition 8 prior to 5.00 p.m., New York City time, on the New York Business Day immediately preceding the Cut-off Date, the Issuer’s obligations in respect of such Rule 144A Warrants and the Guarantor’s obligations in respect of the Guarantee shall be discharged and no further liability in respect thereof shall attach to the Issuer or the Guarantor.

9. **Purchases**

Warrants represented by a Rule 144A Global Warrant purchased by the Issuer pursuant to W&C Securities Condition 8 may only be resold pursuant to Rule 144A or Regulation S.

10. **Additional Amounts**

In respect of Warrants represented by a Rule 144A Global Warrant held through DTC, the provisions of W&C Securities Condition 23 (*Additional Amounts*) shall apply except that references therein to “relevant Clearing Systems” shall be replaced by “DTC”.

11. **New York Warrant Agent**

The Issuer and the Guarantor reserve the right at any time to vary or terminate the appointment of the New York Warrant Agent and to appoint further or additional Security Agents as provided in

W&C Securities Condition 9, provided that, so long as any of the Warrants are represented by a Rule 144A Global Warrant held through DTC, there shall be a New York Warrant Agent.

12. **Notices**

For so long as the Warrants are represented by a Rule 144A Global Warrant held through DTC, the reference in the first paragraph of W&C Securities Condition 10 to “each Clearing System” shall be replaced by “DTC”.

13. **Substitution of the Issuer**

The Issuer, or any previous substituted company may, at any time, without the consent of the Holders, substitute for itself as principal obligor under Warrants represented by a Rule 144A Global Warrant or a Regulation S/Rule 144A Global Warrant any company, being BAC or any of its other subsidiaries as provided in W&C Securities Condition 13, provided that the Substitute and the Warrants satisfy all the applicable requirements of Rule 144A.

FORM OF GUARANTEE

FOR VALUE RECEIVED, receipt of which is hereby acknowledged, BANK OF AMERICA CORPORATION, a corporation duly organised and existing under the laws of the State of Delaware (“**BAC**”), hereby unconditionally and irrevocably guarantees (the “**Guarantee**”) to the holders (the “**Holder**s”) of Warrants and Certificates issued on or after the date hereof by Merrill Lynch International & Co. C.V., a limited partnership of unlimited duration incorporated under the laws of the Netherlands Antilles (“**MLICo.**”), and Notes and Certificates issued on or after the date hereof by Merrill Lynch S.A., a public limited liability company (société anonyme) incorporated under the laws of Luxembourg (“**MLSA**” and, together with MLICo., the “**Issuers**” and each an “**Issuer**”), in each case under the terms of the Amended and Restated Agency Agreement dated 22 June 2010 (as the same may be further amended, supplemented and/or restated in accordance with the terms thereof, the “**Agency Agreement**”) among, BAC, MLICo., MLSA and the Agents (as defined therein):

- (i) the due and punctual payment by the relevant Issuer of any and all amounts payable by such Issuer as obligor in respect of each Security (as defined below); and/or
- (ii) subject as provided below, the due and punctual delivery of non-cash consideration deliverable by the relevant Issuer in respect of each Security, if applicable,

when and as the same shall become due and payable or when the same shall become due for delivery, as the case may be, pursuant to the terms of the Securities issued on or after the date hereof. For outstanding Securities previously issued with the benefit of a guarantee by Merrill Lynch & Co., Inc. (“**ML&Co.**”), such ML&Co. guarantee shall remain in full force and effect and shall continue to be valid and enforceable in accordance with its terms. For outstanding Securities issued on or after 15 September 2009, the BAC guarantee executed on 15 September 2009 shall remain in full force and effect and shall continue to be valid and enforceable in accordance with its terms.

Warrants and Certificates are herein referred to as “**W&C Securities**” and Notes and W&C Securities are herein referred to as “**Securities**”.

Notwithstanding that under the terms of the Securities either (i) the relevant Issuer has the right (whether or not exercised) to vary the type of consideration due and payable or deliverable to a Holder or (ii) a Holder has the right (whether or not exercised) to vary the type of consideration due and payable or deliverable to it or (iii) the relevant Issuer is obligated to deliver non-cash consideration to Holders when the same shall become due and deliverable, BAC shall at all times have the right, at its sole and unfettered discretion, to elect not to deliver or procure delivery of the Entitlement to the Holders of such Securities when the same shall become due and deliverable, but, in lieu thereof, to pay an amount in cash equal to the Guaranteed Cash Settlement Amount (calculated pursuant to the terms of, or as specified in, the Final Terms or Securities Note, as applicable, prepared with respect to such Securities). Any payment of the Guaranteed Cash Settlement Amount in lieu of the Entitlement shall constitute a complete discharge of BAC’s obligations in respect of such Securities.

Subject as provided above, in case of the failure of the relevant Issuer punctually to make any such payment or to perform any such delivery obligation, at the time and in the manner required under the terms and conditions of the relevant Securities, BAC hereby agrees to make such payment or to perform such delivery obligation, as the case may be, or cause such payment to be made or to cause such delivery obligation to be performed, as the case may be, promptly upon demand in accordance with the terms of the relevant Securities; such demand must be made by the relevant Holder by the giving of written notice of such demand to BAC at Bank of America Corporation, Bank of America Corporate Center, Attention: Corporate Treasury—Governance and Control, NC1-007-07-13, 100 North Tryon Street, Charlotte, North Carolina, U.S.A., with a copy sent to BAC at Bank of America Corporation, Legal Department, Attention: General Counsel, NC1-002-29-01, 101 South Tryon Street, Charlotte, North Carolina, U.S.A.; provided however, that delay in making such demand shall in no event affect BAC’s obligations under this Guarantee. This Guarantee shall remain in full force and effect or shall be reinstated (as the case may be) if at any time any payment or delivery guaranteed hereunder, in whole or in part, is rescinded or must otherwise be returned by a Holder upon the insolvency, bankruptcy or reorganisation of the relevant Issuer or otherwise, all as though such payment or delivery had not been made.

Notwithstanding the foregoing, a cheque may not be delivered to an address in, a credit or transfer may not be delivered to an address in, and an amount may not be transferred to an account at a bank located in, the United States or its possessions by any office or agency of the Issuer, BAC, the Principal Paying Agent, the Principal Security Agent or any Paying Agent or Security Agent.

BAC covenants in favour of each Holder who is a United States Alien or a Luxembourg Non-resident that it will duly perform and comply with the obligations expressed to be undertaken by it in Note Condition 7(A). In particular, if in respect of any payment to be made under this Guarantee, any deduction or withholding for or on account of any present or future tax, assessment or other governmental charge of whatever nature is imposed, BAC shall pay the additional amounts referred to in Note Condition 7(A), all subject to and in accordance with the provisions of Note Condition 7.

BAC hereby agrees that its obligations hereunder shall be unconditional, irrespective of the validity, regularity or enforceability (except as may result from any applicable statute of limitations) of any Security; the absence of any action to enforce the same; any waiver or consent by the Holder concerning any provisions thereof; the rendering of any judgement against the relevant Issuer or any action to enforce the same; any change in the applicable Issuer's name, or any reorganisation (whether by way of reconstruction, consolidation, amalgamation, merger, transfer, sale, lease or otherwise) of that Issuer or its business; any consent by the applicable Issuer to judicial proceedings relating to itself under any applicable bankruptcy, liquidation, insolvency, composition, reorganisation or other similar laws; any incapacity or lack or limitations of power, authority or legal personality of the applicable Issuer or of that Issuer's managing directors, managers, partners or agents, or any irregularity, defect or informality of the Securities; or any other circumstances that might otherwise constitute a legal or equitable discharge of a guarantor or a defence of a guarantor. BAC covenants that, subject as provided below, this Guarantee will not be discharged except by complete payment of the amounts payable under each Security and/or the complete performance of any obligation with respect to physical delivery to be performed under each Security, as applicable. This Guarantee shall continue to be effective if the relevant Issuer merges or consolidates with or into another entity, loses its separate legal identity or ceases to exist.

BAC hereby waives diligence, presentment, protest, notice of protest, acceleration, dishonour, filing of claims with any court in the event of insolvency or bankruptcy of the relevant Issuer, all demands whatsoever, except as noted above with respect to demand made by the relevant Holder in accordance with the terms of the relevant Securities; and any right to require a proceeding first against the relevant Issuer.

BAC hereby represents and warrants that this Guarantee constitutes the valid and binding obligation of BAC and is enforceable in accordance with its terms.

The obligations of BAC under this Guarantee, save for such exceptions as may be provided by applicable laws and regulations or judicial order, rank *pari passu* with its other present and future unsecured and unsubordinated contractual obligations.

This Guarantee shall not be valid or become obligatory for any purpose with respect to any Security until (i) in the case of a Security other than a Swedish Dematerialised Security, a CREST Certificate or a CREST Warrant, the Global W&C Security, the Global Note, the definitive Certificate, the definitive Warrant or the definitive Note, as applicable, representing such Security shall have been authenticated as provided in the Agency Agreement, (ii) in the case of a Swedish Dematerialised Security, the issue of such Swedish Dematerialised Security has been duly registered in the book-entry system of the Swedish CSD or (iii) in the case of a CREST Certificate or a CREST Warrant, the issue of such CREST Certificate or CREST Warrant has been duly registered in the Record of the CREST Agent and notified to the Operator.

Terms and expressions defined in the Agency Agreement and the applicable Conditions shall have the same meanings when used in this Guarantee, except where the context otherwise requires.

This Guarantee shall be governed by, and construed in accordance with, the laws of the State of New York applicable to agreements made and to be performed in the State of New York.

The Securities are governed by English law, and the Issuers have submitted to the exclusive jurisdiction of the English courts for the purposes of determining any legal action or proceedings relating thereto. BAC has not submitted to the jurisdiction of the English courts for any such purpose, and any legal action or proceeding arising out of or relating to this Guarantee shall be subject to the exclusive jurisdiction of the federal and state courts in the Borough of Manhattan in the City and State of New York.

This Guarantee may be terminated at any time by written notice by BAC to the Issuers, and shall be effective upon receipt of such notice by the Issuers or such later date as may be specified in such notice; provided, however, that this Guarantee shall continue in full force and effect with respect to any payment obligation of the Issuers under the Securities already in issue at the date of such termination becoming effective or the Conditions relating thereto arising prior to the effectiveness of such notice of termination.

IN WITNESS WHEREOF, BAC has caused this Guarantee to be executed in its corporate name by its duly authorised representative on 22 June 2010.

BOOK-ENTRY CLEARING SYSTEMS

*The information set out below is subject to any change in or reinterpretation of the rules, regulations and procedures of DTC, Euroclear, Clearstream, Luxembourg, Clearstream, Frankfurt or Euroclear France (together, the “**Book-Entry Clearing Systems**”) currently in effect. Investors wishing to use the facilities of any of the Book-Entry Clearing Systems are advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Book Entry Clearing System. Neither the relevant Issuer nor any agent party to the Agency Agreement will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in the Securities held through the facilities of any Book-Entry Clearing System or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.*

Book-entry Systems

DTC

DTC has advised MLICo. that DTC, the world’s largest securities depository, is a limited-purpose trust company organised under the New York Banking Law, a “banking organisation” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code and a “clearing agency” registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“**Direct Participants**”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerised book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organisations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“**DTCC**”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing corporations. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“**Indirect Participants**”). DTC has Standard & Poor’s highest rating: AAA. The DTC rules applicable to its Participants are on file with the SEC. More information about DTC can be found at www.dtcc.com. and www.dtc.org.

Under the rules, regulations and procedures creating and affecting DTC and its operations (the “**Rules**”), DTC makes book-entry transfers of Rule 144A Global Warrants held through DTC among Direct Participants on whose behalf it acts with respect to Warrants accepted into DTC’s book-entry settlement system (“**DTC Warrants**”) as described below and receives and transmits payments on DTC Warrants. Direct Participants and Indirect Participants with which beneficial owners of DTC Warrants (“**Beneficial Owners**”) have accounts with respect to the DTC Warrants similarly are required to make book-entry transfers and receive and transmit such payments on behalf of their respective Beneficial Owners. Accordingly, although Beneficial Owners who hold DTC Warrants through Direct Participants or Indirect Participants will not possess definitive Warrants, the Rules, by virtue of the requirements described above, provide a mechanism by which Direct Participants will receive payments and will be able to transfer their interest in respect to the DTC Warrants.

Purchases of DTC Warrants under the DTC system must be made by or through Direct Participants, which will receive a credit for the DTC Warrants on DTC’s records. The ownership interest of each actual purchaser of each DTC Warrants being a Beneficial Owner, is in turn to be recorded on the Direct and Indirect Participant’s records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the DTC Warrants are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in DTC Warrants, except in the event that use of the book-entry system for the DTC Warrants is discontinued.

To facilitate subsequent transfers, all DTC Warrants deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co. or any other nominee as may be

requested by an authorised representative of DTC. The deposit of DTC Warrants with DTC and their registration in the name of Cede & Co. or any other nominee effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the DTC Warrants; and DTC's records reflect only the identity of the Direct Participants to whose accounts such DTC Warrants are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers. Subsequent transfers of the Warrants, however, may only be made to persons that hold their Warrants through DTC Direct Participants that have executed and delivered to the Issuer a Custodian Letter in a form approved by the Issuer and that have thereby become "Authorised Custodians" with respect to the Warrants.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Under certain circumstances DTC will exchange the DTC Warrants for Definitive Warrants, which it will distribute to its Participants in accordance with their proportionate entitlements. Since DTC may only act on behalf of Direct Participants, who in turn act on behalf of Indirect Participants, any Beneficial Owner desiring to pledge DTC Warrants to persons or entities that do not participate in DTC, or otherwise take actions with respect to such DTC Securities, may be limited in its ability to effect such a pledge.

Book-entry Ownership of and Payments in respect of DTC Warrants

If a Rule 144A Global Warrant is to be registered in the name of a nominee of DTC, the Issuer will apply to DTC in order to have the Warrants represented by such Rule 144A Global Warrant accepted in its book-entry settlement system. Upon the issue of any Rule 144A Global Warrant to be held through DTC, DTC or its custodian will credit, on its internal book-entry system, the respective nominal amounts of the individual beneficial interests represented by such Rule 144A Global Warrant to the accounts of

persons who have accounts with DTC, and who have signed and delivered to the Issuer a Custodian Letter in the form set out in Schedule 17 to the Agency Agreement. Ownership of beneficial interests in any such Rule 144A Global Warrant will be limited to Direct Participants or Indirect Participants, including the respective depositaries of Euroclear and Clearstream, Luxembourg. Ownership of beneficial interests in any such Rule 144A Global Warrant held through DTC will be shown on, and the transfer of such ownership will be effected only through, records maintained by DTC or its nominee (with respect to the interests of Direct Participants) and the records of Direct Participants (with respect to interests of Indirect Participants).

Payments in U.S. dollars in respect of a Rule 144A Global Warrant registered in the name of DTC's nominee will be made to the order of such nominee as the registered holder of such Warrant. In the case of any payment in a currency other than U.S. dollars, payment will be made to the New York Warrant Agent on behalf of DTC's nominee and the New York Warrant Agent will (in accordance with instructions received by it) remit all or a portion of such payment for credit directly to the beneficial holders of interests in the Rule 144A Global Warrant held through DTC in the currency in which such payment was made and/or cause all or a portion of such payment to be converted into U.S. dollars and credited to the applicable Participants' account.

The Issuer expects DTC to credit accounts of Direct Participants on the applicable payment date in accordance with their respective holdings as shown in the records of DTC unless DTC has reason to believe that it will not receive payment on such payment date. The Issuer also expects that payments by Participants to Beneficial Owners of Warrants will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers, and will be the responsibility of such Participant and not the responsibility of DTC, the Principal Security Agent, the New York Warrant Agent or the Issuer. Payments on Warrants to DTC is the responsibility of the Issuer.

Transfers of Securities Represented by Global Securities

Transfers of any interests in Securities represented by a Global Warrant within DTC or a Global Security or Global Note within Euroclear, Clearstream, Luxembourg, Clearstream, Frankfurt and Euroclear France will be effected in accordance with the customary rules and operating procedures of the relevant clearing system. The laws in some States within the United States require that certain persons take physical delivery of securities in definitive form. Consequently, the ability to transfer Warrants represented by a Global Warrant to such persons may depend upon the ability to exchange such Warrants for Warrants in definitive form. Similarly, because DTC can only act on behalf of Direct Participants in the DTC system who in turn act on behalf of Indirect Participants, the ability of a person having an interest in Warrants represented by a Global Warrant to pledge such Warrants to persons or entities that do not participate in the DTC system or to otherwise take action in respect of such Warrants may depend upon the ability to exchange such Warrants for Warrants in definitive form. The ability of any person having a beneficial interest in Warrants represented by a Global Warrant to resell, pledge or otherwise transfer such Warrants may be impaired if the proposed transferee of such Warrants is not eligible to hold such Warrants through a Direct or Indirect participant in the DTC system.

Subject to compliance with the transfer restrictions applicable to the Rule 144A Global Warrants and Regulation S/Rule 144A Global Warrants described under "Notice to Purchasers and Holders of Securities and Transfer Restrictions", cross-market transfers between DTC, on the one hand, and directly or indirectly through Euroclear, Clearstream, Luxembourg accountholders, on the other, will be effected by the relevant clearing system in accordance with its rules and through action taken by the Principal Security Agent, the New York Warrant Agent and any custodian ("**Custodian**") with whom the relevant Global Warrants have been deposited.

On or after the Issue Date for any Securities, transfers of such Securities between accountholders in Euroclear, Clearstream, Luxembourg, Clearstream, Frankfurt and Euroclear France and transfers of such Securities between participants in DTC will generally have a settlement date three business days after the trade date (T+3). The customary arrangements for delivery versus payment will apply to such transfers.

Cross-market transfers between accountholders in Euroclear, Clearstream, Luxembourg and DTC participants will need to have an agreed settlement date between the parties to such transfer. Because there is no direct link between DTC, on the one hand, and Euroclear, Clearstream, Luxembourg, on the other, transfers of interests in the relevant Global Warrants will be effected through the Principal Security Agent, the New York Warrant Agent and the Custodian receiving instructions (and where appropriate certification) from the transferor and arranging for delivery of the interests being transferred to the credit of the designated account for the transferee. In the case of cross-market transfers, settlement

between Euroclear, Clearstream, Luxembourg accountholders and DTC participants cannot be made on a delivery versus payment basis. The Warrants will be delivered on a free delivery basis and arrangements for payment must be made separately.

DTC, Euroclear, Clearstream, Luxembourg and Clearstream, Frankfurt have each published rules and operating procedures designed to facilitate transfers of beneficial interests in Global Securities and Global Notes, as the case may be, among participants and accountholders of DTC, Euroclear, Clearstream, Luxembourg and Clearstream, Frankfurt. However, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued or changed at any time. None of the Issuers, BAC, the Security Agents or any Dealer will be responsible for any performance by DTC, Euroclear, Clearstream, Luxembourg or Clearstream, Frankfurt or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations and none of them will have any liability for any aspect of the records relating to or payments made on account of beneficial interests in the Securities represented by Global Securities or Global Notes, as the case may be, or for maintaining, supervising or reviewing any records relating to such beneficial interests.

**NOTICE TO PURCHASERS AND HOLDERS OF SECURITIES
AND TRANSFER RESTRICTIONS**

As a result of the following restrictions, purchasers of Securities are advised to consult legal counsel prior to making any purchase, offer, sale, resale or other transfer of such Securities.

Notes and Certificates

No Notes or Certificates of any series, the related guarantee of BAC, or certain of the Entitlements (if any) with respect thereto, have been, or will be, registered under the U.S. Securities Act of 1933, as amended (the “**Securities Act**”) or under any state securities laws. The Notes and the Certificates and certain of the Entitlements (if any) with respect thereto are only being offered and sold pursuant to the registration exemption contained in Regulation S under the Securities Act. No Notes or Certificates of any series, or interests therein, or Entitlement with respect thereto may at any time be offered, sold, resold, traded, pledged, exercised, redeemed, transferred or delivered, directly or indirectly, in the United States of America (including the States and the District of Columbia), its territories, its possessions and other areas subject to its jurisdiction (the “**United States**”) or directly or indirectly offered, sold, resold, traded, pledged, exercised, redeemed, transferred or delivered to, or for the account or benefit of, any United States Person. “**United States Person**” means a person which is a “U.S. person” as defined by Regulation S under the Securities Act or a “United States person” as defined in Section 7701(a)(30) of the Internal Revenue Code of 1986, as amended and in U.S. Treasury regulations. Consequently, any offer, sale, resale, trade, pledge, exercise, redemption, transfer or delivery of any Notes or Certificates made, directly or indirectly, within the United States or to, or for the account or benefit of, a United States Person will not be recognised.

Any person purchasing Notes or Certificates of any series will be deemed on purchase to represent, acknowledge, certify and agree with the Issuer, the Dealer or the seller of such Notes or Certificates, for itself and any person for whose account such Notes or Certificates are being purchased, that:

- (i) it is not a United States Person and it is not located in the United States and was not solicited to purchase the Notes or Certificates, as applicable, while present in the United States;
- (ii) it will not at any time offer, sell, resell, trade, pledge, exercise, redeem, transfer or deliver, directly or indirectly, any Notes or Certificates, as applicable, of such series so purchased in the United States or to, or for the account or benefit of, any United States Person or to others for offer, sale, resale, trade, pledge, exercise, redemption, transfer or delivery, directly or indirectly, in the United States or to, or for the account or benefit of any, United States Person;
- (iii) it is not purchasing any Notes or Certificates, as applicable, of such series for the account or benefit of any United States Person;
- (iv) it will not make offers, sales, resales, trades, pledges, exercises, redemptions, transfers or deliveries of any Notes or Certificates, as applicable, of such series (otherwise acquired), directly or indirectly, in the United States or to, or for the account or benefit of, any United States Person;
- (v) prior to the delivery of any Entitlement in respect of a Security settled by Physical Delivery (a “**Physical Delivery Security**”) the holder thereof will be required to represent that, *inter alia*, he is not a United States Person, the Note or Certificate, as applicable, was not exercised on behalf of a United States Person and no cash, and in the case of Physical Delivery Securities, no securities or other property have been or will be delivered within the United States or to, or the account or benefit of, a United States Person in connection with any exercise thereof;
- (vi) it acknowledges that the Global Notes and Global Certificates will bear a legend substantially to the following effect unless otherwise agreed to by the applicable Issuer:

“THE SECURITIES REPRESENTED BY THIS GLOBAL SECURITY HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE “**SECURITIES ACT**”), OR ANY OTHER SECURITIES LAWS. THIS SECURITY, OR ANY INTERESTS THEREIN, MAY NOT BE OFFERED, SOLD, RESOLD, TRADED, PLEDGED, EXERCISED, REDEEMED, TRANSFERRED OR DELIVERED, DIRECTLY OR INDIRECTLY, IN THE UNITED STATES OF AMERICA (INCLUDING THE STATES AND THE DISTRICT OF COLUMBIA), ITS TERRITORIES, ITS POSSESSIONS AND OTHER AREAS SUBJECT TO ITS JURISDICTION (THE “**UNITED STATES**”) OR DIRECTLY OR INDIRECTLY OFFERED, SOLD, RESOLD, TRADED, PLEDGED, EXERCISED, REDEEMED, TRANSFERRED OR DELIVERED TO, OR FOR

THE ACCOUNT OR BENEFIT OF, ANY UNITED STATES PERSON. “**UNITED STATES PERSON**” MEANS A PERSON WHICH IS A “U.S. PERSON” AS DEFINED BY REGULATION S UNDER THE SECURITIES ACT OR A “UNITED STATES PERSON” AS DEFINED IN SECTION 7701(A)(30) OF THE INTERNAL REVENUE CODE OF 1986, AS AMENDED AND IN U.S. TREASURY REGULATIONS.”; and

- (vii) that the relevant Issuers, BAC and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements and agrees that if any of such acknowledgements, representations or agreements made by it are no longer accurate, it shall promptly notify the relevant Issuer; and if it is acquiring any Notes or Certificates as a fiduciary or agent for one or more accounts it represents that it has sole investment discretion with respect to each such account and that it has full power to make the foregoing acknowledgements, representations and agreements on behalf of each such account.

Warrants

None of the Warrants of any series, the related guarantee of BAC, or certain of the Entitlements (if any) with respect thereto have been registered under the Securities Act or under any state securities laws and furthermore MLICo. is not registered as an investment company under the U.S. Investment Company Act of 1940, as amended (the “**1940 Act**”). For the purposes hereof, “United States Person” means a person which is a “U.S. person” as defined by Regulation S under the Securities Act or a “United States person” as defined in Section 770(a)(30) of the Internal Revenue Code of 1986, as amended and in U.S. Treasury regulations.

Prior to the delivery of the Entitlement in respect of a Physical Delivery Warrant, the holder thereof will be required to represent that, *inter alia*, he is not a United States Person, the Warrant was not exercised on behalf of a United States Person and no cash, and in the case of Physical Delivery Securities, no securities or other property have been or will be delivered within the United States or to, or for the account or benefit of, a United States Person in connection with any exercise thereof.

- (10) it will provide notice of applicable transfer restrictions to any subsequent transferees; or

The Warrants linked to any Underlying Asset do not create any obligation on the part of the Issuer or any affiliate of the Issuer to disclose to the holder any such relationship or information (whether or not confidential) and neither the Issuer nor any

other affiliate of the Issuer shall be liable to the holder by reason of such non-disclosure. No such information had been used in the selection of any issuer of an Underlying Asset for the Warrants linked to any Underlying Asset;

- (vi) in the case of Share Linked Warrants, that the Issuer and any affiliate of the Issuer may have existing or future business relationships with any issuer of an Underlying Asset (including, but not limited to, lending, depository, risk management, advisory or banking relationships), and will pursue actions and take steps that it deems or they deem necessary or appropriate to protect its or their interests arising therefrom without regard to the consequences for a holder of such Warrants linked to any such Underlying Asset;

ERISA MATTERS

Any discussion of United States federal tax issues set forth in this Base Prospectus was written in connection with the promotion and marketing of the Securities by MLSA, MLICo., BAC, the Dealers and the Managers (as applicable). Such discussion was not intended or written to be legal or tax advice to any person and was not intended or written to be used, and it cannot be used, by any person for the purpose of avoiding any United States federal tax penalties that may be imposed on such person. Each person considering an investment in the Securities should seek advice based on its particular circumstances from an independent tax advisor.

BAC and certain affiliates of BAC may each be considered a “party in interest” within the meaning of the Employee Retirement Income Security Act of 1974, as amended (“**ERISA**”), or a “disqualified person” within the meaning of the Code with respect to employee benefit plans subject to ERISA and individual retirement accounts, Keoghs and other plans subject to Section 4975 of the Code (collectively, “**Covered Plans**”). Certain transactions between such a Covered Plan and a party in interest or disqualified person may result in “prohibited transactions” within the meaning of ERISA and the Code, unless such transactions are effected pursuant to an applicable exemption. Assets of Covered Plans in this section are referred to as “**plan assets**”.

In addition, certain regulatory requirements applicable under ERISA could cause investments by a Covered Plan in the Securities (whether directly or indirectly) to be deemed to include not only the purchased Securities but also an undivided interest in each of the underlying assets of the relevant Issuer. In the absence of an applicable exception to this general rule, the relevant Issuer could be considered to hold plan assets of the investing Covered Plan such that persons providing services in connection with such plan assets might be considered “parties in interest” or “disqualified persons” with respect to the investing Covered Plan and could be governed by the fiduciary responsibility provisions of Title I of ERISA and the prohibited transaction provisions referenced above. If this were the case, any discretionary actions undertaken by that person regarding those plan assets could be deemed to be a prohibited transaction under ERISA or the Code (e.g., the use of fiduciary authority or responsibility in circumstances under which that person has interests that may conflict with the interests of the investing plan and affect the exercise of that person’s best judgment as a fiduciary).

Under ERISA and various prohibited transaction class exemptions (“**PTCEs**”) issued by the U.S. Department of Labor, exemptive relief may be available for direct or indirect prohibited transactions resulting from the purchase, holding or disposition of the Securities. Those exemptions include PTCE 96-23 (for certain transactions determined by in-house asset managers), PTCE 95-60 (for certain transactions involving insurance company general accounts), PTCE 91-38 (for certain transactions involving bank collective investment funds), PTCE 90-1 (for certain transactions involving insurance company separate accounts), and PTCE 84-14 (for certain transactions determined by independent qualified asset managers). In addition, Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code provide statutory exemptive relief for certain arm’s-length transactions with a person that is a party in interest solely by reason of providing services to employee benefit plans or being an affiliate of such a service provider.

Because BAC and certain of its affiliates may be considered a party in interest or disqualified person with respect to many Covered Plans, the Securities may not be purchased, held or disposed of by any Covered Plan, any entity whose underlying assets include plan assets by reason of any Covered Plan’s investment in the entity, or any person investing plan assets of any Covered Plan, unless such purchase, holding or disposition is eligible for statutory or administrative exemptive relief or such purchase, holding or disposition is otherwise not prohibited. Any purchaser, including any fiduciary purchasing on behalf of a Covered Plan, transferee or holder of the Securities will be deemed to have represented, in its corporate and its fiduciary capacity, by its purchase and holding of the securities that either (a) it is not a Covered Plan or an entity whose underlying assets include plan assets by reason of any Covered Plan’s investment in the entity and is not purchasing such securities on behalf of or with plan assets of any Covered Plan or with any assets of a governmental, church or foreign plan that is subject to any federal, state, local or foreign law that is substantially similar to the provisions of Section 406 of ERISA or Section 4975 of the Code; or (b) its purchase, holding and disposition are eligible for exemptive relief or such purchase, holding and disposition are not prohibited by ERISA or Section 4975 of the Code (or in the case of a governmental, church or foreign plan, any substantially similar federal, state, local or foreign law).

Due to the complexity of the rules discussed in this section and the penalties that may be imposed upon persons involved in non-exempt prohibited transactions, it is particularly important that fiduciaries or other persons considering purchasing Securities on behalf of or with plan assets of any Covered Plan (or

of governmental and other plans that are not subject to ERISA or to the Code but that may be subject to similar restrictions under state, federal or local law) consult with their legal and tax counsel regarding the potential consequences of the investment and the availability of exemptive relief.

TAXATION

The following comments are of a general nature, are based on the Issuers' understanding of current law and practice and are included in this Base Prospectus solely for information purposes. These comments are not intended to be, nor should they be regarded as, legal or tax advice. The precise tax treatment of a holder of an instrument that is either a note ("Notes"), warrant ("Warrants") or certificate ("Certificates") will depend for each issue on the terms of the Notes, Warrants or Certificates, as specified in the "Terms and Conditions of the Notes" or the "Terms and Conditions of the W&C Securities" (as applicable), as amended and supplemented by the applicable Final Terms under the law and practice at the relevant time. Prospective holders of Notes, Warrants or Certificates should consult their own tax advisers in all relevant jurisdictions to obtain advice about their particular tax treatment in relation to such Notes, Warrants or Certificates.

UNITED STATES FEDERAL INCOME TAXATION

TO ENSURE COMPLIANCE WITH U.S. TREASURY DEPARTMENT CIRCULAR 230, HOLDERS ARE HEREBY NOTIFIED THAT: (A) ANY DISCUSSION OF UNITED STATES FEDERAL TAX ISSUES HEREIN IS NOT INTENDED OR WRITTEN TO BE RELIED UPON, AND CANNOT BE RELIED UPON BY HOLDERS FOR THE PURPOSE OF AVOIDING PENALTIES THAT MAY BE IMPOSED ON HOLDERS UNDER THE INTERNAL REVENUE CODE; (B) SUCH DISCUSSION IS INCLUDED HEREIN BY THE ISSUER IN CONNECTION WITH THE PROMOTION OR MARKETING (WITHIN THE MEANING OF CIRCULAR 230) BY THE ISSUER AND ANY DEALER OF THE TRANSACTIONS OR MATTERS ADDRESSED HEREIN; AND (C) HOLDERS SHOULD SEEK ADVICE BASED ON THEIR PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISOR.

Except as otherwise provided in the applicable Final Terms, the following is a summary of certain United States federal income tax considerations applicable to an investment in the Securities by holders who are United States Aliens (as defined in the "Terms and Conditions of the Notes") who are the original purchasers of the Securities and who have not purchased, and do not hold, the Securities in connection with a United States trade or business. For purposes of the following discussion, it is assumed that the Notes and Certificates (other than CREST Certificates) will be issued in bearer form, that the Securities will be delivered to the holders or their agents outside the United States and that none of the relevant clearing system (or its participants), the Common Depository or the Common Safekeeper, as the case may be, is or will act as an Issuer's or the Guarantor's agent with respect to any matter relating to the Securities, including ownership thereof or any payments with respect thereto.

If an entity or arrangement treated as a partnership for United States federal income tax purposes holds the Securities, the United States federal income tax treatment of a partner generally will depend upon the status of the partner and the activities of the partnership. A partner of a partnership holding the Securities should consult its own tax advisor regarding the United States federal income tax consequences to the partner of the acquisition, ownership and disposition by the partnership of the Securities. In addition, this summary is for general information only, and does not purport to discuss all aspects of United States federal income taxation that may be important to a particular holder in light of its circumstances or to holders subject to special tax rules, such as trusts, estates and controlled foreign corporations, or the beneficiaries or shareholders of such entities.

While the United States federal income and withholding tax treatment of a Security will generally depend on the particular terms of such Security, the Issuer generally does not intend to withhold United States federal income tax with respect to payments, including payments of principal and interest (including original issue discount), if any, by the Issuer or any Paying Agent or Security Agent (acting in its capacity as such) outside the United States to any holder of a Security who is a United States Alien.

Special rules may apply to payments treated as contingent interest or as dividends for certain United States federal income tax purposes.

Neither the Issuer nor the Guarantor assumes any liability for the payment of any tax which it is required to withhold or any additional amount in respect thereof, except that in certain circumstances set forth in Condition 7 of the "Terms and Conditions of the Notes", additional amounts may be paid with respect to a Note in connection with taxes. The United States federal income and withholding tax consequences of certain Securities linked to Reference Items(s) are uncertain. No statutory, judicial, or administrative authority directly addresses the characterisation of such Securities or securities similar to such Securities for United States federal income, withholding, or other tax purposes. All holders should consult their tax

advisors regarding the United States federal income and withholding tax consequences to them of holding such Securities.

The IRS released a notice (the “**Notice**”) seeking comments on the taxation of financial instruments referred to as “prepaid forward contracts” including “exchange traded notes”. According to the Notice, the IRS and the U.S. Treasury Department (the “**Treasury**”) are considering whether a holder of such an instrument should be required to accrue ordinary income on a current basis, regardless of whether any payments are made prior to maturity. The IRS and Treasury are also considering additional issues, including whether foreign holders of such instruments should be subject to withholding tax on any deemed income accruals. In addition, legislation was introduced in the United States Congress which, if enacted, would require that a holder that acquires such an instrument after the date of enactment of the legislation accrue income on a current basis in certain circumstances. It is not possible to determine what guidance the IRS and Treasury will ultimately issue, if any, what legislation will be enacted, if any, and whether any such guidance or legislation would be retroactive. Any such guidance or legislation may affect the United States federal income and withholding tax treatment of the Securities.

A United States Alien holder generally will not be subject to United States federal income tax on any gain realised on the sale, exchange, or retirement of a Security (other than gains treated as dividends pursuant to United States federal income tax law), provided that (a) the gain is not effectively connected with the conduct of trade or business within the United States, or a permanent establishment maintained in the United States if certain tax treaties apply, (b) in the case of a United States Alien holder that is an individual, the United States Alien holder is not present in the United States for 183 days or more in the taxable year of the sale, exchange or retirement of the Security, (c) the Security is not a “United States real property interest” for United States federal income tax purposes, and (d) the United States Alien holder is not subject to tax pursuant to certain provisions of United States federal income tax law applicable to certain expatriates.

The Issuer generally intends to issue Securities as to which backup withholding tax and information reporting do not apply to payments made outside the United States by the Issuer or any Paying Agent or Security Agent (acting in its capacity as such) to a United States Alien holder of a Security in global form and, unless otherwise set forth in the applicable Final Terms, intends to take the position that backup withholding and information reporting generally do not apply to such payments. The treatment of Securities for purposes of United States backup withholding tax and information reporting requirements will generally depend on the particular terms of such Security, the characteristics of the person or entity making a payment and the payee, and the circumstances of payment. Holders should consult their own tax advisors regarding the application of the backup withholding tax and information reporting rules.

Legislation (section 1471 of the Code) was enacted on 18 March 2010 that will, effective for payments made after 31 December 2012, impose a 30 per cent. U.S. withholding tax on certain U.S. source payments, including interest (and original issue discount), other fixed or determinable annual or periodical gain, profits, and income, and on the gross proceeds from the disposition of property of a type which can produce U.S. source interest or dividends, if paid to a foreign financial institution, unless such institution enters into an agreement with the Treasury to collect and provide to the Treasury substantial information regarding U.S. account holders, including certain account holders that are foreign entities with U.S. owners, with such institution. The legislation (section 1472 of the Code) also generally imposes a withholding tax of 30 per cent. on the above described payments and gross proceeds paid to a non-financial foreign entity unless such entity provides the withholding agent with a certification that it does not have any substantial U.S. owners or a certification identifying the direct and indirect substantial U.S. owners of the entity. Under certain circumstances, a holder may be eligible for refunds or credits of such taxes. These withholding and reporting requirements will generally apply to payments made after 31 December 2012; however, the withholding tax will not be imposed on payments pursuant to obligations outstanding as of 18 March 2012. Holders are urged to consult with their own tax advisors regarding the possible implications of this recently enacted legislation on their investment in the Securities.

THE UNITED STATES FEDERAL INCOME TAX DISCUSSION SET FORTH ABOVE IS INCLUDED FOR GENERAL INFORMATION ONLY AND MAY OR MAY NOT BE APPLICABLE DEPENDING UPON A HOLDER'S PARTICULAR SITUATION. HOLDERS SHOULD CONSULT THEIR OWN TAX ADVISERS WITH RESPECT TO THE TAX CONSEQUENCES TO THEM OF THE OWNERSHIP AND DISPOSITION OF THE SECURITIES, INCLUDING THE TAX CONSEQUENCES UNDER STATE, LOCAL, FOREIGN

AND OTHER TAX LAWS AND THE POSSIBLE EFFECTS OF CHANGES IN FEDERAL OR OTHER TAX LAWS.

LUXEMBOURG TAXATION

The following summary is of a general nature and is included herein solely for information purposes. It is based on the laws presently in force in Luxembourg, though it is not intended to be, nor should it be construed to be, legal or tax advice. Prospective investors in the Notes, the Warrants and the Certificates (together referred to as the “**Securities**”), should therefore consult their own professional advisers as to the effects of state, local or foreign laws, including Luxembourg tax law, to which they may be subject.

Withholding Tax

(i) Non-resident holders of the Securities

Under Luxembourg general tax laws currently in force and subject to the laws of 21 June 2005 (the “**Laws**”) mentioned below, there is no withholding tax on payments of principal, premium, any additional amounts or interest made to non-resident holders of Securities, nor on accrued but unpaid interest in respect of Securities, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Securities held by non-resident holders of Securities.

Under the Luxembourg laws dated 21 June 2005 implementing the Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income in the form of interest payments (the “**Savings Directive**”) and several agreements concluded between Luxembourg and certain dependent or associated territories of the European Union (“**EU**”), a Luxembourg-based paying agent (within the meaning of the Savings Directive) is required since 1 July 2005 to withhold tax on interest and other similar income paid by it to (or under certain circumstances, to the benefit of) an individual resident in another Member State or in certain EU dependent or associated territories, unless the beneficiary of the interest payments elects for the procedure of exchange of information or for the tax certificate procedure. The same treatment will apply to payments of interest and other similar income made to certain “residual entities” within the meaning of Article 4.2 of the Savings Directive established in a Member State or in certain EU dependent or associated territories (i.e. entities which are not legal persons (the Finnish and Swedish companies listed in Article 4.5 of the Savings Directive are not considered as legal persons for this purpose), whose profits are not taxed under the general arrangements for the business taxation, that are not UCITS recognised in accordance with the Council Directive 85/611/EEC) or similar collective investment funds located in Jersey, Guernsey, the Isle of Man, the Turks and Caicos Islands, the Cayman Islands, Montserrat or the British Virgin Islands and have not opted to be treated as UCITS recognised in accordance with the Council Directive 85/611/EEC).

The withholding tax rate is 20 per cent. increasing to 35 per cent. as from 1 July 2011. The withholding tax system will only apply during a transitional period, the ending of which depends on the conclusion of certain agreements relating to information exchange with certain third countries.

(ii) Resident holders of the Securities

Under Luxembourg general tax laws currently in force and subject to the law of 23 December 2005 as amended by the law of 17 July 2008 (the “**Law**”) mentioned below, there is no withholding tax on payments of principal, premium, any additional amounts or interest made to Luxembourg resident holders of Securities, nor on accrued but unpaid interest in respect of Securities, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Securities held by Luxembourg resident holders of Securities.

Under the Law payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the benefit of an individual beneficial owner who is resident of Luxembourg or to certain residual entities that secure interest payments on behalf of such individuals (unless such entities have opted either to be treated as UCITS recognised in accordance with the Council Directive 85/611/EC or for the exchange of information regime) will be subject to a withholding tax of 10 per cent. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Payments of interest under the Securities coming within the scope of the Law would be subject to withholding tax of 10 per cent.

NETHERLANDS ANTILLES TAXATION

The following is a general summary and the tax consequences as described here may not apply to a holder of W&C Securities. Any potential investor should consult his tax adviser for more information about the tax consequences of acquiring, owning and disposing of W&C Securities in his particular circumstances.

This taxation summary solely addresses the principal Netherlands Antilles tax consequences of the acquisition, ownership and disposal of W&C Securities. It does not consider every aspect of taxation that may be relevant to a particular holder of W&C Securities under special circumstances or a holder who is subject to special treatment under applicable law. Where in this summary English terms and expressions are used to refer to Dutch concepts, the meaning to be attributed to such terms and expressions shall be the meaning to be attributed to the equivalent Dutch concepts under Netherlands Antilles tax law.

This summary is based on the tax law of the Netherlands Antilles (excluding unpublished case law) as it stands at the date of this Note, Warrant and Certificate Programme. The law upon which this summary is based is subject to change, perhaps with retroactive effect. Any such change may invalidate the contents of this summary, which will not be updated to reflect such change. This summary assumes that (i) each transaction with respect to W&C Securities is at arm's length, (ii) Bank of America Corporation as Guarantor is neither resident nor deemed to be resident in the Netherlands Antilles and neither has a permanent establishment nor a permanent representative in the Netherlands Antilles, (iii) no payment under W&C Securities has been or will be secured by a mortgage on any real property, or on any rights on real property, situated within the Netherlands Antilles, (iv) if any payment under W&C Securities qualifies as an interest payment made to, or secured to, or for the direct benefit of, an individual who is resident of the part of the Kingdom of the Netherlands situated in Europe or of any other State, with which the Kingdom of the Netherlands has concluded an agreement regarding automatic exchange of information with respect to income in the form of interest payments within the meaning of the Netherlands Antilles Ordinance on the Taxation of Savings Income (*Landsverordening spaarvermogensheffing*), such individual has authorised in writing the submission of information concerning such payments to the competent authorities of his State of residency in accordance with the Netherlands Antilles Ordinance on the Taxation of Savings, and (v) no W&C Securities will be issued that are, in whole or in part, linked to shares of any one or more companies that are resident or deemed to be resident in the Netherlands Antilles for Netherlands Antilles tax purposes.

1. Withholding Tax

All payments under W&C Securities may be made free of withholding or deduction of, for or on account of any taxes of whatever nature imposed, levied, withheld or assessed by the Netherlands Antilles or any political subdivision or taxing authority of, or in, the Netherlands Antilles.

2. Taxes on Income and Capital Gains

The summary set out in this section "Taxes on Income and Capital Gains" applies only to a holder of W&C Securities who is neither resident nor deemed to be resident in the Netherlands Antilles for the purposes of Netherlands Antilles income tax or profit tax, as the case may be (a "Non-Resident holder of W&C Securities").

A Non-Resident holder of W&C Securities will not be subject to any Netherlands Antilles taxes on income or capital gains in respect of any benefits derived or deemed to be derived from W&C Securities, including any payment under W&C Securities and any gain realised on the disposal of W&C Securities, provided that:

- (i) such holder does not have an enterprise or profession or an interest in an enterprise or profession that is, in whole or in part, carried on in the Netherlands Antilles by or for the account of such holder, and to which enterprise or profession or part of an enterprise or profession, as the case may be, his or its W&C Securities are attributable;
- (ii) if such holder is an individual and if such W&C Securities are not considered securities (*effecten*) for Netherlands Antilles purposes, no payment under the W&C Securities is contingent on the proceeds of any Netherlands Antilles enterprise or profession, nor on the quantities or proceeds of any product mined or processed in the Netherlands Antilles; and
- (iii) if such holder is an individual, his W&C Securities do not form part of, and are not deemed to form part of, a substantial interest (*aanmerkelijk belang*) in the Issuer.

An individual's W&C Securities may form part of, or may be deemed to form part of, a substantial interest if he, either alone or together with his spouse and certain of their relatives in blood or by marriage (*bloed-of aanverwanten*) in the direct line, holds, directly or indirectly, (A) at least 5 per cent. of the issued share capital (*geplaatste kapitaal*) of a company, the capital of which is wholly or partly divided into shares, or (B) rights to acquire, directly or indirectly, shares to at least 5 per cent. of the issued share capital of such a company, or (C) profit participating certificates (*winstbewijzen*) that relate to 5 per cent. or more of the annual profit or to 5 per cent. or more of the liquidation proceeds of such a company.

3. **Gift and Inheritance Taxes**

If a holder of W&C Securities disposes of W&C Securities by way of a gift, in form or in substance, or if a holder of W&C Securities who is an individual dies, no Netherlands Antilles gift tax or Netherlands Antilles inheritance tax, as applicable, will be due, unless the donor is, or the deceased was resident or deemed to be resident in the Netherlands Antilles for purposes of Netherlands Antilles gift tax or Netherlands Antilles inheritance tax, as applicable.

4. **Sales Tax**

No sales tax (*omzetbelasting*), turnover tax (*belasting op bedrijfsomzetten*) or similar tax will arise in the Netherlands Antilles on the invoicing or payment of principal and interest on the W&C Securities provided that the W&C Securities will neither be offered or deemed to be offered nor sold or deemed to be sold directly or indirectly to, nor will W&C Securities be acquired or deemed to be acquired or owned or deemed to be owned by:

- (i) an individual who is resident or deemed to be resident in the Netherlands Antilles; or
- (ii) an entity which is resident or deemed to be resident in the Netherlands Antilles if and to the extent such entity qualifies as an entrepreneur (*ondernemer*); or
- (iii) an individual who or an entity which is neither resident nor deemed to be resident in the Netherlands Antilles and who or which is engaged in trade or business in the Netherlands Antilles through a permanent establishment or through a permanent representative;

in each case: for the purposes of the Sales Tax Ordinance (*Landverordening Omzetbelasting 1999*).

5. **Other Taxes and Duties**

No Netherlands Antilles registration tax, transfer tax, stamp duty or any other similar documentary tax or duty will be payable in the Netherlands Antilles in respect of, or in connection with, the execution, delivery and/or enforcement by legal proceedings of the documents relating to the issue of W&C Securities or the performance by the Issuer or the Guarantor of its obligations under such documents or under W&C Securities, provided these actions take place outside the Netherlands Antilles. Stamp tax amounting to not more than NAFL 10 (U.S.\$5.60) per page and registration tax of NAFL 5 (U.S.\$2.80) per document are payable in the case of registration in the Netherlands Antilles of documents or if such documents are brought into the courts of the Netherlands Antilles and court fees will be due in the case of litigation in the courts of the Netherlands Antilles.

A holder of W&C Securities will not incur or become liable for any Netherlands Antilles registration tax, transfer tax, stamp duty or any other similar documentary tax or duty by reason only of the acquisition, ownership or disposal of W&C Securities.

FRANCE

Any discussion of French tax issues set forth in this Base Prospectus is not intended or written to be tax advice to any person. The following discusses certain French income tax consequences which may be of interest to purchasers of Securities who are resident in France for tax purposes but does not purport to discuss all of the tax consequences that may be relevant to a particular purchaser of Securities in light of the purchaser's specific circumstances (such as a purchaser that is a financial institution, dealer, trader, partnership, investment fund or other tax exempt entity). Each person considering an investment in the Securities should seek advice based on its particular circumstances from an independent tax adviser.

French Income Taxation of an Investor that is a French resident individual ("**French Individual Investor**").

Characterisation of the Securities for French tax purposes

Depending on their characteristics the Securities issued under the Programme may either be classified as warrants (*bons d'option*) (“**French Warrants**”) or as notes (*obligations*) (“**French Notes**”) for French tax purposes.

The exact characterisation of the Securities will need to be determined on a case by case basis according to their terms. Hence, a French Individual Investor should seek tax advice from an independent tax adviser in order to determine the appropriate characterisation of the Securities.

Securities classified as French Warrants for French tax purposes

A French Individual Investor holding Securities which are classified as French Warrants would be subject to tax on gains or profits arising from a sale or exercise of the Securities. In the absence of listing on a French recognised exchange, any gains realised by a French Individual Investor upon the disposal or exercise of such Securities will be subject to income tax at the progressive rate of up-to 40 per cent. (plus 12.1 per cent. of social levies). Losses incurred by a French Individual Investor holding Securities (and acting as a non-professional) in respect of a given tax year may only be offset against gains of a similar nature (for instance, gains arising from French Warrants that are not listed in France) realised by such French Individual Investor during the aforesaid tax year or any of the six following tax years.

Securities classified as French Notes for French tax purposes

Any income received by a French Individual Investor holding Securities which are classified as French Notes (including in connection with the redemption of such Securities by the Issuer) is subject to income tax at the progressive rate (up to 40 per cent. plus social levies at the rate of 12.1 per cent.). However a French Individual Investor holding Securities issued by Merrill Lynch S.A. which are classified as French Notes may, to the extent the paying agent is established in the European Union, Iceland or Norway, and subject to completion of certain filing obligations, elect to submit any income received on such Securities to a 30.1 per cent. levy (18 per cent. income tax plus 12.1 per cent. of social levies) in lieu of the progressive rate. If such election is made and the paying agent is French or acting through a permanent establishment in France, the paying agent is responsible for making the withholding. If acting from an EU Member State other than France (or from Iceland or Norway), the paying agent is in principle not involved in any French tax withholding obligation except where it is specifically appointed by the beneficiary of the income to do so.

Gains realised by a French Individual Investor upon disposal of Securities which are classified as French Notes are subject to income tax at the rate of 18 per cent., plus 12.1 per cent. of social levies. However, income tax is only due to the extent that the aggregate amount of disposals of securities realised by the French Individual Investor and his household exceeds a certain threshold in a calendar year (€25,830 in 2010). Social duties remain payable whatever the amount of disposals of securities realised during the year. Any losses incurred by the French Individual Investor upon disposal of the Securities may be offset against capital gains of a similar nature (i.e. deriving from the disposal of eligible securities as defined under section 150-0 A of the French *Code Général des Impôts*) realised during the same tax year or any of the ten following tax years, provided, as regards income tax, that the above sales threshold was exceeded in the year in which the loss was realised.

French Corporation Tax of an Investor that is a French Company (“French Corporate Investor”)

Any income or capital gains realised by a French Corporate Investor that is subject to French corporation tax, would be subject to corporation tax at the standard rate of 33.33 per cent. (plus the social contribution) regardless of whether the Securities are classified as French Warrants or French Notes. However, the timing of recognition of gains and income in relation to the holding or disposal of the Securities may vary, depending on the characteristics of the Securities.

French Implementation of the EU Savings Directive

The Savings Directive (as defined below) has been implemented in French law under article 242 of the French *Code Général des Impôts*. These provisions impose on paying agents based in France an obligation to report to the French tax authorities, certain information with respect to interest payments made to beneficial owners domiciled in another Member State (or certain territories), including, among other things, the identity and address of the beneficial owner and a detailed list of the different categories of interest (within the meaning of the Savings Directive) paid to that beneficial owner.

SWEDEN

The following is a summary of certain Swedish tax consequences related to holders of Securities that are residents of Sweden for tax purposes. The summary is based on legislation as of the date of the Base Prospectus and is intended to provide general information only. The summary does not cover tax issues in cases where Securities are held as current assets in business operations or by a partnership. The tax treatment of holders of Securities depends in part on their particular circumstances. Specific tax rules may apply for certain categories of holders of Securities, e.g. investment funds and investment companies. Each holder should consult a tax adviser as to the tax consequences relating to their particular circumstances resulting from the holding of Securities.

Private Individuals

As regards private individuals interest and capital gains on the Securities are taxed in the capital income category at a rate of 30 per cent. 70 per cent. of a loss is normally deductible in the same income category.

There is currently no Swedish withholding tax (*källskatt*) applicable on payments made by the Issuer in respect of the Securities. Sweden operates a system of preliminary tax (*källskatt*) on interest payments to Swedish private individuals and or estates of deceased individuals. The preliminary tax is normally withheld by the Swedish CSD or a participant authorised to act as nominee in the clearing system. Depending on the relevant holder's overall tax liability for the relevant fiscal year, the preliminary tax may contribute towards, equal or exceed the holder's overall tax liability.

Private individuals who are not resident in Sweden for tax purposes may be liable to capital gains taxation in Sweden upon disposal or redemption of certain financial instruments that are deemed equity-related, if they have been resident in Sweden or have stayed permanently in Sweden at any time during the calendar year of disposal or redemption or the ten calendar years preceding the year of disposal or redemption.

Limited liability companies

For limited liability companies (*aktiebolag*), all income is taxed as income from business activities at a rate of 26.3 per cent. Capital losses on the Securities may, depending on the classification, only be deductible against capital gains on shares and other securities taxes as shares.

SWITZERLAND

The following is a summary based on legislation as of the date of this Base Prospectus. It does not aim to be a comprehensive description of all the Swiss tax considerations that may be relevant for a decision to invest in W&C Securities. The tax treatment for each investor depends on the particular situation. All investors are advised to consult with their professional tax advisors as to the respective Swiss tax consequences of the purchase, ownership, disposition, lapse, exercise or redemption of W&C Securities (or options embedded therein) in light of their particular circumstances.

Stamp Taxes

Swiss Federal Issue Stamp Tax

The W&C Securities are not subject to Swiss federal stamp tax on the issuance of securities provided that the respective Issuer is at all times resident and managed outside Switzerland for Swiss tax purposes.

Swiss Federal Securities Turnover Tax

Dealings in W&C Securities which have a term not exceeding twelve months and/or which are classified as pure derivative financial instruments (such as pure call and put options, including low exercise price options with a term not exceeding twelve months, pure futures static certificates replicating an index or a basket of at least five shares and with a fixed term or an annual exercise right) are not subject to the Swiss federal securities turnover tax.

Dealings in W&C Securities which have a term exceeding twelve months and which have been issued by an issuer outside of Switzerland and which are classified as structured notes, share-like instruments (including low exercise price options on shares with a term exceeding twelve months) or fund-like instruments are subject to Swiss federal securities turnover tax of 0.3 per cent. on the consideration paid, however, only if a Swiss securities dealer (as defined in the Swiss federal stamp tax act) is a party or an intermediary to the transaction and no exemption applies.

The delivery of an underlying security at exercise or redemption to the holder of the W&C Security is subject to Swiss federal securities turnover tax of 0.3 per cent. in case a security issued by an issuer outside

Switzerland is delivered and of 0.15 per cent. in case a security issued by a Swiss domestic issuer is delivered, however, in each case, only if a Swiss domestic securities dealer (as defined in the Swiss federal stamp tax act) is a party or an intermediary to the transaction and no exemption applies.

Swiss Withholding Tax

Payments on a W&C Security are not subject to Swiss federal withholding tax provided that the respective Issuer is at all times resident and managed outside Switzerland for Swiss tax purposes.

Income Taxation

Non-Swiss resident Holders

A holder of a W&C Security who is not resident in Switzerland and who during the taxation year has not engaged in trade or business carried on through a permanent establishment or a fixed place of business in Switzerland, and who is not subject to income taxation in Switzerland for any other reason, will not be subject to any income tax in Switzerland.

W&C Security held as Private Assets by a Swiss resident Holder

(a) *Pure Derivative Financial Instruments*

A capital gain realised by an individual on the sale or exercise of a W&C Security which is classified as a pure derivative financial instrument (such as pure call and put options or pure futures) and which is held as part of their private assets constitutes a tax-free private capital gain. A capital loss realised on the sale or exercise of a W&C Security cannot be set off against taxable income. Periodic and one-time dividend equalisation payments on a W&C Security which is a pure derivative financial instrument constitute taxable investment income.

W&C Securities with a term not exceeding twelve months and which have no guaranteed payments, including low exercise price options with a pre-financing of the underlying of 50 per cent. or more as well as static certificates replicating an index or a basket of at least five shares and with a fixed term or an annual exercise right are all regarded as pure derivative financial instruments for Swiss tax purposes.

(b) *Structured Notes*

If a W&C Security is classified as a structured note, its income taxation depends on whether the bond and the derivative financial instrument(s) embedded therein are recorded separately from each other and whether the Security classifies as a structured note with or without a predominant one-time interest payment:

Non-transparent derivative financial instruments: If the embedded bond is not recorded separately from the embedded derivative financial instrument(s), the W&C Security classifies as non-transparent structured note and any return over the initial investment classifies as a taxable interest payment. Non-transparent derivative financial instruments generally include a predominant one-time interest payment and are taxed in accordance with the principles set forth below under “—Transparent derivative financial instruments with a predominant one-time interest payment”.

Transparent derivative financial instruments without a predominant one-time interest payment: If the embedded bond is recorded separately from the embedded derivative financial instrument(s) and the yield-to-maturity predominantly derives from periodic interest payments and not from a one-time-interest-payment (see below “—Transparent derivative financial instruments with a predominant one-time interest payment”), then any periodic interest payment and the one-time interest payment is taxed when paid to the holder of the W&C Security. A gain, including interest accrued, a loss, respectively, realised on the sale of a W&C Security is a tax-free private capital gain, a non-tax-deductible private capital loss, respectively. The same applies if the W&C Security is exercised except that payments deemed to be interest accrued is taxed when paid.

Transparent derivative financial instruments with a predominant one-time interest payment: If the embedded bond is recorded separately from the embedded derivative financial instrument(s) and the yield-to-maturity predominantly derives from a one-time-interest-payment such as an original issue discount or a repayment premium and not from periodic interest payments, then any periodic interest payments and on the sale or exercise of the W&C Security, the difference between the value of the embedded bond at redemption or sale, as applicable, and its value at issuance or secondary market purchase, as applicable, converted, in each case, into Swiss Francs at the

exchange rate prevailing at the time of redemption or sale, issuance or purchase, respectively (modified differential taxation method) constitutes taxable income. A value decrease on the embedded bond respectively realised on the sale or exercise of the W&C Security may be offset against any gains (including periodic interest payments) realised within the same taxation period from all instruments with a predominant one-time interest payment. Any residual return realised on the embedded derivative financial instrument(s) is a tax-free private capital gain, and any residual loss is a non-tax-deductible private capital loss, respectively.

(c) *Bonds*

Bonds without a predominant one-time interest payment: If a W&C Security is classified as a pure bond without a predominant one-time interest payment (the yield-to-maturity predominantly derives from periodic interest payments and not from a one-time-interest-payment), Swiss resident private investors will be taxed on the periodic and any one-time interest payments, converted into Swiss Francs at the exchange rate prevailing at the time of payment. A gain, including interest accrued, a loss, respectively, realised on the sale of a W&C Security is a tax-free private capital gain, a non-tax-deductible private capital loss, respectively.

Bonds with a predominant one-time interest payment: If a W&C Security is classified as a pure bond with a predominant one-time interest payment (the yield-to-maturity predominantly derives from a one-time-interest-payment such as an original issue discount or a repayment premium and not from periodic interest payments), Swiss resident private investors will be taxed on any gains, including capital and foreign exchange gains, realised on the W&C Securities (differential taxation method).

(d) *Fund-like Securities*

A W&C Security classified as a fund-like instrument will be considered a pass-through instrument for Swiss tax purposes if dividend and interest income (less attributable costs) from, and capital gains and losses (less attributable costs) realised on, the underlying investments, are reported and distributed separately. Under such conditions, an individual holding a fund-like W&C Security as part of private assets only receives taxable income (which he or she must report annually) over such portion of the distributions (in case the fund is distributing the income realised on the underlying investments) or earnings credits (in case the fund is reinvesting the income realised on the underlying investment) as derive from dividends and interest (less attributable costs) on the underlying instruments. Any distributions or credits deriving from capital gains realised on the underlying investments constitute a tax-free private capital gain, and any respective loss a non-tax-deductible private capital loss. Any gain realised within a taxation period on the sale of a fund-like instrument (including accrued dividends and interest) is exempt from income taxation as a private capital gain, and, conversely, any loss realised a non-tax-deductible capital loss.

W&C Securities held as Assets of a Swiss Business

Corporate entities and individuals who hold W&C Securities as part of a trade or business in Switzerland, in the case of residents abroad carried on through a permanent establishment or a fixed place of business in Switzerland, are required to recognise any payments on, and any capital gains or losses realised on the sale or exercise of, such W&C Securities (irrespective of their classification) in their income statement for the respective taxation period and will be taxed on any net taxable earnings for such period.

The same taxation treatment also applies to Swiss-resident individuals who, for income tax purposes, are classified as “professional securities dealers” for reasons of, *inter alia*, frequent dealing and leveraged investments in securities.

Savings Directive

Any payment on a W&C Security which is deemed to be made by a Swiss paying agent to an individual resident in an EU member state is subject to the EU savings tax. The tax is withheld at a rate of 20 per cent. on interest payments made before 1 July 2011 and 35 per cent. on interest payments made thereafter, with the option of the individual to have the paying agent and Switzerland provide to the tax authorities of the EU member state the details of the interest payments in lieu of the withholding. The individual may be entitled to a tax credit or refund of the withholding, provided that he or she is the beneficial owner of the interest payments and certain other conditions are met.

UNITED KINGDOM TAXATION

The following is a summary of the United Kingdom withholding taxation treatment in relation to payments of principal and interest in respect of the Securities, certain other material UK tax considerations and of certain aspects of the UK stamp duty and stamp duty reserve tax treatment of the Securities at the date hereof. It is based on the current United Kingdom tax law and United Kingdom HM Revenue & Customs (“**HMRC**”) practice. The comments only apply to Holders that are the beneficial owners of Securities who acquire and hold Securities as an investment and do not apply to certain classes of person (such as unit trusts, open-ended investment companies, persons connected with the Issuer and persons carrying on a trade of dealing in financial instruments) to whom special rules may apply. The comments are intended as a general guide and should be treated with appropriate caution, particularly since the precise provisions of the Final Terms could alter the tax treatment. This summary is not intended to be exhaustive and does not cover any issues or taxes not expressly covered; nor should it be considered legal or tax advice to any person. Each potential purchaser is advised to consult its own tax adviser as to the UK tax consequences attributable to acquiring, holding and disposing of Securities and as to other UK and non-UK applicable taxes.

United Kingdom Withholding Tax on Securities

A payment which constitutes interest on a Security will only be subject to UK withholding tax if it has a “UK source” in which case it may fall to be paid under deduction of United Kingdom income tax at the basic rate (currently 20 per cent.) subject to such relief as may be available under the provisions of any applicable double taxation treaty or to any other exemption which may apply.

In any event, no UK withholding tax will apply if either of the following circumstances apply in respect of the Securities:

- (a) No withholding on account of United Kingdom withholding tax will apply if the relevant interest is paid on Securities with a maturity of less than one year from the date of issue provided that the Securities are not issued under arrangements the effect of which is to render such Securities part of a borrowing with a total term that could be a year or more.
- (b) Whilst the Securities are and continue to be quoted Eurobonds, payments which constitute interest on such Securities may be made without withholding or deduction for or on account of UK income tax. Securities which carry a right to interest will constitute “quoted Eurobonds” provided they are and continue to be “listed” on a recognised stock exchange within the meaning of section 1005 of the Income Tax Act 2007. Securities will be treated as “listed” on a recognised stock exchange outside the United Kingdom if (and only if) they are admitted to trading on that exchange and they are officially listed in a country outside the United Kingdom in which there is a recognised stock exchange in accordance with provisions corresponding to those generally applicable in the European Economic Area states. The Luxembourg Stock Exchange, the SIX Swiss Exchange and the London Stock Exchange are recognised stock exchanges for these purposes.

The references to “interest” above and in the remainder of this United Kingdom taxation section mean “interest” as understood in United Kingdom tax law. The statements above and below do not take account of any different definitions of “interest” or “principal” which may prevail under any other law or which may be created by the terms and conditions of the Securities or any related documentation. In particular, any premium element of the redemption amount of any Securities redeemable at a premium may constitute a payment of interest subject to the withholding tax provisions discussed above.

Provisions of information in respect of certain payments of interest

Holders (or beneficial owners) should note that where any interest on Securities is paid to them (or to any person acting on their behalf) by any person in the United Kingdom acting on behalf of the Issuers (a “**paying agent**”), or is received by any person in the United Kingdom acting on behalf of the relevant Holder (or beneficial owner) (other than solely by clearing or arranging the clearing of a cheque) (a “**collecting agent**”), the paying agent or the collecting agent (as the case may be) may, in certain cases, be required to supply to Her Majesty’s Revenue and Customs (“**HMRC**”) details of the payment and certain details relating to the Holder (including the Holder’s name and address) (or of the beneficial owner (as the case may be)). These provisions will apply whether or not the interest has been paid subject to withholding or deduction for or on account of UK income tax and whether or not the Holder or beneficial owner is resident in the United Kingdom for UK taxation purposes. Where the Holder or beneficial owner is not so resident, the details provided to HMRC may, in certain cases, be passed by

HMRC to the tax authorities of the jurisdiction in which the Holder or beneficial owner is resident for taxation purposes.

Warrants

(i) United Kingdom resident individuals

Where Warrants are held as investments, any gain arising may, depending on the Holder's personal circumstances, give rise to a charge to UK tax on capital gains or an allowable loss. Where warrants fall within the definition of "financial option" for the purposes of UK capital gains tax the rules as to wasting assets which might restrict the amount of the acquisition costs of the warrant for the purposes of calculating any chargeable gain will not apply.

Any warrant which either alone or, taken together with other related transactions, is designed to produce a guaranteed return equivalent to money invested at interest will not be taxed in accordance with the rules described above. Instead any profit or gain arising in relation to such a warrant will be charged to tax as income under Chapter 12 of Part IV of the Income Tax (Trading and Other Income) Act 2005.

(ii) Holders within the charge to UK corporation tax

A company which is resident for tax purposes in the United Kingdom or which is not so resident but carries on a trade in the United Kingdom through a United Kingdom permanent establishment to which the Warrants are attributable will generally be chargeable to corporation tax in respect of the returns on the Warrants. The way in which amounts are brought into the corporation tax charge differs depending upon whether or not the Warrant constitutes a derivative contract for the purposes of Part 7 of the Corporation Tax Act 2009.

Where a Warrant does constitute a derivative contract for the purposes of Part 7 of the Corporation Tax Act 2009, such a Holder will generally be chargeable to corporation tax on all income, profits and gains on an income basis deriving from the Warrant (whether they arise from acquiring, holding, disposing or exercising rights under the Warrant) consistently with the way those profits are recognised in accordance with generally accepted accounting practice. Accordingly, any income, profits or gains in relation to Warrants will generally be charged to tax as income. In certain limited cases, some or all of the above amounts may be treated as capital gains rather than income for corporation tax purposes (but without many of the consequent advantages such as indexation relief).

Warrants which are not treated as derivative contracts and which do not carry a right to interest are likely to be taxed in accordance with the rules set out above in (i) above. United Kingdom companies may also be entitled to an indexation allowance on the disposal of a Warrant which in effect increases the base cost of an asset (such as a Warrant) in line with inflation.

Certificates and Notes

(i) United Kingdom resident individuals

Any interest, discount or premium payable on any of the Certificates or Notes may be subject to UK income tax by direct assessment even where paid without withholding.

Accrued Income Scheme

Holders that are UK resident individuals should also have regards to the provisions of the Accrued Income Scheme (the "**Scheme**") which may apply to individuals transferring Certificates or Notes that bear interest or to individuals to whom such Certificates or Notes are transferred. The charge to tax on income that may arise under the Scheme will be in respect of an amount representing interest on the Certificates or Notes which has accrued since the preceding interest payment date. This amount will be taken into account in determining any chargeable gain or loss arising on a disposal of the Certificates or Notes.

However, where a Certificate or Note constitutes a variable rate security for the purposes of the Scheme, the amount of accrued interest deemed to be received as income by a Holder upon transfer would be such amount as HMRC decides is just and reasonable and the transferee will not be entitled to any credit under the Scheme to set against any actual or deemed interest that is received or is deemed received.

Taxation of discount and premium

Generally where the amount payable on maturity, or any other occasion when the Certificate or Note can be redeemed, will or may exceed the issue price by more than 0.5 per cent. of the redemption amount for

each year in the redemption period, up to a maximum of 30 years, those Certificates or Notes will constitute deeply discounted securities, subject to certain exceptions. It is not considered that Certificates or Notes would be regarded as deeply discounted securities merely by reason of the fact that they are denominated in a currency other than sterling. Where Certificates or Notes constitute “deeply discounted securities”, a Holder of such Certificates or Notes who is within the scope of UK income tax may be liable to UK income tax on any profits (the amount by which any sum payable on the transfer or redemption of the Certificate or Note exceeds its acquisition price) made on the sale or other disposal (including redemption) of such Certificates or Notes.

Where Certificates or Notes are issued at a redemption premium as opposed to being issued at a discount, then where such premium does not constitute a payment of interest such Certificates or Notes may constitute “deeply discounted securities” (as mentioned above).

Certificates or Notes which are deeply discounted securities are qualifying corporate bonds and are therefore not subject to tax on chargeable gains.

Certificates or Notes which are “excluded indexed securities” will, notwithstanding that they may satisfy the above requirements, not be treated as deeply discounted securities and therefore any gain will be, subject to the Holder’s personal circumstances, within the charge to UK tax on capital gains. A security will only be an excluded indexed security for these purposes if the amount payable on redemption is determined by applying to the amount for which the Certificate or Notes was issued the percentage change (if any) over the Certificate or Note’s redemption period in (a) the value of chargeable assets of a particular description, or (b) an index of the value of such assets. The fact that the Certificate or Note provides for a minimum amount payable on redemption not exceeding 10 per cent. of the issue price will not prevent it from satisfying this requirement and any interest payable on redemption is ignored in determining the amount payable on redemption for these purposes.

Capital gains tax

Where Certificates or Notes are denominated in sterling and not capable of redemption in or by reference to any foreign currency they may be treated as qualifying corporate bonds so that no UK taxation on chargeable gains will arise on any sale, redemption or other disposal. This depends upon the Certificates or Notes comprising normal commercial loans at all times which may not be the case where the Certificates or Notes contain a right to acquire other shares or securities, or a return which depends on the results of the Issuers’ business or any part of it.

Where Certificates or Notes are denominated in a currency other than sterling or do not comprise normal commercial loans, then provided they are not deeply discounted securities they will be chargeable assets for the purposes of UK capital gains tax with the result that any gain arising may, depending on the Holder’s personal circumstances, give rise to a charge to United Kingdom tax on capital gains or an allowable loss.

(ii) Holders within the charge to UK corporation tax

A Holder who is within the charge to UK corporation tax, in particular a company which is resident for tax purposes in the United Kingdom or which is not so resident but carries on a trade in the United Kingdom through a United Kingdom permanent establishment to which the Certificates or Notes are attributable, will generally be chargeable to corporation tax on all the returns on, and profits and gains (whether of an income or capital nature) arising from the holding or disposal of, the Certificates or Notes broadly in accordance with their statutory accounting treatment provided that accounting treatment complies with generally accepted accounting practice. This means in particular that any discount element (together with any interest) and any foreign exchange profits or loss may be taxed (or relived) as it accrues over the term of the Certificate or Note and not when it is paid or received.

Where a Certificate or Note is split for accounting purposes into a derivative contract and a host loan relationship, the host loan relationship will be taxed as described above. In respect of the derivative contract, where the underlying subject matter is qualifying ordinary shares or mandatory convertible preference shares or a contract for differences where the underlying subject matter is qualifying ordinary shares listed on a recognised stock exchange and the contract exactly tracks the value of such underlying subject matter, any excess of accounting credits over debits will generally be chargeable to corporation tax on chargeable gains consistently with the way those credits and debits are recognised for accounting purposes but without the benefit of any indexation allowance.

For the purposes of the above, “qualifying ordinary shares” means shares which represent some or all of the issued share capital of the company and which carry a right to share in the profits of the company by way of a dividend or otherwise (provide the rights to share in profits are not restricted to a right to receive fixed rate dividends) and mandatory convertible preference shares means shares which are not qualifying ordinary shares and which are issued on such terms that stipulate that they must be converted into, or exchanged for, qualifying ordinary shares by a specified time.

Holders Not Resident in the United Kingdom

Where interest, discount or premium amounts are received without withholding or deduction for or on account of UK tax, such amounts will not be chargeable in the hands of a Holder (other than certain trustees) who is not resident for tax purposes in the United Kingdom unless that Holder carries on a trade, profession or vocation in the United Kingdom through a United Kingdom branch or agency or, in the case of a company, a permanent establishment in connection with which such amounts are received or to which the Securities are attributable.

Where interest on Securities has been paid under deduction of UK income tax, Holders who are not resident in the United Kingdom may be able to recover part of the tax deducted if that is provided for in an applicable double tax treaty between the country of residence of the Holder and the United Kingdom.

Holders not resident or ordinarily resident in the United Kingdom will not be within the charge to UK tax on chargeable gains in respect of any Securities save broadly where Securities are held in or used for the purposes of a trade carried on by the non-resident through a branch or agency or, in the case of a company, a permanent establishment, and subject also to certain rules that apply in the case of individuals that are temporary non-residents.

United Kingdom Stamp Duty and Stamp Duty Reserve Tax

Issue

No United Kingdom stamp duty should be payable in respect of the issue of the Securities by the Issuers on the basis that the relevant Security is executed and retained outside the United Kingdom, and that the relevant register in which the Securities are registered if in registered form is also kept outside the United Kingdom.

Transfer

SDRT at 0.5 per cent. will be payable in respect of any agreement to transfer Securities where the register of Securities is kept in the UK.

SDRT at 0.5 per cent. may be payable in relation to any agreement to transfer Securities such as Physical Delivery Warrants or Physical Delivery Certificates which give the Holder the right on exercise to acquire stock, shares or loan capital in certain companies with a UK connection unless such stock, shares or loan capital would qualify as “exempt loan capital”. A company will have a UK connection for these purposes if (i) the company is incorporated in the UK; (ii) a register of the relevant stock, shares or loan capital is kept in the UK by or on behalf of the company; or (iii) the shares are “paired” with shares in a UK incorporated company within the meaning of s 99(6B) FA 1986.

There could be stamp duty at 0.5 per cent. in respect of any document transferring any Security that does not constitute “exempt loan capital” but, as a practical matter, it is unlikely that any such stamp duty would have to be paid.

Exercise

United Kingdom stamp duty may be required to be paid in relation to the transfer of an asset (such as stock or marketable securities) following the exercise of a Physical Delivery Warrant or Physical Delivery Certificate. SDRT may be payable in respect of the agreement to transfer an asset pursuant to a Physical Delivery Warrant or Physical Delivery Certificate following the exercise of the Warrant or Certificate. However, any such liability to SDRT will be cancelled (or, if already paid, will be repaid) if the instrument effecting the transfer is chargeable with stamp duty (or is otherwise required to be stamped) and has been duly stamped within six years of the agreement being made or, in the case of a conditional agreement, within six years of all conditions being satisfied.

EU SAVINGS DIRECTIVE

Under EC Council Directive 2003/48/EC on the taxation of savings income (the “**Savings Directive**”), Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to, or collected by such person for, an individual resident or certain limited types of entities established in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

Investors should note that the European Commission adopted an amending proposal to the Savings Directive, which, among other changes, seeks to extend the application of the Savings Directive to (i) payments channelled through certain intermediate structures (whether or not established in a Member State) for the ultimate benefit of an EU resident individual, and (ii) a wider range of income similar to savings income. Further developments in this respect should be monitored on a continuing basis, since no certainty exists over whether and when the proposed amendments to the Savings Directive will be implemented. Investors who are in any doubt as to their position should consult their professional advisors.

OFFERING AND SALE

The Dealers, as applicable, have entered into a Programme Agreement, dated 15 September 2009 (as the same may be amended or supplemented, from time to time, in accordance with the terms thereof, the “**Programme Agreement**”), with MLSA, MLICo. and BAC, which sets forth a basis upon which they may from time to time agree to purchase the Securities. In the Programme Agreement, the Issuers has agreed to reimburse the Dealers for certain of their expenses in connection with the issue of Securities under the Programme.

Save for the approval of this Base Prospectus by the Commission de Surveillance du Secteur Financier for the purposes of the Prospectus Directive, no action has been or will be taken by MLSA, MLICo. or BAC that would permit a public offering of any Securities or possession or distribution of any offering material in relation to any Securities in any jurisdiction where action for that purpose is required. No offers, sales, re-sales or deliveries of any Securities, or distribution of any offering material relating to any Securities, may be made in or from any jurisdiction except in circumstances which will result in compliance with any applicable laws and regulations and which will not impose any obligation on MLSA, MLICo. or BAC.

UNITED STATES

Notes and Certificates

None of the Notes or Certificates of any series, the related guarantee of BAC, or certain of the Entitlements (if any) with respect thereto, have been, or will be, registered under the U.S. Securities Act of 1933, as amended (the “**Securities Act**”) or under any state securities laws. The Notes and the Certificates and certain of the Entitlements (if any) with respect thereto are only being offered and sold pursuant to the registration exemption contained in Regulation S under the Securities Act. No Notes or Certificates of any series, or interests therein or Entitlement with respect thereto, may at any time be offered, sold, resold, traded, pledged, exercised, redeemed, transferred or delivered, directly or indirectly, in the United States of America (including the states and the District of Columbia), its territories, its possessions and other areas subject to its jurisdiction (the “**United States**”) or directly or indirectly offered, sold, resold, traded, pledged, exercised, redeemed, transferred or delivered to, or for the account or benefit of, any United States Person. “**United States Person**” means a person which is a “U.S. person” as defined by Regulation S under the Securities Act or a “United States person” as defined in Section 7701(a)(30) of the Internal Revenue Code of 1986, as amended and in U.S. Treasury regulations. Consequently, any offer, sale, resale, trade, pledge, exercise, redemption, transfer or delivery of any Notes or Certificates made, directly or indirectly, within the United States or to, or for the account or benefit of, a United States Person will not be recognised.

Each Dealer has represented and agreed and each further Dealer in respect of an issue of Notes or Certificates will be required to agree that it, its affiliates and any person acting on its or their behalf will not at any time offer, sell, resell, trade, pledge, exercise, redeem, transfer or deliver, directly or indirectly, Notes or Certificates of such series in the United States or to, or for the account or benefit of, any United States Person or to others for offer, sale, resale, trade, pledge, exercise, redemption, transfer or delivery, directly or indirectly, in the United States or to, or for the account or benefit of, any such United States Person. Each Dealer has further agreed and each further Dealer in respect of an issue of Notes or Certificates will be required to agree that it, its affiliates, and any person acting on its or their behalf will not offer or sell the Notes or Certificates at any time except in accordance with Regulation S under the Securities Act, and that neither it, its affiliates, nor any persons acting on its or their behalf will engage in any directed selling efforts with respect to the Notes or Certificates and it and they will comply with the offering restrictions requirements of Regulation S under the Securities Act. The terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act. Any person purchasing Notes or Certificates of any series must agree with the Dealer or the seller of such Notes or Certificates that (i) it is not a United States Person and it is not located in the United States and was not solicited to purchase the Notes or Certificates, as applicable, while present in the United States, (ii) it will not at any time offer, sell, resell, trade, pledge, exercise, redeem, transfer or deliver, directly or indirectly, any Notes or Certificates, as applicable, of such series so purchased in the United States or to, or for the account or benefit of, any United States Person or to others for offer, sale, resale, trade, pledge, exercise, redemption, transfer or delivery, directly or indirectly, in the United States or to, or for the account or benefit of any, United States Person, (iii) it is not purchasing any Notes or Certificates, as applicable, of such series for the account or benefit of any United States Person and (iv) it will not make offers, sales, resales, trades, pledges, exercises, redemptions, transfers or deliveries of any Notes or Certificates, as applicable, of such series (otherwise acquired), directly or indirectly, in the United States or to, or for the account or benefit of, any United States Person. Each Dealer has agreed and each further Dealer in

respect of an issue of Notes or Certificates will also be required to agree, and any person purchasing Notes or Certificates of any series must agree, to send each person who purchases any Notes or Certificates of such series from it at or prior to confirmation of sale of any Notes or Certificates, a written confirmation (which shall include the definitions of “United States” and “United States Persons” set forth herein) stating that the Notes or the Certificates, as applicable, and the Guarantee have not been registered under the Securities Act or any state securities laws, and trading in the Notes or the Certificates, as applicable, and the Guarantee has not been approved by the Commodity Futures Trading Commission under the United States Commodity Exchange Act, as amended, and stating that such purchaser agrees that it will not at any time offer, sell, resell, trade, pledge, exercise, redeem, transfer or deliver Notes or Certificates, as applicable, directly or indirectly, in the United States or to, or for the account or benefit of, any United States Person.

Prior to the delivery of the Entitlement in respect of a Physical Delivery Security the holder thereof will be required to represent that, *inter alia*, he is not a United States Person, the Note or Certificate, as applicable, was not exercised on behalf of a United States Person and no cash, and in the case of Physical Delivery Securities, no securities or other property have been or will be delivered within the United States or to, or the account or benefit of, a United States Person in connection with any exercise thereof. In respect of Notes see Annex 10 to the Terms and Conditions – “Additional Terms and Conditions for Physical Delivery Notes” and in respect of Certificates see “W&C Securities Condition 29”.

The Notes and Certificates in bearer form are also subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States Person. Unless otherwise noted, terms used in this paragraph and the next have the meanings given to them by the United States Internal Revenue code of 1986, as amended and applicable U.S. Treasury regulations.

Each Dealer has represented and agreed to the following matters with respect to compliance with applicable U.S. tax law and regulations:

- (a) except to the extent permitted under U.S. Treasury Regulation Section 1.163-5(c)(2)(i)(D), each Dealer (a) represents that it has not offered or sold, and agrees that during the restricted period it will not offer or sell, Notes or Certificates in bearer form to a person who is within the United States or its possessions or to a United States Person (as defined herein), and (b) represents that it has not delivered and agrees that it will not deliver within the United States or its possessions Notes or Certificates in bearer form that are sold during the restricted period;
- (b) each Dealer represents that it has, and has agreed that throughout the restricted period it will have, in effect procedures reasonably designed to ensure that its employees or agent who are directly engaged in selling Notes or Certificates in bearer form are aware that such Notes or Certificates in bearer form may not be offered or sold during the restricted period to a person who is within the United States or its possessions or to a United States Person, except as permitted by the U.S. Treasury Regulation Section 1.163-5(c)(2)(i)(D);
- (c) if it is a United States Person, each Dealer represents that it is acquiring the Notes or Certificates in bearer form for purposes of resale in connection with their original issuance and if it retains Notes or Certificates in bearer form for its own account it will only do so in accordance with requirements of U.S. Treasury Regulation Section 1.163-5(c)(2)(i)(D)(6);
- (d) with respect to each affiliate that acquires Notes or Certificates in bearer form from a Dealer for the purpose of offering or selling such Notes or Certificates in bearer form during the restricted period, such Dealer either (i) repeats and confirms the representations and agreements contained in sub-clauses (a), (b) and (c) on such affiliate’s behalf or (ii) agrees that it will obtain from such affiliate for the benefit of the Issuer the representations and agreements contained in sub-clauses (a), (b) and (c); and
- (e) each Dealer agrees that it will obtain from any distributor (within the meaning of U.S. Treasury Regulation Section 1.163-5(c)(2)(i)(D)(4)(ii)) that purchases any Notes or Certificates from it pursuant to a written contract with such Dealer (except a distributor that is one of its affiliates or is another Dealer), for the benefit of the Issuer and each other Dealer, the representations contained in, and such distributor’s agreement to comply with, the provisions of sub-clauses (a), (b), (c) and (d) as if such distributor were a Dealer hereunder.

Warrants

None of the Warrants of any series, the related guarantee of BAC, or certain of the Entitlements (if any) with respect thereto have been registered under the Securities Act or any state securities laws. Unless a series of Warrants is eligible for sale to qualified institutions buyers (“**QIBs**”) as defined in Rule 144A under the Securities Act (“**Rule 144A**”) who are also qualified purchasers (“**QPs**”) within the meaning of Section 3(c)(7) and as defined in Section 2(a)(51) of the United States Investment Company Act of 1940, as amended, and the rules thereunder, as amended, in the United States or to, or for the account or benefit of, United States Persons who satisfy such criteria pursuant to an exemption from the registration requirements of the Securities Act (as indicated in the applicable Final Terms), no Warrants of any series, or interests therein, may at any time be offered, sold, resold or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, any United States Person or to others for offer, sale, resale or delivery, directly or indirectly, in the United States or to, or for the account or benefit of, any United States Person. Each Dealer has agreed, and each further Dealer in respect of an issue of Warrants will be required to agree, and each holder and each legal and beneficial owner of Warrants will be deemed on purchase to agree, not to engage in hedging transactions with regard to the Warrants unless in compliance with the Securities Act.

In the event that a series of Warrants is so eligible for sale (a) in the United States to QIBs who are also QPs or (b) to, or for the account or benefit of United States Persons who are QIBs and also QPs pursuant to an exemption from the registration requirements of the Securities Act, any sale or transfer restrictions or certification requirements applicable to such Warrants in addition to those set out in the Terms and Conditions of the Warrants will be set out in the applicable Final Terms. Offers, sales, resales or deliveries of Warrants of any series, or interests therein, directly or indirectly, in the United States or to, or for the account or benefit of, United States Persons would constitute a violation of United States securities laws unless made in compliance with the registration requirements of the Securities Act or pursuant to an exemption therefrom. As used herein, “**United States**” means the United States of America (including the States and the District of Columbia), its territories, its possessions and other areas subject to its jurisdiction; and “**United States Person**” means a person which is a “U.S. person” as defined by Regulation S under the Securities Act or a “United States person” as defined in Section 7701(a)(30) of the Internal Revenue Code of 1986, as amended and in U.S. Treasury regulations.

Each Dealer has represented and agreed and each further Dealer in respect of an issue of Warrants will be required to agree that without the prior written agreement of the Issuer and BAC it will not at any time offer, sell, resell or deliver, directly or indirectly, Warrants of such series in the United States or to, or for the account or benefit of, any United States Person or to others for offer, sale, resale or delivery, directly or indirectly, in the United States or to, or for the account or benefit of, any such United States Person. The Issuer and BAC have agreed to sales by MLI to Merrill Lynch, Pierce, Fenner & Smith Incorporated or one of its affiliates for re-sale (a) to persons in the United States and (b) to, or for the account or benefit of, United States Persons, in either case, who are QIBs and also QPs.

Any person purchasing Warrants of any series (other than a series of Warrants eligible for sale (a) in the United States to QIBs who are also QPs or (b) to, or for the account or benefit of, any United States Person who is a QIB and also a QP) must agree with the relevant Issuer or the seller of such Warrants that, (i) it will not at any time offer, sell, resell or deliver, directly or indirectly, any Warrants of such series so purchased in the United States or to, or for the account or benefit of, any United States Person or to others for offer, sale, resale or delivery, directly or indirectly, in the United States or to, or for the account or benefit of, any United States Person, (ii) it is not purchasing any Warrants of such series for the account or benefit of any United States Person and (iii) it will not make offers, sales, re-sales or deliveries of any Warrants of such series (otherwise acquired), directly or indirectly, in the United States or to, or for the account or benefit of, any United States Person.

Any person purchasing Warrants of a series eligible for sale (a) in the United States to a QIB that is also a QP or (b) to, or for the account or benefit of, any United States Person who is a QIB and also a QP must agree with the relevant Issuer that any resales of such Warrants to, or for the account or benefit of, a United States Person may be effected only to or through such Issuer to a QIB that is also a QP that has executed an Investor Representation Letter. Each Dealer has agreed and each further Dealer in respect of an issue of Warrants will also be required to agree, and any person purchasing Warrants of such series must agree, to send each person who purchases any Warrants of such series from it a written confirmation (which shall include the definitions of “United States” and “United States Persons” set forth herein) stating that the Warrants, the related guarantee and the Entitlements have not been registered under the Securities Act and stating that such purchaser agrees that it will not at any time offer, sell, resell or deliver

Warrants, directly or indirectly, in the United States or to, or for the account or benefit of, any United States Person. Unless a Warrant is eligible for sale exclusively (a) in the United States to QIBs who are also QPs or (b) to, or for the account or benefit of, any United States Person who is a QIB and also a QP, any person exercising a Warrant will be required to represent that it is not a United States Person. If a Warrant eligible for sale in the United States or to, or for the account or benefit of, United States Persons is concurrently eligible for sale to non-United States Persons, any person exercising such Warrants will be required to represent either that it is a QIB who is also a QP or that it is not a United States Person. See “Annex 11 to the Terms and Conditions – Additional Terms and Conditions for Rule 144A Warrants”.

Each QIB/QP purchasing Warrants in the United States will be required to sign and deliver an Investor Representation Letter pursuant to which it will agree, among other things, that any resales of such Warrants may be effected only to or through the Issuer to another QIB/QP or in accordance with Regulation S and, if it intends to hold its interests in the Warrants through a Rule 144A Global Warrant in DTC, will be required to obtain from the DTC direct participant through which it intends to hold its interest in the Warrants a Custodian Letter in the form of Schedule 17 to the Agency Agreement unless such DTC direct participant is already an Authorised Custodian. Prior to the delivery of the Entitlement in respect of a Physical Delivery Warrant the holder thereof will be required to represent that, *inter alia*, he is not a United States Person, the Warrant was not exercised on behalf of a United States Person and no cash, and in the case of Physical Delivery Warrants, no securities or other property have been or will be delivered within the United States or its possessions or to, or the account or benefit of, a United States Person in connection with any exercise thereof. See “Notice to Purchasers and Holders of Securities and Transfer Restrictions”.

PUBLIC OFFER SELLING RESTRICTION UNDER THE PROSPECTUS DIRECTIVE

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Securities which are the subject of the offering contemplated by this Base Prospectus as completed by the final terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Securities to the public in that Relevant Member State:

For the purposes of this provision, the expression an “offer of Securities to the public” in relation to any Securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to decide to purchase or subscribe the Securities, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “**Prospectus Directive**” means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.
